00:00
So just like the Parthenon starts as a Pegan temple, right? And then becomes a Christian church, and then it's turned into a mosque, and then it's essentially turned into an archaeological museum, right?
就像帕台农神庙最初是一座佩根神庙，对吧？然后变成了基督教教堂，然后变成了清真寺，最后变成了考古博物馆，对吧?

00:12
So the hardness of the undervent these safe steps when it didn't.
所以硬度降低了这些安全的步骤，当它没有。

00:15
Started to take a temper that it started as the Christian Church, then it became a mosque, then it became a museum, and then it became a mosque again.
一开始是基督教教堂，后来变成了清真寺，后来又变成了博物馆，然后又变成了清真寺。

00:24
And the debates that are surrounding these monuments are, of course, for the heart disappear, of course, along those two basic lines we discussed last week.
围绕这些纪念碑的争论，当然，对于心脏来说，当然，沿着我们上周讨论过的两条基本路线。

00:32
So who is in control very clearly? You know, is it the presenting empire and Christianity? Is it, you know, the Caliphat in this particular?
那么，谁在很清楚地掌握控制权呢？你知道，是呈现帝国和基督教吗？是哈里发在这里吗?

00:42
In the case embodied through the Ottoman Empire? Or is it a secular state that can decide that all of these religious associations along the latter?
以奥斯曼帝国为例？或者它是一个世俗的国家，可以决定所有这些宗教协会

沿着后者?

00:52
And that is definitely the case. It's also the case, you know, that people build certain narratives around these debates, and these narratives, I would argue.
事实确实如此。还有一种情况是，你知道，人们围绕这些辩论建立了一定的叙述，我认为这些叙述。

01:03
And that's something that I think I would like to tease out today are not necessarily.
这就是我今天想要梳理的东西不一定是。

01:09
You know, do not necessarily hit the heart of the matter, but are, you know, circumventing the actual debates and issues.
你知道，不一定击中问题的核心，但是，你知道，回避了实际的辩论和问题。

01:18
That surround these particular monuments. And the first, you know, point that I would like to make actually talking about how the fear itself is, that what everything happens later. So here we have.
围绕着这些特殊的纪念碑。首先，我想说的是恐惧本身是怎样的，以及之后发生的一切。所以我们有。

01:32
You know, the harkies of fear in ethnic here, the harkies of here traps on where there's debate over the harkies of here in Istanbul. Is then transferred to smaller Turkish cities, where you will have Christian churches that return to mosques, and then.
你知道，这里的哈基利人对种族的恐惧，这里的哈基利人对伊斯坦布尔的哈基利人有争论。然后被转移到较小的土耳其城市，在那里你会有基督教教堂回到清真寺，然后。

01:46
And in the museums and then into mosques again, and that this sort of debate is attronommal to what happens with this building.
在博物馆里，然后又进入清真寺，这种争论对于这座建筑来说是很正常的。

01:56
And we really need to understand what happens in this particular case, to explain the other cases that surround it. And let's begin, you know, by talking about the Hardy.
我们真的需要了解在这个特殊情况下发生了什么，来解释围绕它的其他情况。让我们从哈代开始吧。

02:06
Here, except right? So the hardest of here is monument is built into 500 ce. So he's 15 hundred years old, and it is an incredibly impressive monument.
这里，除了？这里最坚硬的纪念碑建于公元前500年。他已经有1500岁了，这是一座令人印象深刻的纪念碑。

02:18
And this is why I would like you to have a look at this photograph in the first place.
这就是为什么我想让你首先看看这张照片。

02:23
What would you make of this feeling just by looking at that particular photograph, which, as someone who has been to the hydras of here many times, have actually even been on a scaffolding, inspected Mosage in.
当你看到这张特殊的照片时，你会有什么感觉？作为一个去过九头蛇很多次的人，我甚至在脚手架上观察过莫萨奇。

02:37
And, you know, the dome, because this is sort of what I do as an archaeologist, and it's sort of my speciality. And what would you, it doesn't quite capture, you know, in the monument, but what would you make of

this particular monument? What kind of building is it?
还有穹顶，因为这是我作为考古学家的工作，也是我的专长。你会怎么做，你知道，在纪念碑上，你会怎么做？这是什么样的建筑？

02:52
What kind of responses does it elicit?
它会引起什么样的反应？

02:56
It is a building that is meant to all you, right? So nobody constructs a building like that just because they can, but just because they feel like it.
这是一座属于你们所有人的建筑，对吧？所以没有人仅仅因为他们有能力，而是因为他们想要建造那样的建筑。

03:07
And they are building their constructing a monument that is meant to all you, and that is going to all you write, its sheer internal dimensions. And it's a building that is not meant to all you from the outside, even though it's also quite impressive from you.
他们正在建造一座纪念碑，它对你们所有人都有意义，它将对你们所有人都有意义，它的内在维度。这座建筑并不是为了让你从外面看到它，尽管你也给人留下了深刻的印象。

03:22
The outside, but it is supposed to all you from the inside. As this photograph here shows, this is basically taken from one of the platforms, looking into the charge.
外表，但它应该从内部来审视你。正如这张照片所显示的，这基本上是从其中一个平台上拍摄的，看着电荷。

03:33
And this church, of course, can hold an enormous of building, can hold a lot of people, a lot of different people. So if you are in there, even at the height of tourist season.
当然，这座教堂可以容纳一座巨大的建筑，可以容纳很多人，很多不同的

人。所以如果你在那里，即使是在旅游旺季。

03:44
And there are hundreds of thousands of people in it. You don't feel the number of people who are in that building. It doesn't feel completely overrought.
那里有成千上万的人。你感觉不到大楼里有多少人。它不会让人感觉完全被覆盖了。

03:53
Because it is this enormous, gigantic structure in which even enormous masses of people are meant to lose themselves.
因为这是一个巨大的、巨大的建筑，在这里，即使是大量的人也注定要迷失自己。

04:03
And that is important, and because this particular type of building a monument like this. So here you see the.
这很重要，因为这种特殊类型的建筑像这样的纪念碑。这里你可以看到。

04:10
Very effective DOMA, the systems of domes that basically.
非常有效的婚姻保护法案，穹顶系统基本上。

04:13
Is good for reason, and has a particular genealogy, and we have to talk about this genealogy before we really understand what the contestation.
是有道理的，并且有特定的谱系，在我们真正理解争论之前，我们必须先讨论这个谱系。

04:24
Is about. So the hard use of fear that is very important to understand doesn't begin as a.
是关于。所以理解恐惧的艰难运用并不是从。

04:31
Religious monument. It begins as an imperial monument. And.
宗教纪念碑。它最初是一座帝国纪念碑。和。

04:37
And it begins as a monument that is rooted in the tradition of the Roman Empire to create large public buildings.
它最初是一座纪念碑，它植根于罗马帝国建造大型公共建筑的传统。

04:45
That are used for political communication. And that, and that is important is, you know, a particular feature of the Roman world.
是用来进行政治交流的。这一点很重要，这是罗马世界的一个特点。

04:55
Do all empires, all complex policies, free industrial policies. Use architecture to make political statements and bow people and create them as places of communication.
做所有帝国，所有复杂的政策，自由的产业政策。用建筑来发表政治声明，向人们鞠躬，并将它们创造为交流的场所。

05:09
Between the rulers and the rules.
在统治者和规则之间。

05:11
What would we say is that a common thing? Is that a common threat? Does every ancient empire do that?
我们会说这是一件常见的事情吗？这是一种常见的威胁吗？每个古代帝国都这么做吗？

05:18
Well, the Roman case is very specific in the regards that it is a place right where the ruling elites and the constituent citizens.
罗马的情况非常具体，因为它是统治精英和公民组成的地方。

05:30
Of the empire because they are not subjects, right? They are citizens and, you know, communicate. And the entire entirety of, you know, impressive architectures built around this place.
因为他们不是臣民，对吧？他们是公民，你知道的，他们可以交流。整个，你知道，围绕这个地方建造的令人印象深刻的建筑。

05:42
So he, of course, is a very famous building that is not necessarily contested, even though you could include it if you wanted to. Does anyone recognize this?
当然，他是一座非常著名的建筑，没有必要受到质疑，即使你可以把它包括进去，如果你想的话。有人认识这个吗?

05:50
It's the Colosseum in Rome. And the Colosseum in Rome is a place where, you know, the Roman emperor stage games for a very large amount of people. So the Colosseum and seated about 50000 people.
这是罗马的斗兽场。罗马的斗兽场是罗马皇帝为很多人表演游戏的地方。于是就有了罗马斗兽场，可容纳五万人。

06:05
And usually, if you watch movies like Aviator, you just, you know, see it as a sign of, I don't know, roman decadence, people looking at gory sports. But the main reason that you create such buildings.
通常，如果你看像《飞行家》这样的电影，你会把它看作是罗马颓废的标志，人们看血腥的运动。但是你建造这样的建筑的主要原因。

06:16
Is to create a space in which, you know, the public can communicate with the Empress. Again, you know, with architecture like, you know, the policy that the tempi and dope that is meant.
就是创造一个公众可以和皇后交流的空间。再一次，你知道，建筑就像，你知道，节奏和节奏的政策。

06:28
To vow. And this is actually something that happens all over the Empire, not just in Rome, also in smaller provincial cities, in which these spaces.
誓言。这种情况在整个帝国都有发生，不仅在罗马，在较小的省城也有，在这些地方。

06:37
Of entertainment and communication become an image of society itself. That's very important, right? So you basically can see.
娱乐和交流成为社会本身的一种形象。这很重要，对吧？所以你基本上可以看到。

06:46
Almost the entirety of a town's or a city's population. They're not the Coliseum at Rome run for a million people in many populations. So you only think that's more apart, but in a small place.
几乎是一个城镇或城市的全部人口。它们不像罗马的竞技场，有很多人可以容纳一百万人。所以你只会认为这是一个更大的距离，但在一个小的地方。

06:56
Like, such as how you can fit, you know, most people, and the way that people are proceeded in these, you know, spaces of entertainment. Here, I'm showing you a schema, probably Basically.
比如，你如何容纳大多数人，以及人们在这些娱乐场所的活动方式。这里，我给你们看一个基本的图式。

07:08
Access the different parts of the Roman amphithea that this is actually the real example. Your space in the ranks reflects your place in society, right? So that you basically sit very close to the action you are of a high social status.
看看罗马露天剧场的不同部分这就是真正的例子。你在队伍中的位置反映了你在社会中的地位，对吧？所以你基本上坐得离动作很近你的社会地位很高。

07:21
If you're moving up and your social status shrinks, each of these arches is basically a gate that leads exactly to your in our position in.
如果你的地位上升，你的社会地位下降，这些拱门基本上都是一扇门，正好通往你的位置。

07:31
You know, in the amphitheat around, actually, if you look at things like the National Stadium here in Singapore, the design is basically stolen from the Romans. They figured this one out 2000 years ago, and ever since, every stadium and the word has been better according to this principle.
你知道，在圆形剧场，实际上，如果你看看新加坡的国家体育场，它的设计基本上是从罗马人那里偷来的。他们在2000年前就发现了这一点，从那以后，根据这个原则，每个体育场和世界都变得更好了。

07:47
But the point that I'm making here is that these spaces are not just there for entertainment. They are there for the rulers to communicate with the rules and to visualize the community. Right? So you basically sit in these stadiums.
但我想说的是这些空间不仅仅是用来娱乐的。他们的存在是为了让统治者与规则沟通，并将社区形象化。对吧?所以你基本上坐在这些体育场里。

07:58
And your place in the amphitheatre reflects your place in society, so you can basically visually experience, right?
你在圆形剧场的位置反映了你在社会中的位置，所以你基本上可以从视觉上体验，对吧?

08:06
Community and that you are part of. And this is then the pace where the community communicates with the rule. And this is actually an important point that Cicero makes in the late Republic.
社区，你是其中的一部分。这就是社区与规则沟通的速度。这是西塞罗在

《理想国》晚期提出的重要观点。

08:17
Ben basically says about spaces like that.
本说的基本上就是这样的空间。

08:22
In truth, there are three places in which the opinion and inclination of the Roman people may be ascertained, the greatest degree the assembly, which is where people come together.
事实上，有三个地方可以确定罗马人民的意见和倾向，最大程度上是集会，这是人们聚集的地方。

08:33
Debate the committee here, where people are voting for the magistrates and the meetings at the games and at exhibitions of gladiators. So if you really want to know what people think.
在这里和委员会辩论，人们在这里投票选举地方法官，在这里举行比赛和角斗士展览。所以如果你真的想知道人们是怎么想的。

08:43
If you really want to know what a community is like, go to the games. And he actually gives a complete example about a guy who.
如果你真的想知道一个社区是什么样的，那就去看比赛吧。他实际上给出了一个完整的例子，关于一个人。

08:51
Is in this you and popular. And he's addressing this person in the Senate House essay. Make the experiment of his excessive and universal hatred against your career.
就是在这你又受欢迎。他在参众两院的文章中提到了这个人。试试他对你的事业的过分的普遍的仇恨。

09:02
The most carefully prepared and magnificent games in the memory of man

are just at hand. Games such as not only ever have been exhibited, but such that you cannot, from a conception how it will be possible for any like them ever to be exhibited for the.
人类记忆中最精心准备和最壮观的比赛就在眼前。像这样的游戏不仅曾经被展出过，而且从一个概念上讲，你不可能有任何像这样的游戏被展出。

09:16
Future. Trust yourself to the people venture on attending these games. Are you afraid of business? Are you afraid that there will be no acclamations in your honor?
的未来。相信那些冒险参加这些比赛的人。你害怕生意吗？你是担心不会有人为你鼓掌吗?

09:26
So if you're thinking about these places, right? And these big, impressive structures, including the heart is a fear, these are political stages, and they are built as political.
如果你在想这些地方，对吧？这些巨大的，令人印象深刻的结构，包括心脏是一个恐惧，这些是政治舞台，它们被建造为政治。

09:36
Stages, right? They are meant to awe and depress, but they are also built as places where the imperial power can be.
阶段,对吧?它们是用来敬畏和压抑的，但它们也是作为皇权可以施展的地方而建造的。

09:43
Acclaimed and supported, or, you know, criticized. So what is the concern here in this particular passage?
赞誉和支持，或者，你知道，批评。那么这段话的重点是什么呢?

09:52
So there is a guy, cesar, or says, you're not going to the games. You know what? You're not going to the games. You unpopular. How is this unpopularity expressed?

有个叫塞萨尔的人说，你不能去看比赛了。你知道吗？你不能去看比赛。你不受欢迎。这种不受欢迎是如何表达的?

10:02
By being, basically, it's a bit like Donald Trump at the World Cup exactly. Now, that's precisely what it is, right? So if you basically venture it into a big stadium, and it's no coincidence that he's.
基本上，这有点像唐纳德·特朗普在世界杯上的表现。这就是事实，对吧？所以如果你冒险进入一个大体育场，这不是巧合，他是。

10:17
Get the word cup. You know that this has this long genealogy, precisely this genealogy that I want to explain. And then you basically can test whether you're popular or not, because if you're 50000 people, 20000 people, or actually in the stadium that we are going to Leave.
拿起单词杯。你们知道它有很长的谱系，我想解释的正是这个谱系。然后你基本上可以测试你是否受欢迎，因为如果你有5万人，2万人，或者在我们将要离开的体育场。

10:32
Look at a quarter of a million people in there. Will individuals notice that you are being that ebuyu? You're protected by the anonymity of the masses.
看看这里有25万人。人们会注意到你在做什么吗？你受到大众匿名性的保护。

10:43
So you can basically engage in collective action. And what happens to people who are unpopular is threefold either nobody applauds you. That's pretty bad.
所以你基本上可以参与集体行动。不受欢迎的人会有三种下场要么没人鼓掌。这很糟糕。

10:53
And then worse is that people are hissing about you. And then the final

escalation, of course, is that people do not to abuse you, right?
更糟糕的是，人们会对你发出嘘声。最后的升级，当然是人们不再虐待你，对吧?

11:04
So so Roman political spaces, and this is basically something that is important.
所以罗马的政治空间，这基本上是很重要的。

11:09
For understanding the markets as well. Are not just big buildings which you contemplate. They are designed. They are absolutely designed.
对市场的理解也是如此。不只是你想象中的高楼大厦。它们是设计好的。它们绝对是精心设计的。

11:19
For experiencing politics and for political communication, right? And this is why the heart is, appears so damn oppressive. I see again to see, because it is meant to be.
为了体验政治和政治交流，对吧？这就是为什么心脏看起来如此压抑。我为了再见而再见，因为这是命中注定。

11:31
Impressive for particular reasons. And it is built as a political monument, which is why it is very, very difficult to turn into an apolitical model.
令人印象深刻的是某些原因。它是作为一个政治纪念碑而建的，这就是为什么它很难变成一个非政治的模型。

11:41
And into an apolitical segment, right? So.
进入一个与政治无关的领域，对吧？所以。

11:46
So that is basically just a brief X curses. I wanted to show you The heart is here, of course, is here, 15 hundred years ago, in a city that is not called

Istanbul, and that is called Constantinopolis. And why is it called constant?
所以这基本上就是一个简短的X诅咒。我想给你们看的是，心在这里，当然，在这里，1500年前，在一个不叫伊斯坦布尔的城市，它叫君士坦丁堡。为什么叫常数呢?

