基本上是介于，我不知道，公元前2世纪，到公元前3世纪，这500年，这实际上是一种黑盒子，我们知道里面出现了什么。

02:54
And it is a culture, and it's a period. And this is how I get to it, of intense interaction with the Indian Ocean world, and best in Asia, and the many.
这是一种文化，也是一个时期。这就是我如何做到的，与印度洋世界密切互动，最好是在亚洲，还有很多。

03:05

因为，因为它基本上告诉我们什么通过人的气体经肠道。所以在文学和文本中，你只有人们想要谈论的东西。

03:32
About, but we don't actually have a few to do, right? So the study of literary sources gives you both worlds, and the study of, you know, material culture.
大概吧，但我们并没有什么要做的，对吧？所以文学来源的研究给了你两个世界，还有物质文化的研究。

03:41
Gives you life words, right? And then you can combine the dream. And if you excavate a Roman a dream, you in anywhere, even in Roman Britain, rights or the aims of the, you know, roman world and Roman.

看看他们之间的阶级差别。这些本质上是画布组。我被震撼了，因为，你知道，画布可能。

05:22
Plant only grows in the Mediterranean like this is what Koreans and columns are about. And I showed it to, you know, colleagues of mine said, asia Minor, second century, ce And said, no, germany, it's ninth century.
这种植物只生长在地中海，这就是韩国和专栏的主题。我把它拿给我的同事

看，他们说，小亚细亚，公元2世纪，然后说，不，是德国，是9世纪。

05:32
And what you basically see. And, by the way, also with one of the cups in, you know, asian civilizations, it's amazing for the subtlos that is that.
你基本上看到的是。顺便说一下，还有一个杯子，你知道，在亚洲文明中，它的微妙之处是惊人的。

05:42
There is this enormous cultural exchange of ideas and motifs that then get.
这是巨大的文化交流思想和主题，然后得到。

Often, right, both in the West and in South Asia. Then, you know, adopted and then filled with new meaning, right? So if you look at Tamil templates, right inside.
通常，在西方和南亚都是如此。然后，你知道，被收养然后被赋予新的意义，对吧？如果你看泰米尔模板，就在里面。

05:59
In the south of India, which are very heavily influenced by mortees and techniques, right? That originally come to Western Asia, ultimately from the military.
在印度南部，这些地区深受殡仪和技术的影响，对吧？这些最初来自西亚，最终来自军队。

06:08
And vice versa, right? They have no idea that this is where it's coming from. They're going to assign particular meaning into it. But I was really interested in the mechanics of cultural exchange.
反之亦然，对吧？他们不知道这就是它的来源。他们会赋予它特殊的意义。但我对文化交流的机制很感兴趣。

06:17
Outside a traditional colonial encounter, right? So that was basically my

在传统的殖民战争之外，对吧？这就是我方法论上的兴趣所在。当然，这不是，是的，我感兴趣。

06:31
And this is, of course, not at all, you know what nationalists are interested in. And because, you know, for them, everything has to be a colonial encounter. And, of course, you know, you have this, you know, nativeist training, right?
当然，这根本不是民族主义者感兴趣的。因为，你知道，对他们来说，一切都必须是殖民地的遭遇。当然，你知道，你有这个，你知道，本土主义者的训练，对吧？

06:43
And everything has to be originally Indian and originally Hindu. At the moment, you say, you know, I'm looking at Roman traders in.
所有东西都必须是印度的，印度教的。现在，你会说，我在看罗马商人。

06:53
You know, in, in Maharashtra, that was, there was not a win. I mean, of course, you try to frame it, and it's all about Mauri and the Mauryan Maritime Network. And GALA. gala.
你知道，在马哈拉施特拉邦，没有赢。我的意思是，当然，你试图把它框定下来，这一切都是关于毛里和毛里安海事网络的。和联欢晚会。联欢晚会。

07:05
But, I mean, I think, I just think that, this reason.
但是，我的意思是，我认为，我只是认为，这个原因。

07:08
So I have some insight more to this sort of thing.
所以我对这类事情有更多的见解。

07:12
I think it's a totally shame, because I had very, very nice funding for all of

this, and it's a time they cost.
我认为这完全是一种耻辱，因为我有非常非常好的资金支持这一切，这是他们花费的时间。

07:20
Very embarrassing that I had to return it all, I promise, support for my research research. And then we get it.
很尴尬的是，我必须退还所有的钱，我保证，支持我的研究。然后我们得到它。

07:29
Never again.
我再也不会见你了。

07:32
And doing other things. It's very difficult. It's also difficult, actually, for Indians, female archaeologists themselves, to get access to material that.
做其他事情。这是非常困难的。事实上，对印度人，女性考古学家来说，获得这些材料也很困难。

07:43
You know, consider for the letter.
你知道，考虑一下那封信。

07:45
Even, and also for people who are South Asia, that lots of people usually can get paid. You know.
甚至，对于南亚人来说，很多人通常都能得到报酬。你知道的。

07:52
The passport is to a document of that copy of any heritage. Also, they sometimes get onto the most problems by access.
护照是任何遗产的副本的文件。此外，他们有时会通过访问来解决大多数问题。

08:06
And archaeologists usually notice this before everybody else, because, you know, we don't matter, right? So no State Department of no politician.
考古学家通常会比其他人更早注意到这一点，因为，你知道，我们并不重要，对吧？所以没有国务院，没有政治家。

08:22
So you get upset because, you know, I focus on getting a lot of study, and that basically means it's cost free. Signal.
所以你会不高兴，因为你知道，我专注于获得大量的学习，这基本上意味着它是免费的。信号。

08:33
And on behalf of, you know, the community that, you know, shots.
我代表，你知道，社区，你知道，射击。

08:38
People down.
人下来。

你所报道的大故事，对吧？如果你有。

Adeline and Turkey, by the way, but also with a lot of foreign missions.
阿德琳和土耳其，顺便说一下，还有很多外国使团。

08:55
You work that knowledge.
你学习这些知识。

会引发更强烈的反应，对吧？所以我们总是关注那些最先得到关注的人。

09:38

10:58
Very that informed. And I think.
非常有见地。我认为。

11:01
There isn't much of it to begin with.
一开始就没有多少。

11:03
And you be very careful as a journalist when.
作为记者，你要非常小心。

11:08
Okay, right, because the visa might be very easily revoked. So I know someone.
好吧，因为签证很容易被撤销。所以我认识一个人。

11:12
Like the guy particularly, I don't think he's particularly good journalists.
我不认为他是特别好的记者。

11:17
Drum Giant is right, but it's time for that. The mother title, which is, you know, the drum newspaper brackets, german New York Times.
鼓巨人是对的，但现在是时候了。母亲的标题，就是，你知道的，鼓报纸括号，德语纽约时报。

11:23
And he wrote a very unflattering book about, you know.
他写了一本非常不讨人喜欢的书，关于。

11:28

The way the business culture works in India. And, you know, his visa was not renewed, and then it was made very clear to him that he was never going to.
印度商业文化的运作方式。而且，你知道，他的签证没有更新，然后他很清楚地知道他永远不会去。

11:38
Be allowed to enter India ever.
永远允许进入印度。

11:40
For foreign journalists, but even Indian journalists, really, I mean.
对外国记者来说，甚至对印度记者来说。

11:47
Journalism of the last 1015 years is really thanked. There's this phrase that has come in an Indian media called Godi.
感谢过去1015年的新闻业。印度媒体上出现了一个叫Godi的短语。

11:54
Media coding means lap. So you're basically news houses are getting bought by the cronies of religions, so they've been bought by similar to, like, how Washington Post gets getting by this. And so it's the same thing.
媒体编码意味着lap。所以基本上新闻机构被宗教的密友收购了，他们被类似的收购，就像华盛顿邮报那样。这是一样的。

12:09
Happened in India. A lot of really good media houses have been bought over by corporates, and you can see the quality of journalism.
发生在印度。很多非常好的媒体机构都被企业收购了，你可以看到新闻的质量。

12:17
Really come down. So go the media is this sort of mainstream news media. And if you like, just go on youtube and look at any visuals of how these

mainstream medias Conduct.
真的下来了。所以媒体就是这种主流新闻媒体。如果你喜欢的话，去youtube上看看这些主流媒体是怎么做的。

12:29
News and conduct panels. It's just horrifying. It's like visually disturbing. It's aggressive.
新闻和行为小组。这太可怕了。就像视觉上的干扰。这是咄咄逼人。

12:35
No sense of debate or discourse, apart from the section in people down to children.
没有意义的辩论或论述，除了在人的节下降到孩子。

12:41
And Britain. So media in India, it's also like within the country. That's just.
和英国。印度的媒体也和国内的媒体一样。这只是。

12:47
News media is tricky. Print media is also tricky. There are some independent platforms like News, laundry and News in the next end.
新闻媒体很狡猾。印刷媒体也很棘手。下端有News、laundry、News等独立平台。

12:56
Frame scroll that try to push other less flattering views and more nuanced and complicated views, but they don't get mainstreams.
框架滚动，试图推动其他不太讨人喜欢的观点和更微妙和复杂的观点，但他们没有得到主流。

13:07
And of course not. The general problem is algorithmic media. So who of you actually still subscribes young people and almost out of time? So who of you still actually reads a Newspaper.
当然不是。一般的问题是算法媒体。你们中有谁还在订阅年轻人的节目，而

且几乎过时了？你们当中还有谁会读报纸呢?

13:17
Subscribe. See all the other people.
订阅。看到所有其他人。

13:20
Two or two. Get Schedule Six. Six. Sorry about that. Sorry about the drive by. So, so younger people here.
两个或两个。拿到附表六。六。很抱歉。抱歉让你开车过来。所以，这里有很多年轻人。

13:34
Who of you gets the media basically through their social media fields?
你们中有谁基本上是通过他们的社交媒体领域获得媒体的?

13:38
Exactly. So basically you have, you know, this kind of aberrethic media, and then it's been the structural slide to it, right? People don't want to read stuff that they don't exist.
完全正确。所以基本上你有，你知道，这种病态的媒体，然后它是结构性的滑向它，对吧？人们不想读不存在的东西。

13:49
Now, and that doesn't excite them overly accept them, right? And this particular kind of potential economy, of course, we do in general.
这并不会让他们兴奋过度，对吧？这种特殊的潜在经济，当然，我们一般都这么做。

13:57
Is in crisis already. So, and that, of course, you know, happens everywhere, not just in.
已经处于危机之中了。当然，这种情况到处都有，不仅仅是在。

14:04

No, it's not an Indian speciality. Okay, so welcome. Today we're going to talk about a compromise that some of you may have thought about.
不，这不是印度特色菜。好的，欢迎。今天我们要谈的是你们中有些人可能想到过的一种妥协。

14:14
But it's actually incredibly important because it really involves the largest in terms of population India.
但它实际上非常重要，因为它涉及到人口最多的印度。

14:24
And really it's at the heart of the transformation of South Asia, across, along the line. An ideology question to try, right?
它确实是南亚转型的核心，横跨这条线。这是一个意识形态问题，对吧?

14:33
Sample computers can.
样本电脑可以。

14:35
And the um.
嗯。

14:37
The debate that we are talking about initially begins with a mosque that you no longer see here because it has been destroyed. As you have read about the Barbary Mosque.
我们所讨论的辩论最初是从一座清真寺开始的，你现在看不到这座清真寺了，因为它已经被摧毁了。正如你所读到的巴巴里清真寺。

14:48
And then it's after long litigation and archaeological fieldwork, replaced with this billion dollar Hindu temple to the Hindu Gaiety Run.
经过长时间的诉讼和考古实地调查，取而代之的是这座价值数十亿美元的印度教寺庙。

14:58
And this is a very, very interesting compromacy for a number.
这是一个非常非常有趣的数字折衷。

15:03
So first of all, it is part of the controversy and the type of controversy that EFP discusses practical, right?
首先，这是争议的一部分也是EFP讨论的争议类型，对吧?

15:11
So basically, who owns the site, right? So this is, of course, you know, something that by now is very well established, right? Should it be the Christians take the table temples? The Muslims take the Christian churches.
所以基本上，谁拥有这个网站，对吧？当然，你知道，到目前为止，这是非常成熟的，对吧？应该是基督徒占领桌子庙吗？穆斯林占领了基督教教堂。

15:24
In South Asia, we have, you know, a similar pattern where most of Congress basically bid mosques on major shrines of, you know, the qualities of baby people.
在南亚，你知道，我们有一个类似的模式，大多数国会基本上在主要的圣地上建造清真寺，你知道，婴儿的品质。

15:34
We talked about how, you know, this has actually been in South Asia, in many ways, an important narrative from the West, right? That then really takes hold. And we talked about the summary.
我们讲过，这实际上在南亚，从很多方面来说，都是西方的重要叙述，对吧？然后才真正站稳脚跟。我们讨论了总结。

15:44
Example. But what makes the Ayodia Temple so interesting is that, you know this, you know, this controversy, this conversation has a many

different layers.
的例子。但是阿约迪亚神庙的有趣之处在于，你知道，这个争议，这个对话有很多不同的层面。

15:54
Right? So it's not just who is in control and who can take the place, but it's the whole procedure, right? So that essentially becomes interesting.
对吧?所以这不仅仅是谁在控制和谁可以代替的问题，而是整个过程的问题，对吧？这就变得很有趣了。

16:01
Right? So we have a conversation that goes back to colonial types. Is this site actually the site of, you know, the?
对吧?所以我们有一个回到殖民类型的对话。这个网站实际上是，你知道的?

16:10
An original capital of the program, who has the right to worship there? Who has the right to build it there? But what is then, you know, how does a decision make? Because India, of course, is not an ancient empire, right?
一个原始的资本程序，谁有权利崇拜那里？谁有权利在那里建？但接下来是什么，你知道，一个决定是如何做出的？因为印度，当然不是一个古老的帝国，对吧?

16:22
So people can't just say, let's knock it out and build something on top of it, but because it is a democracy, and it's a, you know, rule of law country, at least to some extent, you basically have to go through the motions, right? So you basically Need.
所以人们不能只是说，让我们把它敲掉，然后在上面建一些东西，但因为它是一个民主国家，它是一个法治国家，至少在某种程度上，你基本上必须走走过场，对吧？所以你基本上需要。

16:35
And, you know, court decision that basically allows you to decide, you know, who owns the side and what should happen with us.

而且，你知道，法院的判决基本上允许你决定，你知道，谁拥有这一方，我们应该怎么做。

16:44
And what is very interesting about, you know, this legal pattern is, how do you create evidence? And this is, of course, number of the historians and archaeologists become.
这个法律模式的有趣之处在于，你如何创造证据？当然，这是许多历史学家和考古学家的看法。

16:54
Really interesting. So basically that's just some of the projectations. And the site that we're talking about is called Ayodia. Ayodia, as we should see when I explained the list to you.
真的很有趣。所以基本上这只是一些预测。我们正在谈论的这个网站叫做阿约迪亚。阿约迪亚，我跟你解释名单的时候你就知道了。

17:05
Is also a mythological city in unathology, incredibly important. Also here for Southeast Asia, it is considered to be under.
也是病理学中的神话之城，非常重要。同样在东南亚，它被认为是低于。

17:16
Place of a great hero called Ram, who, over the centuries, is considered to be an avatar vision, right? So basically one of the great Hindu deities.
这里有一个伟大的英雄叫拉姆，几个世纪以来，他被认为是一个化身，对吧？所以基本上是印度最伟大的神之一。

17:25
And the site is a small, you know, provincial town under the British Empire. And then in the British Empire, is part of these narratives that we've discussed in.
这个地方是大英帝国统治下的一个小镇。然后是大英帝国，这是我们讨论过的故事的一部分。

17:36
Regards to the some left temple, hindu nationalists claim that the mosque that stands at the center of this ancient city is built over a temple, over a Hindu temple.
关于一些左寺庙，印度教民族主义者声称，这座清真寺矗立在这座古城的中心，是在一座寺庙之上建造的，在一座印度教寺庙之上。

17:47
And that the Hindu temple is, of course, the shrine to Ram, because Ram is the deity associated with Ayodia, and that the temple must have been built above his birthday.
当然，这座印度教寺庙是罗摩的神殿，因为罗摩是与阿约迪亚有关的神，这座寺庙一定是在他生日之后建造的。

17:59
Right? Let's be very clear about that. There's zero evidence for this, right?
对吧?让我们把这一点弄清楚。没有证据证明这一点，对吧?

