好吧，也许你会讲到求和效应。我的手机永远是我的手机，你知道的，我的尝试是正确的。我们今天要讨论的实际上是。

以及国家美利坚的建设。所以当你环顾四周或者当你看着帕台农神庙时，我们感兴趣的是。

00:32

How you Sophia, you are interested in actually teasing out, what is ownership? What is the?
索菲亚，你有兴趣梳理一下，什么是所有权？什么是?

00:45
Privilege of interpretation and that we are looking at in detail. And, you know, can, you know, these sites ever be neutral?
解释的特权，我们正在详细研究。你知道，这些网站能保持中立吗?

00:54
When you're looking at the mosquito you're looking at, you know how history is always present, and people may be completely unaware. You know how, it actually still matters when it's being Activated.
当你看着蚊子的时候，你知道历史总是存在的，而人们可能完全没有意识到。你知道吗，激活的时候还是很重要的。

01:07
By a well meaning tourist office. And then we're going to talk about how historical narratives are generated and instrumentalized.
一个善意的旅游局。然后我们会讨论历史叙事是如何产生和被工具化的。

01:17
In politics, and quite deliberately, so, right? So, and the hardest heel was always there, so that was something you needed to contend with.
在政治上，而且是故意的，对吧？所以，最硬的鞋跟总是在那里，所以这是你需要对付的东西。

01:26
The mosquito was not really perceived as a controversial monument until people actually started to make it an issue. And now we are basically going to look at how history is actually.
蚊子并没有真正被视为一个有争议的纪念碑，直到人们开始把它当作一个问题。现在我们来看看历史到底是怎样的。

01:37
Deliberately looked at or employed in order to and generate narratives. And here I'm approaching and Harry Cops.
叙事的：为了产生叙事而被刻意观察或使用的我正在走近哈利·科普斯。

01:46
Who is one of the great historians of the twentieth century. British historian wrote a fantastic book on capitalism and the World Review on Anything, and indicate a famous paper for the administrative election in New York

today, he said the following.
他是二十世纪最伟大的历史学家之一。英国历史学家写了一本关于资本主义和《世界评论》的好书，并指出了今天在纽约举行的行政选举的一篇著名论文，他说了下面的话。

About what it is that is called So do it. He said, for historians, after nationalism, what topic? Girls in Pakistan are current habits.
关于它是什么那就去做吧。他说，对于历史学家来说，除了民族主义，还有什么主题？女孩在巴基斯坦是目前的习惯。

02:12
We supply the essential raw material for the market. Nations without the past are contradicted in terms what makes a nation isn't bad.
我们为市场提供必需的原材料。没有过去的国家在什么使一个国家不坏的问题上是矛盾的。

02:22
So justifies relation against others with the past. And historians are the people who produce it. So my profession, which has always been mixed up in politics and comes an essential.
因此，与他人的关系与过去是正当的。而历史学家则是撰写这本书的人。所以我的职业，总是和政治混在一起，是必不可少的。

02:32
Component of nationalism. What would you say about that statement that mr Hopsford, one of the great practitioners of the twentieth century?
民族主义的组成部分。霍普福德先生是20世纪最伟大的实践者之一，你怎么看他的说法?

02:41
Are we heroin pushers? You know, for politicians who want to create these sorts of narratives, what would they say?
我们是海洛因贩吗？你知道，对于那些想要创造这种叙事的政治家，他们会说什么?

02:50
Is it actually correct for a little bit, I think, for missing the middle man here, right? Because, like, if you take the analogy of the topic earlier, it's like.
我认为，遗漏了中间的人，这是对的吗？因为，就像，如果你用之前的话题来类比，就像。

03:01
The puppies of the growth grow because they're intermediaries who are saying, like, hey, I have a market. Give me this.
成长中的小狗成长是因为他们是中间人，他们说，嘿，我有市场。把这个给我。

03:08
And I think it's maybe the same with history and nationalism. There's an intermediary of politicians that they don't need to use the poppies to make drugs.
我认为历史和民族主义可能也是如此。有一个政治家的中介，他们不需要用罂粟来制造毒品。

03:18
You don't need to use history to make nationalism for teachers, but cultural things, as you know, that you cannot have national that you cannot have nations.
你不需要用历史来给老师灌输民族主义，但是文化的东西，你知道，你不能有民族你不能有民族。

03:27
Without a history, that you actually need a, you know, historical narrative in order to create one. Right? So he basically says, well, you know, sure.
没有历史，你实际上需要一个，你知道的，历史叙事来创造一个。对吧?所以他基本上说，嗯，你知道，当然。

03:40
And, you know, if you don't have any drug dealers who are pushing this

stuff up too, but then they're not getting.
而且，你知道，如果你没有任何毒贩也在推销这些东西，但是他们没有。

03:44
To be addicted, but on the other hand, and there is no drug trade about the raw materials, right? And the raw material is what we provide. So history actually is.
上瘾，但另一方面，没有毒品交易的原料，对吧？原材料就是我们提供的。历史就是这样。

03:54
Possible, I think he argues, is the raw material for nationalism. And nationalism is, of course, a very specific.
我认为他认为，可能性是民族主义的原材料。当然，民族主义是非常具体的。

04:02
That concept, a very specific set of ideas. And we're going to talk a little bit about, you know, how this comes along, that we need to recognize this guy.
这是一个非常具体的概念。我们会讨论一下，你知道，这是怎么发生的，我们需要认识这个家伙。

04:11
Shatter the goal, right? So basically refunds the French Republic after World War Two, and he basically channels a French philosopher.
粉碎目标，对吧？所以基本上是在二战后归还了法兰西共和国，他基本上是在与一位法国哲学家沟通。

04:20
When he famously says, patriotism is then the love of your own people comes first, nationalism and hate for people other than he comes first, right?
他有句名言，爱国主义首先是对自己人民的爱，其次是对自己以外的人的民族主义和仇恨？

04:29
So he basically says, you can be a patriot by loving people the way, by loving your home, right the way it is.
所以他基本上是说，你可以成为一个爱国者，通过爱人民，爱你的家，就像现在这样。

04:38
In order to be a nationalist, you have to have another that you define yourself against, right? So the nation only really works as an imagined community.
为了成为一个民族主义者，你必须有另一个你定义自己反对的，对吧？因此，这个国家实际上只是一个想象中的共同体。