12:01
Pinopolis, the city that says at the spot. So here, you know.
皮诺波利斯，这个城市在现场说。在这里，你知道。

12:06
Entry into the Black Sea, you know, crossing two continents. It's first called Presentium. It's a Greek city there. Then the Roman emperor Constantine makes it as capital.
进入黑海，你知道，穿越两个大陆。它最初被称为Presentium。那是一座希腊城市。后来，罗马皇帝君士坦丁将其定为首都。

12:15
And, of course, a constant monopolist, which is a very great thing to do. If you refound a city, then you name it after yourself, right? There are many places like that in the Greek world.
当然，一个持续的垄断者，这是一件非常伟大的事情。如果你重新发现了一座城市，你就会以自己的名字命名，对吧？在希腊世界有很多这样的地方。

12:24
And Concertine is very important because he is, you know, the first emperor, rome, emperor to embrace Christianity. And therefore, in the course of the three hundreds, constant development basically becomes not initially, it's not planned, I guess that. But.
而Concertine非常重要，因为他是罗马第一位接受基督教的皇帝。因此，在300年的过程中，持续的发展基本上不是最初的，我猜是没有计划的。但是。

12:39
Becomes that the second role, right? So there is Rome, rome, right? Which basically gives rise to the wrong empire. But Rome, even though it has.
变成了第二个角色，对吧？这就是罗马，罗马，对吧？这就产生了一个错误

的帝国。但是罗马，尽管它有。

12:49
You know, the association with st Peter, and Christianity is essentially the Pagan capital of the empire, and Constantinople becomes the Christian part of the empire.
你知道，与圣彼得和基督教的联系本质上是帝国的异教首都，君士坦丁堡成为帝国的基督教部分。

12:59
With the Christian capital here, the second Rome, explicitly founded as a Christian capital. And what you see here is the hippodrome of constantly know, full bit.
这里是基督教的首都，第二个罗马，明确地建立了基督教的首都。你在这里看到的是不断知道的症状。

13:10
Just basically an area for chariot racing, the event to get into that the m.
基本上就是一个进行战车比赛的区域，进入那里的活动。

13:14
The hippodrome is right next to the imperial palace. Why? Because the emperor communicates with his people in the hippodrome. So in the hippodrome, you have exactly the same kinds of communication pattern that we looked at at normal theaters, right?
竞技场就在皇宫旁边。为什么?因为皇帝在竞技场和他的臣民交流。所以在海马场，你的交流模式和我们在普通影院看到的完全一样，对吧?

13:31
The emperor appears, 250000 People are there. Usually they acclaim him. That is, of course, important for his legitimacy, because he says, I'm reigning this popular consent.
皇帝出现了，25万人在那里。通常他们都称赞他。当然，这对他的合法性很重要，因为他说，我统治的是民众的同意。

13:42
Right? If people don't applaud him, it's a problem if they hiss him, it's a real problem. If they actually go after him, you know, that's basically a rebellion, and this and such a rebellion, basically.
对吧?如果人们不为他鼓掌，这是一个问题，如果他们嘘他，这是一个真正的问题。如果他们真的去追他，你知道，那基本上就是一场叛乱，基本上，这是一场叛乱。

13:53
And occasions, the hard gas of here, which stands here, and which we are going to look at in some detail. So basically the hard gas of here, and this is why I'm also showing you this reconstruction here.
有时候，这里的硬气体，在这里，我们会详细地看一下。所以基本上这里的硬气体，这就是为什么我给你们看这个重建图。

14:05
Is part of an imperial or sample, right? It's not just a judge that stands somewhere, but it is part of an imperial palace.
是皇家或样本的一部分，对吧？它不只是站在某处的法官，而是皇宫的一部分。

14:15
That is, as we shall see, also meant to impress visitors. It is part of a complex with a hippodrome that serves as an arena for chariot dressing.
正如我们将看到的，这也是为了给来访者留下深刻印象。它是一个复杂的竞技场的一部分，作为战车装饰的竞技场。

14:27
But that is also a place of communication and performing imperial legitimacy. And as part of this complex you have to understand the hard to disappear.
但这也是一个交流和执行帝国合法性的地方。作为这个综合体的一部分，你必须理解很难消失。

14:36

Which is an awesome, awesome monument that basically roots imperial legitimacy and power Christianity, right?
这是一个非常非常棒的纪念碑它基本上奠定了帝国的合法性和权力基督教，对吧?

14:46
So this is not in any way a neutral ensemble, right? This is basically in a modern way, we would say, which is a problem.
所以这绝对不是一个中性的整体，对吧？这基本上是一种现代的方式，我们会说，这是一个问题。

14:56
Grammatic term for antiquity, but you would basically say, this is just a stage for propaganda, right? So this is basically like the Red Square in Moscow or Tiananmen Square in Beijing, Right?
古代的语法术语，但你基本上会说，这只是一个宣传的舞台，对吧？所以这基本上就像莫斯科的红场或北京的天安门广场，对吧?

15:09
Is meant, you know, as the place were, you know, the imperial might of the Christian empire is visualized, and not just visualized, but.
这就意味着，在这个地方，基督教帝国的帝国力量是形象化的，不仅仅是形象化，而是。

15:20
Have formed through ritual, right? So this is where the heart is of fear, belongs into. This is the reconstruction of the hippogrome. Is the heart is of fear in the back, which gives you a sense.
是通过仪式形成的，对吧？所以这就是恐惧之心的归宿。这是海马体的重建。就是心是害怕在后面的，这给你一种感觉。

15:29
And the sense that, you know, this is indeed a monument that is meant to replace the Pagan room with the Christian room is indicated by the fact that, you know, you have Egyptian obelisks now in the hippotrop.

你知道，这确实是一座纪念碑，意在用基督教的房间取代异教徒的房间，这一事实表明，你知道，你现在在希波trop中有埃及方尖碑。

15:43
Constantly open, because that's what the Romans.
一直敞开着，因为这是罗马人的作风。

15:45
The interest didn't pagan Rome. So the Christian interests have to do it in the Christian capital, right? And similarly, so this is actually the obvious, standing, similarly, unfortunately destroyed, because Constantinople Is.
利息并没有改变罗马。所以基督教利益集团必须在基督教首都进行，对吧？同样的，这是很明显的，同样的，不幸的是被摧毁了，因为君士坦丁堡。

15:58
In an earthquake zone. So columns will eventually fall alike. In Rome, people basically build one of the other of the alphabet, quote, famous Roman monuments. So the Column of Trajan had an equivalent in Rome, the Column of Theatres. Here's anthroposi.
在地震带。所以列最终会相似。在罗马，人们基本上都是按字母顺序建造著名的罗马纪念碑。所以图拉真柱在罗马也有类似的剧院柱。这是anthroposi。

16:10
Even though the, you know, iconography is explicitly Christian. I'm not going to get into that too much. Okay, but now it's basically returned to the Roman Empire.
尽管，你知道，圣像明显是基督教的。这个我不打算讲太多。好吧，但现在它基本上回到了罗马帝国。

16:20
Which is still around. When the heart is he has built, and it is built by an emperor who matters quite specifically for trying to rebuild Roman light. And this is this Guy.
它仍然存在。当心是他建造的时候，它是由一个非常重要的皇帝建造的，他试图重建罗马的光明。这是这个家伙。

16:31
Right. The emperor, justinian. Justinian is here represented in a church in Nevana in northern Italy. And you can see that to his right.
正确的。查士丁尼皇帝。查士丁尼的画像出现在意大利北部内华达的一座教堂里。你可以看到他的右边。

16:42
Stand his military and his officials, right? And who has left stand the clergy, right? For Justinian, it's very important that his might also has a.
支持他的军队和官员，对吧？谁离开了神职人员，对吧？对查士丁尼来说，重要的是他的权力也有。

16:54
Religious component, right? He is not just the ruler of the Roman state of the Roman Empire as a great emperor. He is also the defender, right?
宗教因素，对吧？他不仅仅是罗马帝国的统治者，一个伟大的皇帝。他也是防守者，对吧?

17:03
Of the right Christianity. And Justinian is actually a very successful emperor, even though he wrote some Constantinople, because, at the time.
正确的基督教。查士丁尼实际上是一位非常成功的皇帝，尽管他写了一些君士坦丁堡，因为在当时。

17:13
That, and he takes over. He's actually from this region. Originally, is from the darkness.
然后他就接手了。他就是这个地区的人。原来，是来自黑暗。

17:19
So the modern saps, right? You know, basically the defendants of the people living there in the first place, when he faces, when he assessants to the throne, like in the five Hundreds.

所以是现代的笨蛋，对吧？你知道，基本上是住在那里的人的被告，当他面对，当他对王位的评估，就像在500年。

17:33
By Turkey. The Roman Empire is the Dia Straits, like it has been threatened by the neo Persian kingdom of the ami of the Sasanians in the West and the West, and Roman Empire.
由土耳其。罗马帝国是迪亚海峡，就像它受到了新波斯王国的威胁一样在西方和西方的萨珊人，以及罗马帝国。

17:43
Has followed to various dramatic barriers, right the Franks in what used to be called and the Visigoff.
经历了各种戏剧性的障碍，包括法兰克人和西哥夫人。

17:52
In Spain. And justinian's great, you know, project is to do several things. First, he wants to reconquer all the former provinces of the Roman Empire.
在西班牙。查士丁尼的伟大计划是做几件事。首先，他想重新征服罗马帝国的所有前行省。

18:04
And B install his version of Christianity, right? And we have to understand his buildings and his context. And initially, he's incredibly successful.
B安装了他的基督教版本，对吧？我们必须了解他的建筑和他的背景。一开始，他非常成功。

18:15
So he basically reconcus Italy, which has also fallen to dramatic rebellions. He reconcus all of northern Africa. And he's setting himself to reconcur Western Europe as well, to basically rebuild the Roman Empire. and then.
所以他基本上调和了意大利，意大利也陷入了戏剧性的叛乱。他调和了整个北非。同时，他也开始着手重建西欧，重建罗马帝国。然后。

18:28

Which you all understand, you know, as English speakers, as anecdotes. And the enacted I has secret history, which he basically writes for his drawer.

But not just write a book about the exploits, but also a book about the buildings this emperor constructs.
但不仅要写一本关于他的功绩的书，还要写一本关于这位皇帝建造的建筑的书。

20:09
Why would they do that?
他们为什么要这么做?

Why write a book about buildings? I mean, donald Trump would understand that, you know, it's like a book about his ballroom and, you know, his Arctic talk to Tom, or, what have you not?
为什么要写一本关于建筑的书？我的意思是，唐纳德·特朗普会理解，你知道，这就像一本关于他的舞厅的书，你知道，他和汤姆的北极谈话，或者，你没有的?

20:22
But why a book about buildings?
但为什么是一本关于建筑的书呢?

And Justinian doesn't want to be important. So what does Procopius say about him? In our own age, there has to be more of the Emperor, justinian.
查士丁尼不想成为重要人物。普罗科匹厄斯是怎么说他的？在我们这个时代，应该有更多的查士丁尼皇帝。

他发现在他的时代之前信仰上帝，误入歧途，被迫走向不同的方向，他彻底摧毁了所有导致这些错误的道路，把它建立在一个信仰的坚实基础上，所以你可以看到，这就是他的纲领，对吧？基本上。

22:30
Okay, reconquest the Roman Empire, and he is establishing orthodoxy. But why do buildings matter?

the works of one man.
这样它就不会成为未来。那些看到它们的人，由于它们数量庞大，拒绝相信它们改善了一个人的工作。

22:53
For already many words of men are former times which are not vouched for by a written record of aroused incredulity because of their surpassing merit.
因为人所说的话，有许多已经是从前的事了，并没有凭据，因为它们有极好的价值，而引起怀疑。

23:03
And with good reason, the buildings in Brazil here, beyond all the rest, will serve as a foundation from a narrative for over a work's beginnings at the old saying, hazard he needs must set up.
有充分的理由，巴西这里的建筑，比其他所有的建筑，都将作为一个故事的基础，从一个作品的开始，就像一句老话，他需要的危险必须建立起来。

23:13
Front that shines afar. So why does Procopio say that he has to write a book about buildings, which is actually also really interesting with our.

23:21
Theme of fantastic sites. What is he providing with his Krismata?
梦幻网站的主题。他给克里斯玛塔提供了什么？

23:27
So we talked about buildings become protested because the issue arises who controls them, and what is the other issue that people fight over?
所以我们讨论了建筑受到抗议是因为问题出现了谁控制了它们，人们争夺的另一个问题是什么？

23:42

These are certain interpretation. The privilege of interpretation, and basically for Cope is I'm writing these books so that the interpretation of these things is clear, right?

这基本上就是故宫了。不幸的是，在另一次重建中，没有多少幸存下来。你可以说最近的一些解释正在试图确定它。

24:06
But as you see this complex here, it was basically revealed by Justinian, because, as you should see in a moment, he actually faced the rebellion in the.

我想去体育馆，所谓的尼卡暴动，整个城市都被烧毁了。

24:23
Including the old Church of the Harkier Sophia, the Divine Wisdom, and then he rebuilds it, so basically, and that is important already for understanding its design and meaning. The Harkiers of Fear grows out of a contestation.

包括古老的哈克尔索菲亚教堂，神圣的智慧，然后他重建了它，所以基本上，这对于理解它的设计和意义已经很重要了。《恐惧的哈基尔》源于一场争论。

24:36
It grows out of a challenge for period power, in particular case, justinians, and rebuilding this palace quarter at the church in a particular way.

一些平常心的人，在这个拥有25万人口的城市里扔垃圾。在君士坦丁堡有一座建筑。它的人口大约有一百万。

25:11
Mostly men go. So basically, this would be at least a quote of the population, if not, you know, almost half of the male population of the city, probably all the entire male adult population.

But the emperor Justinian building, not long afterwards, a church so finely shaped that if anyone had enquired of the Christians before the burning, if it would be their wish that the Church would be destroyed, and one like this should take its place, showing them some.
但是，不久之后，查士丁尼皇帝建造了一座形状如此精美的教堂，如果有人在焚烧之前询问基督徒，如果他们希望教堂被摧毁，那么就应该有一座这样的教堂来代替它，向他们展示一些。

26:51
Sort of model of the building. You now see, it seems to me that they would have prayed that they might see their charge destroyed for with in order that the building might be converted.
这是建筑的模型。你现在明白了，在我看来，他们可能会祈祷，希望看到他们的指控被摧毁，以便这座建筑可以被改造。

27:01

变成现在的形式。好吧。普罗科匹厄斯在这里做什么呢？这又如何解释我们今天看到的索菲亚呢?

27:12
Why is the Hardy Sophia, in my humble opinion, the most impressive building in all of Europe?

为什么哈代索菲亚大教堂，在我看来，是全欧洲最令人印象深刻的建筑?

27:20
Why does it have to be like that? Why was it constructed like this? Yes, because it's sort of demonstrating the victory of Justinian, despite the insurrection.
为什么一定要这样？为什么要这样建造呢？是的，因为这在某种程度上证明了查士丁尼的胜利，尽管有叛乱。

27:30
He came out on top by now, he filled this beautiful monument to be like, okay, I'm in charge now. He says, I'm in charge now. And he basically says, and you know what? Got this? It's god's will. And.
他现在站在了顶峰，他填满了这座美丽的纪念碑，好像在说，好吧，我现在是老大了。他说，现在我说了算。他说，你知道吗？有这个吗?这是上帝的旨意。和。

但是对于那些在这里知道它的人来说，它的源头和天空一样高，令人难以置信，好像从其他建筑中涌出，延伸到高处，俯瞰着装饰它的城市的其余部分。

30:24
Because it is a part of it, but glorying in its own beauty, because we're a part of the city and dominating it. It at the same time, powers above it to such a high.
因为它是城市的一部分，但又为自己的美丽而自豪，因为我们是城市的一部分，主宰着它。与此同时，它的力量高于它到如此之高。

这是一件非常明智的、世俗的事情。

01:12:14

Well, if you're a camelist, yes, but, of course, for, you know, people who are, you know, genuinely, genuinely believer, this is an incredible offense, right? It's just basically like going into a Catholic Church.
好吧，如果你是一个骆驼党，是的，但是，当然，对于那些，你知道的，真正的信徒来说，这是一个不可思议的冒犯，对吧？基本上就像去天主教堂一样。

01:12:30
Taking all the relics and then putting them up in an archaeological display, right? And Catholics wouldn't like that either. And in fact, you know, when I was in, you know.
把所有的文物都拿出来进行考古展览，对吧？天主教徒也不喜欢这样。事实上，你知道，当我在的时候，你知道。

01:12:42
The top cup has arrived many times also in Tekke. So it's in the Sufi monastery. It's in eastern Anatolia, like in Comia.
冠军奖杯也多次来到特克。这是在苏菲修道院。它在安纳托利亚东部，就像科米亚一样。

01:12:50
All of these objects, right? Books, relics were displayed, you know, behind glass and with labels. You know, I saw.
所有这些物体，对吧？书，文物陈列在玻璃后面，贴着标签。你知道，我看到了。

01:12:59
An Aetolian hasn't really burst into tears right by looking at this, because they felt, not wrongly, that this was just an act.
埃托利亚人并没有看到这一幕就大哭，因为他们觉得这只是一场表演，这并没有错。

01:13:10
In fact, to which the state showed them that what they believed in, what mattered to them was just superstition, right?