18:06
No, and, you know, hindu source, and says, you know, there was a template to Ram in a yodia, and a temper stood on its verified all of that.
不，你知道，印度教的来源，说，你知道，在吠陀中有一个关于Ram的模板，一个脾气站在它上面证实了这一切。

18:15
Is, you know, inference from, you know, narratives that mostly British colonializes, spread, right? So, basically, yes, every.
是，你知道，从，你知道，主要是英国殖民，传播的叙述中推断出来的，对吧？所以，基本上，是的，每一个。

18:24
And mosque stands over a Hindu temple. Then people wonder, which temple might that have been? If this ayad yet must be wrong? Where would have people build a temple to run? Oh, they must have built it over.
一座清真寺矗立在一座印度教寺庙之上。于是人们想知道，那可能是哪座寺

庙呢？如果这句话一定是错的？人们会在哪里建造寺庙来运行？他们肯定把它盖起来了。

18:34
So zero evidence, right?
所以没有证据，对吧？

18:36
Then, and, you know, we have various Hindu, muslim groups contesting the site. Then, suddenly, in the fifties.
然后，你知道，我们有各种各样的印度教，穆斯林团体在争夺这个地方。然后，突然，到了50年代。

18:44
People start bringing statutes of Rama to the temple that miraculously appear there, right? Even though everybody knows they've been actually counted in the very real people, but it's considered to be a miracle.
人们开始把罗摩的雕像带到寺庙奇迹般地出现了，对吧？即使每个人都知道他们实际上已经被计算在非常真实的人，但这被认为是一个奇迹。

18:55
Until in the eighties, a Hindu mob basically tests down the mosque. Then the site is barren, right? And it's contested, literally for decades, right?
直到80年代，一群印度暴徒基本上都在试探清真寺。那么这个地方是荒芜的，对吗？争论了几十年，对吧？

19:07
That owned the site is actually the site of Muslim prayer. Is it the site of Hindu prayer? What should happen with it? Until, and, you know, very recently.
拥有这个地方的人实际上是穆斯林祈祷的地方。这是印度教祈祷的地方吗？接下来会发生什么？直到，你知道，最近。

19:16
Just a few years ago, the beginning of Supreme Court decides that a

temper can be built on the site by a computer, basically, business, you know, $1000000000 temple, then, interestingly, is Personally.
就在几年前，最高法院决定，一个脾气可以通过电脑建立在网站上，基本上，商业，你知道，10亿美元的寺庙，然后，有趣的是，是个人。

19:26
Concentrated by Modi, even though Modi himself is not a problem and actually has no business.
尽管莫迪自己不是问题，实际上也没有业务，但他还是集中在莫迪身上。

19:32
Is concentrating, but never you mind. So these are all things that that give you, that give, you know, the contestation and nutshell that you're going to look at and write in Detail.
是在集中精力，但别介意。所以这些都是给你的东西，给你的论点和概要，你要看的和写的细节。

19:40
But the question, of course, is, when you have a contestation in a rule of law, country, right with laws.
但问题是，当你在一个法治国家，有法律的权利，发生争论时。

19:47
And if you have a secular authority deciding on to whom, to whom, this.
如果你有一个世俗权威来决定给谁，给谁，这个。

19:53
What is the evidence upon which you basically build these claims? Right? And this is something that interests me a great deal, because the people who are basically brought in.
你提出这些主张的依据是什么？对吧?这是我非常感兴趣的事情，因为基本上被带进来的人。

20:04
To adjudicate whether this site should be a Hindu temple or a Muslim

mosque.
判定这个地方应该是印度教寺庙还是穆斯林清真寺。

20:13
Our archeologists. And this basically brings me to a topic that is dear to my heart that we are going to discuss in some detail.
我们的考古学家。这基本上把我带到了一个我非常关心的话题，我们将详细讨论这个话题。

20:21
And this is, of course, you know, how archaeologists are imagined in popular culture, also by the legal administration, how this has nothing to do with good archaeology.
当然，这就是大众文化对考古学家的想象，也是法律部门对考古学家的想象，这与优秀的考古学毫无关系。

20:31
Has anyone, have you seen this movie?
有人看过这部电影吗?

20:33
Okay. So this is a B, this is a Bollywood movie. And that Bollywood movie basically is very interesting because it deals with the myth of ram that you're going to look at in the normal.
好吧。这是B，这是一部宝莱坞电影。那部宝莱坞电影基本上很有趣因为它讲述了公羊的神话你们将在正常情况下看到。

20:44
And, and basically shows you how the public imagines archaeology to work. Right? So, and the myth of round that we're going to get into in a second. Among other things, includes.
基本上向你展示了公众对考古工作的想象。对吧?那么，我们马上就会讲到关于圆的流言。除其他事项外，包括。

20:56

The myth that this coral reef here between Sri Lanka and southern India is a bridge that monkeys built for the hero Ram, in his case, to conquer the eye.
传说斯里兰卡和南印度之间的珊瑚礁是猴子们为英雄公羊建造的一座桥，用来征服眼睛。

21:08
Right? Which is why, by the way, just in order to give you an introduction to the color of myth and all attempts to basically cut a shipping channel.
对吧?这就是为什么，顺便说一下，为了给你们介绍一下神话的色彩以及所有试图切断航运通道的尝试。

21:18
Through this coral reef have been shot down because Hindu nationalists have insisted that this is the desecration of a sacred monument.
因为印度教民族主义者坚持认为这是对神圣纪念碑的亵渎，所以这片珊瑚礁被击落。

21:28
And proof of Hindu myth, and therefore you can't do anything to it. Okay, so how does this movie come in this movie? Which is because if you'd like to hear the nationalist movie, it's about this handsome gentleman. It's about here.
这是印度教神话的证据，所以你不能对它做任何事。好吧，那么这部电影是怎么来的呢？这是因为如果你想听民族主义电影，它是关于这位英俊绅士的。大概在这里。

21:39
And he's a secular archaeologist from the ASI, or the Archaeological Survey of India. He is portrayed as a nonbeliever, right? A man of science, right?
他是来自印度考古调查局（ASI）的世俗考古学家。他被描绘成一个无信仰者，对吧？一个科学家，对吧？

21:51

And his job is to essentially determine for the Archaeological Survey of India whether this.
他的工作就是为印度考古调查确定这是否。

21:58
Land bridge is a natural phenomenon. However, it's actually a.
大陆桥是一种自然现象。然而，它实际上是。

22:06
Widely constructed bridge. And as you can imagine, of course, it is a divinely constructed bridge, right? So he is essentially going through his.
广泛建造的桥梁。当然，你可以想象，这是一座神造的桥，对吧？所以他实际上是在经历他的。

22:17
Conversion moment, like is the secular, you know, archaeologist. And finally, through studying the material remains of the speech, or the speech in particular.
皈依的时刻，就像世俗的，你知道的，考古学家。最后，通过研究演讲的残余材料，尤其是演讲。

22:27
Is persuaded that all the myths are true, right? And that is, of course, you know, a very strange way in which people understand archaeology. We are going to talk about how this is not told archaeology.
相信所有的神话都是真的，对吧？当然，这是人们理解考古学的一种非常奇怪的方式。我们将讨论这是如何不被告知考古学的。

22:39
She does. But it is, of course, the popular imagination of what archaeologists do, right? So if you can think of various movies and popular presentations of archaeology.
她做的。但这当然是大众对考古学家工作的想象，对吧？所以如果你能想到各种关于考古学的电影和流行的演讲。

22:50
That you have encountered in, you know, you are, I don't know, being a person of the 20, first century, is that a common thing that archaeologists are just believed to be scientists? And then they basically determine.
你所遇到的，你知道，我不知道，作为一个20世纪的人，考古学家被认为是科学家，这是一件很常见的事情吗？然后他们就决定了。

23:03
What the ancient truth of, you know, a certain series of event is, does come across that. It's not what we do at all right. But it is a very interesting, it's a very interesting way of framing archaeology, and, you know, using this.
古老的真理是什么，你知道，一系列事件是什么，确实遇到了。这根本不是我们的做法。但这是一个非常有趣的，这是一个非常有趣的方式来构建考古学，并且，你知道，使用这个。

23:18
Completely ludicrous frame to actually try to understand, you know, how the past can be actually actualized in a.
试图去理解过去是如何在一个。

23:28
So before we talk about a Yodia, I briefly want to talk about the myth of wrong, and briefly talk about why he matters so much. Are you all familiar with wrong?
在我们谈论尤迪亚之前，我想简单地谈谈错误的神话，并简单地谈谈为什么他如此重要。你们都熟悉错误吗?

23:38
Has anyone of you read the Ramayana, for instance? Not everybody here. Okay, fine. So let me just explain, you know, why are your idea matters and the raw matter, so that you get the terms of the debate.
你们有人读过《罗摩衍那》吗？不是这里的每个人。好的,很好。让我来解释一下，你知道，为什么你的想法和原始材料很重要，这样你就能得到辩论的条件。

23:50
So, by the way, I'm showing you illustrations from the Muga manuscript. The Mugas are the Muslim rulers of India.
顺便说一下，我给你们看的是穆加手稿中的插图。穆加家族是印度的穆斯林统治者。

23:59
So if you are actually looking at the oldest representations, at least on manuscript that you're dealing with, mostly manuscripts of the middle from and not in Hindu.
所以如果你真的在看最古老的表现形式，至少在你正在处理的手稿中，大部分是来自印度而不是印度的手稿。

24:08
But the story basically goes like this. Ram is the prince of Ayodia.
但故事基本上是这样的。拉姆是阿约迪亚的王子。

24:15
And he is supposed to be the king of a yoga So he is his father, the old king, right? And on the day that he is going to be pronounced apparent, he is through a plot by his evil stepmother, kind.
他应该是瑜伽之王所以他是他的父亲，老国王，对吧？而就在他即将被宣布显灵的那一天，他是通过他邪恶的继母的阴谋，善良的。

24:31
He excites to the forest with his brother, lectureman and his wife, cita. Right? So that is essentially how the story begins, right? So basically, he is the great hero.
他和他的哥哥，讲师和他的妻子西塔一起去了森林。对吧?这就是故事的开始，对吧？所以基本上，他是伟大的英雄。

24:42
He is the effigy of Shatriar values, of his particular cars, of his warrior cars. And he then basically goes into the forest, right? Because he has been.

他是沙特里亚价值观的化身，他的特殊汽车，他的战士汽车。然后他基本上进入了森林，对吧？因为他一直都是。

24:52
X out there and in this forest, while he and his brother, let's say ben's his brother, our exile, citar, you know, who is the ideal Hindu wife is being?
X在森林里，当他和他的兄弟，假设本是他的兄弟，我们的流亡者，你知道，谁是理想的印度妻子？

25:02
Abducted by an evil, ten headed demon called Ravala, right? Who happens to be the demon king of Lanca, right, which is then.
被一个叫拉瓦拉的十头恶魔绑架了，对吧？他恰好是兰卡的恶魔之王，对吧，那时候。

25:13
Considered to be free LANCA. And, you know, the great story of realm is how he gets a back, right? And here we actually see this in and leave from Java, the parabonal. So here you see.
被认为是免费的LANCA。你知道，realm的伟大故事就是他是如何回归的，对吧？我们在Java中看到了这个抛物线。你可以看到。

25:23
And, you know, right now, the Inner King, adapting theater.
而且，你知道，现在，内心之王，改编戏剧。

25:27
And on his journey to basically find the Evadema king.
他踏上了寻找埃瓦迪马国王的旅程。

25:32
Our friends, the Super Andra, basically at lists the health of an army of monkeys by helping, you know, an excise monkey prince become king and his great advisor. And all of this is, you know, the monkey deity, hanumah.
我们的朋友，超级安德拉，基本上是通过帮助一个猴子王子成为国王和他的

伟大顾问，来记录一群猴子的健康状况。所有这些都是，你知道，猴子神，哈努玛。

25:50
If you're of Chinese descent or no, because that's the monkey king, right? And with the help of the monkey king M, he basically then goes to Sri Lanka.
不管你是不是华裔，因为那是孙悟空，对吧？在美猴王M的帮助下，他去了斯里兰卡。

26:02
And crosses over, and ultimately, you know, kills Rabana, the eagle demon king, and gets citan ass. Right now, this is an old myth, and the Smith is told, and that's very important in many different registers. So they're about a thousand Ramadanas, right?
最后，你知道，杀死了拉巴纳，鹰魔王，得到了一个公民的屁股。现在，这是一个古老的神话，史密斯被告知，这在许多不同的记录中都很重要。大概有一千斋月，对吧?

26:17
And then the two main versions that exist, and, you know, an older one, which actually gives CITA much more agency, and a more recent one under the group does, but trophy Does.
现在有两个主要的版本，一个旧的版本，实际上给了CITA更多的代理权，还有一个最近的版本，在集团之下，但是奖杯。

26:28
Who basically turns her into an effigy. And that is, you know, a very, very important story throughout South Asia, right? Because in the way that these myths are told, in particular, in, you know, the two main tellings of.
他把她变成了一个雕像。这在整个南亚是一个非常非常重要的故事，对吧?因为在这些神话的讲述方式中，特别是，你知道，有两种主要的讲述。

26:43
Rama gala Ram is an idea king, but he's the representation of human

values, and he's the representation.
罗摩·加拉·拉姆是一位思想之王，但他是人类价值观的代表，他是代表。

26:50
Of communication, right? Which is why, you know, iodia.
沟通，对吧？这就是碘的由来。

26:55
In Hindu and South Asian political thought, but also in religion, is the ideal city, right? So here in a southern England temple.
在印度和南亚的政治思想中，以及在宗教中，理想的城市是什么？在英格兰南部的一座寺庙里。

27:06
You see a model of Ayodia, right, as you know, the divine city. And of course, when we are actually going to Southeast Asia. So who of you has been to Uncle Tom and unclear.
你可以看到阿约迪亚的模型，对吧，你知道，神圣之城。当然，当我们真正去东南亚的时候。你们中有谁去过汤姆叔叔家，不清楚。

27:18
Anyone of you in that is, of course, modeled after a Yordia, right? So basically, all of these South Asian kings, they are familiar with the story of the Ramadana Ram is The.
你们中的任何一个人，当然，都是以约迪亚为原型的，对吧？所以基本上，所有这些南亚的国王，他们都很熟悉斋月的故事。

27:29
An ideal king of, you know, indic and then also later, buddhist.
一个理想的国王，你知道，先是印度，后来是佛教。

27:35
And qualities. What is the name of the current typing?
和品质。当前输入的名称是什么？

27:40
So basically, all type things are called drama after after Ram, right? Because he is the ideal model of kingship, right? So.
所以基本上，所有类型的东西都以Ram命名，对吧？因为他是王权的理想典范，对吧？所以。

27:52
You know, he really matters as a symbol of him. Rule, you know, rule. And as a matter of fact, if you go to the anchor, what right?
作为他的象征，他真的很重要。规则，你知道，规则。事实上，如果你去锚点，什么权利?

28:02
The reliefs that you see at the m Cowat. And here I'm just showing you a scene that you should well now recognize, and shows, you know, scenes from the Ramaganda. Who is that obviously?
你在m奶牛上看到的浮雕。现在我给你们看一个你们应该很熟悉的场景，这是《拉马干达》中的场景。那显然是谁?

28:13
This is rather than the Eva demon king, right? Of Lanca, because he has ten heads, right? So basically wrong is the?
这不是伊娃魔王，对吧？兰卡，因为他有十个头，对吧？所以基本上错的是?

28:21
Prototype of a good indic, you know, sense, critic, if you would like king, right? This is why Ayodia matters such a great deal. It also just.
一个好的印度的原型，你知道，感觉，批评家，如果你喜欢国王，对吧？这就是阿约迪亚如此重要的原因。它也只是。

28:34
Order to give you a sense of, you know how, and this spreads across Southeast Asia, I'm showing you a series of temples on Java, but this is the primary nun.

为了让你们了解，这是如何在东南亚传播的，我给你们看爪哇的一系列寺庙，但这是最主要的尼姑。

28:45
And if you look at the three main temples here, these are all temples with them, you know, in the inlo deities, of course, the main Hindu deities, right?
如果你看这里的三个主要寺庙，这些都是寺庙，你知道，在印度的神，当然，主要的印度教神，对吧?