04:50
If it is defined through another, if it is defined through an enemy, if it is defined to someone who is not part of the nation. Whereas patriotism involves actual.
如果它是由他人定义的，如果它是由敌人定义的，如果它是由不属于这个国家的人定义的。而爱国主义涉及实际。

05:00
Knowledge, right of the people around me. So, for instance, I could say, I'm a Bvarian patron. I really like Bavaria, where I'm from. And, you know, if it's a fantastic place, the food is better in Austria, you know, I happily conceive that.
知识，权在我身边的人。比如，我可以说，我是巴伐利亚的赞助人。我很喜欢我的家乡巴伐利亚。你知道，如果那是个很棒的地方，那奥地利的食物会更好，我很乐意这么想。

05:12
I like to variate in our woods and all but I know the place, right? Can I know the imagined community of Germany? Baby.
我喜欢在树林里变换，但我知道那个地方，对吧？我能知道想象中的德国共同体吗？婴儿。

05:21
As someone who grew up in your neck.
作为一个在你脖子上长大的人。

05:26
I really can't. Right? So unless I actually have moved around a lot, because Germany is usually very, very different, right? So basically, to be a German, right, I have to define what differentiates?
我真的不能。对吧?除非我经常搬家，因为德国通常非常非常不同，对吧？所以基本上，作为一个德国人，我必须定义什么是与众不同的?

05:38
And, you know, being German, from being Austria or being Swiss, german speaking country is from being French, right? And this is, of course, you know, what actually leads and then to the creation of nation states. So let's talk a little bit about.
你知道，作为德国人，来自奥地利或瑞士人，说德语的国家就是来自法国人，对吧？当然，你们知道，这实际上导致了民族国家的建立。我们来讨论一下。

05:53
The nation state and how it came about. So the nation, state is, of course, not a natural.
民族国家以及它是如何产生的。所以民族，国家，当然不是自然的。

06:01
Occur. The nation state is a historical phenomenon that is actually an exceptional word history.
发生。民族国家是一种历史现象，实际上是一种特殊的世界历史。

06:09
Right? So before the nation state, which is basically invented in the nineteenth century in Europe, right? Late eighteenth everything the United century in Europe.

对吧?在民族国家之前，民族国家基本上是在19世纪的欧洲发明的，对吧？18世纪末欧洲的一切都归于统一世纪。

06:20
What do most people live in? What kind of policies do most people live in? Do people live in nation states before seven to 89?
大多数人住在什么地方？大多数人生活在什么样的政策中？人们在7岁到89岁之前生活在民族国家吗?

06:28
What kind of policies do they live in? So they live in realms, right? So, for instance, the Kingdom of the Barrier.
他们生活在什么样的政策中？所以他们生活在领域里，对吧？比如，屏障王国。

06:37
Which is what I'm from here. Or they live in empires, you know, like the Austra Hungarian empires, which basically, you know, the Russian Empire.
我就是从这里来的。或者他们生活在帝国里，比如奥匈帝国，也就是俄罗斯帝国。

06:46
That constitutes many different realms and kingdoms. And people actually also live in city state republics. So places like such as Singapore.
这构成了许多不同的领域和王国。人们实际上也生活在城邦共和国中。像新加坡这样的地方。

06:57
But you don't have a nation state, right? The nation state really is an invention of you.
但你没有一个民族国家，对吧？民族国家真的是你的发明。

07:01
In our nineteenth century. And the first nation state we of course, have is France, which basically grows out of the Kingdom of France, right? And

then through Napoleon.
在我们的十九世纪。当然，第一个民族国家是法国，它从法兰西王国发展而来，对吧？然后是拿破仑。

07:12
And create this entire, you know, new system of nation states. So you can basically see Europe.
创造了整个民族国家的新体系。所以你基本上可以看到欧洲。

07:20
Before, at the dawn of the nation state in 1815. It's basically a matter of empire. That's the Russian empire. There's the Austrian empire, there's the Russian kingdom, right? Soldier empire, because it's economically so powerful.
在此之前，在1815年民族国家诞生之初。这基本上是帝国的问题。这就是俄罗斯帝国。一个是奥地利帝国，一个是俄罗斯王国，对吧？士兵帝国，因为它在经济上非常强大。

07:32
There is, you know, the British Empire, of course. And yet there's the Ottoman Empire here on the Balkans. But the nation states that you are now familiar with, you know, italy, for instance, like, does not exist.
当然，还有大英帝国。然而在巴尔干半岛上还有奥斯曼帝国。但是你们现在熟悉的民族国家，比如意大利，并不存在。

07:44
Germany does not exist, right? Poland does not exist. Romania does not exist. And support that. Support.
德国并不存在，对吧？波兰不存在。罗马尼亚不存在。并支持它。支持。

07:51
So what is actually the idea of the nation state? And the idea of the nation state is that the nation state is not based on loyalty.
那么民族国家的概念到底是什么呢？民族国家的概念是民族国家不是建立在忠诚的基础上的。

08:01
To your rulers, right? So your loyal to particular identity, or your loyal to a particular local lord. It also doesn't mean that you are necessarily.
你的统治者，对吧？所以你对特定身份的忠诚，或者对某个地方领主的忠诚。这也不意味着你一定是。

08:11
And, you know, a patriot who is very particular. But what you are interested in is a community that is based on abstract values, right? And these abstract values are patriotism, individuals.
你知道，他是一个非常挑剔的爱国者。但你感兴趣的是一个基于抽象价值观的社区，对吧？这些抽象的价值观就是爱国主义，个人主义。

08:23
Right. So here you see a beautiful, early nineteenth century character, and sketch, right, cartoon of europe's nations.
正确的。这是一个美丽的，19世纪早期的人物，还有欧洲国家的卡通素描。

08:34
And this cartoon is beautiful for many, many, many different reasons that, you know, we wanted to look at. So it's a procession of the people of Europe.
这幅漫画之所以美丽，有很多很多不同的原因，你知道，我们想看看。所以这是欧洲人民的游行。

08:43
In the national dress, carrying national flags. Right important invention of the nation, state.
身穿民族服装，手持国旗。对民族、国家的重要发明。

08:51
And who are they passing by? What is the procession passing by? What is on the right hand side?
他们经过的是谁？队伍经过的是什么？右边是什么？

08:59
No, it is a, it is a woman. And it says, dula Dizond, who? If you speak French, what does that mean? Right?
不，是一个，是一个女人。上面写着杜拉·迪桑，谁？如果你说法语，那是什么意思？对吧?