事实上，政府向他们展示了他们所信仰的，对他们来说重要的只是迷信，对吧?

01:13:17
And that these objects are just historical objects, and that they basically need to overcome this. And by, you know, turning to how Casophia back into a mosque, you of course, have someone like Aldo and making a statement for these people.
这些物品只是历史物品，他们基本上需要克服这个问题。通过，你知道，把卡索菲亚变成清真寺，当然，你有像奥尔多这样的人，为这些人发表声明。

01:13:32
To do? What is constituents? That these things are actually constituent to their identity, and that you cannot just terminate. And you see in pieces. By doing that, you deliberately embrace capitalism.
做什么?什么是成分？这些东西实际上构成了它们的同一性，你不能终止它们。你看到的是碎片。通过这样做，你故意拥抱资本主义。

01:13:43
Which he is strived to undo, right? And that is, of course, the real background for the transformation of the hard years of here.
这是他努力想要撤销的，对吧？当然，这就是这里艰难岁月转型的真正背景。

01:13:52
Back in from a museum, back into a moss, right? And because this then becomes a matter of identities, and what happened to this room, where you can still see all these objects, but there is now an imam in the room.
从博物馆回来，回到苔藓里，对吧？因为这就变成了身份的问题，这个房间发生了什么，你仍然可以看到所有这些东西，但现在房间里有一个伊玛目。

01:14:07
Reading the Koran, and, you know, these objects, again, in the proper generation, right?
读《古兰经》，你知道，这些东西，在合适的年代，对吧?

01:14:12
All of that has been done. And this is, of course, what then snowballs, where you basically have built in, such as this, you know, business in church, in IKEA.
所有这些都已经完成了。当然，这就是滚雪球，你基本上已经建在，比如这个，你知道，在教堂里的生意，在宜家。

01:14:23
That's also hardness of fear, because nobody cared about It was basically a rubbish dump. And I went there for the first time in the 1990s. I was interested in Norming, the release that had been.
这也是恐惧的硬度，因为没有人关心它基本上是一个垃圾场。我第一次去那里是在20世纪90年代。我对诺明很感兴趣，它的释放。

01:14:34
Using the construction of the church in order to lift them up, know what a cat, what the thing was. But the moment the how you Sophia is then turned into a mosque again. Then, of course, local activists look at visiting churches that have been lost at one point and say, oh, now we have to return them.
用教堂的建筑把他们抬起来，知道什么是猫，什么是东西。但当你看到索菲亚再次变成清真寺的那一刻。然后，当然，当地的积极分子看着曾经丢失的教堂，说，哦，现在我们必须归还它们。

01:14:49
You know, into, you know, mosques as well, because now we are asserting this particular type a bit.
你知道，也进入清真寺，因为现在我们正在主张这种特殊的类型。

01:14:56
So this is basically how the system snowballs so that previously unremarkable buildings become harkies of fears. But the Harker Sophia itself, which is, you know what the subject of this class was about.
这基本上就是这个系统是如何滚雪球的，所以以前不起眼的建筑变成了恐惧

的温床。但是哈克索菲亚本身，你们知道这节课的主题是什么。

01:15:07
Is, indeed, you know, a monument that is meant to increase It is basically a tool of imperial and religious and state craft. You cannot ignore it.
实际上，你知道，一座纪念碑是为了增加它基本上是帝国，宗教和国家工艺的工具。你不能忽视它。

01:15:17
And by turning it into museum, you're making a very clear political statement that, you know, within Turkish you know. And.
通过把它变成博物馆，你是在表达一个非常明确的政治声明，你知道，在土耳其。和。

01:15:27
Islamic religious culture right needs to be reinterpreted. So basically, I'm not making a case for anything here.
伊斯兰宗教文化权利需要重新诠释。所以基本上，我在这里没有任何理由。

01:15:35
And just giving you the context in which these contestations unfold. And now, when we come to the readings, how do people argue about this?
让你们了解一下这些争论展开的背景。现在，当我们读到阅读材料时，人们是如何对此进行争论的?

01:15:45
Do they give a sensible, historical contextualization?
他们是否给出了一个合理的历史背景?

01:15:52
Of what these monuments were and are of what kind of arguments do they make?
这些纪念碑过去是什么，现在是什么，他们提出了什么样的论点?

01:16:04

Well, there is the circular religious divide in one of the readings, right? It seems to me that there are different debates, depending on where you're sitting.
在其中一篇解读中有一个循环的宗教分歧，对吧？在我看来，有不同的争论，取决于你坐在哪里。

01:16:19
So within Turkey, actually, there doesn't really seem to be much of a debate, in my opinion.
所以在土耳其，实际上，在我看来，似乎并没有太多的争论。

01:16:24
In the secular, it seems that the secular is a very, very small minority. Well, I mean, it's not that small, but it's not a metro. No, it's not the number of.
在世俗中，世俗似乎是非常非常小的少数。我是说，它不是那么小，但也不是地铁。不，不是的数字。

01:16:33
Right if all the opposition parties, as the victims assessed.
对，如果所有的反对党，正如受害者所评估的那样。

01:16:38
In favor of, I guess, if you are becoming a boss. And it tells you something about the positive sentiment outside of Turkey, of course, the constituents, it seems.
我想，如果你要成为老板的话。它告诉你一些关于土耳其以外的积极情绪，当然，似乎是选民。

01:16:48
You have, well, the academics, I suppose, who are interested in.
我想，有一些学者，他们对。

01:16:56
I guess, so here as an architectural monument in its deeper history than you have the Eastern Christians.

我想，所以这里作为一个建筑纪念碑比东方基督教历史更悠久。

01:17:04
Also interested in its preservation, but that's from me as a fault line in itself. But there actually isn't a debate in Turkey, but.
也对它的保存感兴趣，但我认为这本身就是一条断层线。但实际上在土耳其并没有辩论，但是。

01:17:13
Which ones the one? So if I ask some secularists to basically say, this is a symbol of the topic.
哪个是那个？所以如果我问一些世俗主义者，他们会说，这是主题的象征。

01:17:21
Canists in the public, you know, ending exactly. That's precisely what it is. But is it a conversation? And it is a conversation, I would argue, among, you know, secular.
在公众场合，你知道，结局完全一样。这就是它的本质。但这是一种对话吗？我认为，这是一场对话，是在世俗之间进行的。

01:17:31
Turks. So I know Turks in Istanbul who basically say, the moment the High Casafia became a mosque again, right? We really realized.
土耳其人。我知道伊斯坦布尔的土耳其人会说，当高卡萨菲亚再次成为清真寺的那一刻，对吧？我们真的意识到了。

01:17:40
That the, you know, secular vision of Artert was over, right?
你知道，阿特的世俗愿景已经结束了，对吧？

01:17:46
They didn't like that similar at all right, to them. It also felt like a rejection.
他们一点也不喜欢这样对他们来说。这也感觉像是被拒绝了。

01:17:53

Of the long rejected attempts of Turkey to join the European Union. Right? It was Vienna, our own thing. We belong into an Islamic, western Asian context.
土耳其加入欧盟的努力长期遭到拒绝。对吧?那是维也纳，我们自己的地方。我们属于伊斯兰教，西亚背景。

01:18:04
You're no longer part of Europe. You are not interested in turning this into museum. You are no longer buying intersect tourism. And of course, a lot of people didn't like that, right? So that wasn't fun.
你不再是欧洲的一部分了。你没兴趣把这里变成博物馆。你不能再购买机密数据库旅游了。当然，很多人不喜欢这样，对吧？所以这并不好玩。

01:18:15
But of course, people are arguing about this also, in terms of legal terms, right? Has Alra the right to do this doesn't happen in the right to do is that I would basically argue.
当然，人们也在争论这个问题，从法律角度来说，对吧？Alra有权利这样做吗我基本上会说，没有权利这样做。

01:18:24
That even though these legal arguments are clever, it's completely beside the point, right? And what matters is, what does this monument mean to people, and what kind of contestations?
尽管这些法律论据很聪明，但它完全无关紧要，对吧？重要的是，这座纪念碑对人们意味着什么，什么样的争论?

01:18:35
That this monument invite? And what is the structure of these contestations? What would you say? What is the structure of these contestations that we are looking at? I'm not sure whether I'm putting this right, because when doing the reading, I've got the feeling.
这个纪念碑邀请吗？这些争论的结构是什么？你会怎么说？我们现在看到的这些争论的结构是什么？我不确定我是否写对了，因为在阅读的时候，我有这样的感觉。

01:18:51
That the secularization is also as semi religious issh activity, because in this case, it's actively clashing with the Islamic inclinations of restoring to mosque, but it's also being against Catholic.
世俗化也是一种半宗教活动，因为在这种情况下，它积极地与伊斯兰教重建清真寺的倾向相冲突，但它也反对天主教。

01:19:06
Inclinations of making it into a church. So here, by making things into a museum, because the museum, generally speaking, as our modern conception, is a non religious place, relatively but by making something not religious, it's also a very strong political statement.
想把它建成教堂。所以在这里，通过把东西做成博物馆，因为博物馆，一般来说，按照我们现代的观念，是一个非宗教的地方，相对来说，但是通过制作一些非宗教的东西，它也是一个非常强烈的政治声明。

01:19:21
And by actively engulfed and believing in this sort of statement. It's also a religious Ish fever. I'm not sure whether this term is the appropriate one. It makes perfect sense. So, of course, you know.
积极地接受并相信这种说法。这也是一种宗教伊什热。我不确定这个词是否恰当。这完全说得通。所以，你当然知道。

01:19:34
Non, obviously, non, religious movements, ideological movements, can have a religious fear to them, right? So you can basically hear that this is a matter.
很明显，非宗教运动，意识形态运动，会有宗教恐惧，对吧？所以你基本上可以听到这是一个问题。

01:19:43
Of a movement. So basically, renewal movements, religious renewal movements, revolutionist movements always have the same burner behind them, but it's the sense that your individual moral agency can change the

world, Right?
运动的。所以基本上，复兴运动，宗教复兴运动，革命运动背后都有同样的动力，但这是一种你个人的道德能动性可以改变世界的感觉，对吧?

01:19:56
Especially when it's cheap, it doesn't cost you anything. And you can just send to something on this, on social media, right? And we feel you're making the world a better place this way. That is a hallmark, the hallmark of.
尤其是当它很便宜的时候，它不花你一分钱。你可以在社交媒体上发送信息，对吧？我们觉得你通过这种方式让世界变得更美好。这是一个标志，标志。

01:20:06
You know, religious and rule movements, justice on the side. But, of course, you know, the secularism that you find expressed in here does have, of course, a deep ideological component.
你知道，宗教和统治运动，正义在一边。但是，你知道，你在这里发现的世俗主义确实有，深刻的意识形态成分。

01:20:17
And you get that exactly right, right? By other church saying, this is not an Orthodox monument. This is not a, an Islamic monument. This is a historical monument for this particular part of the world and for constantly over input.
你完全理解对了，对吧？按其他教会的说法，这不是东正教的纪念碑。这不是一座伊斯兰纪念碑。这是世界上这个特殊地区的历史纪念碑，也是不断过度投入的历史纪念碑。

01:20:32
Particular, and we are now honoring it, you know, as this historical site, right? That is, of course, a deeply ideological statement.
特别的是，我们现在把它作为历史遗迹来纪念，对吧？当然，这是一个深刻的意识形态声明。

01:20:42
Which you basically say, religion has not served as well. Religion has held us back. Religion is the reason why, you know, we are so backward.
你基本上会说，宗教没有起到同样的作用。宗教阻碍了我们。你知道，宗教是我们如此落后的原因。

01:20:53
And by overcoming this, and not, of course, giving the Greeks, or, you know, the Orthodox anything.
通过克服这一点，当然，并没有给希腊人，或者，你知道，东正教任何东西。

01:21:00
And you are basically making a statement in your own right, right. So secularism, and that is, I think, very important here for understanding that, at the key contextation is not politically Neutral.
你基本上是在用自己的权利发表声明，对吧。所以世俗主义，我认为，对于理解这一点非常重要，在关键的背景下，它不是政治中立的。

01:21:11
Right? So secularism is a very hard political statement that basically says.
对吧?因此，世俗主义是一个非常强硬的政治声明，它基本上说。

01:21:18
Wait.
等待。

01:21:22
It basically says, this is Turkey.
它基本上说，这是土耳其。

01:21:24
It minus the Arab, you know, writing, because you're also introduced, and, you know, the Latin alphabet.
它减去了阿拉伯语，你知道，写作，因为你也被介绍了，还有，你知道，拉

丁字母。

01:21:32
In Turkey. So basically saying, the secularism shows our modernity, our commitment to.
在土耳其。所以基本上说，世俗主义显示了我们的现代性，我们的承诺。

01:21:40
Archaeological research, and that is something that will also come up in the a Lotia Temple, but that you have all these people in lab coats carefully removing.
考古研究，这也会出现在洛提亚神庙，但你要让所有这些穿着实验室工作服的人小心翼翼地移走。

01:21:49
The plaster over these, you know, christian Mazars, right? That is research. That is science. That is how we look at our path.
上面的灰泥，你知道的，克里斯汀·玛扎尔，对吧？这就是研究。这就是科学。这就是我们看待自己道路的方式。

01:21:59
Right here, excavating the truth here, right? And what is essentially being considered, right, quite literally, right.
就在这里，挖掘真相，对吧？本质上要考虑的是，对的，从字面上看，对的。

01:22:08
That is conceived by religious superstition that we essentially have to get rid of. It's this deep dislike, right?
这是宗教迷信的产物，我们必须摒弃这种迷信。这是一种深深的厌恶，对吧？

01:22:15
Of anything religion that is perceived as holding that term right, and therefore turning the heart is a key to a site, because imagine the

academics right?
任何宗教都被认为是正确的，因此转动心灵是一个网站的关键，因为想象一下学术界，对吧?

01:22:24
Into a site of archaeological research and architectural research. It's great for archaeologists, right? But it is, of course, speaking to a tiny it's.
集考古研究和建筑研究于一体。这对考古学家来说是件好事，对吧？但它当然是在和一个小女孩说话。

01:22:36
Nobody does anything for archaeologists, right? We are just a tiny minority. No one gives a shit about what we are doing, you know, and even though they make public interest, but our concerns that account.
没有人为考古学家做任何事，对吧？我们只是极少数。没人在乎我们在做什么，你知道，即使他们是为了公众利益，但我们的担忧是值得考虑的。

01:22:47
Ourselves only counts when they fit into broader narratives, right?
我们只有在符合更广泛的叙述时才算数，对吧?

01:22:54
And in this particular case, a Kima mustafa's case, it is the narrative that he is a man of modality, secularism, science.
在这个特殊的例子中，一个Kima mustafa的例子，他是一个有形态，世俗主义，科学的人。

01:23:03
And that he is therefore giving them this fantastic architectural miracle to the specialists who know how to deal with the property.
因此，他把这个奇妙的建筑奇迹交给了那些知道如何处理财产的专家。

01:23:12
But with this particular case, architectural historians and archaeologists, and, of course, the architectural historians and.

但在这个特殊的案例中，建筑历史学家和考古学家，当然，还有建筑历史学家和。

01:23:18
You know, architecture, it's always very hard that mr Salvos write. That's his name, who writes beautifully about how disappear. But how many people do you think, actually, do read mr salvo's?
你知道，建筑，萨尔沃斯先生总是很难写。这是他的名字，他写得很好，关于如何消失。但你认为实际上有多少人会读萨尔沃先生的书呢?