28:54
And you in this temple have the story of the Rama Yama, again, told. So there's a particular phrase that I showed you.
在这座寺庙里，你会再次听到罗摩·Yama的故事。我给你们看了一个特别的短语。

29:04
That is actually taken from them, right? So, sara, really, at least putting this out is a big deal, right? He is the ideal king, and he is also the preserver.
这实际上是从他们那里得到的，对吧？所以，莎拉，真的，至少把这个放出来是件大事，对吧？他是理想的国王，也是守护者。

29:15
Of the social order of things, which, of course, in a South Asian contest, is the cast order, right? You're familiar with the contest of caste.
事物的社会秩序，当然，在南亚的竞争中，是铸造秩序，对吧？你对种姓之争很熟悉。

29:26
Right? So it's basically, you're born into it, and you basically have to live according.
对吧?所以基本上，你出生在其中，你基本上必须按照它生活。

29:34
To the presets, according to the, you know, rules of the Dharma, of your cats. Right on top are the Brahmins, you know, the priests and academics,

or the private structures. There's the Northern Indian version. There's the Southern Indian version. And not get to get into too many details here.
根据，你知道的，佛法的规则，你的猫的预设。最上面的是婆罗门，你知道，牧师和学者，或者私人建筑。这是北印度的版本。这是印度南部的版本。这里不要讲太多细节。

29:50
The Chatriyers, who are essentially the warriors and kings, right? So Ram is a chatrier, then they have devices who are merchants and landowners. Most people be overwhelming.
这些骑士，本质上是战士和国王，对吧？所以拉姆是一个骗子，然后他们有商人和土地所有者。大多数人都势不可挡。

30:00
You know, parts of societies are Sudras. So they are basically the peasants, the farm workers. And then you have the delete here and touchboards right below them, who are other enough, who have known cars.
你知道，社会的一部分是苏达罗。所以他们基本上是农民，农场工人。然后你在这里有删除和触摸板就在他们下面，他们是足够其他的，谁知道汽车。

30:12
Right. And the point of cast is that, you, you know, based on how good you are a member of your particular cast, right?
正确的。演员阵容的关键是，你知道，取决于你在特定演员阵容中的表现，对吧?

30:22
You are going to be born into a better life, right? So every cast has a specific set of rules, right? So it's called Dharma, and the dharma of the shooters is different than the dharma of Shakratrias. And the Dharma of the Brama is different than of the vices. So basically it's a system of strict software.
你会出生在一个更好的生活，对吗？所以每个剧组都有一套特定的规则，对吧？所以这叫做佛法，射手的佛法和释迦牟尼的佛法是不同的。梵天的法与

罪恶的法不同。所以基本上它是一个严格的软件系统。

30:36
Right? So you basically have to fit with in your task. Within your task. You have to and, you know, live up to the and, you know, social ideas of your task.
对吧?所以你基本上要适应你的任务。在你的任务范围内。你必须，你知道，不辜负你的任务，你知道，社会观念。

30:46
And throughout, you know, various versions of the Ramayana is actually portrayed as an holder of this holder. So here, for instance, you see a famous scene.
在《罗摩衍那》的各个版本中，实际上都被描绘成一个持持者。举个例子，这里有一个著名的场景。

30:55
Again in Farsi writing, right? Because this is a mover manuscript. You see him, you know, executing a man here. What was his crime, right? He was a shooter who went into the forest to pray like a Brahman.
还是用波斯语写的？因为这是一份移动手稿。你看到他在这里处决一个人。他犯了什么罪？他是一名射手，他像婆罗门一样进入森林祈祷。

31:08
Right? And you might think that, you know, it's a good thing if you are a highest person and want to, you know, engage in ascetics. And, you know, read the holy text under this system. This is terrible.
对吧?你可能会想，如果你是一个位高位高的人，想要从事苦行，这是一件好事。在这个体系下读圣经。这太可怕了。

31:21
Right? Because that's something a Dharma, right? So basically, in the poem, or in various versions, you know, RAM, you know.
对吧?因为这是一种“法”，对吧？所以基本上，在诗歌中，或者在不同的版本中，你知道，RAM，你知道。

31:30
Meets with this guy and says, you know, you are really putting the cosmic order in danger, because you should be the person.
和这个人见面，然后说，你知道，你真的把宇宙秩序置于危险之中，因为你应该是那个人。

31:40
Who is, you know, working the fields? And then, if you do a good job, you know, in this particular life, then you might be reborn as a problem, but not now. And the guy is in China. Gentlemen.
谁在地里干活？然后，如果你做得很好，你知道，在这特殊的一生中，你可能会重生为一个问题，但不是现在。这个人在中国。先生们。

31:51
He's brutally executed, right? So this is, you know, someone who really is perceived as incarnation of the Indian social order. And in later, the later tradition, he actually becomes an avatar Traditional.
他被残忍地处决了，对吧？所以，你知道，他真的被认为是印度社会秩序的化身。在后来的传统中，他实际上变成了一个化身。

32:04
So the story that is told that it's important is that, you know, rabala, that even gets a boom.
所以说，重要的是，你知道，拉巴拉，它甚至得到了繁荣。

32:11
From Brahma, sort of one of the supreme dates of the cosmos. And he basically says that he wants to be invincible, and he lists all the creatures he wants to be invincible against.
梵天，宇宙的最高日期之一。他基本上说他想要无敌，他列出了所有他想要无敌的生物。

32:23
But because he's so arrogant, he forgets humans, right? So he can only be

hurt by a human being. And then visional, you know, one of the great.
但因为他太傲慢了，他忘记了人类，对吧？所以他只能被人类伤害。然后是视觉上的，你知道的，伟大的。

32:32
Hindu abilities, concepts really decides to be reborn as a human, right and have a human avatar. Actually, he's split into various pieces. You know, large amount is also part of it, but most of it goes.
印度人的能力、观念真的决定了重生为一个人，有权拥有一个人的化身。事实上，他被分成了不同的部分。你知道，大量也是其中的一部分，但大部分都去了。

32:48
To RAM, and then basically as RAM, as, you know, the second coming official as kids write about. And this is why he's also so incredibly important.
到RAM，然后基本上是RAM，你知道，就像孩子们写的那样，第二次正式到来。这也是他如此重要的原因。

32:57
That's basically wrong than because it's promoted from hero to God, right? Or to our half day at here. So I'm just saying that this is a complicated story.
这基本上是错误的，因为它是从英雄提升到上帝的，对吧？或者是我们在这里的半天。我只是说这是一个复杂的故事。

33:06
And I didn't just tell you this in order to give you a brief introduction into what the myth is, but also to give you a sense what myth is, what is myth, as opposed to history.
我告诉你们这些不仅仅是为了给你们简要介绍神话是什么，也是为了让你们了解什么是神话，什么是神话，而不是历史。

33:18
How does myth work? How does mythology work as opposed to, you

know, history?
神话是如何运作的？神话和历史有什么不同？

33:26
It's an article of faith. But what's the point of myth? So I basically already alluded to the fact, you know, that the theater goes through various tellings to various instantiations, right?
这是一种信仰。但神话的意义是什么？所以我基本上已经暗示了一个事实，你们知道，戏剧经历了各种各样的讲述，各种各样的实例，对吧？

33:38
But what is myth? Has anyone ever thought about what a myth is?
但什么是神话？有人想过什么是神话吗？

33:42
What a myth is as opposed to history? Because there's an enormous desert, there's a crucial difference. What's a myth? What's history?
与历史相对的神话是什么？因为这是一个巨大的沙漠，所以有一个关键的区别。什么是神话？历史是什么？

33:52
Of how a past you look at, even if you found them, and you just like it. So the myth is a story, and mythology is how you tell that story. And one of the category errors.
你如何看待一个过去，即使你找到了他们，你只是喜欢它。所以神话是一个故事，而神话就是你如何讲述这个故事。其中一个分类错误。

34:05
That people have made Sampinarting century, and that we are going to get into. It's precisely the category area that you're reporting here, that, you know, there is a historical truth to a myth.
人们创造了一个世纪，我们即将进入这个世纪。这正是你在这里报道的类别领域，你知道，一个神话有一个历史真相。

34:17

But the myth is just, you know, an abellished story about something that actually really happened, right? When, of course, mythology is nothing of the kind, right?
但这个神话只是，你知道的，一个关于真实发生的事情的虚构故事，对吧？当然，神话不是这样的，对吧？

34:28
And a myth doesn't have usually any grounding in history, right? But what is the point of a myth?
神话通常没有任何历史依据，对吧？但神话的意义是什么？

34:35
What's the point of a list? It's like a general consensus that people believe in and shared between. So it is a story that everybody can take up.
列表的意义是什么？这就像一个普遍的共识，人们相信并分享。所以这是一个每个人都可以接受的故事。

34:48
And then tell in a particular way in order to make a particular point, right? And it sort of like tells you what you should be or what you should do exactly. So, for instance, who of you has seen Christopher norden's obviously.
然后用一种特定的方式来表达一个特定的观点，对吧？它就像是告诉你应该成为什么样的人或者你应该做什么。举个例子，你们中有谁看过Christopher norden的。

35:05
Really.
真的。

35:05
So, hugh, okay, so Christopher, now is honesty movie, which was a lot discussed in the Anglophone press, right? Is based on a myth, which is the myth of.
那么，休，好吧，克里斯托弗，现在是诚实电影，英语国家的媒体讨论了很

多，对吧？是基于一个神话，这就是神话。

35:15
Opposite, opposites. Right now, A lot of people have then bitterly complained that this is not homeless, obviously.
相反的,对立的。现在，很多人都痛苦地抱怨这显然不是无家可归。

35:24
From the point, yes, but from the point of someone who understands myth and mythology, and you really have.
从某种意义上说，是的，但从一个了解神话和神话的人的角度来看，你真的有。

35:31
To get this, you know, a difference straight here is that this is not a flaw at all, because the myth just provides the general theme.
要明白这一点，这里的区别在于这根本不是一个缺陷，因为神话只是提供了一个总的主题。

35:41
And the person, and his theme is open to everybody, and you can retell it any which way you like, right? So Homer did not invent for this years, and he did not invent the story of the Odyssey.
这个人，他的主题是对所有人开放的，你可以用任何你喜欢的方式复述，对吧？所以荷马没有发明这一年，他没有发明奥德赛的故事。

35:53
But he told his own version of the story, which is a fantastic story. And I would really, you know, encountered audio to read it. And it has been said that Vesta literature, all of Vesta literature, shakespeare, you know.
但他讲述了他自己的版本，这是一个奇妙的故事。我真的会，你知道，遇到音频来读它。据说灶神星文学，所有的灶神星文学，比如莎士比亚。

36:08
Good order. And what have you not is a footnote to be, obviously, and

that's actually true, and because that's a fantastic self aware text.
良好的秩序。很明显，你没有做的是一个注脚，这是真的，因为这是一个非常棒的自我意识的文本。

36:17
Which is about the power of preservation and the power of imagination. Because, so this is, of course, in the audience, is primarily a liar, right? So basically, when he tells the story of.
这是关于保存的力量和想象力的力量。因为，所以，当然，在观众中，主要是骗子，对吧？所以基本上，当他讲这个故事的时候。

36:28
The Cyclops, and what have you on. It's his telling of the story, and it's a motivated story. And the poet, without resolving, you know, the tension being set to you, and says, this may all be his sailors.
独眼巨人，还有你身上的什么。这是他讲述的故事，这是一个有动机的故事。诗人，没有解决，你知道，给你的紧张，说，这可能都是他的水手。

36:40
It may all be untrue, right? But the point is, you know, that that's Homer. He's writing this in around 600 BC, and he, in 600 BC, has certain.
这可能都是假的，对吧？但重点是，那是侯默。他写于公元前600年左右，公元前600年，他有一定的。

36:49
Ideas of telling, right? And this particular story, christopher Nolan is also telling the story of Odysseus, who, of you have seen the movie.
讲述的想法，对吧？这个特别的故事，克里斯托弗·诺兰也在讲奥德修斯的故事，你们可能看过这部电影。

36:57
What is the, the, what is Christopher lowland's take or this year? So what kind of guy is he? It's a lot about guilding.
克里斯托弗·洛兰今年的收入是多少？他是什么样的人？这是关于指导的。

37:06
Exactly. So he is a PTSD veteran with a drug problem, you know, on Calypsus Islands, which is really.
完全正确。他是个有吸毒问题的创伤后应激障碍老兵，住在卡利普苏斯群岛，真是。

37:15
I mean, not want to miss this, but it doesn't matter. So he is the guy who engineers the fall of Troy. He feels terrible about it.
我是说，我不想错过这个，但没关系。所以他就是策划特洛伊陷落的人。他对此感到很难过。

37:26
Right? Deeply guilt, written PTS. Deemed by all the horror he appears among, you know, the horrible tasks of the Trojan Hall.
对吧?深深的内疚，写PTS。因为他出现在特洛伊大厅的恐怖任务中。

37:33
And then he loses all his friends and crewmates on his return, and then he basically ends up.
然后他回来的时候失去了所有的朋友和船员，然后他基本上就。

37:39
On this island of the God of Calypso, what happens to me is it's just easy to turn around. And, you know, she gives them light loads so that you can forget. So this is this opening.
在这个卡利普索之神的岛上，对我来说，转身就很容易。而且，你知道，她给他们轻负荷，这样你就可以忘记了。这就是这个开口。

37:50
Problem, and then he basically comes back and finally realize that he has to go home to his wife, right? So it is a very American thing, right?
问题，然后他基本上回来了，最后意识到他必须回家找他的妻子，对吧？所以这是一件非常美国的事情，对吧?

38:01
It really, really speaks right to contemporary American audiences. And my point is, even though I find this uninteresting.
它真的，真的对当代美国观众说得很对。我想说的是，尽管我觉得这没什么意思。

38:10
Not American. And I don't, you know, buy this entire Wounded Hero nonsense, but that is my personal socialization.
不是美国人。你知道，我不相信这些受伤英雄的废话，但这是我个人的社交方式。

38:19
Is that it is still a good odyssey, right? Because Nolan has taken the myth, its core elements, its stories, and he's retelling that story.
这仍然是一个美好的奥德赛，对吗？因为诺兰把这个神话，它的核心元素，它的故事，重新讲述了这个故事。

38:31
In a way that his audience cares about, right? So, so in this sense, christopher lowden's odyssey says, huge success.
以他的听众关心的方式，对吧？所以，在这个意义上，克里斯托弗·洛登的《奥德赛》说，巨大的成功。

38:40
It's just an American Odysey, by the way, a much better American odyssey with George Cuny is a much better.
这就是美国的奥德赛，顺便说一下，和乔治·康尼一起的美国奥德赛更好。

38:45
Acting on their daily and his Oh, brother were Art Bell. Have you seen that movie by the Cohen brothers? That's very good. That is very much at the spirit of Homer. Because, you know.
他们的日常生活和他的兄弟是阿特·贝尔。你看过科恩兄弟的那部电影吗？那很好。这正是荷马的精神所在。因为，你知道。

38:56
Odysseus has played by to me as a comment, and it makes perfect sense to me. But anyway, you know, that is an American odyssey from the nineties.
奥德修斯对我来说是一个评论，这对我来说很有意义。但无论如何，你知道，这是90年代的美国奥德赛。

39:07
This is an American odyssey from the 2020s. Homeless Policy is a Greek, you know, odyssey from the M 600 BC, right?
这是21世纪20年代的美国奥德赛。《流浪者政策》是希腊的，你知道，公元前600年的奥德赛，对吧?

39:16
And this is what myth is, and that's important to understand, because what is therefore myth absolutely not.
这就是神话，理解这一点很重要，因为什么是神话绝对不是神话。

39:22
It's not the truth. And the point is not that it actually speaks to one particular fact, historical fact that happened in the past.
这不是事实。重点并不是它实际上讲述了一个特定的事实，发生在过去的历史事实。

39:34
The point of mr swat.
斯瓦特先生的观点。

39:36
To communicate an idea, to communicate an idea to the person. To talk to a pressed audience.
传达一个想法，把一个想法传达给那个人。对紧张的听众讲话。

39:43

And he has basically persuade that present audience, or to basically navigate to that audience what they are thinking about through a story that everybody knows.
他基本上说服了在场的观众，或者通过一个大家都知道的故事引导观众他们在想什么。

39:54
Which is another point that's important about mythology. Mythology is not a story that you read. And then you say, oh my God, I never saw that coming. But, you know the story, who of you has ever seen a?
这是另一个关于神话的重要观点。神话不是你读的故事。然后你说，我的天哪，我从没想到会这样。但是，你们知道这个故事，你们中有谁见过?

40:06
As a kid, or even as an adult, A movie of on grimm's fairy tales. You know, beauty of the Bees, cinderella. Have you seen that?
作为一个孩子，甚至作为一个成年人，一部格林童话的电影。你知道，蜜蜂之美，灰姑娘。你看到了吗?