09:10
The human rights right. So basically, this is the goddess of human rights right. So the nations of Europe passed on the right, hand side. It because of human right. What is on the left hand side.
人权的权利。所以基本上，这是人权女神的权利。所以欧洲国家从右边经过。这是因为人权。左边是什么。

09:20
All the positives the monarchy. The vested is a monarchy, right? So crowns and coats of arms, right? You overcome.
所有的积极因素都是君主制。既得利益者是君主政体，对吧？王冠和盾形纹章，对吧？你克服。

09:31
Right? You know, the senior, you know, way of doing things. You're no longer the subject of a king. You are the citizen of a state.
对吧?你懂的，你懂的，你懂的，做事的方式。你不再是国王的臣民了。你是一个国家的公民。

09:42
And the state is basically defined as providing you as protecting your human rights right. So when we are basically looking at the French Revolution, ascent in 89.
国家基本上被定义为保护你的人权。所以当我们看法国大革命的时候，89年的起义。

09:53
And then, you know, all other nation states, they are, first off, a movement

against monarchy, right, against a monarchical You know, the American revolutionaries, as a French, were called a tyrannical rulers, right?
然后，你知道，所有其他民族国家，他们首先是反对君主制的运动，对，反对君主制，你知道，美国革命者，作为法国人，被称为专制统治者，对吧？

10:07
And what matters is we, and, you know, our nation, we create an imagined community based on language culture and history, which is the difficulties of staff.
重要的是，我们，你知道，我们的国家，我们创造了一个基于语言文化和历史的想象社区，这是工作人员的困难。

10:18
This is what matters. What also matters if the Enlightenment idea that old humans enjoy exactly the same rights, right? That is the imagined community of.
这才是最重要的。如果启蒙运动认为老年人享有完全相同的权利，还有什么关系呢？这是想象中的共同体。

10:27
Which we are basically building our community onlook. It's based on abstract values. You are suddenly a member of a nation.
我们正在建立我们的社区视野。它基于抽象的价值观。你突然成为了一个国家的一员。

10:36
And with people who you don't know, right? If you're from Munich, you're suddenly part of the same nation as someone from Hamburg, you know. And they have different dialects, different foods, different, you know, religion, even or denominations. North is Protestant, south, catholic and so forth.
和你不认识的人在一起，对吧？你知道，如果你来自慕尼黑，你会突然和来自汉堡的人成为同一个国家的一部分。他们有不同的方言，不同的食物，不同的宗教，甚至不同的教派。北方是新教，南方是天主教等等。

10:51
But, you know, you're not all part of this, and you're held together by a constitution that basically guarantees your rights. Okay, so this is basically on the surface level.
但是，你知道，你不是所有人的一部分，你是由宪法团结在一起的，宪法基本上保证了你的权利。这基本上是在表面上。

11:01
Why I work this picture shells, right? The people of Europe are passing by the dividedism, right? So they are basically now governed by rights and that every citizen enjoys.
为什么我要研究这个图片壳？欧洲人民正在回避分裂主义，对吗？所以他们现在基本上是由每个公民都享有的权利来管理的。

11:13
And they have basically left monarchy behind.
他们基本上抛弃了君主制。

11:15
But what I love about this particular category is, you know, that it shows how completely random.
但我喜欢这个特殊类别的地方是，你知道，它显示了它是多么的完全随机。

11:25
Nations are. So this flag is pretty easy. It says, false. Incredible. That's kind of still the French flag.
国家。这个旗子很简单。它说，假。难以置信的。这仍然是法国国旗。

11:35
But what about the other flags that are being carried in the procession?
但是游行队伍中举着的其他旗帜呢?

11:40
Is this actually the German flag? What is actually the German flag? Exactly? So it's not logical. It's horizontal.

这真的是德国国旗吗？德国国旗到底是什么？到底是什么?所以这不合逻辑。这是水平的。

11:50
And Belgium. Belgium. What is Belgium? It's different order. I think it's black.
和比利时。比利时。比利时是什么？这是不同的顺序。我想它是黑色的。

11:58
Of course, you know the Dutch person? I don't know what the Delge reflector, you know. So who are the delgents? You know what the flag?
当然，你知道那个荷兰人吗？我不知道Delge反射器是什么。那么谁是代表呢？你知道国旗是什么吗?

12:10
I don't know. I couldn't be bothered. I think exactly exactly history, right? Grievances nurtured to historical narratives. You know.
我不知道。我不想被打扰。我想这就是历史，对吧？对历史叙述的不满。你知道的。

12:20
That is precisely it's a joke I talk about. Of course it is.
这就是我说的一个笑话。当然是。

12:26
You know. But with this, this is titanium, which means Germany, but this here, with ortrish Australia.
你知道的。这里是钛，代表德国，这里是澳大利亚。

12:34
Does the Austrian flag look like that? Then we have here. Which flag is this? But it says Lucy Sealer.
奥地利国旗是这样的吗？然后是这里。这是哪面国旗？但上面写着露西·西勒。

12:44
Right? So the kingdom of the two Sicilys, and then he's another Italian side, which is basically it's called lumbarized, right? So the idea that what initial is is really unstable.
对吧?所以两个西西里的王国，然后他是意大利的另一边，基本上这被称为“腰化”，对吧？所以初值是不稳定的。

12:57
So then we are basically looking at the map. This is the king of the two Sicilies. And in the eyes of these cartoonists, the Ducicides and Nestle.
然后我们看一下地图。这是两个西西里的国王。在这些漫画家眼中，Ducicides和Nestle。

13:08
Right? They're not part of Italy. They are part of the dusicity. Here we have Lombard rule.
对吧?他们不是意大利的一部分。它们是宇宙的一部分。这是伦巴第定则。

13:15
And keep you more in longer. That's its own thing, right? And, of course, you know what shape nations take?
让你呆得更久。这是它自己的事情，对吧？当然，你知道国家是什么样的吗?

13:24
And the nineteenth century is an enormous event, right? So what you see here in red, right?
19世纪是一件大事，对吧？你看到的红色部分，对吧?