01:23:31
And scientific and academics follow the articles and books.
科学家和学者也会关注这些文章和书籍。

01:23:36
Two probably, well, I know, like 200, maybe or 2000, but, you know, a tiny, tiny minority, not even most people, actually go to visit him.
可能有两个，嗯，我知道，大概200个，或者2000个，但是，你知道，只有很小很小的一部分人，甚至不是大多数人，会去拜访他。

01:23:49
Pay a horrendous entrance for you to see this argument. And because you know what they are doing is interesting to a small scholarly community. It's not interesting for the politicians to do this, right? So this is all about signaling, right? Just as the purpose of yes, created as the side.
你得花大价钱才能看到这场辩论。因为你知道他们所做的对一个小的学术团体来说很有趣。政客们这样做并不有趣，对吧？所以这都是关于信号，对吧？只是把目的当成是对的，创造当成是对的。

01:24:03
To vow and overwhelm and make manifest the period power and the project of a Christian empire, and then to make the takeover a symbol of.
发誓，征服，并表明时代的权力和基督教帝国的计划，然后把接管作为象征。

01:24:15
What, you know, people in history would call Translatio. And Perry, you writes, basically transfer empire like you transfer from, you know, rome to Constantinople, actually.
就是历史上人们所说的翻译。而佩里，你写道，基本上是把帝国从罗马转移到了君士坦丁堡。

01:24:26
Wrong to, for once, you know, to Moscow, if the Russians would have it, or, you know, from the visiting empress, to, you know, the Kaiser Iran, right? And the.
如果俄国人愿意的话，这次去莫斯科是不对的，或者，从来访的皇后那里，去伊朗皇帝那里，对吧？和。

01:24:36
The Ottoman Dynasty. And all of that, you know, is meaningful, like, just like the secularism, the militant secularism of.
奥斯曼王朝。所有这些，你知道，都是有意义的，就像世俗主义，激进的世俗主义。

01:24:46
And camelism is meaningful, right? That is also a statement. And so all of these legal arguments, oh, does Alan have the right to do this? Because the mosque is a bakkeef.
骆驼是有意义的，对吧？这也是一个声明。所以所有这些法律上的争论，哦，艾伦有权利这样做吗？因为清真寺是面包房。

01:24:57
And therefore he can do this, or, you know, is this, you know, at going against scholarship, all of this. But it's important of these side shows, right of the arguments.
因此他可以这样做，或者，你知道，这是，你知道，在反对学术，所有这些。但重要的是这些侧面的展示，论点的右边。

01:25:07

What would you say is the real contestation that we find here with a building like this?
你认为我们在这样的建筑中发现的真正的争议是什么?

01:25:13
And I feel that there are two parties, maybe the region, and also the.
我觉得有两个方面，也许是地区，还有。

01:25:20
So in a way, it's just politics, and if it's politics, but what kind of politics are we talking about? They're different kinds of politics, right?
所以在某种程度上，这只是政治，如果这是政治，但我们在谈论什么样的政治？它们是不同类型的政治，对吧?

01:25:34
What are we looking at? And we are looking at the politics surrounding the Hargus fear here? Well, I'm into Fort Ornaments, ideological.
我们在看什么？我们现在看到的是围绕哈格斯恐惧的政治？我喜欢Fort饰品，思想上的。

01:25:43
I mean, at one well, it's the failure of the secular ideology and just the right.
我的意思是，一方面，这是世俗意识形态和正义的失败。

01:25:50
So it is about how you see yourself, right? All of these manifestations are negotiations about various forms of identity.
所以这是关于你如何看待自己，对吧？所有这些表现都是关于不同形式的身份的协商。

01:25:59
How should we understand ourselves? How should we understand our history? What kind of history are we telling about?
我们应该如何理解自己？我们应该如何理解我们的历史？我们在讲述什么样的历史?

01:26:10
Ourselves, right in order to make sense of the world that we live in, right? This is what these contestations are in many of the consultations that we are going to look at at its core.
我们自己，为了理解我们生活的世界，对吧？这就是我们将要探讨的许多磋商中争论的核心所在。

01:26:22
And why do you think does this attach itself to monuments, such as the Hardness of Fear? These are, of course, debates that are not just had about architectural heritage, right?
你认为为什么它会附着在纪念碑上，比如恐惧的硬度？当然，这些争论不仅仅是关于建筑遗产的，对吧?

01:26:33
These are debates that have in general society, but why do they congeal? Do you think around monuments, such as the hardness of the land?
这些都是社会上普遍存在的争论，但它们为什么会凝固呢？你认为周围的纪念碑，如土地的硬度?

01:26:41
Why are monuments like the Hardy Sophia and other monuments that we are going to talk about? You know, these folk high these focal points of these debates that's innocent because of.
为什么像哈代索菲亚这样的纪念碑和我们将要讨论的其他纪念碑？你知道，这些人是这些争论的焦点，这是无辜的，因为。

01:26:54
How large they are and how enduring, I would think, like the very fact that it is a building that happens back to a past. And.
它们有多大，有多持久，我想，就像这是一座发生在过去的建筑。和。

01:27:03
So the building kind of represents a If they manage to attach their desired

meaning onto it, then it links them to a genealogy.
所以这个建筑代表了，如果他们能把他们想要的意义附着在它上面，那么它就把他们和系谱联系起来。

01:27:13
Beyond them, and so we connect them to peoples of the past. Precisely how do people use the past? Usually in political debates.
超越他们，所以我们把他们和过去的人们联系起来。人们究竟是如何使用过去的呢？通常是在政治辩论中。

01:27:23
How do you have gas to basically lend legitimacy to their positions? Right? That is a very, very common move. Yes.
你怎么有天然气来给他们的立场提供合法性？对吧?这是一个非常非常常见的举动。是。

01:27:34
Oh, sorry, I was about to say the same. So basically, in my particular field, the Romans invent the concept of the most by Europe, which is ancestral custom.
抱歉，我也想这么说。所以基本上，在我的研究领域，罗马人发明了欧洲最重要的概念，这是祖先的习俗。

01:27:44
And every Roman historian will say, well, a cessral custom, and what it actually needs is invented in the first century to c. But of course, the point that people are making when they're talking about ancestral customer. And one.
每个罗马历史学家都会说，好吧，一个必要的习俗，它真正需要的是在公元一世纪到公元一世纪发明的，但是当然，当人们谈论祖先的顾客时，他们想说的是。和一个。

01:27:56
BC in 50 BC, or something like that, is to make the argument that this was so in the second, third, fourth century BC, right?

公元前50年，或者类似的，是为了证明这在公元前2 3 4世纪是这样的，对吧?

01:28:05
You always invent a tradition, right? In order to justify where you're coming from, right? And the high disappear is not just big, right? It's a central.
你总是发明一种传统，对吧？为了证明你是从哪里来的，对吧？高消值不仅仅是大，对吧？这是一个中心。

01:28:15
Political site of Constantinople, right? An amazing ritual space. And if you contain ownership and tell people what it actually means.
君士坦丁堡的政治地点，对吧？一个令人惊叹的仪式空间。如果你包含所有权并告诉人们它的真正含义。

01:28:24
What are you doing in the process?
在这个过程中你在做什么?

01:28:27
So first of all, you capture the actual monument. You capture the actual physical object. And this act in itself, is powerful.
首先，你要捕捉到真正的纪念碑。你捕获了实际的物理对象。这一行为本身就很强大。

01:28:38
Because what does it show you?
因为它显示了什么?

01:28:41
Control. You have the power to control. You have the power to control. You are in charge, right? Think about.
控制。你有控制的能力。你有控制的能力。你是管事的，对吗？思考。

01:28:49

Donald Transport, right?
唐纳德运输公司，对吧?

01:28:52
What is he basically telling Americans and the world by knocking down the East Wing of the right House, which is actually not an old right. That was good.
他推倒了右翼的东翼，这实际上并不是一个古老的右翼，这基本上是在告诉美国人和世界什么。那很好。

01:29:01
FDR, knocking it down, and now building his newborn room.
罗斯福把它拆掉了，现在又在建造他的新生儿房。

01:29:06
I can do what I want, but I also create a last legacy of myself.
我可以做我想做的事，但我也创造了我自己最后的遗产。

01:29:14
And the reason that he is not.
而他没有的原因。

01:29:16
Building this with reinforced concrete, seven days a week, 20 H a day. And basically says, this is because of concrete that you are going to build nuclear power plants out of.
用钢筋混凝土建造，一周七天，每天20小时。基本上说，这是因为你要用混凝土来建造核电站。

01:29:25
Is that he doesn't want to destroy. So he basically wants to say, I'm in control. I control the state. I control the country.
就是他不想破坏。所以他基本上想说，我在控制。我控制着国家。我控制着这个国家。

01:29:33
And to create facts on the ground. Let's see that he succeeds to basically say, this can never be done away. Why is he so concerned with these buildings?
并在实地创造事实。让我们看看，他成功地说，这是永远无法消除的。他为什么这么关心这些建筑?

01:29:42
Why is he so concerned for this bloody ballroom?
他为什么这么关心这个该死的舞厅?

01:29:46
Then going to be a symbol of his permanence. Exactly. So he basically thinks he's building something that will never go away. And.
然后成为他永恒的象征。完全正确。所以他基本上认为他在建造一些永远不会消失的东西。和。

01:29:56
That will cement his place in, you know, the history of the United States as a great President, right?
这将巩固他在美国历史上作为一位伟大总统的地位，对吧?

01:30:03
You probably not have that effect. But, I mean, that's a piece of he thinks he does, and this is what the least matter, right? They are manifestations of power. They are Manifestations.
你可能没有这种效果。但是，我的意思是，这是他认为他知道的一部分，这是最不重要的，对吧？它们是权力的表现。他们是显圣者。

01:30:13
Of particular ideas. They have manifestations of doing things in a particular way. And then, of course, you basically want, and you.
特别的想法。他们有以特定方式做事的表现。然后，当然，你基本上想要，而你。

01:30:23
No. And they are there, right? People attach themselves to them. You cannot ignore them as procope yourself, right? People are looking at these things, and they are making up stories about them. And I'm going to send the records straight to you, because I really want to.
否。它们就在那里，对吧？人们依附于它们。你不能忽视他们，对吧？人们看着这些东西，就会编故事。我要把唱片直接寄给你，因为我真的很想。

01:30:36
Make sure that the privilege of interpretation right is not observed by others. I want to make sure that everybody understands forever.
确保解释权的特权不被他人行使。我想确保每个人都能永远理解。

01:30:45
That this is just in this project, right? So the first thing it shows you, we control this, and there's nothing you can do, right? Just like Donald trump's ballroom shows.
这只是这个项目的一部分，对吧？它首先向你展示的是，我们控制着这个，你什么也做不了，对吧？就像唐纳德·特朗普的舞厅表演。

01:30:54
That there's nothing in the state who can resist him, right of Congress, not the Supreme Court, definitely not the Democrats.
这个州没有任何东西可以抵抗他，国会的权利，最高法院的权利，绝对不是民主党的权利。

01:31:00
Can do whatever you wants, right? So that is that if you take over such a site, and then the other side is that you basically telling its meaning.
你想怎么做就怎么做，对吧？所以如果你接管了这样一个网站，那么另一方面就是你基本上告诉了它的意思。

01:31:09
And if you can determine if you are the one who determines and to set what something means, right? That is also, of course, a.

如果你能确定你是否是决定和设定事物意义的人，对吧？当然，这也是a。

01:31:20
Important aspect of how you describe yourself, and demonstrate the power.
这是你如何描述自己、展示自己能力的重要方面。

01:31:26
Why is that so important that you can tell people what something means?
为什么你能告诉别人某件事的意思这么重要?

01:31:33
If you're in that position.
如果你在那个位置。

01:31:38
Advice is that existed. I think this is like you are shaping your new discourse with superpower, and it's basically directing, like, what's reality and what's.
建议是存在的。我认为这就像你在塑造你与超级大国的新话语，它基本上是在指导，比如，什么是现实，什么是。

01:31:54
Orthodoxy to an extent, to a limited extent. And I think the Hargasophia is more stronger than the chum's east wing is because fdrc's wing is relatively neutral, because it's what's already there, and it doesn't have that much meaning, but the Hargasopia is.
在一定程度上是正统的，在有限的程度上。我认为哈尔加索比亚比鸟的东翼更坚固是因为鸟的东翼是相对中立的，因为它已经在那里了，它没有那么多的意义，但哈尔加索比亚是。

01:32:09
It's all, it's such a magnificent building, and it's always religious related, or, like, secularized. So by sitting there, the heart of Sophia is having its own message that, if you don't shape it, it might object the existing authority,

which.
这是一座宏伟的建筑，它总是与宗教有关，或者是世俗化的。通过坐在那里，索菲亚的心脏有了自己的信息，如果你不塑造它，它可能会反对现有的权威，这。

01:32:24
Does not happen in the White House that much. I think, yes, that's a very good point at the height of here, precisely because it's not, it's iconic stature.
这种事在白宫可不常见。我认为，是的，这是一个非常好的高度，因为它不是，它是标志性的高度。

01:32:32
Constant note is the point where you can basically shape historical narratives and not only demonstrate your contemporary power, basically say, this is.
常记是你可以塑造历史叙事的地方不仅仅是展示你的当代力量，基本上可以说，这是。

01:32:43
Where we are going, and this is where we are coming from. Yes, I wonder, though we're talking as though this is.
我们要去的地方，这就是我们的出发点。是的，我想知道，虽然我们说得好像这是。

01:32:50
Is what adds to your power, but actually it's the performance of power you already add, right? And.
是什么增加了你的权力，但实际上是你已经增加的权力的表现，对吧？和。

01:32:57
Fact, you know, I'm not, and it's not entirely clear to me how central it is to once mean.
事实上，你知道，我不是，我也不完全清楚曾经的刻薄有多重要。

01:33:06
It's a power. I mean, after all, securities, you know, we.
它是一种幂。我是说，毕竟，证券，你知道，我们。

01:33:11
You can even know.
你甚至可以知道。

01:33:11
You know? So it's a symbol. It's a performance. So if it's a performance of power, you have to have the power. That's why you got the first conversations we are in charge, that you've demonstrated power in this particular way.
你知道吗?所以这是一个符号。这是一场表演。所以如果这是权力的表现，你就必须拥有权力。这就是为什么你得到了我们负责的第一次对话，你以这种特殊的方式展示了你的力量。

01:33:26
And why does the performance of power matter to avoid its maintenance?
为什么电源的性能很重要，以避免其维护?

01:33:31
So if you have power, right, why do you have to perform it in order to maintain it? So you have to keep convincing on those.
如果你有权力，为什么你要行使权力来维持权力呢？所以你必须在这些方面保持说服力。

01:33:42
Yes, precisely. You basically need to convince people that you are in charge. Does this mean that you constantly have to exercise your powers?
是的,准确。你基本上需要让人们相信你是负责人。这是否意味着你必须经常行使你的权力?

01:33:51
But occasionally, right, just enough that people remember. So people must

never forget that you are actually in charge.
但偶尔，对吧，刚好能让人们记住。因此，人们永远不能忘记，你实际上是负责任的。

01:34:01
How do states do that?
各州如何做到这一点?

01:34:06
First.
第一。

01:34:06
But this is fine. Thank you.
但这没关系。谢谢你!

01:34:11
Important. This is a rituals matter, right? So what would happen if, to, you know, told something local, if you know, one prime minister, suddenly?
重要的。这是个仪式问题，对吧？那么，如果，你知道，告诉当地的一些事情，如果你知道，一个总理，突然，会发生什么?

01:34:21
Decided not to celebrate National Day.
决定不庆祝国庆节。

01:34:23
It's expensive. I don't have time. And you don't like it, you know, let's just skip National Day. We are not going to do it this year.
它是昂贵的。我没有时间。如果你不喜欢，那我们就跳过国庆节吧。我们今年不打算这么做。

01:34:36
It would not take away in any way from the actual power that the state at that particular moment holds. But of course, this would be a strong symbol.

What would it Do.
它不会以任何方式剥夺国家在那个特定时刻所拥有的实际权力。当然，这将是一个强有力的象征。它会做什么？

01:34:47
If you said that, it's a good national day.
如果你这么说，这是一个美好的国庆节。

01:34:50
Actually, you're pointing to something else, but you did, actually, I mean, we are talking about it. It's a dying of your authority to something that transcends.
实际上，你指的是别的东西，但实际上，我是说，我们正在谈论它。这是你对某种超越的东西的权威的消亡。

01:35:04
The temporal power, right? So in the secular nation, state is the nation. And that's actually why national is form. That's what I guess. With here is tour.
时间的力量，对吧？所以在世俗国家里，国家就是国家。这就是为什么民族主义是一种形式。我也是这么想的。这是我们的旅程。

01:35:13
So it's basically a point to say, look, we have national days, we have these rituals to basically remind us all once a year that we are part of that particular method, that we are great, that we have this particular manifest destiny ahead of us, or that here we find.
所以这基本上是说，看，我们有国庆节，我们有这些仪式，基本上每年一次提醒我们所有人，我们是这种特殊方法的一部分，我们是伟大的，我们有这种特殊的天定命运摆在我们面前，或者我们在这里找到。

01:35:29
At this particular value, and if you give that up, that can be read as what?
在这个特定的值，如果你放弃这个，它可以被理解为什么？

01:35:34

Hearts. Like history. Like hearts. I have a book of history because we call it down every.
的心。喜欢历史。如心。我有一本历史书，因为我们把它叫下来。

01:35:41
So you a bit, of course, people have to read these books. They have to be put on syllaby. They have to be performed. You know what happens when people give up on rituals? It creates a certain level of instability because people are used to having, like, national Day.
所以你有点，当然，人们也要读这些书。它们必须按音节排列。它们必须被执行。你知道人们放弃仪式会发生什么吗？这造成了一定程度的不稳定，因为人们已经习惯了国庆节。

01:35:57
There's an inertia, but suddenly it's gone. There will be a lot of concerns and actation about, like, what's going on. What happens? What does it mean? What does it signify?
有一种惯性，但它突然消失了。会有很多担忧和行动，比如，发生了什么。会发生什么呢?这是什么意思？它意味着什么?