40:15
When you watch the movie, do you really want to know whether Cinderella is going to get her friends? You know, that she's going to get the friends right? So you know the story. So why are you watching the movie?
当你看电影的时候，你真的想知道灰姑娘是否会得到她的朋友吗？你知道，她会得到朋友，对吗？所以你知道这个故事。那你为什么要看这部电影?

40:26
Why are you watching? Why are you watching the movie? If you know the characters, if you know the story, if you know how it's going to go, why are you still interested and invested in the movie.
你在看什么？你为什么在看电影？如果你了解了角色，了解了故事，知道了故事的发展，为什么你还会对这部电影感兴趣并投入其中呢?

40:35
The presentation, the presentation. And what are you interested in? You

are interested in the take that the director?
演示，演示。你对什么感兴趣？你对导演的拍摄感兴趣吗?

40:44
Takes on that particular story. How is that story told for our generation? Right? So this is, you know, that is what myths loves. It takes a story everybody knows.
讲述那个特别的故事。这个故事是如何向我们这一代人讲述的？对吧?这就是，你知道，这就是神话所喜欢的。这需要一个大家都知道的故事。

40:55
Because you've been raised by it, and then basically tells the story again.
因为你是被它养大的，然后又把故事讲了一遍。

40:59
For our time. And actually, the tenth line of the Introduction of the Odyssey says, you know, news, tell the story for our times too, right? So, basically.
为了我们的时代。实际上，《奥德赛导言》的第十行说，你知道，新闻，也讲述了我们这个时代的故事，对吧？所以,基本上。

41:10
That poll, 2006, seven years old gets it right. It says, you know, this is a version for our time. This is what we care about. And then, you know, whoever cares about the story. 2006. Seven years later.
2006年7年前的民意调查是正确的。它说，你知道，这是我们这个时代的版本。这是我们关心的。然后，不管谁在乎这个故事。2006. 七年后。

41:23
And take it up and do with it, whatever they want. But.
然后拿起它，做任何他们想做的事。但是。

41:26
So the point of myth is not as preserved history, but the point of myth is to basically negotiate.
所以神话的意义不在于保存历史，而在于协商。

41:33
What you know the method's about, right? And indeed, if you're looking at different versions of the Ramayana.
你知道这个方法是关于什么的，对吧？事实上，如果你看不同版本的罗摩衍那。

41:42
These are incredibly controversial.
这些都是极具争议的。

41:46
Right. So what is the earliest and table's famous version of the Ramayana? No, I mean, so.
正确的。那么罗摩衍那最早和最著名的版本是什么？不，我是说。

41:55
Different parts of the country will have different versions and different types. So the oldest version of the Rabiana, which.
不同的地区会有不同的版本和不同的类型。所以最古老的拉比阿娜。

42:04
Actually don't base the period that I'm interested in, you know, which is the.
其实不要以我感兴趣的时期为基础，也就是。

42:08
Early historian period, tell the story rather differently than Tolsi Daststrama. Tolsidas, the Strama Yana is the story that everybody knows in Southeast Asia and South Asia. In that story.
早期历史学家时期，讲述的故事与托尔西·达斯特拉马截然不同。Tolsidas, Strama Yana是东南亚和南亚每个人都知道的故事。在那个故事里。

42:18
And Sita is not abducted, and that the God of Fire basically replaces her

with a.
Sita没有被绑架，火神用一个。

42:27
With a idolong, so to speak. So basically, I get that with a decoy, that is what Dragond steals and, and Rama knows that. And he basically goes that he get his wife, that even knows that his wife is safe with a lot of fire.
可以这么说，有一个偶像。所以基本上，我用一个诱饵，这就是龙偷的东西，拉玛知道这一点。他基本上是去找他的妻子，他甚至知道他的妻子是安全的，有很多火。

42:42
Because he needs to kill Rabana, because he is the outer vision, right?
因为他要杀了拉巴娜，因为他是外视者，对吧?

42:47
The first and earlier Ramadan, as Lalanik is Ramadan in particular. It's also much better poetry than in privately, in my humble opinion. And it doesn't also turn Rama to a God, and it doesn't also turn Citar into an Idelon, but Citar is basically abducted by Rama.
第一个和更早的斋月，就像拉兰尼克斋月一样。在我看来，这也比私下里写的要好得多。它并没有把拉玛变成神，也没有把西塔尔变成伊德隆，但西塔尔基本上是被拉玛绑架了。

43:03
And her great power is that she resists Ravenna, right? And resists him. And then when Ram comes back.
她的强大之处在于她反抗拉文纳，对吧？并抵制他。然后当拉姆回来的时候。

43:12
Defeats. Rather, she wants to be saved by him. And he then rejects her by saying, you were in the palace of this demon king for so long? How can I trust you, right.
失败。相反，她希望被他拯救。然后他拒绝了她，说，你在这个魔王的宫殿

里呆了这么久？我怎么能相信你呢?

43:22
And then she gives this very angry speech. You know what a psaki husband he is, you know?
然后她发表了一篇非常愤怒的演讲。你知道他是个多好的丈夫吧?

43:30
Plus the term, all of that. And then, of course, ultimately, the gods come in and prove her innocence. But then she says, here a lot, fuck you. And disappears in the Earth, and they are not really alive. And now the smart problem.
加上这一项，所有这些。然后，当然，最终，众神出现并证明了她的清白。然后她又说，在这儿待太久了，去你的。消失在地球上，它们并不是真正活着的。现在有个聪明的问题。

43:40
You know, and she ultimately dispersed to his twin boys. And then you get some kind of reunification. But you can see that in the early storage period in Varmicky rides, historian truth is.
她最终和他的双胞胎儿子分手了。然后你会得到某种形式的统一。但是你可以看到在瓦尔米基骑的早期储存时期，历史学家的事实是。

43:51
Completely different from, you know, a few centuries later, when, in the Gutter Empire, it is very visualized, right? So they are very, you know, based on.
完全不同于，几个世纪后，在阴沟帝国，这是非常可视化的，对吧？所以他们非常，你知道，基于。

44:00
Special position.
特殊的位置。

44:03

The holding of the social order rightly becomes an hour of the official, and cita becomes super pure, right, so that no one can even suspect of having had sex as well.
社会秩序的维持理所当然地变成了一小时的官场，城市变得超级纯洁，对吧，所以没有人会怀疑自己也发生过性行为。

44:13
Then, because she was not actually taken. So what does these, what do these two versions, again, tell us about what myth is. That's.
然后，因为她并没有被带走。那么这两个版本，又告诉了我们什么是神话。这是。

44:22
Opposed to what history is. What's the point of myth is? Myth is the point of the myth telling us that there was a king called Ram and Iodia.
与历史相反。神话的意义是什么？神话的重点是告诉我们有一个叫拉姆和伊俄迪亚的国王。

44:30
And that he eventually compred.
他最终总结了这一点。

44:33
Sri Lanka, with the help of monkeys and actually bears their sources.
在斯里兰卡，在猴子的帮助下，实际上知道它们的来源。

44:38
They know the best, usually precaution.
他们知道最好的，通常是预防措施。

44:40
Because everybody's amendments has him on, because he's the monkey king. Right? So what is the story? What is the point of myth? Again, let's just get the difference, right?
因为每个人的修正案都有他，因为他是孙悟空。对吧?那么故事是怎样的呢?

神话的意义是什么？还是那句话，我们求一下差异，好吗?

44:50
It's for some normal to values. It's basically to tell a story that people care about, give a sense of how the world works. right? So it is, the point. Is the story. and.
它是对一些法向量的。基本上是讲一个人们关心的故事，让人们了解这个世界是如何运作的。对吧?这就是重点。就是这个故事。和。

45:04
The telling of the story. That is okay. And that's what we just kind of category now, right?
故事的讲述。没关系。这就是我们现在的分类，对吧?

45:10
I like it because it's funny, as I said, the university, I don't know. And I was an archaeology professor at the university, so for APS, my wife could always say, I married the Vienna Jones. You know one of these?
我喜欢它，因为它很有趣，就像我说的，大学，我不知道。我是大学里的考古学教授，所以对于APS，我妻子总是会说，我嫁给了维也纳琼斯。你知道其中一个吗?

45:30
In one of these movies, and basically has what's archaeology, right? And he said.
在其中一部电影中，基本上是考古学，对吧？他说。

45:36
They about facts.
他们谈论事实。

45:38
Right? And this is, of course, you know, a big problem. And, because, you know, this entire idea that, you know, an archaeology establishes facts about the display.

对吧?当然，这是个大问题。因为，你知道，这整个想法，你知道，考古学建立了关于展览的事实。

45:49
Past and uncovers the facts behind myths, right? Is very old against in European archeology.
揭开神话背后的真相，对吧？在欧洲考古中是非常古老的。

45:57
And it's important to basically get that through our system in order to understand what is going wrong when people are trying to do that.
重要的是要通过我们的系统来了解当人们试图这样做的时候哪里出了问题。

46:06
So the first way in which this, you know, myth, or this kind of sense that archaeologists can uncover the facts behind myth, comes through.
所以第一种方式是，你知道，神话，或者考古学家可以发现神话背后的事实。

46:17
Is, of course, M with the Iliad antiography, the Homeric poems, because the Homeric poems are basically the foundation.
当然是《伊利亚特》中的M，荷马诗歌，因为荷马诗歌基本上是基础。

46:25
Of Vesta literature, right? So if you are interested in understanding what Vesta literature is, read The Iliad and the Odyssey, right? Because this is what everybody has read. That's the beginning of Vesta literature. write all other.
灶神星文学，对吧？如果你对了解灶神星文学感兴趣，读一下《伊利亚特》和《奥德赛》对吧？因为这是每个人都读过的。这就是灶神星文学的开端。写其他的。

46:38
Later, western literature makes reference to these two texts, right? So if

you have understood those every Western text you will ever read, right?
后来，西方文学提到了这两篇文章，对吧？如果你们理解了这些你们读过的每一篇西方文本，对吧？

46:47
Will make immediate sense to you, right? Okay. So the Iliad is, of course, the story about the wolf Troy, right? And the obviously is the story of this uses homecoming.
会让你立刻明白，对吧？好吧。《伊利亚特》当然是关于狼特洛伊的故事，对吧？很明显，这个故事用到了返乡。

46:57
After you. Sure.
在你之后。确定。

46:59
And because these stories are so important, people, since antiquity, have tried to figure out how they truth, why would you be interested in that?
因为这些故事如此重要，自古以来，人们就试图弄清楚它们是如何真实的，你为什么会对此感兴趣呢？

47:10
This is a.
这是a。

47:20
Why do you think that that's important? Why do people care about this kind of stuff?
你为什么认为这很重要？为什么人们会关心这类事情？

47:23
Maybe, because then it doesn't like it comes fixed, because you can now say, oh, this happens. So this version that we make is this version.
也许，因为它不喜欢它是固定的，因为你现在可以说，哦，这个发生了。所以我们做的这个版本是这个版本。

47:33
Well, or you can say, this happened. And what is so great if you can say that something, you know, that is the source of so much moral and philosophical reasoning?
或者你可以说，这发生了。什么是伟大的，如果你可以说的东西，你知道，是这么多的道德和哲学推理的来源?

47:42
Actually happens. It then becomes very difficult. The question right, therefore, why it will be derived from.
实际发生。这就变得非常困难了。那么问题就对了，它为什么会衍生出来。

47:50
That is correct. And if you're following the real life, then one bit thing is right. But you can basically say, look, you know, if the list is just a story.
这是正确的。如果你是在追随现实生活，那么有一点是对的。但你基本上可以说，看，你知道，如果这个列表只是一个故事。

47:59
That's a fairy tale which agrees, which most of the groups have to be okay with.
这是一个同意的童话，大多数团体都同意。

48:06
It is a story that's instructional. But if you want to have this level of instruction, if you want to have a particular power, as you say, right? If you actually want to say, no, no, no, no, you should follow the precincts of this motion.
这是一个有教育意义的故事。但是如果你想要这种程度的指导，如果你想要一种特殊的力量，就像你说的，对吧？如果你真的想说，不，不，不，不，你应该遵循这个运动的原则。

48:20
To the letter, then it has to be true.

信上说的没错，那就一定是真的。

48:22
And how do you prove that something in the past has been true?
你如何证明过去的事情是真的?

48:29
You basically, you basically have material objects that you can point to, or places you can point to it.
你基本上，你基本上有你可以指向的物质对象，或者你可以指向的地方。

48:40

好的，这是绘图。这是伊萨卡，O之岛今年，你知道，这是独眼巨人的洞穴。

48:47
And that is, of course, a pattern that particularly becomes important in Europe to watch what do Christians in Europe do in order to?
当然，这种模式在欧洲尤为重要看看欧洲的基督徒是怎么做的?

48:59
Prove that the stories that they are telling about Jesus in the Bible, or the miraculous stuff.
证明他们在圣经中讲述的关于耶稣的故事，或者神迹之类的东西。

any of you who knows? And you have to talk about this faster stuff. And that's second, because it becomes so important.
不，这些伟大的东西，比如，你们当中有谁知道超自然的来源吗？你必须讨论更快的东西。这是第二点，因为它变得如此重要。

49:25
For what happens later. What does Jesus do that people normally can't do? Walk on water. You can walk on water.

你们都能把水变成酒。从床上回来。你可以从床上回来，这很酷。你还能做什么？你可以制造麻风病。

49:43

对吧?基本上就是奇迹，对吧？对基督教来说，证明这些神迹是真的是非常重要的。

49:53
Yes. And how is material proof for these miracles produced?
是。这些奇迹的证据又是如何产生的呢?

49:59
Credits.
学分。

50:03
So if you go into a Catholic Church, you basically have all of these sacred objects, and you have these goals and skulls, and what have enough of the

所以如果你去天主教堂，基本上你会看到所有这些神圣的物品，你会看到这些目标和头骨，还有什么足够的东西呢?

And they basically provide physical proof that the stories are true, right? Here is the actual body of saying so and so, right? And if you actually go and pray to him, miracles, What happens?
他们基本上提供了实物证据，证明故事是真实的，对吧？这是说某某的正文，对吧？如果你真的去向他祈祷，奇迹，会发生什么?

他是怎么，他是怎么，他是怎么，基本上?

55:15
Proof that the Trojan War exists. That's the most famous thing. This seems to be the most, the only remaining thing. So it has to be the most.
特洛伊战争存在的证据。这是最有名的事情。这似乎是最，唯一剩下的东西。所以它必须是最多的。

55:25
Exactly right. So, this, so, this is essentially, this is essentially, you know.
完全正确。所以，这个，这个本质上，这个本质上，你知道。

55:30
The reasoning. He also then excavates at the place that the ancient Greeks and Romans considered less.
的推理。他还在古希腊和罗马人认为较少的地方进行挖掘。

55:36
This is a side of Troy. This is this particular And tell here that he acts for AIDS. So the Romans made to the theater here, because they also believed that this was the side of Troy.
这是特洛伊的一面。这是一个特别的例子，他是为艾滋病而行动的。所以罗马人来到这里的剧院，因为他们也相信这是特洛伊的一面。

55:46
But when he's basically going through this, you know, tell right this hill, he finds this enormous treasure.
但是当他基本上穿过这座山的时候，他发现了这个巨大的宝藏。

55:56
See his wife, a screenwife, respect our democracy, bronze Age, and this last 3500 year old jewelry, and he basically says that this is the.
看看他的妻子，一个电影制片人，尊重我们的民主，青铜时代，还有这最后的3500年前的珠宝，他基本上说这是。

56:06
Treasure of Priam. Because Priam is the king of Troy during the Trojan War. And, you know, he anti basically says, oh, he hit the treasure before the Greeks came. Okay.
普里阿摩斯的宝藏。因为普里阿摩斯是特洛伊战争时期的特洛伊国王。他说，哦，他在希腊人来之前就找到了宝藏。好吧。

56:17
Again, how much evidence do we have for this?
再说一遍，我们有多少证据?

56:20
Zero? And how often, how many documentaries, popular history books, shows do you think have been made about?
零?你认为有多少次，有多少部纪录片，流行的历史书，节目被制作出来?