13:31
Are the borders of the German Confederacy, as they are defined.
是德意志邦联的边界，正如他们所定义的那样。

13:36
By, you know, the Congress of the nn, 1815. So you can see that what is

definitely part of Germany, according to the Congress of Vienna.
由1815年的美国国会通过。所以你可以看到，根据维也纳会议，这绝对是德国的一部分。

13:46
Austration, right? What? It's not part of Germany, which used to be part of the Kingdom of Poland, that is German speaking, is, you know, eastern Russia and western Russia, right? Of Coneys, back and dancing. It's actually the heart of the kingdom of pressure, right? The kingdom of pressure starts.
Austration ?怎么啦？它不是德国的一部分，曾经是波兰王国的一部分，也就是讲德语的，是俄罗斯东部和俄罗斯西部，对吧？康尼斯，回来跳舞。它实际上是压强王国的核心，对吧？压力王国开始了。

14:01
Here. Not bad.
在这里。不坏。

14:02
And you also have a lot of non German speaking people within the German population. What is this part of the world?
德国人口中也有很多不讲德语的人。世界的这一部分是什么?

14:10
So that's basically, it's a Czech Republic of Bohemia, which is very mixed, right, between German and Czech speakers, but it's not ethnically purely German, right?
所以基本上，它是波希米亚的捷克共和国，它是德语和捷克语的混合，但它不是纯粹的德国人，对吧?

14:20
So the way this has been defined is fluid, and it is the subject of considerable concept is debated. So, for instance, in 1848.
所以这个定义的方式是多变的，这是一个相当多的概念争论的主题。例如，在1848年。

14:29
When there is a democratic revolution in Germany, mark is actually in that parliament as a deputy.
当德国发生民主革命时，马克实际上是议会的一名代表。

14:35
And the policy and Frankfurt, the general idea is that, of course, you know, all three is part of Germany. And when the Germans create the first constitutions and offer the and what a constitutional monarchy, and offer a crown, which is going to be the new and first German and first offer to the.
政策和法兰克福，总体的想法是，当然，这三个都是德国的一部分。当德国人创造了第一部宪法并提供了什么是君主立宪制，并提供了一个王冠，这将是新的第一个德国人第一次提供给。

14:51
Perhaps birds in Vienna. And they say, absolutely not. Because, of course, they have been on this enormous empire that is full of people who are not German speaking.
也许是维也纳的鸟。他们说，绝对不行。因为，当然，他们一直在这个庞大的帝国上，那里到处都是不讲德语的人。

15:01
What do they do with that empire? They're going to give it up. And perhaps that's a very conservative anyway.
他们对这个帝国做了什么？他们会放弃的。也许这是一个非常保守的观点。

15:06
And then they offered to the king of Prussia in Berlin, who is a reactionary, who actually then becomes the Prussian king, who becomes the first German emperor, william, the first, the grandfather Philip, the second, the Kaiser World War II.
然后他们向柏林的普鲁士国王提议，普鲁士国王是一个反动分子，他后来成为了普鲁士国王，他成为了第一个德国皇帝，威廉，第一个，祖父菲利普，第二个，第二次世界大战的凯撒。

15:18
And he says, I ruled by the grace of God. I'm not going to accept a constitution that the rebel office made a crown, that the rebel office made like God crowned me, not the people who lost charge.
他说，我是靠着神的恩典作王的。我不会接受这样一种宪法，那就是叛军给我戴上了王冠，就像上帝给我戴上了王冠，而不是那些失去权力的人。

15:29
And then the whole thing falls apart, right? And actually, the German nation state, as an aside, only comes around in 1871 by excluding Austria. Why is Austria excluded?
然后整个事情就分崩离析了，对吧？顺便说一句，德意志民族国家是在1871年排除奥地利之后才形成的。为什么奥地利被排除在外？

15:41
Because there is a war between Russia, austria, the king of Bavaria, my home, right, the king of Bok, and the.
因为俄国，奥地利，巴伐利亚国王，我的家乡，对吧，博克国王，还有。

15:50
Can be thinking about Hanover and pressure. The Prussians win the war. And as a result of this war, basically the Southern Draft in Hanover is the next by pressure.
可以考虑汉诺威和压力。普鲁士人赢得了战争。这场战争的结果是，汉诺威的南方征兵是下一个受到压力的。

16:01
And the southern German states basically become vessels of pressure. And when pressure fights are more with France, in 1870, the southern German states have to.
德国南部各州基本上成了压力的容器。1870年，当与法国的压力战愈演愈烈时，德国南部各州不得不这样做。

16:12

Fight with pressure. And then the German nation state is founded on the basis of the victory of Germany over France, right? So it is founded against the Bavarians are not very keen on joining the German nation, state.
与压力抗争。然后德意志民族国家建立在德国战胜法国的基础上，对吧？所以它是建立在反对巴伐利亚人不太热衷于加入德意志民族，国家。

16:27
They basically insist on certain reservation rights. So they keep their own army and they keep their own foreign embassies. So, if you know the German Empire.
他们基本上坚持一定的保留权。所以他们保留了自己的军队和大使馆。如果你了解德意志帝国。

16:36
Enters a foreign treaty. The barrier always has a right to go for the very.
加入外国条约。障碍总是有权利去争取的。

16:42
King has to still sign all the international treaties of Germany.
金还得在德国的所有国际条约上签字。

16:45
The Barry always has its own embassy. They do their own thing. They also have their own airfalls. By the way, I'm going to watch them.
巴里酒店一直都有自己的大使馆。他们做自己的事。他们也有自己的空中降落。顺便说一下，我要去看他们。

16:52
It's a royal variant Apple. So essentially, you know, you have this weird negotiation that I'm just pointing out here.
这是苹果的皇家变种。所以本质上，你知道，你有这个奇怪的谈判，我刚刚在这里指出。

16:59
And indeed, you know, what matters is to create a nation based on

symbols and history in Germany.
事实上，你知道，重要的是在德国建立一个基于象征和历史的国家。

17:07
That narrative, when Germany is basically founded as an extension of pressure, right?
这种说法，当德国的建立基本上是压力的延伸，对吧?