01:36:08
Right? And this is why these rituals have to continue, and why you have to have rituals in order to perform, you know, to show that you are actually still in charge.
对吧?这就是为什么这些仪式必须继续下去，为什么你必须有仪式来执行，你知道，以表明你实际上仍然是负责任的。

01:36:17
Because you say, you know, it's, it's transtantoral, right? And you basically perform that you are part of an institution that will continue and outlast yourself.
因为你说，你知道，它是，它是横切的，对吧？你基本上表现出你是一个机构的一部分，这个机构将会延续下去，比你自己更长久。

01:36:28

Right? So you are basically engaging in rituals to put yourself into this particular line.
对吧?所以你基本上是在进行仪式，把自己放在这条特定的线上。

01:36:33
And if you have a monument that is a symbol to the.
如果你有一座象征着。

01:36:39
Secular state that humans have are created, right? The museum is a symbol to the secular state of Turkey.
人类的世俗状态是被创造出来的，对吧？这座博物馆是土耳其世俗国家的象征。

01:36:47
By turning it back into a mosque. What are you doing? What kind of message are you sending? You're rejecting that. And you're not just rejecting that. You're basically saying.
把它改回清真寺。你在干什么？你在传递什么样的信息？你拒绝了。你不只是拒绝而已。你基本上是在说。

01:37:00
It's done. It's all right. The secular state that Kema must have found, this particular form create, is done right. And through this symbolic gap.
这是完成了。没关系的。科玛所发现的世俗国家，这种特殊的形式所创造的，是正确的。通过这个象征性的缺口。

01:37:12
So you basically, which is why it creates this echo to visualize, create this contestation, and you basically give a sense of.
所以你基本上，这就是为什么它创造了这个回声来可视化，创造了这个争论，你基本上给了一种感觉。

01:37:22
Times have changed now, and through the continued ritual every day.

现在时代变了，通过每天持续的仪式。

01:37:26
What are you also performing?
你还在表演什么?

01:37:30
That then that happens in the heart, sophia, so that people go there to pray five times a day every day.
然后这发生在心中，索菲娅，所以人们每天去那里祈祷五次。

01:37:36
What does that also indicate?
这还说明了什么?

01:37:40
The continuation of.
的延续

01:37:43
People's everyday religious leaves. And to basically say, and we are now back, but in a state that recognizes its Ottoman heritage, its Islamic roots, this is.
人们的日常宗教活动。基本上可以说，我们现在回来了，但是在一个承认它的奥斯曼遗产，它的伊斯兰根源的国家，这是。

01:37:57
The heart of our identity. And by taking that, that particular building, we have overcome the secularism of, you know, the chemist Republic.
我们身份的核心。通过占领那个特殊的建筑，我们克服了世俗主义，你知道，化学家共和国。

01:38:06
This is performed every day now. And of course, by performing it every day, you show that this is something that filled out last year. It's not just a

spur of the moment thing.
现在每天都是这样。当然，通过每天的练习，你会发现这是去年填的。这不是一时兴起的事情。

01:38:17
Right? And this is, I think, you know, where the symbolism of this matters, and where, you know, the performance of power becomes part of the maintenance of power. You basically say, what we are doing.
对吧?我认为，这就是象征意义的重要之处，权力的表现成为维护权力的一部分。你基本上说，我们在做什么。

01:38:28
It's a continuous thing. It's not a one off thing, right? It now continues by creating, you know, this permanent ritual, and this permanence itself.
这是一个连续的过程。这不是一次性的，对吧？它现在继续创造，你知道，这种永恒的仪式，以及这种永恒本身。

01:38:37
Is a message. And, of course, you know, getting rid of it again, that would be another incredibly political and powerful act.
是一条信息。当然，你知道，再次摆脱它，这将是另一个令人难以置信的政治和强大的行为。

01:38:47
So, for instance, we are going to talk about Ayodia, two weeks from now, the temple that, and it says, now, in the bit the mod in India, I now have Indian colleagues that basically said, for me, india died as a.
举个例子，我们要讨论阿约迪亚，两周后，这座寺庙，它说，现在，在印度的现代，我现在有印度同事基本上说，对我来说，印度作为一个。

01:38:59
Secular state with the destruction of the battery mosque, right? So that was really an important, you know, cesura.
随着炮台清真寺的毁灭，世俗国家，对吧？所以这是非常重要的，你知道，切苏拉。

01:39:09
An important event in the trajectory of India, even though India still remains a on paper, secular.
这是印度历史上的一个重要事件，尽管印度在名义上仍然是一个世俗国家。

01:39:19
Democracy, even though there are still lots of Muslims in the country and enjoy civil rights. But, you know, this particular moment that became a symbolic moment.
民主，尽管这个国家仍然有很多穆斯林享受公民权利。但是，你知道，这个特殊的时刻成为了一个具有象征意义的时刻。

01:39:29
That gave you a sense of trajectory, and then basically opened up, you know, various other possibilities. So he mentioned the Harki Sophias.
这给了你一个轨迹的感觉，然后基本上打开了，你知道，各种其他的可能性。所以他提到了哈基索菲亚。

01:39:38
In other Turkish cities, former presenting charges being targeted mosques In India, we have found the same thing. The precedence of the bubbly mosque and the Ayodia attack has been created. Now, every mosque in India is suddenly under attack because it's supposedly.
在其他土耳其城市，以前的指控是针对清真寺的。在印度，我们也发现了同样的事情。冒泡清真寺和阿约迪亚袭击的先例已经被创造出来。现在，印度的每一座清真寺都突然遭到袭击，因为据说。

01:39:54
To build over a Hindu shrine. And now even the Taj Mahal is considered to be a monument that is constructed over a Hindu temple. And so Hindu nationalists want to knock down the Taj Mahal and build a Hindu temple on its space. So this is basically how they think snow.
盖在印度教神殿之上。现在，就连泰姬陵也被认为是建在印度教寺庙之上的纪念碑。因此，印度民族主义者想要推倒泰姬陵，在其空间上建造一座印度

教寺庙。这基本上就是他们对雪的看法。

01:40:09
It gives you a sense of the, you know, power of these monuments and the discourse effect they incite right and why.
它给了你一种感觉，你知道，这些纪念碑的力量和他们所激发的话语效应，以及为什么。

01:40:18
What are id, what kind of ideas we have? Why? Why not? You know, the tiny and hardness of fear in ISM. Why does the hardest appear, which is actually an inside Picture.
我们有什么样的想法？为什么?为什么不呢?你知道，ISM中恐惧的微小和坚硬。为什么最难的出现，这其实是一张里面的图片。

01:40:29
You see, it's something very nicely done, right? This is a ruin of a fourteenth century church in really bad shape.
你看，这件事做得很好，对吧？这是一座十四世纪教堂的废墟，情况非常糟糕。

01:40:38
And then the creation of, you know, the discussion of the high.
然后创造了，你知道的，关于高潮的讨论。

01:40:45
The fear. That basically means they put a part of it, you know, at a pre and edge, right? So that you now not have, you know, this mosque in the city again, which shows, you know, what target event is all about, even though nobody cared about It.
恐惧。这基本上意味着他们把它的一部分，放在前置和边缘，对吧？所以你现在没有，你知道，这座清真寺在城市里，这表明，你知道，目标事件是什么，即使没有人关心它。

01:40:58

Before? Why do people care about things like the parties here?
过吗?为什么人们会关心这里的派对?

01:41:01
Why is this not random?
为什么这不是随机的?

01:41:06
Oops.
哦。

01:41:13
Because it is, of course, a building that is meant to express, that is at the heart of the city. And that is an important point, an important mark of identity.
因为它当然是一座意在表达的建筑，它位于城市的中心。这一点很重要，是身份的重要标志。

01:41:26
Has anyone of you ever been to a mosque?
你们有人去过清真寺吗?

01:41:29
What happens in mosques, mostly also places such as Turkey? Is it a place where people only go to pray?
清真寺里发生了什么，主要是在土耳其这样的地方？这是一个人们只去祈祷的地方吗?

01:41:38
No, you know, they are part of that particular community. They have the.
不，你知道，他们是那个特定社区的一部分。他们有。

01:41:48
They have the simulation of their homework, right? It is a space never, you know, where the community comes together. The Houses of Fear is a

place where people just hang out.
他们会模拟他们的作业，对吧？这是一个社区永远不会聚集在一起的地方。恐惧之屋是人们闲逛的地方。

01:41:58
It's the nicest place of the city to hang out at. The most magnificent place of the city to hang out. It's really voven into, you know, the fabric of daily life. It is voven.
那是这个城市最适合闲逛的地方。这座城市最壮观的地方。你知道，它已经融入了日常生活的结构。它是神圣的。

01:42:09
Into, you know, the community. And the moment you can claim right that this is now a site you control, that you can tell people what it actually means.
你知道，融入社区。当你声称这是一个你可以控制的网站的时候，你就可以告诉人们它的真正含义。

01:42:19
You claim the privilege of interpretation. You don't perform your power once you perform your power all the time. And then, of course, then has a feedback loop, in the sense that If.
你要求有翻译的特权。一旦你一直行使你的权力，你就不会行使你的权力。然后，当然，然后有一个反馈循环，从某种意义上说。

01:42:30
And have the maintenance of the power because, you know, you see that it's an action, and only an act of extreme violence would actually overthrow it.
并维持权力，因为，你知道，你看到这是一个行动，只有极端暴力的行为才会真正推翻它。

01:42:39
So that is, you know, why these monuments are so important in terms of political leaders capturing them. And.

这就是为什么这些纪念碑对政治领导人来说如此重要。和。

01:42:48
Taking them, as you know, one using it's not just about power, though, that's very important. It's not just about who controls that. It's not because it's education.
拿着它们，正如你所知，一个人使用它不仅仅是为了权力，这是非常重要的。这不仅仅是谁控制它的问题。不是因为教育。

01:42:57
It's also, I think the hardest fear case also illustrates that.
我认为这也是最难的恐惧案例也说明了这一点。

01:43:01
You know, at the heart of the people, or the people who are using this particular side, think about themselves.
你知道，在人们的内心，或者使用这一特定方面的人，考虑的是他们自己。

01:43:09
How they narrativeize, you know, their own histories. And in the case of Turkey, and with, you know, the sexualization of the site.
他们如何叙述自己的历史。在土耳其的情况下，你知道，网站的性化。

01:43:19
And then, you know, the reopening of the mosque site that gives you a clear sense of how perceptions of what it means to be Turkish or a Turk have dramatically changed and altered over the last four years.
然后，你知道，清真寺遗址的重新开放让你清楚地意识到，作为土耳其人或土耳其人的观念在过去四年中发生了巨大的变化。

01:43:32
And you see that actually as a wave right across many different countries of estimation.
你可以看到，这实际上是横跨许多不同国家的估算浪潮。

01:43:42
I've got question. I know this is a Monet class and Turkish politics.
我有个问题。我知道这是一堂莫奈和土耳其政治的课。

01:43:48
But is it the case that the population of Turkey has changed, or that simply the social engineering has just failed?
但究竟是土耳其的人口发生了变化，还是社会工程只是失败了?

01:43:58
Right? I mean, social engineering and Latin Singapore was, of course, never possible in a country as speaking about South Turkey. But if you are talking about it, if you wind the lens to the Islamic world after.
对吧?我的意思是，社会工程和拉丁新加坡，当然，在一个国家是不可能的，比如南土耳其。但是如果你在谈论它，如果你把镜头转到伊斯兰世界。

01:44:08
Over the last 80 years after World War Two, what is the prominent ideology in the Islamic world? Invest in it.
第二次世界大战后的80年里，伊斯兰世界最突出的意识形态是什么？投资吧。

01:44:18
What do people, does anyone feel know, by any chance? How do they see their future?
人们，有没有人觉得自己碰巧知道什么？他们如何看待自己的未来?

01:44:23
People like.
人们喜欢。

01:44:25
Nationalist terms.
民族主义。

01:44:28
In nationalist terms and in socialist terms, right? So you have people like NASA, you have parties that control places like Iran, like Iraq, syria, the Bath Party.
从民族主义和社会主义的角度来看，对吧？有美国国家航空航天局这样的人，有控制伊朗、伊拉克、叙利亚等地的政党，还有巴斯党。

01:44:39
You've all heard about Do you actually know who founds the bath party?
你们都听说过你知道是谁创立了沐浴派对吗?

01:44:44
Assurian Christian priest who basically wants to overcome religious tribalism by creating Arab nationalism.
想要通过创造阿拉伯民族主义来克服宗教部落主义的基督教牧师。

01:44:55
And Eric, nationalism is, you know, coded in a post, colonial socialist way, right? Do you remember Yasser Arafat, the leader of the Plo, right?
埃里克，民族主义，你知道，是以后殖民社会主义的方式编码的，对吧？你还记得巴勒斯坦解放组织的领导人亚西尔·阿拉法特吗?

01:45:06
He is a Sunni Muslim, but as an Arab nationalist, married to a Christian Palestinian right. So the idea is to essentially say.
他是一名逊尼派穆斯林，但作为一名阿拉伯民族主义者，娶了一名巴勒斯坦右翼基督徒。所以本质上说。

01:45:17
Our religious affiliations don't matter. Our local affiliations don't matter. Our tribal affiliations don't matter. What matters is that we are all Arabs.
我们的宗教信仰并不重要。我们的地方关系并不重要。我们的部落关系不重要。重要的是我们都是阿拉伯人。

01:45:27

So it is essentially following the model of Kmar Mosafa Pasha. So Arabs in after world for two, look at Turkey, which is an independent country which kept itself out of world for two.
所以它基本上遵循了Kmar Mosafa Pasha的模式。所以阿拉伯人在后两个世界，看看土耳其，这是一个独立的国家，它使自己置身于后两个世界之外。

01:45:40
Which was never colonized, which is on the asset. And they say, we want that to Okay.
那里从未被殖民过，在资产上。他们说，我们想要。

01:45:46
For how long does that last? Is it successful?
这能持续多久？它成功吗?

01:45:50
It's not successful, right? So basically, in the eighties, you have a return to political Islam, right? Which then, you know, erupts in ISIS in Syria.
它并不成功，对吧？所以基本上，在80年代，政治伊斯兰又回来了，对吧?然后，你知道，在叙利亚爆发了ISIS。

01:46:03
And you can see that how, even, you know, secular regimes start these regimes in Western Asia, you know, pay homage to that, right? So, the changing of the Iraqi flag and the southern OSCE, in which suddenly.
你可以看到，即使是，世俗政权在西亚开始这些政权，你知道，向它致敬，对吧？所以，伊拉克国旗和欧安组织南部的变化，突然之间。

01:46:18
It has Korean verses in them, which I didn't have it before. You know, the attempts of the Assad clan to.
里面有韩国诗，这是我以前没有的。你知道，阿萨德家族企图。

01:46:25
That they're pretty much socialist, nationalist rule, right into the language

of Shiite marketing, right? All of this kind of stuff that happens.
他们基本上是社会主义，民族主义统治，就像什叶派营销的语言一样，对吧？所有这类事情都会发生。

01:46:37
And this is part of this broader development. So people do change, but of course, they do change because what is being promised.
这是更广泛发展的一部分。所以人们确实会改变，但当然，他们之所以会改变，是因为承诺的东西。

01:46:45
By these secular elites In the aftermath of what the two does not come to pass. What is alan's main complaint against these canalist elites?
在这些世俗精英的余波中，这两件事是不会发生的。艾伦对这些运河主义精英的主要抱怨是什么？

01:46:57
That they are exclusionary, that they are elitist, and that they have stifled freedoms through various military proofs, M crews, but also.
他们是排外的，他们是精英主义的，他们通过各种军事证据扼杀了自由，M船员，但也。

01:47:07
Just to support me that the economy is not working well. When I was a Turkey in the early 2000s, and everyone had just, you know.
只是为了支持我经济运行不佳。21世纪初，当我还是个土耳其人的时候，每个人都。

01:47:15
Created, you know, his.
创造，你知道，他的。

01:47:17
You have premiership, but everybody was courting him. Obama was courting him. Maggie was courting him. You know, he seemed like.