56:31
This being the treasure of Priam, and the mask that we saw being the death mask of Agnembo.
这是普里阿摩斯的宝藏，我们看到的面具是阿涅曼波的死亡面具。

56:38
Exactly. So basically, if you are going to, you know, disreputable sources, like the History Channel or something like that.
完全正确。所以基本上，如果你想要，你知道的，不知名的消息来源，比如历史频道之类的。

56:46
And you will find this. Why does it stick? I mean, even though there's no evidentary basis there, even though they.
你会发现这个。为什么它会粘住？我是说，即使没有证据，即使他们。

56:55
No archaeologist, professional archaeologists would ever claim in earnest that this is the room of Agamelon. Most would even say there was probably

no Agamela.
没有考古学家，专业考古学家会认真地宣称这是阿伽美隆的房间。大多数人甚至会说，可能根本就没有阿伽梅拉。

57:05
You know? And why does it stick? Why does it, in the popular imagination, stick that this is the mask of a moment?
你知道吗?为什么它会粘住？为什么在大众的想象中，它坚持认为这是一个时刻的面具?

57:14
And as anyone of you have been to Greece, have you been to a guided tour in Bassini, or in the people saying, this is the tomb of Agamemnom. We did do guided tour, but there were like signs saying, like, oh, this is where Clindin Nestro was, and this.
如果你们有人去过希腊，你们在巴西尼有导游吗，或者听到人们说，这是阿伽门农的坟墓。我们确实做了导游，但是有一些标志说，哦，这是Clindin Nestro所在的地方，还有这个。

57:29
And why do you think, just going back to our mosquito thing, why do you think that's the Greek Ministry of truism? And, you know, want these signs.
回到蚊子的问题，你为什么认为这是希腊的真理部？你知道，想要这些标志。

57:40
Because, you know, because people know the idiot and the honesty. Every Western school child knows the.
因为，你知道，因为人们知道傻瓜和诚实。每个西方学校的孩子都知道。

57:48
The first picture book of The Iliad that we.
《伊利亚特》的第一本图画书。

57:50

Obviously? Well, I don't know whether that's quite the case in the Netherlands, but it's definitely the case in Namilia, in Germany, at that particular point.
很明显吗?嗯，我不知道荷兰的情况是否完全如此，但在那个特定的时刻，在德国的纳米比亚肯定是这样的。

57:57
And, and do you want to see the tumor of Agamanda? So why does it stick? Why does it stick? Why do people go there? Well, you, have you been to the archeological museum in Athens. There.
你想看看阿嘎曼达的肿瘤吗？那么为什么它会坚持呢？为什么它会粘住？人们为什么去那里？那么，你，你去过雅典的考古博物馆吗？在那里。

58:10
And you've seen the mask, right? It doesn't still say a mask. If I can remember, I don't remember if it does, but, I mean, you know, if you're overhearing the tourist guy, they will say, this is the mask. I can.
你见过面具，对吧？上面还没写面具。如果我没记错的话，我不记得了，但是，我的意思是，你知道，如果你无意中听到那个游客，他们会说，这是面具。我能。

58:21
It's nonsense. But why does it stick? Why does it matter? Why do you think if their desire right?
这是无稽之谈。但为什么它会坚持呢？为什么这很重要？你为什么认为他们的愿望是对的?

58:29
To make this because these are enduring characters, or like personalities or figures that are in public a popular imagination, and so it's easier to.
因为这些都是经久不衰的人物，或者像公众人物或人物一样是大众的想象，所以更容易。

58:40
Pinpoint these two material remains. And also, it's just, then an exercise of

creativity and imagination and embellishment of storytelling.
确定这两种材料的位置。同时，这也是一种创造力和想象力的锻炼，也是对故事的修饰。

58:48
So basically you have the sites, and you have the objects that fire people's imagination, right? That they can basically then attach themselves to. So that is basically what you are doing.
所以基本上你有网站，你有激发人们想象力的物品，对吧？它们可以附着在上面。这基本上就是你在做的。

58:57
And this is how you're bringing the Smith alive, right? And this is, of course, not at all with archaeologists, right? So, as we have seen, you know, with Indiana Jones.
这样你就能救活史密斯一家了，对吧？这当然不是考古学家的问题，对吧？所以，正如我们所看到的，你知道，印第安纳琼斯。

59:08
And as we have seen, you know, with this in the movie, in the popular imagination, the job of people like myself is to basically prove the spade that there was an academic known to find this tool.
正如我们所看到的，在电影中，在大众的想象中，像我这样的人的工作基本上就是证明有一个学者发现了这个工具。

59:19
And what does Indiana Jones, by the way, find all the time? And what does he find that the first movie needs?
顺便说一下，印第安纳·琼斯一直都能找到什么？他发现第一部电影需要什么？

59:24
No.
否。

59:26
Asking about.
询问。

59:29
What is, what is the object that he finds? The holy grain is the second one. It's basically, it's the.
他找到的东西是什么？圣粮是第二种。基本上，它是。

59:40
The art of the comment, right, which is a mythological object, is the mention of the Bible. That's important.
评论的艺术，对吧，这是一个神话的对象，是对圣经的提及。这很重要。

59:50
He finds the art of the color, then he finds the holy grave, right? So objects that people want to have existed in order to learn the stories that they want to believe in.
他找到了色彩的艺术，然后他找到了神圣的坟墓，对吧？所以人们希望存在的物体是为了了解他们想要相信的故事。

01:00:01
An L very similar to right. So this is important, right? So if this actually existed, how our belief systems are true, but that stuff really happens.
L和right很相似。这很重要，对吧？所以如果这真的存在，我们的信念系统是正确的，但这些事情真的发生了。

01:00:11
But these are not just stories. These things actually really happened. So that you cannot dismiss all this just a fairy tale.
但这些不仅仅是故事。这些事情确实发生过。所以你不能把这一切都当作童话故事。

01:00:18
Say, though so much archaeology depends on this fifth threat.

尽管很多考古学都依赖于第五种威胁。

01:00:25
Theology has a potential to support, because that's when archaeology becomes relevant, right?
神学有可能提供支持，因为这时考古学就变得相关了，对吧?

01:00:32
I wouldn't say. So I think we can talk about other ways in which articles become relevant, of course, you know, to the general public. And that is, you know, where people.
我不这么认为。所以我认为我们可以讨论文章变得相关的其他方式，当然，你知道，对公众来说。那就是，你知道，人们。

01:00:42
Gets hooked, right? And then maybe, you know, if they're more enlightened later on, you know, then they make something hooked at eight, right? And then at.
上瘾了，对吧？然后也许，你知道，如果他们后来更开明了，你知道，他们会在8点做一些钩状的东西，对吧？然后是。

01:00:52
For 50 if they give me a half a million pound for my project. You know, they no longer believe this kind of stuff. So, yes, you know, this may have been Hooked.
50英镑，如果他们给我50万英镑。你知道，他们不再相信这种事了。所以，是的，你知道，这可能是钩。

01:01:01
But, of course, you know, it's not what archaeologists do at all, right? And it's also then deeply becoming problematic, right? Because, of course, if people want you to find things that never existed.
但是，当然，你知道，这根本不是考古学家的工作，对吧？这也变得越来越成问题，对吧？因为，当然，如果人们想让你找到从未存在过的东西。

01:01:13
And to make narratives around this, you know, what you actually do is lost, you know, in the proceedings, right? So, yes, of course, you know, that's important, but the point is really just to putting this down, and you talk about this and history, the point of.
要围绕这一点进行叙述，你知道，你实际上所做的是迷失在过程中，对吧？所以，是的，当然，你知道，这很重要，但重点是放下这些，你谈论这些和历史，重点是。

01:01:26
Using archaeology to prove myth is to basically allow people to lay away and, you know.
用考古学来证明神话基本上是让人们放下，你知道。

01:01:34
Of the obvious objection. This is just a.
显而易见的反对意见。这是a。

01:01:38
America. Because what does the fairy tale do?
美国。因为童话是做什么的?

01:01:39
It's basically exactly the same thing, you know, what missed us. It talks about, you know, a certain social media and its concerns and problems, right? But it's not meant to be Real.
这基本上是一模一样的东西，你知道，错过我们的东西。它讲的是某种社交媒体以及它的关注点和问题，对吧？但这并不是真的。

01:01:51
Right? Cinderella is in nowhere, right? It's not located in a particular kingdom. It's not located on a particular continent. It's not located in a particular time. It is just a story, by the way.
对吧?灰姑娘无处可去，对吧？它并不位于某个特定的王国。它并不位于某个特定的大陆上。它并不位于某个特定的时间。顺便说一下，这只是一个故

事。

01:02:04
Lims Fairy tales are also stories that have meaning if you read the original ones. These are stories that are not told to children.
林姆斯：如果你读原著，童话故事也是有意义的。这些都是不给孩子们讲的故事。

01:02:12
These are stories. These are stories that women tell to each other, why they do boring, repetitive work, which is why the myths are so full of spinning.
这些都是故事。这些都是女人们互相讲述的故事，为什么她们做着无聊、重复的工作，这就是为什么这些神话充满了谎言。

01:02:24
Which is why you always have an evil mistress, right? Either an evil mistress or even stepmother, which is why Prince Charming never really has a proper character, which is kind of Dopey.
所以你总是有个邪恶的情妇，对吧？要么是邪恶的情妇，要么是继母，这就是为什么白马王子从来没有一个真正合适的角色，有点傻。

01:02:35
Because the job of Prince Charming is to save the pure women from a horrible, you know, existence as a maid to be, you know, a queen or princess, right? So this is the hope, you know.
因为白马王子的工作就是把纯洁的女人从可怕的生活中拯救出来，你知道，作为一个女仆，你知道，成为女王或公主，对吧？所以这就是希望。

01:02:46
I'm going to be very a rich guy, then I don't have to do the shit. And then I can, you know, take vengeance on my cruel mistress, right? So this is why you always have this vengeance fantasy.
我要成为一个非常富有的人，然后我就不用做这些破事了。然后我就可以，向我残忍的情妇复仇了，对吧？所以你才会有复仇的幻想。

01:02:56
So this is very clearly, you know, pitched to working women in the nineteenth century, right? This is what these stories are, but they are not placed anywhere.
所以很明显，这是针对19世纪的职业女性的，对吧？这就是这些故事，但它们没有被放在任何地方。

01:03:06
Right? They are sort of timeless. And as myth, you basically want to link it, right? And the located genealogy, right? You basically put yourself into the fish of the map.
对吧?它们是永恒的。作为一个神话，你基本上想把它联系起来，对吧？还有定位的家谱，对吧？你基本上把自己放在地图上的鱼里。

01:03:15
Yes, I have a question, and this has to do with the way we think about neutralness, right? It seems to me that.
是的，我有一个问题，这与我们对中性的看法有关，对吧？在我看来。

01:03:24
This need to tie, you know, myth to a literal place or to science. It just comes up with science, right? And the Enlightenment, right? I mean, to have a relic is not really the same kind of.
你知道，这需要把神话与文字或科学联系起来。这是科学发现，对吧？还有启蒙运动，对吧？我的意思是，拥有一件文物和。

01:03:37
Proof, or, you know, it doesn't seem like the same kind of truth, right? I mean, there is a huge proof, of course, to people dark at the death. Yes, yes, right. And then the whole point of science is to say that it's nonsense. And of course, there are some clearly nonsensical relics. My favorite relic.
证明，或者，你知道，这看起来不像是同一种真理，对吧？我的意思是，这是一个巨大的证据，当然，人们在死亡时是黑暗的。是的，是的，没错。然后科学的全部意义就是说它是无稽之谈。当然，也有一些明显毫无意义的遗

迹。我最喜欢的遗物。

01:03:51
Is a skull of Who is it Sam John as a child? Okay, so you basically have a skull as a child.
是萨姆·约翰小时候的头骨是谁？好吧，所以你小时候基本上有一个头骨。

01:04:01
We just in one cathedral, and then we have his skull as an adult.
我们只在一个大教堂，然后我们有他成年后的头骨。

01:04:06
Okay, great, you know. Okay. So, so, I mean, this is a source, really pure to write, and I take it ready in the Middle Ages, especially in the late Middle Ages.
好吧，太好了。好吧。所以，我的意思是，这是一个来源，真正纯粹的写作，我认为它在中世纪准备好了，特别是在中世纪晚期。

01:04:22
Right, but I mean so. So some of these relics are clearly not sensical, and the Catholic judge is very embarrassed about one of the full skin of Christ.
对，但我是认真的。因此，这些遗物中的一些显然是不合理的，天主教法官对基督的全身皮肤之一感到非常尴尬。

01:04:33
Why do you have the full skin of price? Because he's foolish, so he has to be satisfied, right? So he's four skin master, and kept somewhere who can I know the kid, but was stolen, so no longer it's.
你为什么披着厚厚一层皮？因为他很愚蠢，所以他必须得到满足，对吧？所以他是四皮大师，并被关在某个地方谁能我认识的孩子，但被偷走了，所以不再是。

01:04:45
On the record. And then, interestingly, and if you're even looking into this at this place, you just say, cash or credits. If you can look at the shroud of

terrain.
记录在案。然后，有趣的是，如果你在这个地方调查这个，你就说，现金或信用卡。如果你能看一下地形。

01:04:55
Right? And you had, you know, this endless debate went into the 2000s when it's genuine. And then you basically use science to try to prove.
对吧?你知道，这个没完没了的争论一直持续到2000年代，那时它是真的。然后你基本上用科学来证明。

01:05:04
And you know whether this is actually, you know, a fake or not, it turns out to be a very good business. You've taken third century and Oxrath entry, but essentially.
不管这是真的，假的还是假的，事实证明这是一个非常好的生意。你们学过三世纪和奥克斯拉斯的条目，但本质上。

01:05:14
You still want to do things to be true, right?
你还是希望事情是真实的，对吧?

01:05:20
All I'm saying is, you know, does science harden the debate, such as the things? I mean, there seems to be more room to say, right? But then you basically use science.
我想说的是，你知道，科学会让争论变得更激烈吗？我的意思是，似乎有更多的空间说，对吧？然后你就会用到科学。

01:05:29
In the case of ideology, you know, I think it'll be absolutely in a job.
就意识形态而言，你知道，我认为这绝对是一份工作。

01:05:33
Wants to basically say, well, or, you know, the Hindu movie, right, to basically say, well, we can actually prove scientifically.

基本上是想说，嗯，或者，你知道，印度电影，对吧，基本上是说，嗯，我们实际上可以科学地证明。

01:05:40
That what we believe is true, right?
我们相信的就是真的，对吧?

01:05:43
So, and this, of course, is very important, and even not just in South Asia, but, so, for instance, if you're looking at.
所以，这当然是非常重要的，甚至不仅仅是在南亚，但是，举个例子，如果你看。

01:05:50
I'll show this later. So basically the via back to Russia from Museum in Utah.
稍后我会展示这个。基本上是从犹他州的博物馆回到俄罗斯的。

01:05:58
Okay. And it basically collects archaeologically excavated Londons that are supposed to prove the Great Flood and lowers arc. And what you have to love.
好吧。它基本上收集了考古发掘的伦敦文物，这些文物被认为可以证明大洪水和低弧。你必须爱什么。

01:06:07
As you say, there is actually a huge, huge money in biblical archaeology. So you can go to any rich, ephangelical painting.
就像你说的，在圣经考古上确实有一大笔钱。所以你可以去看任何丰富的福音派绘画。

01:06:17
Constant denomination in the United States, and say, I know how to find noah's art. Give me money to go to Mount Ararat in Armenia, or rather, nonsart.

在美国的固定面额，并说，我知道如何找到诺亚的艺术。给我钱去亚美尼亚的亚拉腊山，或者更确切地说，去nonsart。

01:06:27
And, you know, you can get money for this kind of stuff. But again, you know, that science is basically being used to try to prove stuff that is only methodologically correct.
而且，你知道，你可以用这种东西赚钱。但是，你知道，科学基本上是用来证明那些只在方法上正确的东西。

01:06:36
And this is, of course, not at all what archaeologists do. And what's very interesting is, you know, that this, there should be anything.
当然，这并不是考古学家所做的。非常有趣的是，你知道，应该有任何东西。

01:06:44
Because he said, against the science, right, then it goes back to 2400 years, right?
因为他说，违背科学，那就追溯到2400年前，对吧?