17:15
Is to find historical figures around whom you know, this idea of what it means to be German can be congealed.
就是找到你所认识的历史人物，这样作为德国人的意义就可以凝固。

17:26
And the first guy who's basically put out of, you know, the.
而第一个基本上被赶出去的人，你知道的。

17:31
Box of German history is a man called Hagamander Hiroska, who is actually a minus. We're going to get him in a few moments. So Germany, east of the Rhine, is not colonized by.
德国历史上最重要的人物是哈格曼德·博斯卡，他实际上是个负号。我们马上就去找他。所以莱茵河以东的德国，并没有被。

17:44
The Romans, because in nine CE, an alliance of German tribes defeats the Roman army, that basically has made Germany a Roman province, and the Romans are driven out.
罗马人，因为在公元9年，日耳曼部落的联盟打败了罗马军队，这基本上使日耳曼成为罗马的一个行省，罗马人被赶了出去。

17:56
And the guy who actually does this, he appears in Latin sources, is called Amenius. Amenius, just in Latins, blue eyes, right? It's nothing to do with the Germanic names.

而真正做到这一点的人，他出现在拉丁文资料中，叫做阿梅尼乌斯。阿梅尼乌斯，在拉丁语中，蓝色的眼睛，对吧？这与日耳曼名字无关。

18:06
And he then, basically, in the nineteenth century, becomes, you know, this one defining figure, right? So basically the idea is, what defines us as Germans, as we, unlike all the other Europeans.

想想，把平静，崇拜，罪恶的宗教体系称为一个体系，对吧？是这样吗？人们就是这么做的。但是当欧洲人说，我们有这个神奇的，宗教的，统一的体系时。

01:13:13

说的是同一种方言。

01:50:00
And all of that, right? Is a matter of definition. And how is it again, rooted? It is rooted in history, right? So the Swiss, for instance, also very pro Nazi.
所有这些，对吧？这是一个定义问题。它又是怎样扎根的呢？它根植于历史，对吧？比如瑞士人，也非常支持纳粹。

01:50:12
Of you in world, for two after world, for two, of course, they will hit the greatest enemies.
你在世界上，为两个世界，为两个，当然，他们会打击最大的敌人。

01:50:19
So and again, you know, these are, these are complete examples, right? Of how a history is being used and historical narratives are being used to define nations and nationality.
再一次，你们知道，这些都是完整的例子，对吧？关于历史是如何被使用的以及历史叙事是如何被用来定义国家和民族的。

01:50:31
And why is it taken up? Because it is, of course.
为什么它被占用了？因为它当然是。

01:50:36
What? It's convenient, it's pleasant. It's useful. It's very useful, right? And so you need abstract values, definitions.
怎么啦？这很方便，也很愉快。它是有用的。这很有用，对吧？所以你需要抽象的值，定义。

01:50:48
You need to throw up a narrative reformation.
你需要进行叙事改革。

01:50:50

People adopted. If the regime delivers, they adopt it because it sounds congratulatory or, you know, flattering or useful. And when it is not, you know, rooted in the kind of historical reality that we study.
人们采用。如果这个政权做到了，他们就会采纳它，因为这听起来是祝贺的，或者是奉承的，或者是有用的。当它不是，你知道，根植于我们研究的那种历史现实。

01:51:05
And this is why, you know, the gender history is usually in the way, which is why, you know, a very selective memory is called for.
这就是为什么，你知道，性别历史通常是阻碍，这就是为什么，你知道，一个非常选择性的记忆被要求。

01:51:13
And why, in particular, when it comes to nationalism, you really most easily define.
特别是，当涉及到民族主义时，你真的很容易定义。

01:51:22
You a nation that you want to construct based on abstract historys, on historical narratives, against our House position, right? And here, of course, you know, internationalism.
你想建立一个基于抽象历史的国家，基于历史叙述，反对我们众议院的立场，对吧？当然，在这里，你知道，国际主义。

01:51:32
As it exists today, is following the Western narrative of recompass right. So Muslims are invaders.
正如它今天所存在的，是遵循西方的重新指南针的叙述。所以穆斯林是入侵者。

01:51:41
We beat them back. That is our original story, right?
我们击退了他们。这是我们最初的故事，对吧?

01:51:45
Just like in the first colonial context, right? You're often not in Singapore, but in other places, passing out the narrative of humiliation that is overcome.
就像第一次殖民时期一样，对吧？你经常不是在新加坡，而是在其他地方，讲述被克服的屈辱。

01:51:56
Right? And that is basically what defines us as, you know, who we are. Does that make sense?
对吧?这基本上定义了我们，你知道，我们是谁。明白了吗?

01:52:03
And the sound of temper is just a few of the examples. And so as the heart you appear something you cannot ignore.
发脾气的声音只是其中的几个例子。所以你的内心出现了一些你无法忽视的东西。

01:52:12
We have the mosquito of course, is also a monument that's quite conspicuous in the sense that it is beautiful. And therefore the tourism Office.
当然还有蚊子，它也是一个纪念碑，因为它很漂亮，所以很显眼。因此是旅游局。

01:52:21
Things. How can we, you know, you know, attach the narrative that we have created right to something that people actually might want to see?
的事情。我们怎样才能，你知道，你知道，你知道，把我们创造的故事和人们真正想看的东西联系起来?

01:52:32
Right when it comes to summit, it's actually, and this is, you know, the idea here, a completely different extreme. It's just a rubble of stones nobody cares about.

当谈到顶峰的时候，实际上，这是，你知道，这里的想法，是一个完全不同的极端。只是一堆没人在乎的石头。

01:52:43
And when you actually want to make it into a symbol, the actual site is in the way. And then.
当你真的想把它变成一个符号的时候，实际的网站就碍事了。然后。

01:52:49
I think you demolish it, right, and put something else on top, and then say, you know, they have been temporsy for 8 million years, right?
我认为你会把它拆掉，把别的东西放在上面，然后说，你知道，它们只是暂时存在了800万年，对吧?