你是首相，但所有人都在讨好他。奥巴马在讨好他。麦琪在追求他。你知道，他看起来。

01:47:27
With guy at the time. And you had a lot of formerly cameraist people in Turkey, including women who would never want to be seen dead wearing a headscarf, right?
和那个男人在一起。在土耳其有很多以前的摄影师，包括那些永远不想被人看到戴着头巾死去的女人，对吧？

01:47:37
Voting for him, because they basically said, yes, you know, you're not in a good shape. Alguar is the way out, right? And all this talk about is Islamism. That's ridiculous, right?
投票给他，因为他们基本上说，是的，你知道，你的状态不太好。阿尔加尔是出路，对吧？所有这些都是关于伊斯兰教的。这很荒谬，对吧？

01:47:47
Many people I knew thought that he was a home, and she's clothing, which he turned out to be. But, you know, that was not really the point. So, initially, you know, I would say.
我认识的很多人以为他是家，她是衣服，结果他是。但是，你知道，这不是重点。所以，一开始，我会说。

01:47:58
Relations have really changed. But I would say that also, you know, attitudes towards religion have changed. And I think this is an expression of that, right? And this is what, you know, the conscious nations really are about, you know, who are we? How we talk about Ourselves.
关系确实发生了变化。但我想说的是，人们对宗教的态度也发生了变化。我认为这是它的一个表达，对吧？这就是，你知道，有意识的国家真正关心的，你知道，我们是谁？我们如何谈论自己。

01:48:12
What matters to us, right? That is what these contestations are about. It's

not just about individual groups, but what is the relationship that we have to allow?
什么对我们很重要，对吧？这就是这些争论的意义所在。这不仅仅是个别群体的问题，而是我们必须允许的关系？

01:48:23
And in this particular case, the hackers appear so important right under capitalism. When you say you're looking forward, you want to be a modernist republic, you want to be.
在这种特殊情况下，黑客在资本主义制度下显得如此重要。当你说你在向前看的时候，你想成为一个现代主义共和国，你想成为。

01:48:33
Secular republic. Suddenly, the height of here becomes an archaeological museum, right?
世俗共和国。突然间，这里的高度变成了一个考古博物馆，对吧？

01:48:39
The moment you reject that and say, no, we want a connection to our 500 years of Islamic history in this particular place, right?
当你拒绝说，不，我们想在这个特定的地方与我们500年的伊斯兰历史建立联系，对吧？

01:48:48
Then, of course, you know, turning it back into a mosque that acknowledges that it was a church. It's not a problem because, you know, that is the conference narrative.
然后，当然，你知道，把它变成一座清真寺，承认它曾经是一座教堂。这不是问题，因为，你知道，这是会议的叙述。

01:49:00
1453. That is what really matters, right? We took this place, we conquered it, we made it our own, we took it over, and then we built this enormous empire.
1453. 这才是真正重要的，对吧？我们占领了这个地方，我们征服了它，我们

把它变成了自己的，我们接管了它，然后我们建立了这个庞大的帝国。

01:49:10
Which is, you know, a new Ottoman version of Turkey, which is something that Kima Mustafa, who was an Ottoman officer, and she knew, you know.
这是一个新的奥斯曼版本的土耳其，这是Kima Mustafa，一位奥斯曼军官，她知道的。

01:49:21
The Ottoman state very well rejected exactly. We don't want to go back to that, which is, of course, another thing that often happens in these contestations. How long is square for one now.
奥斯曼帝国完全拒绝了。我们不想回到那个，当然，这是在这些争论中经常发生的另一件事。现在1的平方是多少?

01:49:32
Over? How long is the Ottoman Empire gone?
结束了吗?奥斯曼帝国消失了多久?

01:49:36
It's gone a hundred years. Why do you think, in, you know, western countries, do we now have the rise of a white supremacist?
它已经过去一百年了。为什么你认为，在西方国家，我们现在有白人至上主义者的崛起?

01:49:48
New fashions, right?
新时尚，对吧?

01:49:56
Right?
对吧?

01:49:56
Things are not getting better for them. And they're marking back to a time

when things were better before they were immigrants, before, there were all those things that they consider horrible and they don't have a living memory.
他们的情况并没有好转。在他们成为移民之前，在所有那些他们认为可怕的事情发生之前，他们已经没有了鲜活的记忆。

01:50:06
Anymore, right? Of a word for two of the nazi's language and fashion, right? So the moment things fade out of living memory.
了,对吧?一个词代表纳粹的语言和时尚，对吧？所以当事情从人们的记忆中消失的那一刻。

01:50:15
Ideas that were unpalpable to people actually remember stuff.
人们无法感知的想法实际上会记住一些东西。

01:50:21
And become possible again, right? So if you basically look at the generation of politicians in Europe, right? And North America.
并再次成为可能，对吧？所以如果你看看欧洲这一代的政治家，对吧？还有北美。

01:50:31
In the 5060, seventies and eighties, right? And went to the eighties every single.
在20世纪60年代，70年代和80年代，对吧？然后去了80年代。

01:50:39
Leading politician was a word for two bedroom.
领导政治家是两居室的代名词。

01:50:43
Okay. Now Bush was pushed the fast, right? Was it pilot in the specific theater? Right? All of these people had actually experienced or knew what it was like.

好吧。现在布什被推得很快，对吧？是特定影院的试播片吗？对吧?所有这些人都亲身经历过或知道那是什么感觉。

01:50:56
Knew what it meant to live under, you know, ashes, a new one meant, and had a visceral experience with it.
知道生活在灰烬下意味着什么，你知道，一个新的意味着什么，并且有一种发自内心的体验。

01:51:05
And now that it has receded into history and has just become a narrative, some people can say, oh, maybe it wasn't so bad, right? Because they are only seeing certain aspects of it.
现在它已经成为历史，成为一种叙述，有些人可能会说，哦，也许它并没有那么糟糕，对吧？因为他们只看到了它的某些方面。

01:51:14
Just like Turks over through a certain aspect of the Ottoman Empire. What they see of the Ottoman empires is they build these great mosques. They control this large swath of territory.
就像土耳其人通过奥斯曼帝国的某些方面一样。他们眼中的奥斯曼帝国就是建造这些伟大的清真寺。他们控制着这一大片领土。

01:51:24
We were this Islamic superpower. They don't see that it was a multiethnic state. They don't see, you know, that the places, the cities are full of Armenians, which they don't particularly.
我们是伊斯兰超级大国。他们没有看到这是一个多民族的国家。他们不知道，这些地方，这些城市都是亚美尼亚人，他们不知道。

01:51:35
Like, right? They don't see that it was a place that was quite multicultural and mighty ethnic, right? That it's actually not a proper marriage of Turkish mass nationalism and Islamic identity.
喜欢,对吧?他们没有看到这是一个多元文化和强大的民族的地方，对吧？这实

际上并不是土耳其民族主义和伊斯兰身份的恰当结合。

01:51:48
But by returning the Harker Sophia into this monument right of Islamic greatness and ultimate greatness.
但是通过把哈克·索菲亚雕像重新放回这座伊斯兰伟大和终极伟大的纪念碑。

01:51:56
That one creates its own narrative of what you know, the Ottoman Empire is, and creates a neo Ottoman version of what Turkey should be, which has nothing to do with history.
它创造了自己的叙事，你知道，奥斯曼帝国是什么，并创造了一个新奥斯曼版本的土耳其应该是什么，这与历史无关。

01:52:07
But public history has nothing to do with history. It has to do with how you tell the past in order to shape the future. And that is, of course, what is going on here, what the conversation is about.
但公共历史与历史无关。它与你如何讲述过去以塑造未来有关。当然，这就是这里正在发生的事情，这就是谈话的内容。

01:52:19
People who reject the turning of the highway Sophia into a mosque, again, basically saying, this is not the direction we want to travel in.
那些反对把索菲亚高速公路变成清真寺的人，基本上是在说，这不是我们想要走的方向。

01:52:30
We don't see our past this way. And because we don't see our past this way, we don't see our futures.
我们不会这样看待我们的过去。因为我们没有这样看待我们的过去，我们也就看不到我们的未来。

01:52:36
So it's a funny thing that you seem to be alluding to, right?

你似乎在暗指一件很有趣的事，对吧?

01:52:41
I mean, I suppose it's always there.
我是说，我想它一直都在那里。

01:52:43
In the background, it's monuments. And then.
背景是纪念碑。然后。

01:52:45
To present permanence of some sort, but you're preserving something, you're conserving something.
呈现某种形式的永恒，但你在保存一些东西，你在保存一些东西。

01:52:50
But actually, their meanings are very volatile. Yes, they know, I mean, right. So, but then, you know, but it relies on your belief that.
但实际上，它们的含义非常不稳定。是的，他们知道，我是说，没错。但是，你知道，这取决于你的信念。

01:52:59
Actually preserve something state.
实际上保留了一些状态。

01:53:01
Of the past. But that is why these monuments are powerful. Oh, yes, you can basically have anything there forever, and they are very impressive.
过去的。但这就是这些纪念碑如此强大的原因。哦，是的，你基本上可以把任何东西永远放在那里，而且它们非常令人印象深刻。

01:53:10
Now let me tell you what these monuments mean, right? And of course, the meaning that is being constructed is usually not the meaning of its original.
现在让我来告诉你这些纪念碑是什么意思，对吧？当然，被构建的意思通常

不是它原来的意思。

01:53:20
Creation, but the meaning that the people who are in charge and to hold the privilege of.
创造的意义，不过是指掌权者和持有特权的人。

01:53:26
Interpretation want you want it for you to me. And this is why the participation is interesting, because, of course, many monuments are completely uncontested for most of the time, right when people actually say the consensus.
诠释想要你想要它为你来我往。这就是为什么参与是有趣的，因为，当然，许多纪念碑在大多数时候是完全没有争议的，就在人们真正达成共识的时候。

01:53:39
That means right the most.
这意味着最正确。

01:53:41
Moment, you would start contesting it and say, no, actually, this is not what this means. You are contesting the standard narrative. And in contesting the standard narrative, you are contesting what the social consensus is.
这时，你会开始反驳说，不，实际上，这不是这个意思。你在质疑标准的叙述。在质疑标准的叙述时，你就是在质疑社会共识。

01:53:54
Political consensus is and what the past actually means, and what your community actually means, and what it's supposed to mean.
政治共识是什么，过去到底意味着什么，你的社区到底意味着什么，以及它应该意味着什么。

01:54:01
So turning the Hark Isophia into a mosque was really a non, issue through

most of the history of the Turkish Republic.
因此，在土耳其共和国历史的大部分时间里，把伊索非亚清真寺变成清真寺都不是一个问题。

01:54:12
Because most Turks, especially in a place like Istanbul, which was always very secular and open to the world. And actually, why, oh my God.
因为大多数土耳其人，尤其是在伊斯坦布尔这样的地方，一直都很世俗，对世界开放。实际上，我的天啊。

01:54:21
Nineties, istanbul was really a very fun place to be and to go to no longer But it was great when you were in your twenties. Amazing.
20世纪90年代，伊斯坦布尔是一个非常有趣的地方，但当你20多岁的时候，它就很棒了。不可思议。

01:54:30
No one can.
没人能做到。

01:54:33
Right? And anyone suggesting that the houses of here should be a mosque, again, would have been considered. But most is double lights, a.
对吧?任何建议这里的房子应该成为清真寺的人，都会被考虑。但最多的是双灯，一盏。

01:54:43
Radical moral right. You didn't really understand This was, you know, this open, multicultural city across two continents that had, you know, so many.
激进的道德权利。你真的不明白，这是一个，你知道，一个开放的，多元文化的城市，跨越两个大洲，你知道，有很多。

01:54:53
Different complex histories to it. But then the city changed, actually, through mass migration. So when I was in istable for the first time in I think.

不同的复杂历史。但后来城市发生了变化，实际上是通过大规模移民。所以当我第一次进入稳定病房时，我想。

01:55:03
88, so a long time ago, probably before most of you were born, you know, it was a city of just over a million people as a city of Treasury.
88年，所以很久以前，可能在你们大多数人出生之前，你们知道，它是一个只有100多万人口的城市，是一个财政城市。

01:55:13
People and almost 20 million people. So the city has completely grown into a mega city, and that has been fueled with migration from eastern Australia, where people are very religious.
将近2000万人。所以这个城市已经完全发展成为一个大城市，这是由来自澳大利亚东部的移民推动的，那里的人们非常虔诚。

01:55:24
So basically, the old Stambo lights of, you know, the chattieth century, felt suddenly like foreigners in their own country, and they felt that people were.
所以基本上，20世纪的Stambo灯，突然感觉就像外国人在自己的国家，他们觉得人们是。

01:55:34
You know, endowing of what they thought the city meant with meaning that they rejected. So if you are talking to people living in Istanbul, like who have, here's ever at Abraham Hamou.
你知道，赋予他们所认为的城市的意义以他们所拒绝的意义。所以如果你和住在伊斯坦布尔的人交谈，比如亚伯拉罕·哈姆。

01:55:45
Turkish Nobel Prize winning author who writes beautifully about his sample and his novels, right? And our Turkey. So, so, someone like, oh, hammu, you know, this is an invasion of people From.
土耳其诺贝尔奖得主他的作品和小说都写得很好，对吧？还有我们的土耳

其。所以，所以，有人说，哦，哈姆，你知道，这是人类的入侵。

01:55:57
A place that don't understand is stumble. The point is that all harm hammock's example is dead, no longer exists, but it's not a mega city that is mostly inhabited by people.
不懂的地方就是跌跌撞撞。问题的关键是，所有的伤害，hammock的例子都死了，不再存在，但它不是一个主要由人居住的大城市。

01:56:08
The reason I told you, who looked at the monuments of the Ottoman past with different eyes than and the secularists like a Laham taboo.
我告诉过你们的原因，他们用不同的眼光看待奥斯曼帝国的历史遗迹和世俗主义者就像拉罕禁忌一样。

01:56:18
And say, again, these are monuments of our great Islamic Ottoman past. Obviously, what else could they be? Right? And this is, of course, how, you know, then this change can meaning.
再说一遍，这些是伟大的伊斯兰奥斯曼帝国历史的遗迹。显然，它们还能是什么呢？对吧?当然，这就是改变的意义所在。

01:56:27
It comes about. It actually also reflects a genuine demographic change in that particular place, and it changed the attitudes of opinions.
它来了。它实际上也反映了那个地方真正的人口变化，它改变了人们的看法。

01:56:37
So I don't mean to be disappointed, but it keeps sounding to me in like a failure nation building, right?
所以我不想失望，但这听起来就像一个失败的国家建设，对吧?

01:56:43
You know, that is Singapore, you And whether it's just, it is just a.

你知道，那是新加坡，你不管它只是，它只是一个。

01:56:51
And it is just fair to say that the camelist experiment, as it was run, has not worked in the way Kiman Mustafa and his successors.
公平地说，骆驼主义者的实验，正如它所运行的那样，并没有像基曼·穆斯塔法和他的继任者那样奏效。

01:57:01
Would say that, of course, communism has again been past dependent and put Turkey on a trajectory that probably means that, that it doesn't go back or doesn't go the way, like Syria, iraq.
当然，我想说的是，共产主义已经是过去的依赖，并把土耳其放在一个轨道上，这可能意味着它不会回到过去，也不会走叙利亚和伊拉克那样的路。

01:57:12
Right? But, I mean, you can, you can look at this mechanistically in terms of success, of failure. I think, you know, as historians, we should try to understand, not explain and judge, but not judge, and try to figure out what's actually.
对吧?但是，我的意思是，你可以，你可以从成功或失败的角度机械地看待这个问题。我认为，作为历史学家，我们应该试着去理解，而不是解释和评判，但不是评判，而是试着弄清楚到底是什么。

01:57:27
Going on here? What do these contestations mean? What are these contestations a symptom of And what is the structure of these contestations?
这是怎么回事？这些争论意味着什么？这些争论是什么症状？这些争论的结构是什么？

01:57:36
And what does the structure of these contestations tell us about how people think about history and talk about their owner short tests?
这些争论的结构告诉我们人们是如何看待历史和谈论他们的主人简短测试

的?

01:57:47
So.
所以。

01:57:47
In this context, it will be very interesting to see how monuments that no one cared about suddenly take our meaning. So I stat you that, you know, everybody ignored.
在这种情况下，看到没有人关心的纪念碑如何突然获得我们的意义将是非常有趣的。所以我告诉你，大家都忽略了。

01:57:57
You know, for years and decades, suddenly becomes the focal point of, you know, a controversy that is, of course, a tell, right?
你知道，多年来，几十年来，突然成为焦点，你知道，一个争议，当然，是一个故事，对吧?

01:58:06
And it just, you know, as I think, you know, this particular big monument that everybody knows everybody, you know.
你知道，就像我想的，你知道，这个特别大的纪念碑每个人都知道每个人，你知道。

01:58:12
We cares about. Please tell us about it. And, you know, it's a tell, you know, that people suddenly become interested in it again.
我们关心。请给我们介绍一下。而且，你知道，这是一个迹象，你知道，人们突然又对它感兴趣了。

01:58:19
Does that make sense?
明白了吗?

01:58:21
So of course, contestations are not procured, right? It's not that it's constantly contested, right? The contestation happens at a particular store at the moment.
所以，当然，争议是不成立的，对吧？并不是说它一直有争议，对吧？目前，争论发生在一家特定的商店。

01:58:34
And that particular historical moment is usually a moment when people feel that they need to say, who's in charge, who gets to decide what history means. And then, you know, this interpretation is performed until it is challenged again.
在那个特殊的历史时刻，人们通常会觉得他们需要说，谁在掌权，谁来决定历史的意义。然后，你知道，这种解释被执行，直到它再次受到挑战。

01:58:46
Can you come up with perhaps similar examples where that happens?
你能举出类似的例子吗?