01:06:51
So here the two phases of history in the best section, machine is relative to basically.
所以这里两个阶段的历史在最好的部分，机器基本上是相对的。

01:06:57
Who, you know, popularizes the term history. I think.
你知道，他普及了历史这个词。我认为。

01:07:02
Threes into the discipline industry adheres to the fast disciplinary historian Faculities and Faccoities basically begins this.
三成学科行业坚持快学科历史院系建设基本由此开始。

01:07:11
You know, of histories, which are, of course, incredibly important. The Hemston are still quoted as equitities trap I know, other than.
你知道，历史，当然，这是非常重要的。据我所知，海姆斯顿家族仍被称为股票陷阱，除了。

01:07:22
As President G and T basically begins his project, right in his introduction, expenses project as us. And he says, and with reference to the narrative of events.
作为总裁，G和T基本上开始了他的项目，就在他的介绍中，我们的费用项目。他说，关于事件的叙述。

01:07:33
Far from permitting myself to derive it from the first source that came to hand. I did not even trust my own impressions, but it rests partly on what I saw myself, partly on what others saw for me.
我决不允许自己从手头的第一个资料中得出结论。我甚至不相信自己的印象，但这部分是基于我自己的看法，部分是基于别人对我的看法。

01:07:46
The accuracy of the report being always tried by the most severe, decayed tests possible. My conclusions have cost me some labor from the want of coincidence between the accounts of the same occurrences by different eyewitnesses.
报告的准确性总是由最严格、最陈旧的测试来检验。由于不同目击者对同一事件的叙述之间缺乏巧合，我的结论耗费了我一些精力。

01:08:00
Arising sometimes from imperfect memories, sometimes from undue partiality for one side or the other.
有时源于不完美的记忆，有时源于对一方或另一方的过分偏爱。

01:08:07
The actions of romance in my history? Will I fear that history, in this in this

particular case, means inquiry, and I need to inquiry, will I feel detract somewhat from its Interest.
我历史上的浪漫行为？我是否会担心，在这种特殊情况下，历史意味着探究，而我需要探究，我是否会感到对它的兴趣有所减损？

01:08:19
So basically, people that hate it because it's dry and argumentative, right? But if it be just useful by those inquiries, who desired exact knowledge of the past.
所以基本上，人们讨厌它是因为它干巴巴的，好争论的，对吧？但是，如果它只是对那些调查有用，谁希望对过去有确切的了解呢？

01:08:30
As an aide to the interrupted interpretation of the future.
作为对被打断的未来的解释的助手。

01:08:34
Which is the course of human things must resemble if it does not reflect it, I shall be content and fine. I've written my work not as an essay.
这是人类生活的必经之路，如果它不反映它，我就心满意足了。我的作品并不是随笔写的。

01:08:43
Which is to win the applause of the moment, but as a possession for all time. Right? So the committee said in 2400 years ago, basically says, what history should be.
这是为了赢得一时的掌声，而是作为永远的财产。对吧?所以委员会在2400年前说，基本上说，历史应该是什么。

01:08:54
And this is basically, what has, you know, shaped the best definition of history to the same right? Basically, people still write.
基本上，是什么塑造了历史的最佳定义？基本上，人们仍然在写作。

01:09:04

In history, departments faculity in history? And what is the claim of faculities? What is he doing? What is he claimed? Has he done?
历史系，历史系的教员？那么能力的主张是什么呢？他在做什么？他声称什么？他做完了吗?

01:09:13
And what is history for?
历史是用来干什么的?

01:09:16
What is history for? How is history conducted? And what is it for?
历史是用来干什么的？历史是如何进行的？它是干什么用的?

01:09:26
So basically. And why should we study the past?
所以基本上。我们为什么要研究过去?

01:09:32
As a guide to the future. Because what does history give us? We also give us lessons. What does it give us more precisely?
作为未来的向导。因为历史给了我们什么？我们也给我们上课。它给了我们什么更精确的信息?

01:09:44
It gives us the mechanisms, right, how human societies work and function. And history then basically becomes the repository.
它给我们提供了机制，对吧，人类社会是如何运作和运作的。历史基本上就变成了仓库。

01:09:55
Of the data, so to speak, upon which we can model how human affairs work.
可以说，在这些数据的基础上，我们可以建立人类事务如何运作的模型。

01:10:02

And this is why you have to get it right, because if you take a true partial review or you don't try to be concise.
这就是为什么你必须把它做好，因为如果你做一个真正的部分复习或者你不想简洁。

01:10:11
What will then your entire process be? What will your project be?
那么你的整个过程是什么呢？你的项目是什么？

01:10:17
It will be flawed, and you arrive at the wrong conclusions, right? You have the wrong data, and if you have the wrong data, you cannot use this data to create a Model.
它会有缺陷，你会得出错误的结论，对吧？您有错误的数据，如果您有错误的数据，您就不能使用这些数据来创建模型。

01:10:28
Right or to derive a model from your data, right? And that, of course, is not at all about proving anything right or wrong.
或者从你的数据中得出一个模型，对吗？当然，这根本不是证明任何事情是对还是错。

01:10:38
How is someone like the Coulddies by his intellectual project completely, I mean, completely opposed?
像Coulddies这样的人怎么会完全，我的意思是，完全反对他的智力项目？

01:10:48
To proving that myth was right or wrong.
来证明这个流言是对还是错。

01:10:51
There's an absence of romance. There's no creativity, or there's no like interpretation of imagination over here. It's just this happens.
没有浪漫。这里没有创造力，也没有对想象力的解释。事情就是这样发生

的。

01:11:01
So he claims. So even though the goodities, of course, primarily give this interpretation, right. So he basically says, okay, this is happened. This is why it's happened, and this is why these things happen in this.
他是这么说的。因此，即使是善良，当然，主要给出了这种解释，对吧。所以他基本上说，好吧，这发生了。这就是它发生的原因，这就是这些事情发生的原因。

01:11:12
Particular way, right? So he basically says, you know, this is how humans work. Here's the evidence of how human works, and this is why things have to happen in a particular way, right? So it's the claim to injectivity. It's a huge claim to objectivity, and it's a claim also epistemologically.
特别的方式，对吧？所以他基本上说，你知道，这就是人类的工作方式。这就是人类如何工作的证据，这就是为什么事情必须以特定的方式发生，对吧？这就是所谓的注入性。这是对客观性的巨大主张，也是认识论上的主张。

01:11:27
To what, what is his What is his claim in terms? Or what should the historian do when they are talking about facts?
他的主张是什么？或者历史学家在谈论事实时应该怎么做?

01:11:37
We should not just take a method valuable. You must interrogate the facts. And what do you need in order to establish a fact as a fact in the first place?
我们不应该只采取有价值的方法。你必须调查事实。首先，你需要什么才能将一个事实确立为事实?

01:11:48
How do you basically determine what is a fact, an historical fact, and not a historical fact?

你如何基本上确定什么是事实，历史事实，而不是历史事实?

01:11:57
It needs to be corroborated, right? So basically, you need to triangulate your facts from several angles. You can't just trust a single source, right?
它需要被证实，对吧？所以基本上，你需要从几个角度对你的事实进行三角测量。你不能只相信一个人，对吧?

01:12:08
Because the source may be partial, because the source may be misremen may be inaccurate. So you base and even if you're talking about your own time, you cannot even trust your own memory.
因为来源可能是片面的，因为来源可能是不准确的。所以即使你在谈论你自己的时间，你甚至不能相信你自己的记忆。

01:12:18
So you basically have to triangulate facts if you want to talk about them with high confidence, right? So basically a very, very high evidentiary standard.
所以，如果你想要自信地谈论事实，你基本上必须对事实进行三角测量，对吧？所以基本上是非常非常高的证据标准。

01:12:29
Who of you has ever seen the Russia, one great Japanese movie? So, basically about the Gate, where you have, you know, the case told from three different perspectives. And, you know that the very security in.
你们中有谁看过俄罗斯，一部很棒的日本电影？所以，基本上是关于门的，你知道，从三个不同的角度来讲述这个案子。而且，你知道，最安全的是。

01:12:41
Problem, right? So everybody's had the story differently. How do you triangulate what actually happened from different accounts and the way that then? And Heronitous, who basically?
问题,对吧?所以每个人都有不同的故事。你如何从不同的叙述和方式来三角测量实际发生的事情？heronious，基本上是谁?

01:12:52
Invents archaeology. So our value Logia is an ancient it's a Greek word, and particularly it's invented.
发明考古学。所以我们的价值观，逻辑学是一个古老的，它是一个希腊词，特别是它是被创造出来的。

01:13:00
He basically talks about archaeological evidence in this way. So we have just seen Triman in the 1880 saying, oh, it's the parents of like Ammanlon.
他基本上是这样谈论考古证据的。我们刚刚看到Triman在1880年说，哦，这是像Ammanlon这样的父母。

01:13:10
And now the critics is talking about it 2400 years, or 2300 years earlier. And then see how he talks about it, he says, Now, my C may have been a small place, and many of the towns of that age may appear comparatively insignated.
现在批评家们谈论的是2400年前，或者2300年前。然后看看他是怎么说的，他说，现在，我的C可能是一个小地方，而那个时代的许多城镇可能显得比较显眼。

01:13:25
But no exact observe of the death who justified in rejecting the estimate given by the poets and by the tradition of the magnitude of the element, if, I suppose, if academic were to become desolate.
但是，没有对死亡的精确观察，有理由拒绝诗人和传统对死亡的重要性的估计，如果，我想，如果学术变得荒凉。

01:13:36
And the tempers and the foundations of the public buildings were left. Then, as a time went on, there would be a strong disposition with prosperity to refuse to accept her fame as a true experiment.
公共建筑的根基和根基都被留下了。然后，随着时间的推移，会有一种强烈的倾向与繁荣拒绝接受她的名声作为一个真正的实验。

01:13:47
Power, and yet they occupy two fifths of the Peloponnese and leave the whole not to speak what the numerous allowances about still at the cities now. They build in a compact form. Were adorned with magnificent temples and public edifices.
但是他们占据了伯罗奔尼撒半岛的五分之二更不用说现在城市里的许多津贴了。它们以紧凑的形式建造。都有宏伟的庙宇和公共建筑。

01:13:59
But composed of villages. After the old fashions of palace, there would be an oppression inadequacy, whereas if Athens were to suffer the same misfortune.
而是由村庄组成的。按照旧的宫廷模式，压迫是不够的，而如果雅典遭受同样的不幸。

01:14:08
I suppose that any inference from the appearance presented to the eye would make a power to feel twice as great as it is. We have therefore no right to be skeptical, not to content ourselves with.
我想，从所呈现给眼睛的外表所作的任何推断，都会使人感到一种力量比实际的力量大一倍。因此，我们没有权利怀疑，更没有权利满足于。

01:14:18
An inspection of a town to the exclusion of a consideration of its power, but you may safely conclude that the arnament, blah, blah. Okay. So he basically discusses a historical point.
对一个城镇的考察，而不考虑它的权力，但你可以有把握地得出结论，那就是比赛，等等，等等。好吧。所以他基本上是在讨论一个历史观点。

01:14:27
So how is he looking at evidence, which is also important?
那么他是如何看待证据的，这也很重要?

01:14:31

And he's looking at material remains, in this particular case of the walls of my scene, which is small compared to a Greek city of his own time. What does he say?
他在看残存的材料，在这个特殊的例子中，在我的场景中，与他那个时代的希腊城市相比，这是很小的。他说了什么?

01:14:41
How is he using archaeological evidence?
他是如何利用考古证据的?

01:14:44
So you just can't draw conclusions from it just based on a face value. You need to sort of try to understand it, and, again, be critical. So in the case of the cities, It's like, well.
所以你不能仅仅根据表面价值就得出结论。你需要试着去理解它，再一次，保持批判的态度。所以在城市的情况下，就像。

01:14:57
One city looks really big, so you could assume that that was a very important city, but like another city looks small in comparison, but then that's actually not representative.
一个城市看起来很大，所以你可以假设它是一个非常重要的城市，但是另一个城市相比之下看起来很小，但这实际上并不具有代表性。

01:15:07
So the question is, what does the evidence that we look at actually mean, right? Just because, you know, the remains of one city are magnificent and the remains of another city are not met. And does that mean that City A is strong and city DSD?
所以问题是，我们看到的证据到底意味着什么？只是因为，你知道，一个城市的遗迹是宏伟的，而另一个城市的遗迹却没有。这是否意味着A市是强大的城市?

01:15:21
Not at all right. So archaeology also requires interpretative discipline, and

people have to wonder what the evidence actually tells you. And interestingly, and this is.
一点也不对。所以考古学也需要解释性的学科，人们必须想知道这些证据到底告诉了你什么。有趣的是，这是。

01:15:32
The last thing that we can do before we're looking at it, what archaeology does, and this is also what the community does.
在我们研究它之前，我们能做的最后一件事，就是考古学所做的，这也是社区所做的。

01:15:39
Is to talk about.
就是谈论。

01:15:40
That archaeology can only talk about patterns, right? And very rarely about individual cases. So archaeology is good and intelligent. If you have a lot of the same stuff that you can compare to each other, to basically grow very broad.
考古学只能讨论模式，对吧？很少涉及到个别案例。所以考古学很好，也很有智慧。如果你有很多相同的东西，你可以相互比较，基本上会发展得非常广泛。

01:15:55
Internal conflict conclusions. The moment it becomes specific, it's problematic. So here, the credities in his outs, here, here, the beginning of his history, says, with respect to their talents later on.
内部冲突结论。一旦它变得具体，问题就来了。所以在这里，他的荣誉，在这里，在他的历史的开始，说到他们后来的才能。

01:16:06
At an era of increased facilities of navigation and the greater supply of capital, he finds the shorts to come into cyberboards towns, and the isthmus is being occupied for the purposes of commerce and Defense

Against a Neighbor.
在一个航海设施增加、资本供应增加的时代，他发现短裤进入了网络城镇，地峡被占领，用于商业和防御邻国。

01:16:18
But the old towns, on account of the great prevalence of piracy, piracy were built away from the sea, whether on the islands or the continent, and still remaining the old sides, for the pirates, used to plunder one another.
但是那些古老的城镇，由于海盗的猖獗，海盗都建在远离大海的地方，无论是在岛屿上还是在大陆上，仍然保留着古老的一面，因为海盗们过去常常互相掠夺。

01:16:30
And indeed, all coast populations where the sea bearing along. So this is Athens. And you can see that Athens is inland from the sea, and that it later gets on harbour here. tyreas.
事实上，所有沿海地区的人口都是如此。这是雅典。你可以看到雅典是内陆城市，后来在这里有了港口。tyreas。

01:16:42
Which is then linked by these two long wars. And in fact, all cities in ancient Greece have exactly this pattern. So if you've got an old, cis old city that actually goes back to Mycenean times.
这与这两场漫长的战争联系在一起。事实上，古希腊所有的城市都有这种模式。如果你有一个可以追溯到迈锡尼时代的古老城市。

01:16:55
Or that goes back to the Dark Ages and the adventure. It's never at the Colds, and only younger cities and communities this age actually built at the Colds.
或者回到黑暗时代和冒险。从来没有在感冒时期，只有这个年龄的年轻城市和社区才在感冒时期建成。

01:17:04
And big cities can always have a main city and a harbor right next to it.

That is true of current that is true of many other big cities.
大城市总是有一个主城，旁边有一个港口。现在是这样，许多其他大城市也是这样。

01:17:11
For the reason he gives because he basically says, you know, a city that's at the coast is easily rated right. And if you see the pirates coming right, they first have to pull the boats on shore, then they have to walk or to the city. And by that time you have, you know.
他给出的理由是，沿海城市很容易被评为正确城市。如果你看到海盗从右边过来，他们首先要把船拉上岸，然后他们必须步行或进城。到那时，你知道的。

01:17:26
Raise your militia and can defend yourself. And he says, interestingly, why is it not possible to build at the sea? So, first of all, we have, you know, technology like Harvest, right? That can actually.
提高你的民兵，可以保护自己。有趣的是，他说，为什么不能在海上建造呢？首先，我们有Harvest这样的技术，对吧？这实际上可以。

01:17:38
Our technologies, like wars or Hollywoods that basically deter parts. But you also have capital. You have a much more developed economy. This is why we have a standing army, and this is why our harbors will be constantly defended right?
我们的技术，比如战争或好莱坞，基本上阻止了部分。但你也有资本。你们的经济更加发达。这就是为什么我们有常备军，这就是为什么我们的港口会一直受到保护，对吗?