01:52:58
So this gives you a sense, you know, of different ways, different contestations, and how you then interact with a bit environmental, different ways.
所以这给了你一种感觉，你知道，不同的方式，不同的争论，以及你如何与环境，不同的方式互动。

01:53:05
High case Sophia cannot be ignored. Always superior monument to controls it. There's key to a really nice building. But you know what? Nobody cares until people do.
高级索菲亚不容忽视。总是优越的纪念碑来控制它。这是一幢漂亮建筑的钥匙。但你知道吗？没人在乎，直到人们在乎。

01:53:15
Right? And here, the actual monument, the actual building is in the way of like that.
对吧?这里，真正的纪念碑，真正的建筑就像这样。

01:53:22
Is in the way of writing of what you need to say, and therefore you do away

with it, right to build something new that expresses what you want to express.
是你写你想说的东西的方式，因此你要放弃它，建立一些新的东西来表达你想表达的东西。

01:53:31
Right? So different types of protestation, different types of dealing with buildings, different types of feelings of history. But in this particular case, we use, in the service.
对吧?所以不同类型的抗议，不同类型的处理建筑，不同类型的历史感受。但是在这个特殊的例子中，我们在服务中使用。

01:53:45
Of a particular ideology that is historically constructed, and that if you look at Elenburgh and his insane idea, the same reading I've given right?
一种特殊的意识形态是历史上形成的，如果你看看埃伦伯格和他疯狂的想法，和我给的相同的阅读，对吧?

01:53:56
Really something that is clearly learned, right? So one might argue that.
这是很明显学来的，对吧？有人可能会说。

01:54:02
If you're constantly know, but your religious affiliation, it's not, it's, I mean, the hardest of years there, you have to put yourself in your relationship with it. And nobody cares about this to, you know, mosquito until they do, because everybody knows the history.
如果你一直知道，但你的宗教信仰，那不是，我的意思是，那是最困难的几年，你必须把自己放在与它的关系中。没有人会在意这个，你知道，蚊子，直到他们这样做，因为每个人都知道历史。

01:54:16
He and nobody knows the history.
他和没有人知道这段历史。

01:54:18
So a very selective view of history has to be, you know, conjured up, and then the actual history is, in a way, you knock it down with something.
所以，一个非常有选择性的历史观必须，你知道，被召唤出来，然后真正的历史，在某种程度上，你用一些东西击倒它。

01:54:30
You see how that works.
你知道这是怎么回事。

01:54:34
Okay.
好吧。

01:54:34
Copy. Promise.
副本。的承诺。

01:54:40
Other questions and ideas.
还有其他问题和想法吗?

01:54:47
Falling to the popular metaphor, but I'm feeling, I'm not sure whether it's right, because we are also like doing historic researches, but we are also immersed in this sort of nationalistic atmosphere throughout.
这是一个流行的比喻，但我觉得，我不确定这是否正确，因为我们也在做历史研究，但我们也始终沉浸在这种民族主义氛围中。

01:55:05
Since our birth. So are we topic growers, but also herring addicts at the same time?
从我们出生开始。所以我们既是主题种植者，同时也是鲱鱼爱好者?

01:55:11

Basically high amount supply. And so I think, you know, that might be true. It shouldn't be true though, right? Because, of course, you know.
基本上是高供应量。所以我认为，你知道，这可能是真的。但这不应该是真的，对吧？因为，当然，你知道。

01:55:23
If you're a good academic historian, you don't please anybody, right? So you are academic and difficult. And then, you know, people react to you, like Munthi does, and say.
如果你是一个优秀的学术历史学家，你不会取悦任何人，对吧？所以你是学术和困难。然后，你知道，人们对你的反应，就像Munthi一样，说。

01:55:36
Don't really care about you, you know. And this is not a matter of historical curiosity, and you really have to come. You have to go with the code.
我不是真的在乎你，你知道的。这不是出于对历史的好奇，你一定要来。你得按规矩来。

01:55:46
Right? The difficulty, I think, is, you know, if historians, which, of course, happens quite frequently, believe that their work is relevant to a particular.
对吧?我认为，困难在于，如果历史学家，当然，这是经常发生的，相信他们的研究与某个特定的。

01:55:56
Contemporary issue, and then, you know, market themselves in their work as an answer, or at least an explication of how things work. And that is usually the things go.
当代问题，然后，你知道，在他们的作品中推销自己作为一个答案，或者至少是对事物如何运作的解释。事情通常都是这样的。

01:56:07
All right, because the moment you do actual history with the law, you realize that there are not good guys, you know, and you know that, and things that quite ruins their Complexity.

好吧，因为当你真正研究法律历史的时候，你就会意识到没有好人，你知道，你知道，还有那些破坏了它们复杂性的事情。

01:56:18
And interesting, but that is, they're not interesting to a general public who wants easy answers and who basically is very interested in, you know, having an explanation why what they believe is right.
很有趣，但是对于普通大众来说，他们不感兴趣，因为他们想要简单的答案，他们基本上对解释为什么他们认为是正确的很感兴趣。

01:56:31
Right? And this is, of course, where the copy drawer metaphor comes in, right? So.
对吧?当然，这就是“复印抽屉”这个比喻的由来，对吧？所以。

01:56:37
So even if you do historically responsible research, and even if you're not high on the other supply, and some historians, of course, are are not naming names of them.
所以即使你做的是对历史负责的研究，即使你对其他方面的研究并不热衷，当然，有些历史学家也不会指名道姓。

01:56:49
I mean, you know, they are very annoying colleagues in this regard, not here, generally speaking.
我的意思是，你知道，在这方面，他们是非常令人讨厌的同事，一般来说，不是在这里。

01:57:00
And, you know, you basically provide the material because, of course, the moment you make a complex argument, it can be taken and then simplified to the point.
而且，你知道，你基本上提供了材料，因为，当然，当你提出一个复杂的论点时，它可以被采取，然后被简化到重点。

01:57:10
That it's wrong, but suits a particular argument that people want to make.
这是错误的，但符合人们想要提出的一个特定论点。

01:57:15
So this is why, you know, just by the fact that you do this, trying to research that it's then published and usable.
所以这就是为什么，你知道，仅仅通过你做这个的事实，试着去研究它然后被发表和使用。

01:57:22
Right? And it can be twisted in any retray people actually.
对吧?实际上，它可以在任何退休人员身上被扭曲。

01:57:33
But then.
但随后。

01:57:33
Make sense. So we are in a dangerous business as historian. Yes.
讲得通。因此，作为历史学家，我们正处于一个危险的行业。是。

01:57:39
But I'm following that. But I'm also curious, like, when we are trying to write something like, we need to make some certain level of argument for this sort of argument also be sort of.
但我一直在跟进。但我也很好奇，当我们试着写一些东西的时候，我们需要做出某种程度的论证，因为这种论证也有点。

01:57:50
Like purpose driven or could be vulnerable to certain ideologies. Of course. The point is, you know, that's the frustrating.
比如目标驱动型，或者容易受到某些意识形态的影响。当然可以。重点是，你知道，这是令人沮丧的。

01:57:59
Okay. And he, of course, contemporaries of our own time, right? So when people read our stuff a hundred years from now, and you know what?
好吧。当然，他和我们同时代，对吧？所以当一百年后人们读到我们的东西时，你知道吗?