01:58:51
Like the hockey sphere. Of course, the entire class would be about this stuff. We're going to talk about similar types along different types of monuments. But does that sound that's what we just discussed today, that that's really familiar.
就像曲棍球球一样。当然，整堂课都是关于这些东西的。我们将在不同类型的纪念碑上讨论类似的类型。但这听起来是不是和我们今天讨论的一样，很熟悉。

01:59:04
Can anyone come up with an example? I can give an example from the Netherlands. So you have the palace on Dam Square, and it was originally built as the movement.
有人能举个例子吗？我可以举一个荷兰的例子。水坝广场上有一座宫殿，它最初是为了运动而建的。

01:59:15
The municipality, or the city hall. And then when we got a king, which we don't know, is working them, then it became a palace for the king. And then.
市政当局或市政厅。后来我们有了一个国王，我们不知道他是谁，他在那里工作，然后它就变成了国王的宫殿。然后。

01:59:26
Once the king lost more of his constitutional power, and we became a constitutional democracy. Now it's more like a people's palace, so it was like a site, maybe not so much condensed, but it does reflect every time it's changed. It's because there's.
一旦国王失去了更多的宪法权力，我们就成为了一个宪政民主国家。现在它更像是一个人民的宫殿，所以它就像一个遗址，可能没有那么浓缩，但它确实反映了每次它的变化。因为有。

01:59:42
Historical moment. And, of course, it is important when you think about, you know, who has access to these various places, right?
历史的时刻。当然，当你想到，谁能进入这些不同的地方，这很重要，对吧?

01:59:51
And what it means, and what kind of message, right? You want to send to this particular case. So, for instance?
这是什么意思，什么样的信息，对吧？你想发送给这个特定的案例。比如说?

02:00:02
The kings of Europe in the twentieth century, or the ninth century, early twentieth century, pre War One would occasionally open their gardens for the people.
二十世纪，或者九世纪，二十世纪初，一战前的欧洲国王偶尔会为人们开放他们的花园。

02:00:12
And to show that they were, you know, deeply caring about their subjects, right? But now, if you basically have royal gardens that belong to a thing still technically.
并表现出他们，你知道，深深地关心他们的主题，对吧？但是现在，如果你基本上有皇家花园属于一个东西，从技术上讲。

02:00:23
What would happen if, let's say, the British king would not open Q gardens and other places that actually belong to him that are his private property?
假设英国国王不开放Q花园和其他属于他的私人财产，会发生什么？

02:00:35
To the public if he would, or Buckingham Castle, if he would just pull out a sign that says, private No entry. How would the British public feel about that?
如果他愿意，或者白金汉城堡，如果他拿出一个牌子，上面写着，私人禁止入内。英国公众对此会作何感想？

02:00:45
So it would be right now.
所以应该是现在。

02:00:49
And then, of course, you know, debates about abolishing the monarchy would again get a steam because it would be a contestation in the sense that it shows that the king who is perceived as just.
然后，当然，关于废除君主制的争论再次升温因为这是一场争论它表明国王被认为是公正的。

02:01:02
A symbol of the britain's living tradition, suddenly reasserts power that he shouldn't have, right? And at this point.
作为英国鲜活传统的象征，他突然重新获得了不该拥有的权力，对吧？在这一点上。

02:01:10
You wonder, and what this is all about. So, for instance, in my native area, because a kingdom until 1918.
你想知道这是怎么回事。举个例子，在我的家乡，因为直到1918年都是一个王国。

02:01:17
The royal house was always very, very popular still is, which is unlike the Woodsaler, you know, the Russian dynasty that, you know.
皇室一直非常非常受欢迎，这与伍德萨勒王朝不同，你知道，俄罗斯王朝。

02:01:28
Gave the Kaiser, actually the Netherlands into exile in 1918, and didn't lose everything the variant state, because.
让德皇，实际上是荷兰人在1918年流亡，并没有失去一切这个国家，因为。

02:01:37
As a federal country, basically made sure that the little Spahadunaski kept everything they ever owned. It was just turned into a foundation.
作为一个联邦制国家，基本上确保了小斯帕哈杜纳斯基保留了他们拥有的一切。它只是变成了一个基金会。

02:01:45
And the foundation's beneficiaries as the royal family of the Barrier. But they also kept, you know, a few.
而基金会的受益人则是英国王室。但他们也保留了一些。

02:01:53
Parks, woods, palaces, versus a famous park in Munich by native City.
公园，树林，宫殿，与慕尼黑的一个著名的城市公园。

02:01:58
And Nunfberg, that is technically the property of the Bavarian of the head of the House of Fiddlespa. So he could basically put a sign up saying,

private, right?
而嫩堡，严格来说是巴伐利亚人的财产菲德斯帕家族的首领。所以他基本上可以贴个牌子写着，私人，对吧?

02:02:08
And that would be the end of it. But of course, he doesn't do that because he doesn't want to, you know, get on the wrong side of, you know, people actually kind of still like him.
就这样结束了。但当然，他不会这么做，因为他不想，你知道，站在错误的一边，你知道，人们实际上还是喜欢他的。

02:02:18
His father, though, there's a famous national park in the house called the Royal Lake. He would at once, one day, he would close the national park.
而他的父亲，家里有一个著名的国家公园，叫做皇家湖。他会马上，总有一天，他会关闭国家公园。

02:02:28
And go fishing on the lake to, basically, and this is, again, you know, a member of How you Perform Power, to remind people once a year.
去湖边钓鱼，基本上，这是，你知道，你如何行使权力的成员，每年提醒人们一次。

02:02:38
That this is his and no one else is, and that he is a very nice man. You know.
这是他的，没人是他的，他是个很好的人。你知道的。

02:02:46
In letting the public into, you know, this beautiful alpine meli that actually is his private property. Of course, he could do that. I think he couldn't do that in the 2000s anymore. But in the eighties, people thought that this was a nice, you know.
让公众进入这个美丽的高山meli实际上是他的私人财产。当然，他可以这么做。我认为他在2000年代再也不能这么做了。但在80年代，人们认为这是一

个很好的，你知道。

02:03:02
Eccentric work, right? Because people like the guy. But I'm just saying, you know, how these things are being performed, right? Precisely is, of course, you know, a sign of.
古怪的工作，对吧？因为人们喜欢他。但我只是说，你知道，这些事情是如何执行的，对吧？确切地说，当然，你知道，这是。

02:03:13
Where the discourse stance and how power relations are mediated. At the moment, these things are constant and changing. Something is changing. And it's interesting.
话语立场在哪里，权力关系是如何中介的。目前，这些事情是不断变化的。有些事情正在发生变化。这很有趣。

02:03:22
Right? Yes. Would the placement of the reference statue in Singapore go under that? Because, absolutely because, you know, the reference statue in Singapore is something that most Singaporeans, I would argue.
对吧?是。新加坡的参考雕像的位置是否会低于这一标准？因为，你知道，新加坡的参考雕像是大多数新加坡人认为的东西。

02:03:34
Completely ignore. And a lot of Singaporeans really don't have an issue with, you know, the fact that Singapore was founded as a, in this particular phase as part of the Straits Colonies.
完全忽略。很多新加坡人对新加坡在这个特定阶段是作为海峡殖民地的一部分而建立的这一事实并没有什么异议。

02:03:46
This has always surprised post colonial researchers in Western countries and in other post colonial nations. And why are you not getting rid of Raffles?
这一直让西方国家和其他后殖民国家的后殖民研究人员感到惊讶。你为什么

不把莱佛士赶走?

02:03:57
And the singer. And of course, they allow some Singaporeans who say, well, you know, maybe you should look at this, you know, more critically, but the reference that you still stand, which is very interesting because I think.
还有歌手。当然，他们允许一些新加坡人说，嗯，你知道，也许你应该看这个，你知道，更批判性的，但你仍然站在参考，这很有趣，因为我认为。

02:04:09
I don't claim any sites here that the Singaporeans have less of an issue with being a post colonial stage than most other post colonial states that were part of the British Empire. Is that fair? But with the Singaporeans, you say.
我并不是说新加坡人在后殖民时期的问题比其他大英帝国的后殖民国家少。这样公平吗？但你会说新加坡人。

02:04:24
Because you're better than the British right. You have completely beaten the best own game. And you're not a much more developed country than President.
因为你比英国右翼要强。你完全击败了最好的对手。你们的国家也不比总统发达多少。

02:04:33
And then the British basically came along with Brexit. They wanted Brexit. They wanted Britain to be a Singapore and the fames. And so, for you, you know, this kind of thing has just.
然后英国基本上跟着脱欧走了。他们希望英国脱欧。他们想让英国成为新加坡。所以，对你来说，你知道，这种事情只是。

02:04:44
Reverted. It's not really so much of an issue, right? In other places. It is a huge issue now, of course, and this is why the statute of.

恢复。这不是什么大问题，对吧？在其他地方。这是一个大问题，当然，这就是为什么法令。

02:04:54
The reference would be a Tell the moment. People actually say, this is an outrage if one reference gone.
参考将是一个告诉的时刻。人们会说，如果一个参考文献消失了，这是一种愤怒。

02:05:02
Which is not happening right now. What would that be a tell for?
这是不可能的。那有什么用呢?

02:05:08
In terms of contestations, what would these contents? What would this contestation mean? What would it mean if people actually, suddenly in Singapore said, we need to have a real conversation about the statue of reference.
在争论方面，这些内容是什么？这种争论意味着什么？如果新加坡人突然说，我们需要就参考雕像进行一次真正的对话，这意味着什么?

02:05:20
And we have to rename the reference institution. And we have to, you know, rename reference plays. And we cannot no longer name our streets after.
我们必须重新命名参考机构。我们必须，你知道，重新命名参考剧本。我们不能再用。

02:05:30
Colonial administrators, right? So it's not happening here.
殖民统治者，对吧？所以它不会在这里发生。

02:05:37
If it started happening.
如果它开始发生。

02:05:39
What would that be a tell for in terms of protestations, but tell that people are dissatisfied with the fact that they have a colonial past, and that they're maintaining that colonial legacy through the names.
从抗议的角度来说，这说明了什么，但说明了人们对他们有殖民历史的事实不满意，他们通过这些名字来维持殖民遗产。

02:05:54
Off streets and, but why would Singaporean suddenly be upset about the colonial legacy, the satisfaction with the current government? Possibly right? They would basically say, you know, the way that we see ourselves and the way.
但为什么新加坡人会突然对殖民遗产感到不安，对现任政府感到满意呢？可能是吧?他们基本上会说，你知道，我们看待自己的方式和方式。

02:06:09
That our identity is being constructed narrativeize the Fourth National Day, right? We don't like that. We have to have a new vision of ourselves. And, of course, the moment you want to have a new vision of food.
我们的身份正在被建构来叙述第四个国庆节？我们不喜欢那样。我们必须对自己有一个新的认识。当然，当你想对食物有一个新的看法的时候。

02:06:21
You are. What do you do? You revise the task, right?
你。你是怎么做的？你修改了任务，对吧?

02:06:26
And you edit the past, and you put yourself into a different relationship to the past, right? And that is precisely what this class is, in many ways, about, right?
你编辑了过去，你把自己置于与过去不同的关系中，对吧？这正是这门课的内容，从很多方面来说，对吧?

02:06:36

You know, the moment things are contested, they are tell for something. They are tell for new cultural and developments. They are tell of how people that are satisfied with where they Are.
你知道，一旦有争议，他们就会被告知一些事情。他们渴望新的文化和发展。它们讲述了人们是如何满足于现状的。

02:06:47
How they want to rethink of themselves. They rethink themselves and to think their past. And therefore that Singapore has clearly administrates incredibly telling to the historian. It's really, really interesting.
他们如何重新思考自己。他们重新思考自己，思考自己的过去。因此，新加坡的行政管理对历史学家来说是不可思议的。这真的非常非常有趣。

02:06:57
And who knows, maybe at one point it will be contested when you confess something.
谁知道呢，也许在某一时刻，当你承认某事时，它会受到质疑。

02:07:04
So.
所以。

02:07:05
Well, there's a negative aspect to it, right? By rejecting a pause. But it's not clear what parts are going to put in to the President, which is the.
这也有消极的一面，对吧？拒绝暂停。但目前还不清楚将向总统提交哪些部分，这是。

02:07:15
Be framment, you're remarked about the threat. So that's where the interest, or not, the interest, I suppose, but that's where the uncertainty. I'm not evocating this person, I know. But it's just that I'm saying, you know, it would be interesting if that isn't precisely for that Reason.
是框架，你已经注意到威胁了。所以这就是利息，或者不是，利息，我想，但这就是不确定性。我知道，我并没有让人想起这个人。但我只是想说，如

果不是因为这个原因，那就有意思了。

02:07:31
Doesn't necessarily mean that this is a good thing. And just, you know, in the spirit of full disclosure, I think that what Aldo is doing to Turkey is horrible. I know this country very well. I've been going there for a very long time. And, you know.
并不一定意味着这是一件好事。只是，你知道，本着充分披露的精神，我认为阿尔多对土耳其所做的是可怕的。我非常了解这个国家。我去那里已经很久了。你知道的。

02:07:46
No matter how you may feel about the, you know, arrogance of Canalist elites, you know, on some issues, they actually take the point. So so with the point, you're just trying to explain, right? And of.
不管你对卡纳派精英们的傲慢有什么看法，在某些问题上，他们实际上是有观点的。所以你只是想解释一下，对吧？和的。

02:08:01
Of course, in this regard, things may be going into the wrong direction, right? So all I'm saying, too is that for the third one's case, right? So there's a rejection of Commands.
当然，在这方面，事情可能会朝着错误的方向发展，对吗？所以我要说的也是第三种情况，对吧？这是对《命令》的拒绝。

02:08:10
But what you put in, please in there.
但你放进去的东西，请放进去。

02:08:12
That's, that's really an open question. I mean, he has decided to put on, you know, it's gone in a particular direction, but those futures are really quite open. Of course, a few things always, okay.
这是一个悬而未决的问题。我的意思是，他已经决定，你知道，这是在一个特定的方向，但这些未来是非常开放的。当然，总有一些事情，好吧。

02:08:21
But this is, of course, and that is a very good point that you bring up, because if the future is open, what do you want to do to the past?
当然，这是你提出的一个很好的观点，因为如果未来是开放的，你想对过去做些什么？

02:08:30
You want to define it. So you go on the path to the destination that you want. Yes, exactly. So, basically, you know, you find comfort in the fact that the past gives you a guideline the past that you have just.
你要定义它。所以你走在通往你想要的目的地的路上。是的,没错。所以，基本上，你知道，你会在过去给你指引的事实中找到安慰过去你只是。

02:08:43
Reconstruct it, right? And gives you a template that then allows you to think about things in a particular way. You say, and this is, by the way, how successful revolutions work.
重建它，对吧？给你一个模板，让你以一种特定的方式思考问题。你说，顺便说一下，这就是成功的革命是如何运作的。

02:08:55
You always know revolution works when it claims to be a reconstruction of an ideal state.
你总是知道，当革命声称是对理想国家的重建时，它就会起作用。

02:09:03
That is when the Revolution works. So the American Revolution at seven and 76, which is the 200 and fiftyth anniversary this year.
这就是革命起作用的时候。7年和76年的美国独立战争，今年是独立战争200周年和50周年。

02:09:12
What did the revolutionaries claim? Jefferson, washington, franklin, all these people did. They claim that they were going to do something

radically new.
革命者声称什么？杰斐逊，华盛顿，富兰克林，所有这些人。他们声称他们要做一些全新的事情。

02:09:23
That they were building, that they were reconstituting Roman Republicanism across the Atlantic in a new utopian state.
他们正在建立，他们正在大西洋彼岸重建罗马共和主义在一个新的乌托邦国家。

02:09:34
Is that what they claimed? Does anyone of you know what did they claim?
他们是这么说的吗？你们有人知道他们说了什么吗?

02:09:40
I can't remember what the name, yes, but they were claiming, more importantly, that their ancestral English rights had been trampled upon by the British Crown, that the British Crown was.
我不记得他们的名字了，但他们声称，更重要的是，他们祖先的英国权利被英国王室践踏了，英国王室。

02:09:52
You know, overstaffing its authority, that they were basically, and violating their own laws and conventions. And that the only thing they wanted is to restore, you know.
你知道，他们的权力过度膨胀，基本上违反了他们自己的法律和惯例。他们唯一想做的就是修复。

02:10:04
The liberty that they had enjoyed before, right? And that claim of reconstruction, right. And the political scientists call this a conservative revolution.
他们之前享有的自由，对吧？这是重建的主张。政治学家称之为保守主义革命。

02:10:13
That usually works extremely well, right? Because, of course, people do something new and radical, but they are saying, but we are not doing that.
这通常非常有效，对吧？因为，当然，人们做一些新的和激进的事情，但他们说，但我们没有这样做。

02:10:23
We are just restoring, talking to us. So, for instance, if you're looking at the AFD in Germany right now, which I?
我们只是在恢复，和我们对话。举个例子，如果你现在在看德国的另类选择党，哪个?