01:17:51
So he's talking about patterns that he observes, and these patterns then are used to historical arguments. And this is what archaeologists do, right? Archaeologists look at both patterns in society.
所以他在谈论他观察到的模式，这些模式随后被用于历史论证。这就是考古学家的工作，对吧？考古学家研究了这两种社会模式。

01:18:01
And from these patterns, they then basically provide evidence for spurification.
从这些模式中，他们基本上为刺激提供了证据。

01:18:06
What archaeologists don't do is to go back to a specific site to basically say.
考古学家不会做的是回到一个特定的地点，基本上说。

01:18:16
This particular thing must have happened in this past, or this must have been there, right? This is just a short introduction into what archaeologists do with what the difference between myth and history are.
这个特殊的东西一定在过去发生过，或者这个一定在那里，对吧？这只是一个简短的介绍，考古学家是如何处理神话和历史之间的区别的。

01:18:28
In order to understand all the weird stuff that happens in a yoga and.
为了理解瑜伽中发生的所有奇怪的事情。

01:18:33
You will do that after the break. All right, okay, see, in 15 min maybe you're going to talk about the actual.
休息后你会做的。好吧，看，15分钟后你们可能会讨论实际的。

01:18:46
Statement that is essentially the destruction.
表述本质上是销毁。

01:18:48
Of the fabric mosque. Okay, so we talked about how Ayodia is this important place on the mental map.
织物清真寺。好了，我们讨论了阿约迪亚在我们的思维地图上是多么重要。

01:18:57
Of South Asian culture. General right. So basically, ayodia. Ayodia is essentially, right. It's not the Troy of Southeast Asia.
南亚文化。一般吧。基本上，阿尤蒂亚。阿约迪亚本质上是对的。它不是东南亚的特洛伊。

01:19:07
But it is light Atroy or Southeast Asia. It is a mythical place where paradigmatic stories are supposed to have happened.
但它是轻亚洲或东南亚。这是一个神话般的地方，据说在那里发生了一些典型的故事。

01:19:16
And were, you know, supposedly, ram begins his journey.
然后，你知道，据说，公羊开始了他的旅程。

01:19:24
A journey that is, you know, paradigmatic for South Asian kingship of.
这段旅程，你知道，是南亚王权的典范。

01:19:30
Of course, ayoga also plays an incredibly important role in the Mahabarata, which is the other great Indian epic. So British colonial officials who, of course, tried to compare.
当然，瑜伽在另一部伟大的印度史诗《摩诃婆罗多》中也扮演着不可思议的重要角色。所以英国的殖民官员当然会进行比较。

01:19:41
In the Western culture said, the Mahabharata is the equivalent of the Iliad, right? And the Ramayana is the equivalent of the Odyssey.
在西方文化中，《摩诃婆罗多》相当于《伊利亚特》，对吧？《罗摩衍那》相当于《奥德赛》。

01:19:53

Right? So the Mahabarata is the split war, right? Between these two warring families. And rams is essentially the hero's journey through wild and strange lands.
对吧?所以摩诃婆罗多是分裂的战争，对吧？在这两个敌对的家族之间。《公羊》本质上是英雄穿越荒野和陌生土地的旅程。

01:20:03
Get his wife back, but you can at least.
把他妻子救回来，但你至少可以。

01:20:06
Create the camera, right?
创建相机，对吧?

01:20:07
So your year really is this incredibly important part of South Asian culture. But of course, by the time the controversy erupts, by your year.
所以你的年真的是南亚文化中非常重要的一部分。当然，等到争议爆发的时候，等到你的年份。

01:20:18
Is a small town in northeast India. And of course, the very question is whether it is the Iodia.
是印度东北部的一个小镇。当然，真正的问题是它是否是碘迪亚。

01:20:26
Of, you know, hindu mythology or South Asian mythology, that is unsettable. It's definitely a very old place.
你知道，印度神话或南亚神话，这是不确定的。这绝对是一个非常古老的地方。

01:20:35
And if one ever conducted meaningful archaeology there, it would probably date back.
如果有人曾经在那里进行过有意义的考古，它可能可以追溯到以前。

01:20:42
To at least the early Iron Age, if not before, right? And maybe we might even find descriptions that, you know, make reference to, can.
至少是铁器时代早期，对吧？也许我们甚至可以找到，你知道，参考的描述，可以。

01:20:54
The Mythic Light. So the hill that Triman excavated, romans, in the Greeks and in the.
神话之光。所以特里曼挖掘的那座山，罗马人，希腊人，还有。

01:21:04
Both entry received that entry, BC, believed to be destroyed, right? The set of inscriptions that, whether this means that that hill was destroyed doesn't matter. It means, you know, that this was a place where traditional.
两个条目都收到了被认为已销毁的条目BC，对吧？这组铭文是否意味着那座山被毁了并不重要。这意味着，你知道，这是一个传统的。

01:21:15
Piece of belief that happened. So maybe in the early Middle Ages, or late addictions in the old six, seventh century.
一种信念发生了。也许是中世纪早期，或者是六、七世纪晚期。

01:21:23
Took them period. Many people leave them.
就这样。很多人离开他们。

01:21:24
D Ayodia must be Ayota. But by the time people start claiming Ayodia as.
阿约迪亚一定是阿约塔。但是当人们开始声称阿约迪亚是。

01:21:31
Is important, you know, shrine, essentially, to Hinduism. It's a small place, and the most conspicuous building there is a mobile period loss.

是很重要的，你知道，本质上，是印度教的圣地。这是一个小地方，最显眼的建筑是一个移动时期的损失。

01:21:43
Now that Mgar period mosque is ascribed to a MGAR king, right to one of the Mgars right.
现在这座Mgar时期的清真寺归属于一位Mgar国王，属于其中一位Mgar国王。

01:21:53
Called Babra. But based on your reading, is there any evidence that a Muga emperor bids that particular mosque?
叫Babra。但根据你的阅读，有证据表明穆加皇帝曾在那个清真寺下过命令吗?

01:22:04
Is there an inscription that basically tells it that this is a mosque that Barbary built? No, just from the looks of it.
有没有碑文表明这是巴巴里建造的清真寺？不，看起来是这样。

01:22:13
That this look that has anyone if you ever studied mugal art or mugal culture.
如果你研究过莫卧儿艺术或莫卧儿文化，你会发现这种表情。

01:22:20
Is this an imperial mosque? In terms of scale and in terms of decor?
这是皇家清真寺吗？在规模和装饰方面?

01:22:28
Not necessarily. But why is it important that people who claim that this mosque was built over Hindu temple?
不一定。但为什么有人声称这座清真寺建在印度教寺庙之上，这很重要呢?

01:22:38

Have to make it the mosque of the book. Alan.
必须让它成为书中的清真寺。艾伦。

01:22:43
Why can't it just be any old mosque standing in, standing in a audio?
为什么就不能是一个古老的清真寺呢?

01:22:52
It must be the narrative of Congress, right? So it basically has to be exactly like the Sumnath temple that we discussed, where we have the Mamu Gazni narrative, right? So here.
这一定是国会的说法，对吧？所以它基本上和我们讨论过的Sumnath神庙一模一样，我们有Mamu Gazni的叙述，对吧？所以在这里。

01:23:04
An Islamic conqueror. He comes and he destroys a temple, and he's time camels.
伊斯兰征服者。他来了，他摧毁了一座寺庙，他的时间骆驼。

01:23:10
Right? So in order to basically create the narrative, you first.
对吧?所以为了创造故事，你首先。

01:23:15
Have to make a case about the mosque itself, which is as based on the readings.
必须要对清真寺本身提出一个案例，这是基于读数的。

01:23:21
Is at best, it is just a mosque that stands in a yard. But in order to claim that this bit over an important table has to be an imperial mosque, right? Because otherwise it could just be any old mosque.
充其量，它只是一座矗立在院子里的清真寺。但是为了声称这张重要桌子上的这部分必须是一座皇家清真寺，对吧？否则它可能只是一座古老的清真寺。

01:23:33
Right? Okay.
对吧?好吧。

01:23:36
How is this entire narrative that, you know, this mosque is an imperial Muga mosque, bid of a Hindu temple. How does it actually?
整个叙述是怎么回事，你知道，这座清真寺是一座皇家穆加清真寺，一座印度教寺庙的投标。实际上是怎样的呢?

01:23:47
Come about in the first place.
先来吧。

01:23:51
Who claims that this is a mosque? Is this an old tradition? Is that something that the?
谁说这是清真寺？这是一个古老的传统吗？这是什么？

01:24:02
Inhabitants of modern Ayodia have always believed.
现代阿约迪亚的居民一直相信。

01:24:08
No, but the materials for that story is there.
没有，但是故事的素材在那里。

01:24:13
The material is there precisely because it has happened so many times before, right? Because, in detail, mosques have been built over temples, just like most churches have been built over temples, and then mosques be built over churches, right?
材料的存在正是因为它之前发生过很多次，对吧？因为，从细节上讲，清真寺建在寺庙之上，就像大多数教堂建在寺庙之上，然后清真寺建在教堂之

上，对吧?

01:24:26
And it is the Mediterranean materials there. So I remember, actually, disputes, right? But I mean, many of these disputes arise, that's important. When do these disputes arise? When they become important at that right, at least at least the few that go back to the.
这是地中海的材料。所以我记得，实际上是纠纷，对吧？但我的意思是，很多这样的争论都会出现，这很重要。这些争议是什么时候出现的？当他们变得重要的时候，至少至少有几个人回到了。

01:24:41
1617 or 18.
1617年或1618年。

01:24:43
They go back to the nineteenth century? And why do they go back to the nineteenth century? Who are?
他们回到了19世纪？他们为什么要追溯到19世纪？是谁?

01:24:50
You know, movers and shakers and display, who is opening the scale of words, like from last class we were discussing. So, so basically it is this Elinor guy.
你知道，有影响力的人，有展示能力的人，是谁开启了词汇的范围，就像我们上节课讨论的那样。所以基本上就是这个叫埃莉诺的家伙。

01:25:04
Who basically begins with these, these sorts of narratives. And in response to these narratives, you have parties forming, mess and style parties forming, hindu parties forming, and they are the ones who make it an issue just based on the readings? Who are the first to actually Make.
他基本上是以这些叙述开始的。作为对这些叙述的回应，你有政党形成，混乱和风格的政党形成，印度教政党形成，他们是仅仅根据阅读就把它变成一个问题的人？谁是第一个真正制造。

01:25:20
Make this an issue.
让它成为一个问题。

01:25:22
Does anyone remember?
有人记得吗?

01:25:27
It's basically local party activists who say, oh, you know, what has happened elsewhere? What was the great indignity to us Hindus that must have happened here too?
基本上是当地的政党积极分子说，哦，你知道，其他地方发生了什么？对我们印度人来说，这里一定也发生了什么极大的侮辱?

01:25:40
And then they basically attach that narrative to the only big, old mosque standing in the city.
然后他们基本上把这个故事附加到城市里唯一一座又大又老的清真寺上。

01:25:48
Is there any evidence behind it?
这背后有证据吗?

01:25:53
It is essentially part of the, you know, split, right between Hindus and Muslims that the British people, like Elinburgh and consciously or unconsciously.
它本质上是印度教徒和穆斯林之间分裂的一部分，英国人，比如埃林伯格有意无意地。

01:26:07
And foster and a way over which these disputes erupt is, of course, sacred buildings, right? If you accept the narrative that Muslims are foreign

conquerors.
这些争议爆发的一个途径当然是，神圣的建筑，对吧？如果你接受穆斯林是外国征服者的说法。

01:26:19
Who, you know, come to the country and destroy it and humiliate it, right? What do you they need?
他们来到这个国家，摧毁它，羞辱它，对吧？他们需要什么？

01:26:27
If you are thinking about this, maybe, as you know, an important historical narrative that becomes, you know, at the basis of your identity.
如果你在思考这个问题，也许，你知道，一个重要的历史叙述，会成为你身份的基础。

01:26:37
You need to reclaim, and you need, just to reclaim it also based on, you know, what we discussed before. You need material evidence. You need, you know.
你需要收回，你需要，只是收回它也是基于，你知道，我们之前讨论过的。你需要物证。你需要，你知道。

01:26:49
A you need something tangible where this erupts, right? So you don't, you cannot have this narrative to be purely academic.
你需要一些有形的东西来发泄，对吗？所以你不能，你不能让这种叙述纯粹是学术性的。

01:26:58
You cannot have it be, you know, purely, you know, theoretical. In order to put it into action, you basically need to create a site of contestation.
你不能让它，你知道，纯粹，你知道，理论。为了将其付诸行动，您基本上需要创建一个争议站点。

01:27:13

So for.
所以对于。

01:27:13
For instance, if you are discussing.
例如，如果你在讨论。

01:27:15
Historical wrongs, right? And you're discussing it with someone you know who is, maybe from a nation who wronged.
历史错误，对吧？你正在和一个你认识的人讨论这个问题，也许他来自一个受了委屈的国家。

01:27:25
You know, your nation back in the day, or your community.
你知道，你以前的国家，或者你的社区。

01:27:28
How can you make this manifest? How can you make it?
你如何使这个清单？你是怎么做到的?

01:27:36
Tangible and visceral. By providing evidence of that historical wrong, you basically provide evidence and.
有形的，发自内心的。通过提供历史错误的证据，你基本上提供了证据。

01:27:46
You need to memorialize that wrong in a particular way, and how to memorialize it just by any old plaque? No, you basically need a monument, and ideally you need a monument.
你需要用一种特殊的方式来纪念那个错误，怎么用一块旧牌匾来纪念呢?
不，基本上你需要一个纪念碑，理想情况下你需要一个纪念碑。

01:27:56
That actually provides historical evidence of, you know, the wrong that has

been committed, like the ruins on the Acropolis, like we talked about that.
这实际上提供了历史证据，你知道，已经犯下的错误，就像雅典卫城的废墟，就像我们所说的那样。

01:28:07
All societies do that. It's basically a human universal So this is why people basically attach this wrong to this mosque, which may have nothing to do with this particular story.
所有的社会都是这样。这基本上是人类的普遍现象，所以这就是为什么人们基本上把这个错误与这座清真寺联系在一起，这可能与这个特殊的故事无关。

01:28:18
And which may have not even been bid by a Mulgar emperor, and which may or may not have been dead over human temple.
甚至可能没有Mulgar皇帝的出价，也可能没有死在人类神庙上。

01:28:24
And what does that actually eventually lead to?
这最终会导致什么呢?

01:28:28
Communal violence, right? And the communal violence erupts itself in people actually taking the double mosque down, and.
集体暴力，对吧？社区暴力爆发了人们拆掉了双清真寺，然后。

01:28:39
Destroying it. They basically claim that, you know, the temple the side of various miracles. What are these miracles?
破坏它。他们基本上声称，你知道，神庙是各种奇迹的一面。这些奇迹是什么?

01:28:48
So idols appear in the moss, but do these items appear out of thin air?
所以偶像出现在苔藓中，但这些物品是凭空出现的吗?

01:28:56
What do various police investigations and other journalistic investigations reveal?
各种警方调查和其他新闻调查揭示了什么?

01:29:03
They were smarted in. We know who smarted there. That doesn't matter.
他们被骗了。我们知道谁受到了伤害。那不重要。

01:29:09
Does it matter that the sum left temper is definitely not? 80 billion years old, a million, sorry, a million. Who cares, right? And 80 millions, a tiny memorial, right?
和左脾气绝对不是有关系吗？800亿年前，抱歉，是100万年前。谁在乎呢，对吧？八千万，一个小小的纪念，对吧?

01:29:21
It doesn't matter. Just the act matters. And then you have communal violence. The capital is destroyed, but.
没关系。只是行为本身很重要。然后是群体暴力。首都被毁了，但是。

01:29:28
The mob cannot immediately build a temple, right? Because the state steps in.
暴民不能马上建一座神庙，对吧？因为政府介入了。

01:29:36
And then we have something that becomes really interesting. What do we get the use of archaeology? We get litigation here.
然后我们就有了一些非常有趣的东西。考古学对我们有什么用？我们这里有诉讼。

01:29:44
And archaeology is then used to what it is not to be used for, which is

essentially to prove.
考古学被用来做它不该做的事，本质上是为了证明。

01:29:52
What? What is the argument that will actually clinch the case and allow Hindus to build a temple on the side of the nowdiscore problem mosque?
怎么啦？到底是什么理由能让这个案子结案，让印度教徒在现在发现问题的清真寺旁边建一座寺庙?

01:30:04
Mask was built over a temple that was destroyed. Okay. Now, just in order for you, for some of you who don't really understand how archaeology works in action, places.
面具是在一座被毁的神庙上建造的。好吧。现在，为了让你们，有些人不了解考古学是如何运作的，地点。

01:30:17
So the mosque is within the old, ancient city walls, actually off the little town of a little town. What happens if you make a hole?
所以清真寺在古老的城墙内，实际上是在一个小镇的小镇附近。如果你打了一个洞会发生什么?

01:30:26
In an ancient city, you find stuff, right? So basically, the moment you have complex and complex other habitation.
在一个古城里，你会发现一些东西，对吧？所以基本上，当你有越来越复杂的其他居住地时。

01:30:38
You will find something right? So the idea that you're not going that you're going to find a hole and find nothing.
你会找到的，对吧？所以你不会去的想法你会找到一个洞，什么也找不到。

01:30:46
The chance of that is zero, right?