01:58:07
Is written by us, will probably be quite dateable by our interests, concerns, and viewpoints, right? So I think you are, the only honest answer one can give is to basically try To.
是我们写的，很可能会根据我们的兴趣，关注点和观点来确定日期，对吧?所以我认为，一个人能给出的唯一诚实的答案基本上就是尝试。

01:58:20
And be aware of your own assumptions and state them explicity. So, because you are talking about, you know, this.
注意你自己的假设，并明确地陈述它们。所以，因为你在谈论，你知道，这个。

01:58:28
Epistemological, historial, graphical argument. My personal letter, not anybody has to adopt it, is to say.
认识论的，历史的，图解的论证。我的私人信件，不是任何人都必须接受它。

01:58:37
You have to mock, you have to do explicit modeling. Because the answer to that of the correlative, the correlate, is implicit model. So the moment you don't layout your assumptions and say, this is.
你必须模仿，你必须做显式的建模。因为相关的答案，相关的答案，是隐式模型。所以当你没有布局你的假设并说，这是。

01:58:49
And what I'm doing, and this is why I'm doing it, and this is what I want to know, and this is where I'm coming from, and you will engage in implicit

modeling. So the idea that you can say, I'm just a historian, and I'm just doing my historian's job here. And.
我在做什么，这就是我为什么这么做，这就是我想知道的，这就是我的出发点，你们会接触到隐式建模。所以你可以说，我只是一个历史学家，我只是在做我的历史学家的工作。和。

01:59:04
The method, and it's completely objective, and, you know, let's see where it leads me. That is, basically means that you never question your assumptions.
方法，它是完全客观的，你知道，让我们看看它会把我引向何方。也就是说，基本上意味着你从不质疑你的假设。

01:59:15
That they are implicitly modeled, that they are part of what you do, and in fact, in a self reflection of why you're doing what you're doing.
它们是隐式建模的，它们是你所做事情的一部分，事实上，它们是你为什么要做你正在做的事情的一种自我反思。

01:59:22
How you're doing at that is usually the best.
你在这方面的表现通常是最好的。

01:59:25
Best way to prevent, you know, to becoming a puppy grower, because then you will be perceived as academic and difficult And, you know.
最好的办法是，你知道，避免成为一个养小狗的人，因为那样你会被认为是学院派的，难搞的，你知道。

01:59:34
Overly intellectualize. Nobody will reach this time anyway. And that's very useful. Okay. Other questions.
过度推理。反正这次也没人能到。这是非常有用的。好吧。其他问题。

01:59:44

I think might as well.
我想还是算了。

01:59:45
Like Papa, uses silence and the source of this evidence, but in silence, always evidence of only what the story wants it to be.
像爸爸一样，用沉默和证据的来源，但在沉默中，总是只有故事想要的证据。

01:59:52
As we've seen, like when silence is being used as evidence that there's no trauma, or when you also say, oh, we ignore, like the silence doesn't use as.
正如我们所看到的，当沉默被用作没有创伤的证据时，或者当你说，哦，我们忽略了，就像沉默不使用。

02:00:02
Evidence that there's actually something going on that you can look at it. So I'm just wondering how many balance that. So, basically, of course, you know, the evidence, the absence of evidence, is not the evidence of evidence.
有证据表明确实发生了一些事情，你可以看看。我想知道有多少平衡了。所以，基本上，当然，你知道，证据，证据的缺失，不是证据中的证据。

02:00:11
Right? So that would basically be, you know, how I see it, right? So that's because something does not exist, just not mean that there isn't anything there.
对吧?这基本上就是我的看法，对吧？所以这是因为某些东西不存在，但并不意味着那里没有任何东西。

02:00:19
But also the invoice, especially, right? So you can't just say, oh, nobody talks about it, so it must be hushed up or covered up, or, you know, something must be going on there.

还有发票，对吧？所以你不能只是说，哦，没有人谈论它，所以它必须被掩盖或掩盖，或者，你知道，那里一定发生了什么。

02:00:29
Right? So the question is always, you know, how can you know what? You know, right? And, you know, I think the most important point when you're actually doing historical research is.
对吧?所以问题总是，你怎么知道是什么？你知道的，对吧？我认为在做历史研究时最重要的一点是。

02:00:39
That you acknowledge what you cannot know, right?
承认你不知道的事，对吧?

02:00:44
So to essentially say, look, I would really like to know this, but there is no evidence for me to tell me, you know what there actually is. So, of course, you know, there is a possibility.
所以本质上说，看，我真的很想知道这个，但是没有证据让我告诉我，你知道实际上有什么。所以，当然，你知道，是有可能的。

02:00:54
That I'm missing something really important here, but I can only speak about what I know, right?
我遗漏了一些很重要的东西，但我只能说我知道的，对吧?

02:01:01
And then, of course, acknowledge, you know, what kind of evidence is available to you, right? So, for.
然后，当然，承认，你知道，你可以得到什么样的证据，对吧？因此,对于。

02:01:08
For instance, if you and you know what kind of level of argument and conclusions you can actually arrive.
例如，如果你知道你可以得出什么样的论证和结论。

02:01:16
Right? So you basically can have more email. I don't know that.
对吧?所以你基本上可以有更多的邮件。我不知道。

02:01:20
You have to model your, you know, credibility interval, right? Or your confidence interval. You have to say, you know, I fed a lot of information from this particular period about this Particular.
你必须建立可信区间的模型，对吧？或者说置信区间。你不得不说，你知道，我从这个特定时期提供了很多关于这个特定时期的信息。

02:01:33
Effort. You know, here are things I don't know, but I probably can make, you know, a pretty good argument on what I want to say. If you don't have any information, you just have to, I think, admit.
努力。你知道，有些事情我不知道，但我可能会，你知道，对我想说的，提出一个很好的论点。如果你没有任何信息，我认为你只能承认。

02:01:44
You know that there's nothing can say and not necessarily impute, you know that there's something else.
你知道没有什么可说的，你知道有别的东西。

02:01:50
Being hushed up, or, you know, something that is possible. And, of course, you know, we don't know a lot of things, I think about this particular case, we can only really talk about the historiography, right?
被隐瞒，或者，你知道的，有可能发生的事。当然，你知道，我们不知道很多事情，我认为在这个特殊的情况下，我们只能谈论历史编纂，对吧?