02:10:31
Astrified, scary. That is not a party that says United, old Nazis or the NSDAP.
Astrified,吓人。这不是一个说团结的政党，旧纳粹或纳粹党。

02:10:37
They also don't say we want something relatively new. And their main electoral line is to say we are like the Christian Democrats of the 1990s.
他们也不会说我们想要一些相对较新的东西。他们的主要竞选路线是说我们就像20世纪90年代的基督教民主党。

02:10:46
He just basically one, but hen would call, watch it right. That is, that is, that is who we are. And the CVU, and America has just gone to the left, right.
他基本上只有一个，但母鸡会打电话，看着点。那就是，那就是，那就是我们。还有基督教自由联盟，美国也开始向左转，向右转。

02:10:56
And now we are being, you know, taught for that. But actually, you're not a radical party, even though, of course, they are a radical party. But successful radical parties always claim.
而现在，你知道，我们正在接受这样的教育。但实际上，你不是一个激进的政党，尽管，当然，他们是一个激进的政党。但成功的激进政党总是宣称。

02:11:07
That they are parking back to something earlier, right? That they are rebuilding a traditional way of life, that they are, I don't know.
他们要把车停回之前的某个地方，对吧？他们正在重建一种传统的生活方式，我不知道。

02:11:17
Making a revolution for the peasants of a particular place, you know, who have been, you know, disrespected for millennia. So, essentially, you know, that's how it works, and this is why conversation is so important.
为某个地方的农民发动一场革命，他们几千年来一直不被尊重。所以，本质上，你知道，这就是它是如何工作的，这就是为什么对话如此重要。

02:11:29
And this is why, you know, the moment people say it waits with the palace, how it goes from a, you know, town hall to a palace to kind of a.
这就是为什么，你知道，当人们说它和宫殿一起等待的时候，它是如何从一个，你知道，市政厅变成一个宫殿，再变成一个。

02:11:40
Museum of civic Monarchism, like a constitutional monarchism. That is precisely the kind of way in which these buildings are being.
市民君主制博物馆，像君主立宪制。这正是这些建筑的存在方式。

02:11:49
Structure, which is, and this, perhaps it's a bit too close, which is why it is always dumb to invite a specialist on a particular building.
结构，这可能有点太接近了，这就是为什么邀请专家研究某一特定建筑总是愚蠢的。

02:11:58
To tell you what it originally meant, because the expert will always tell you something you didn't know, but you didn't want to hear either, right? Because the moment you actually create a complex history.

告诉你它最初的意思，因为专家总是会告诉你一些你不知道的事情，但你也不想听，对吧？因为当你真正创造了一段复杂的历史。

02:12:11
I mean, of course, about the Harker sophere. In an archaeology seminar, this was really just a very broad introduction to be for weeks, right? Only Harker. Sophia.
当然，我是说哈克的问题。在一个考古学研讨会上，这真的只是一个非常广泛的介绍，对吧？只有哈克。索菲娅。

02:12:22
You know, that would introduce you into the basic historical charity and genuine weirdness of the sixth century, writing the basic you have to read around a lot.
你知道，这将向你介绍基本的历史慈善和六世纪真正的奇怪，写基本的你必须阅读很多。

02:12:33
And these kinds of meanings are not completely lost to us, and they are not the meanings that he attached to this building anymore. So basically the meaning constantly involves some changes with people.
这些意义对我们来说并没有完全消失，它们也不再是他赋予这座建筑的意义了。所以基本上它的意思会随着人们的变化而不断变化。

02:12:44
Of claiming a particular view of, you know, roman imperial power, christianity, the power of the Kaiser, your own, the nation, the nature of the Ottoman Empire.
主张一种特殊的观点，比如罗马帝国的权力，基督教，凯撒的权力，你自己的权力，国家的权力，奥斯曼帝国的本质。

02:12:54
The, you know, meaning of what it means to live in Constantino, but Istanbul and so forth, and so forth. Right? So this is why compensations say that when they are not Happening.

你知道，住在君士坦丁堡意味着什么，但伊斯坦布尔，等等。对吧?这就是为什么补偿说，当他们没有发生。

02:13:04
Also tell. But when they are happening, it's usually interesting why they happen. Because contempations don't always happen for the same reasons, right? They happen for different reasons. They are pushed for different sources of people.
也告诉。但是当它们发生的时候，为什么会发生是很有趣的。因为蔑视并不总是出于同样的原因，对吧？它们发生的原因各不相同。他们需要不同的人才来源。

02:13:16
And this is why you can actually learn a lot about the way politics and culture evolves by how people talk about their past Two of you has ever read George over to 1984.
这就是为什么你可以通过人们谈论他们的过去来了解政治和文化的发展你们中有两个人读过乔治到1984年的书。

02:13:28
Just curious. So basically, people who control the past control the future, which is, of course, why the, you know, head hero, anti hero of 1985.
只是好奇。所以基本上，控制过去的人控制未来，当然，这就是为什么，你知道，1985年的主要英雄，反英雄。

02:13:39
Or is a guy who rewrites the past? But, and all, of course, is talking about Soviet Russia. Big Brother clearly is Stalin, right?
还是一个改写过去的人？但是，当然，这一切都是在谈论苏联。老大哥显然就是斯大林，对吧?

02:13:51
And where, you know, the history is, of course, constantly being rewritten by the party, up to the point that people have a living memory of what actually happened, but the state now tells them otherwise.

当然，在那里，历史是不断被党重写的，直到人们对实际发生的事情有活生生的记忆，但国家现在告诉他们的不是这样。

02:14:01
This is not exactly what's going on here in this class. Because, of course, when we are talking about things that happened a thousand years ago, 500 years ago, 600 years ago. Who is an expert, right?
这并不是这门课要讲的内容。因为，当然，当我们谈论一千年前，500年前，600年前发生的事情时。谁是专家，对吧?

02:14:11
Who knows about this sort of thing. So these things really lent themselves to a reinterpretation along the lines of the happens of here. Any further questions about that?
谁知道这种事。所以这些事情确实有助于我们重新解读这里发生的事情。还有问题吗?

02:14:21
Disappear the nature of contestations. I have a question, professor, you showed a photo of the Byzantine mosaics being excavated. So now that it's.
消除争论的本质。我有个问题，教授，你给我看了一张正在挖掘的拜占庭马赛克的照片。现在它是。

02:14:32
As a mosque. So what did the idea, which is actually kind of enlightened, is that they have put curtains in front of it?
作为清真寺。所以这个想法是什么，实际上有点开明，他们在前面放了窗帘?

02:14:42
And you can then basically look behind the curtains, and there's no prayer, which is actually not that because other, I mean, constant, you know, is, of course, full of presenting charges that the child.
然后你基本上可以看到窗帘后面，没有祈祷，实际上不是那样的，因为其他

的，我的意思是，你知道，当然，充满了对孩子的指控。

02:14:52
To mosques, and I have seen empdict, the same thing to the career jamming, of course, that the Chora Mona Street, which has been most beautiful, and plazaics.
穆斯和我在职业生涯中也遇到过同样的事情，当然，那就是corramon

02:15:02
Neighborhood mosques that were visiting churches. And already before Adoran turned, we hargy and lots ofphia into a mosque. Again, basically, people just took, you know, paint and painted over.
附近的清真寺正在拜访教堂。早在阿多兰转变之前，我们就已经把很多菲亚变成了清真寺。基本上，人们只是，你知道，把颜料涂在上面。

02:15:16
And, you know, this was, I?
你知道，这是，我?

02:15:18
So you can still see the mosaics underneath. But of course, they have been badly damaged now. And one wish you know that they actually had lost them over.
所以你仍然可以看到下面的马赛克。当然，它们现在已经严重受损。一个希望你知道他们真的失去了他们。

02:15:25
Then they would have been protected. But it gives you a sense of the mood that people were already in and before Alan.
这样他们就会受到保护。但它能让你感受到人们在艾伦之前的心情。

02:15:32
Basically put this in, and algua does not paint these things over, and he does not destroy them, right? And which is, of course, also important to judge what he's doing here.

基本上把这个放进去，algua不会把这些东西涂上去，也不会破坏它们，对吧？当然，判断他在这里做什么也很重要。

02:15:43
Right? So means basically saying, we have to.
对吧?意思是说，我们必须。

02:15:45
Think of Turkey as the air to the Ottoman Empire. Therefore, we have to take the central Moscow of the Ottoman Empire. That is the.
土耳其就像奥斯曼帝国的空中。因此，我们必须拿下奥斯曼帝国的莫斯科中心。这是。

02:15:53
Basic model for all of our sultan mosques and back. But we are acknowledging that it is a.
我们所有苏丹清真寺的基本模型。但我们承认这是一个。

02:16:01
That problem is in charge, because we are not the barriers, right? So we are not destroying these Christian.
这个问题是负责任的，因为我们不是障碍，对吧？所以我们不是在摧毁这些基督教徒。

02:16:09
You know, mozarts, which, of course, is another thing that pissed his Gaza. So, the Conqueror narrative of MEMED party, he basically sees himself as a.
你知道的，莫扎特，当然，这是另一件激怒他加沙的事。所以，在MEMED党的征服者叙事中，他基本上把自己看作一个。

02:16:19
Second coming of Women Party. And the results then serve in this narrative as a reminder that the terms actually.
第二次女性聚会。结果在这个叙述中提醒我们这些术语实际上。

02:16:29
From the Ottomans actually Confident Constantinople. And in confident Constantinople basically took over the Eastern Mediterranean.
来自奥斯曼帝国自信的君士坦丁堡。自信满满的君士坦丁堡基本上占领了东地中海。

02:16:37
As you know, the ads up to the Roman Empire in that part of the world.
如你所知，在世界的那一部分，广告一直延伸到罗马帝国。

02:16:46
For our assignment? What are the basic criteria we need to look out for when we select our case studies? Obviously a good question, but that is something that we can.
为了我们的作业？当我们选择案例研究时，我们需要注意的基本标准是什么？这显然是个好问题，但我们可以。

02:16:57
Perhaps discuss in more detail in two weeks or so when we have done something criteria, this is how it works because, you know, other people that have ideas for assignments.
也许我们会在两周左右的时间里讨论更多的细节，当我们完成了一些标准，这就是它的工作方式，因为，你知道，其他人对作业有想法。

02:17:05
I want you to have a site that where we have exactly, you know, this kind of conversation, right? So people claim ownership over it. People claim privilege of over interpretation over it, can suddenly.
我希望你有一个网站，在那里我们可以进行这种对话，对吧？所以人们声称拥有它。人们声称对它的特权过度解释，可以突然。

02:17:18
It is being contested by other groups, saying, no, no, no, it's ours, or we actually decide what it means.

其他团体对此提出质疑，说，不，不，不，这是我们的，或者我们决定它的意义。

02:17:26
And I can, you know, quote, various examples. The Potala Palace, for instance, came up in class at one point, you know.
我可以，你知道，引用很多例子。比如，布达拉宫，曾经在课堂上被提到过。

02:17:35
Then, you know, then then several monuments in, you know, europe came up, you know, that, where statues have been overturned. Very interesting, you know, former fascist monuments in.
然后，你知道，然后在欧洲出现了几座纪念碑，你知道，那里的雕像被推翻了。非常有趣，你知道，前法西斯纪念碑在。

02:17:50
Southern Terolia, german, speaking province in northern Italy, that became, you know, part of Italy after 1919, and where the fascists built up a lot of fascist monuments that were never destroyed and always rebuilt, even after that.
泰罗利亚南部，意大利北部讲德语的省份，1919年后成为意大利的一部分，法西斯主义者在那里建立了许多法西斯纪念碑，这些纪念碑从未被摧毁，甚至在那之后也一直在重建。

02:18:05
After they've already faced. Is this a, you know, statement of, you know, our support for fascism? No, it's not. But enough Italian identities. How are the things that we?
在他们已经面对。这是，你知道，声明，你知道，我们支持法西斯主义吗？不，不是的。但意大利人的身份已经够多了。事情是怎样的？

02:18:15
You change a lot. So these are all, you know, ideas that I can give you. I think, you know, what you really should think about is something of a site

that you find very interesting.
你变了很多。这些就是我能给你们的想法。我认为，你真正应该考虑的是一个你觉得非常有趣的网站。

02:18:24
So, but it has to be a contestation, so it cannot be absent conversation. So you can't say, I'm writing on this Apple statute, even if that's just a minor contestation surrounding it, right? It has to be a real contestation.
但这必须是一场辩论，所以不能缺少对话。所以你不能说，我在写苹果法令，即使这只是一个小的争议，对吧？这必须是一场真正的竞赛。

02:18:36
And it can't be a contestation in terms of slides and monuments that's on the syllabus, right? I want a contestation that.
这不能是一场关于幻灯片和纪念物的辩论这是教学大纲上的，对吧？我想要一个辩论。

02:18:46
That is actually something where you have to do research on. And it has to be a physical site. It has to be well, most of these sites tend to be physical, and you're going to get to why they are physical.
这实际上是你需要做研究的。它必须是一个物理的地点。这些网站大多是实体的，你会知道它们为什么是实体的。

02:18:58
Because this is where, you know, the kind of contestation can really manifest itself. It's one thing to basically say, oh.
因为在这里，你知道，这种争论可以真正表现出来。基本上说，哦。

02:19:08
We remove these books from these libraries, right? Or we take down this particular website, right? That is something that does not, that may be part of a new cycle.
我们把这些书从图书馆里拿出来，对吧？或者我们关闭这个网站，对吧？这可能是一个新周期的一部分。

02:19:19
But if you actually say we are knocking down that monument and building something else, or we are completely refraining it, or we are rebuilding it right, then this is something that is permanent.
但如果你真的说我们要拆掉那个纪念碑，然后建造别的东西，或者我们要完全克制它，或者我们要重建它，那么这就是永久性的东西。

02:19:31
Public space, and usually attracts, for the reasons we've discussed, just the kind of attention right? That lead to this kind of conversation. So it should really be something that is.
公共空间，通常会吸引，我们讨论过的原因，只是一种关注，对吧？导致了这样的对话。所以它应该是。

02:19:41
That is in that is, that's a physical space. It's not, it's not a.
这是一个物理空间。它不是，它不是。

02:19:47
It's not debate, right? That it's open and reopened, right? What we are just really discussing in this class, and then it's something that we have to get into more details. You Know.
这不是辩论，对吧？它是开放的，重新开放的，对吧？我们在这门课上真正讨论的，是一些我们需要深入研究的细节。你知道的。

02:19:57
Later scientists, why do these things attach themselves to physical monuments?
后来的科学家，为什么这些东西会附着在物理纪念碑上？

02:20:02
To physical buildings. Why are these so powerful and important, right? Because, of course, compensations happen all the time. Historians.
到实体建筑。为什么它们如此强大和重要，对吧？因为，当然，补偿一直都

在发生。历史学家。

02:20:12
Argue about, you know, the meaning of the past. Over time, politicians are arguing about the meaning of the kind of history.
争论过去的意义。随着时间的推移，政治家们正在争论这种历史的意义。

02:20:19
All the time. But it's really about how does this manifest itself in public space, and how do people get testy?
一直都是。但它真正的问题是如何在公共空间中表现出来，以及人们如何变得易怒?

02:20:26
So it should be something physical.
所以它应该是物理上的。

02:20:28
Make sense. Other questions. What's the dialogue of? Okay, so, okay, so assignments. So here's how.
讲得通。其他问题。的对话是什么？好了，好了，作业。下面是方法。

02:20:36
And then I will be two, right by the end of the six So a month from now, you must have picked your content of science.
然后我就两岁了，就在六年级结束的时候，所以一个月后，你一定选好了你的科学内容。

02:20:47
I keep this, you know, late for precisely this reason. Because, you know, if we just did the hard piece of here, then we're going to do a few other things. And I just want to give you a sense of the range of contestations that exist.
我把它保存到很晚正是因为这个原因。因为，你知道，如果我们只做了最难的部分，然后我们要做一些其他的事情。我只是想让你们对存在的争论范围

有个大概的了解。

02:20:59
At the sort of things people fight over, right? That you have your brainwave and say, ah, you know, this is what I want to do. If you already have something that you find really interesting. That's fine too, right?
人们为之争吵的事情，对吧？你灵机一动，说，啊，你知道，这就是我想做的。如果你已经有了你觉得很有趣的东西。这也很好，对吧?

02:21:10
But I just want you to contribute to get a little bit into what we've been doing. And before you have done this before, before you have your idea.
但我只是想让你们对我们一直在做的事情有一点了解。在你做过之前，在你有想法之前。

02:21:19
Then over Midtown Break, which is Speak Seven and.
然后是中城休息，也就是第七讲。

02:21:24
I want you to basically write a short bibliographic essay, right? Because, of course, the contestations that you're looking at are going to have generated some kind of literature around.