02:02:00
So we can only say, in fact, as there are so many other things, we are only focusing on this particular aspect. I think that is the finding here.
所以我们只能说，事实上，因为还有很多其他的事情，我们只关注这个特定

的方面。我认为这就是我们的发现。

02:02:08
But of course, you know what's spent on in periods and on issues that you don't know anything about. You just have to know where. We know that something happened, but we don't know what it was.
但是，当然，你知道在你不了解的时期和问题上花费了什么。你只需要知道在哪里。我们知道发生了什么事，但不知道是什么事。

02:02:17
And, I mean, this is, of course, the tragedy.
我的意思是，这当然是悲剧。

02:02:20
Of this particular ruin here, because, you know, if you have had ten field seasons here, so ten years of field work.
这片特殊的废墟，因为，你知道，如果你在这里有10个野外季节，那么10年的野外工作。

02:02:28
On that particular side, we would actually know a lot about this step, right?
在这一边，我们实际上知道很多关于这一步的信息，对吧?

02:02:34
And the fact that it was raised that relates to something entirely new, means that, that, you know, avenue has been completing for class and that you will never really know.
事实上，它的提出与全新的事物有关，这意味着，你知道，这条路已经完成了，你永远不会真正知道。

02:02:45
What happens? Five And this is, of course, the problem. If you destroy archaeological sites, you cannot reconstruct them, and you cannot regain the information that has been destroyed.
会发生什么呢?当然，这就是问题所在。如果你破坏了考古遗址，你就无法重

建它们，也无法重新获得被破坏的信息。

02:02:53
Lost.
丢失。

02:02:54
Any other questions about this.
还有问题吗?

02:02:58
Are we all good and some laugh, right?
大家都好吗，还有点笑，对吧?

02:03:07
So basically making a rubber heat into history, turning this into a, you know.
所以基本上把橡胶热变成了历史，把它变成了。

02:03:15
Narrowed into a tool, right? Excellent. Okay, so this is then, you know, a good preparation for next week. And we are going to talk about the much more.
变成一个工具，对吧？太好了。好了，这是为下周做的一个很好的准备。我们还会讨论更多。

02:03:27
Important Bubary Mosque, slash and, you know, a Yonia temple, which really gives us a sense of, you know, how these narratives are then actually constructed.
重要的巴布里清真寺，斜线，还有一座约尼亚神庙，这让我们了解到，这些故事是如何构建的。

02:03:36
And how they are very active in today's, in the modern world. And then I'm

talking a little bit about, you know, your projects and, you know, the.
以及他们在当今，在现代世界中是多么的活跃。然后我会说一点，你知道，你的项目，你知道，那个。

02:03:45
Things that you need to do in terms of assignments. And then, in the last week and before the break, you're going to move away from religious monuments all together. And you will realize that things like nationalism.
你们在作业中需要做的事情。然后，在最后一周和课间休息前，你们将一起离开宗教纪念碑。你会意识到像民族主义这样的东西。

02:03:56
And other aspects other disciplines, like can be totalized in these courses, too, right? That, you know, shape the perception of history and how the perception of history actually becomes.
其他方面，其他学科，也可以综合到这些课程中，对吧？你知道，这塑造了对历史的看法以及对历史的看法是如何形成的。

02:04:10
Contested and why these protestations are interesting, right? So the contestation here is some of this, of course, between.
有争议，为什么这些抗议很有趣？所以这里的争论是，当然，在。

02:04:20
People who want to preserve this part of monument because they're interested to capture history of the side, which is, of course, a move against a nationalist and proper reading. Because the moment you actually do Study aside.
人们想要保护这部分纪念碑，因为他们有兴趣捕捉这方面的历史，当然，这是反对民族主义和正确解读的举动。因为当你真正开始学习的时候。

02:04:33
Learner's history, the narrative in itself collapses. You cannot engage in selective memory. So the people who support this, of course, okay, so nobody cares about, as archaeologists and historians, historians in

General.
学习者的历史，叙述本身就崩溃了。你不能进行选择性记忆。支持这一观点的人，当然，没有人关心，作为考古学家和历史学家，一般的历史学家。

02:04:45
What we are interested in is high curiosity. As most people would say, all the people who would have opposed the destruction of the temple are in the same camp.
我们感兴趣的是高度的好奇心。正如大多数人会说的，所有反对摧毁圣殿的人都在同一个阵营。

02:04:56
They just believe that it's useful playing up the archaeological importance of this monument so that they don't support, you know, the narrative that, you know, india is a Hindu nation, and this is, you know, a big pledge, right? So people don't necessarily have always pure motives.
他们只是相信，夸大这座纪念碑的考古重要性是有用的，这样他们就不支持，你知道，印度是一个印度教国家的说法，这是一个很大的承诺，对吧？所以人们不一定总是有纯粹的动机。

02:05:11
While they are supporting one side or the other. But, you know, as I said, you know, selectiveness.
当他们支持一方或另一方时。但是，就像我说的，选择性。

02:05:19
Memory is what we are talking about, and this is what most people want. And the moment you become really invested in, you know how?
记忆就是我们所说的，这也是大多数人想要的。当你真正投入其中的时候，你知道怎么做吗？

02:05:28
Functions, then you're in trouble.
函数，那你就有麻烦了。

02:05:30
All right, have a good one. And I see you next week. And thank you very much for all your wonderful present cards. I do read them all.
好吧，祝你愉快。下周见。非常感谢你们精美的贺卡。我确实都读过。

02:05:40
If there is an issue, I will write back to you. But because I do this in most of my classes, I'm getting hundreds of postcards every week, and I can't answer them all.
如果有问题，我会给你回信的。但是因为我在大多数课程中都这样做，所以我每周都会收到数百张明信片，我无法一一回答。

02:05:50
But I'm reading them in order to get a sense of what people like to talk about. And, you know, have a record of your participation.
但我读它们是为了了解人们喜欢谈论什么。并且，你知道，有你参与的记录。

02:06:00
Yes, yes, really.
是的，是的，真的。