这个概率是零，对吧?

01:30:50
And of course, you've already seen this with a Lesquita and Kodivar, which stands in the old heart of a Roman city. So if you dig under a mosque.
当然，你已经看到了Lesquita和Kodivar，它坐落在罗马城市的中心。如果你在清真寺下面挖。

01:31:02
That is standing in an ancient Roman city. What are you going to find?
那是站在古罗马的城市里。你会发现什么?

01:31:06
You're going to find you're going to find ruins, and you're going to find stone foundations and you're going to find posaics. You're going to find all of this kind of stuff.
你会发现，你会发现废墟，你会发现石头地基，你会发现篱笆。你会发现所有这些东西。

01:31:17
The question is, does this stuff amount to evidence for a temple, right?
问题是，这些东西能证明神庙存在吗?

01:31:24
Specific. You will tell you whether, like, how, why it was very like, why was it destroyed? Exactly. So basically what we are looking at here.
具体。你会告诉你它是否，如何，为什么它很像，为什么它被摧毁了？完全正确。所以基本上我们在这里看到的。

01:31:34
Is, you know, the kind of trenches that have been contact and that have been, you know, set up here.
你知道，这是一种联系的壕沟，你知道，在这里建立起来的。

01:31:44

Right? And what they have done, which is actually, you know, a little bit very old fashioned, is that they have done that. They have created a grit, right? So that you can basically work.
对吧?他们所做的，实际上，你知道，有点过时，就是他们已经做到了。他们创造了一种沙砾，对吧？这样你就可以工作了。

01:31:57
In between these various openings, and that you then basically click down and try to find stuff. And what have they actually found?
在这些不同的开口之间，然后你基本上点击并尝试找到东西。他们到底发现了什么?

01:32:05
So what have they found? Let's go through this artifacts.
那么他们发现了什么呢？让我们来看看这些人工制品。

01:32:16
Is this exciting that you find artbacks? Okay. Do you have a pen? Are you interested in how urban deposits are created?
你发现了艺术品，是不是很兴奋？好吧。你有钢笔吗？你对城市存款是如何形成的感兴趣吗?

01:32:27
Okay.
好吧。

01:32:28
You could have said no. So.
你本可以拒绝的。所以。

01:32:34
If you build a house in a city, right?
如果你在城市里建房子，对吧?

01:32:40

And this house collapses, or you want to rebuild it right?
房子要塌了，还是要重建，对吧?

01:32:47
It's happening. What's here? You raise it to the ground and then build something new on top.
它的发生。这里是什么?你把它放在地上，然后在上面再建一些新的东西。

01:32:54
What you do not do is to basically go deeper than you have to, right?
你不应该做的是比你必须做的更深入，对吧?

01:33:00
So let's assume you with a house without a basement, you raise here at the street level, and you want to build something new on top here.
假设你有一所没有地下室的房子，你把它建在街道上，你想在上面建一些新的东西。

01:33:09
You basically fill in the.
你只需填上。

01:33:13
The space that you don't need with what?
你不需要的空间是什么?

01:33:20
God.
神。

01:33:20
Knowledge, right? So broken stuff, broken pottery, broken stones, broken artifacts. Because what are artifacts? Just think about in purely practical terms.
知识,对吧?破碎的东西，破碎的陶器，破碎的石头，破碎的手工艺品。因为什

么是人工制品？从实际角度考虑。

01:33:32
Stones, broken statutes, broken pillars, broken ceramics. What is it?
石头，破碎的雕像，破碎的柱子，破碎的陶器。这是什么？

01:33:40
It's heavy. Do you want to carry this all the way out of town? Hundreds of meters. You dump it. And where do you dump it? You dump it where you'd have to make a fill anyway.
它很沉。你想一直带着这个出城吗？几百米。你把它扔了。你把它倒在哪里？你把它倒在你必须填满的地方。

01:33:53
Right? So you basically then fill and the space you don't need with, you know, the building detritus and garbage, right?
对吧?所以你基本上用建筑碎屑和垃圾填满了你不需要的空间，对吧？

01:34:04
And then you knock down this house and do the same thing, right?
然后你推倒这栋房子，做同样的事情，对吗？

01:34:09
And this is basically why.
这就是原因。

01:34:11
Cities become out right, because every time you fill something up.
城市变得正确，因为每次你把东西加满。

01:34:17
And it has risen from the original ground level, right? And this is why I make your traveling, for instance, best in Asia Minor.
它从原来的地面上升，对吧？这就是为什么我建议你去小亚细亚旅行。

01:34:26
But in Western Asia, the house is a bit out of mudbrat, right? Very nicely collapsed. You have these hits, right? This is also why, if you are in a city like Rome or Athens today.
但在西亚，房子就有点乱了，对吧？很好地崩塌了。你有这些点击，对吧？这也是为什么，如果你今天在罗马或雅典这样的城市。

01:34:39
And you dig a hole you are standing in, within architecture, within fit in architecture, right? That goes six, 7 m down.
你挖了一个洞，你站在里面，在建筑里，在建筑里，对吧？向下6到7米。

01:34:49
Right? So basically, cities grow, because, unlike today, what do you do today if you knock down a building?
对吧?所以基本上，城市在增长，因为，不像今天，如果你推倒一栋建筑，你会怎么做?

01:34:56
You excavated, and what do you do with the detritus here in Singapore?
你在新加坡挖掘了一些碎石，你是怎么处理这些碎石的?

01:35:01
You put it into sea exactly. You make new islands for air bases and stuff like that. You don't do that in antiquity, right?
你把它扔进了海里。你可以建造新的岛屿作为空军基地之类的东西。在古代是不会这么做的，对吧?

01:35:11
You basically dump the stuff where you can dump it, and that's usually not very far from where the building has been knocked down, right? So.
你基本上是把这些东西倒在你能倒的地方，那通常离大楼被推倒的地方不远，对吧？所以。

01:35:20

The moment you are in a urban site, you have.
当你在一个城市站点，你有。

01:35:27
One layer after another of rubbish that has been dumped.
一层又一层的垃圾被倾倒。

01:35:33
Right? So you never get, you know, a building that's empty of anything, so it's full of stuff, right?
对吧?所以你永远不会看到一栋空无一物的建筑，所以里面都是东西，对吧?

01:35:41
So this is why artifacts are completely to be expected.
这就是为什么人工制品是完全可以预料到的。

01:35:48
And these artifacts usually give you the date of when the dump was created. Doesn't really tell you a lot about.
这些工件通常会告诉您创建转储的日期。并不能告诉你很多关于。

01:35:56
The date of that particular layer, right? So you basically go by the youngest item. There may be very old items in there, and this gives you the layer of.
那一层的日期，对吧？所以你基本上是根据最年轻的项目来选择。里面可能有很旧的东西，这给了你一层。

01:36:08
You know, in the side of the admin and field, this is what the architects did.
你知道，在管理和领域方面，这就是建筑师所做的。

01:36:12
Okay. So that is, really, is that very diagnostic?
好吧。所以，真的，这是诊断吗?

01:36:18
That they necessarily tell you whether it's a sacred place. And I just tell you the garbage that was done there.
他们必须告诉你这是否是一个神圣的地方。我只是告诉你在那里做的垃圾。

01:36:25
Pillow basis.
枕头。

01:36:28
What a pillar basis tell you. That is actually.
一个支柱基础告诉你什么。实际上。

01:36:33
More interesting. There are pillars, but do these pillars give us? No.
更有趣。有支柱，但这些支柱给了我们什么？否。

01:36:40
What is on these pillars?
这些柱子上是什么?

01:36:42
So that, of course, you know, constrains our choices for the kind of buildings that we might get right. So it may be some kind of public building, some kind of.
所以，当然，你知道，这限制了我们对建筑类型的选择，我们可能会得到正确的。所以它可能是某种公共建筑，某种。

01:36:54
To fall some kind of title we don't know.
给自己一个我们不知道的头衔。

01:36:56
Then Stone snaps, then have writing on them.
然后石头啪的一声，然后在上面写字。

01:37:02
Again, not particularly diagnostic. And then we have not platforms. We have greys, which, of course, make sense, close to a mosque, but we have really nothing.
再说一次，这不是特别有诊断意义。然后我们没有平台。我们有灰色的，当然，这是有道理的，靠近清真寺，但我们真的什么都没有。

01:37:13
That gives you a temper? What would have given you a temper? Clearly.
这让你很生气？是什么让你发脾气的？清楚。

01:37:17
Would the slap, though, itself tell you that this is a tempo? It could have been discarded from somewhere else?
但是，巴掌本身会告诉你这是一个节拍吗？它可能是从别的地方被丢弃的吗？

01:37:28
And this is another important archaeological term that I think I'll explain in here, smuggle in, which is called in C tool.
这是另一个重要的考古术语我想我会在这里解释，走私，它被称为C工具。

01:37:35
Which means only if the stuff is in its original place, can you use it for identification, right? So in the scripture may travel, it's building material, right?
也就是说，只有物品还在原处，你才能用它来鉴别，对吧？所以在圣经中，它是建筑材料，对吧？

01:37:48
But if the inscription is on a stone pillar that always stood there, you know, then you can say, this is a temple, also the outline of the actual.
但如果碑文是在一直矗立在那里的石柱上，你知道，那么你可以说，这是一座寺庙，也是实际的轮廓。

01:37:58
Pillars might give you a temple, right? So this is clearly, you know, the temple plan, right? That is underneath there, you know, it is clearly.
柱子可能会给你一个寺庙，对吧？所以这显然是神庙计划，对吧？就在那下面，你知道，很明显。

01:38:08
You know, you have in C to pillars standing there. Temple pillars are kind of very distinctive, right? If you have those in C to then you could say yes. Obviously, there must have been a sense.
你知道，你有C到柱子站在那里。寺庙的柱子很有特色，对吧？如果你在C - to中有这些，那么你可以说是。显然，他们之间一定有某种感觉。

01:38:20
But the evidence that is here, in a urban setting, in an old place, does that give us a temple?
但证据就在这里，在一个城市的背景下，在一个古老的地方，这能给我们一个寺庙吗?

01:38:28
No, it doesn't give us a template. And even if it gave us a template.
不，它没有给我们一个模板。即使它给了我们一个模板。

01:38:33
Even if you say, okay, you know the pattern by which the pillars are arranged, it must have been a tempo.
即使你说，好吧，你知道柱子排列的模式，它一定是一个节奏。

01:38:40
Does it give us alarm? Temple.
它会给我们警报吗？殿。

01:38:42
What give us, what would give us a round temple?

是什么给了我们，是什么给了我们一个圆形的寺庙?

01:38:46
An inscription description. What would the inscription have to be? This is in CTU, right? So it would have to be some kind of dedicatory inscription on a pillar that we know belongs to the structure and thesis. You know, raja's selling.
碑文描述。碑文应该是什么？这是CTU，对吧？所以它一定是某种刻在柱子上的铭文我们知道它属于这个结构和论文。你知道，拉贾在卖东西。

01:39:05
So, you know, dedicated this to law drama or something, then we would know that, right?
所以，你知道，把它奉献给法律剧什么的，我们就会知道了，对吧?

01:39:11
So what does the archaeology actually just show us about this particular site?
那么考古学实际上向我们展示了这个特别的遗址的什么呢?

01:39:17
There was continuous inhabitation. There was a settlement here that there was stuff there. And to what is the obvious answer to, you know, a neutrally minded.
那里一直有人居住。这里有一个定居点，那里有东西。对于一个中立的人来说，最明显的答案是什么。

01:39:28
Of, you know, an impartial observer to the fact that there is ancient, that there is habitation underneath a sixteenth century mosque in a city that is.
你知道，一个公正的观察者发现在一座16世纪的清真寺下面有一个古老的，有人居住的城市。

01:39:38
Probably, I don't know, 2500 years old.

我不知道，大概有2500年了。

01:39:42
Okay. So what?
好吧。那又怎样?

01:39:45
The people that tell me we know about. You know, if you make a holy, classical Athens, if you make a holy, classic role.
那些告诉我我们知道的人。如果你扮演一个神圣的古典雅典人，如果你扮演一个神圣的经典角色。

01:39:55
Even in certain places in Singapore, if you make a hole, you are going to find stuff, right? That is obvious, right? That is clear.
即使在新加坡的某些地方，如果你挖一个洞，你也会找到东西，对吧？这很明显，对吧？这是显而易见的。

01:40:05
And, but specifically.
但是具体来说。

01:40:07
This particular evidence proves nothing right.
这个特殊的证据证明不了什么是正确的。

01:40:14
And interestingly, the Supreme Court of India, that's the Supreme Court of India, say there is clearly a temple underneath.
有趣的是，印度最高法院，那是印度最高法院，说下面显然有一座寺庙。

01:40:22
They don't say that because they can't say that because it would be completely ridiculous to say that.
他们没有这么说，因为他们不能这么说，因为这么说完全是荒谬的。

01:40:29
And what do they say instead?
他们怎么说呢?

01:40:31
A on something possibly resembling.
一种可能类似的东西。

01:40:43
They said it could have been a temple. Very speculative. Freezing.
他们说那可能是座寺庙。很投机。冻结。

01:40:49
And they use this very spectative phrasing to make a decision that they wanted to make anyway, right?
他们用这种非常推测的措辞来做出他们本来就想做的决定，对吧?

01:40:56
Which is to basically say, the mosque has gone, and there may have been around temple there.
也就是说，清真寺已经消失了，那里可能有寺庙。

01:41:03
And the political village to build this temple is there, and the court then basically bends to the political village.
建造这座寺庙的政治村就在那里，朝廷基本上向政治村倾斜。

01:41:11
Of, you know, oops.
你知道，哎呀。

01:41:13
That you just right, it's not working.
你说得对，这行不通。

01:41:17
Is because can your sit screwed up again.
是因为你的座位又搞砸了。

01:41:23
Um, may.
嗯,可以。

01:41:26
Love, because it is an important part of this man's ideology and the people who he stands for. And goes across the current prime minister of India, modi.
爱，因为它是这个人的意识形态和他所代表的人民的重要组成部分。这是印度现任总理莫迪。

01:41:38
And what is his whole intellectual project and a political project, or the project of his party, the BJP? It's in the plan. What is that?
他的整个思想计划和政治计划是什么，或者他的政党，印度人民党的计划是什么？这是我的计划。那是什么？

01:41:47
In the toilet is the belief that.
在厕所里的信念是。

01:41:50
Those are superior to other religious or like other communities.
这些都比其他宗教或其他社区优越。

01:41:57
In the Subcontinent, and they have the right to.
在次大陆，他们有权利。

01:42:00

Society, that is.
这就是社会。

01:42:03
Based on certain Hindu precepts, and that's.
基于某些印度教戒律，那是。

01:42:10
Just like a main brand statement. And hinluva basically is based on the narrative that people like Ellen Rock create, right? They basically say.
就像一个主要的品牌宣言。hinluva基本上是基于Ellen Rock这样的人创造的故事，对吧？他们基本上说。

01:42:18
Hindu is broadly conceived, which is important, right? So, interestingly religious, but under normal circumstances, would not have been counted as Hindu design Mangenism, even if some extent secism also.
印度教是广义的，这很重要，对吧？所以，有趣的是，宗教，但在正常情况下，不会被视为印度教的设计管理主义，即使在某种程度上也是宗派主义。

01:42:31
Some Buddhism, jainism, seekers, and right? They are all considered Hindu. Right? These are the native religions and native cultures of the Subcontinent.
佛教，耆那教，求道者，对吧？他们都被认为是印度教徒。对吧?这些是次大陆的本土宗教和本土文化。

01:42:41
The one religion that does not belong as Islam and Christianity and Islam is the evil conquerors.
唯一不属于伊斯兰教、基督教和伊斯兰教的宗教是邪恶的征服者。

01:42:51
Christianity is the colonizers. And what we basically need to do in order to move into a golden future.

基督教是殖民者。为了迈向一个金色的未来，我们基本上需要做些什么。

01:43:00
To make India great again is to get rid of, you know, this horrible contamination.
要让印度再次伟大，就要摆脱这种可怕的污染。

01:43:08
Of Christianity and Islam, most importantly, islam, christianity. Not so much because the, even though you're going to talk about that, when you're going to talk about the mutiny, slash revolutions, slash whatever you want to see it.
基督教和伊斯兰教，最重要的是，伊斯兰教和基督教。不是因为，尽管你们会讲到这些，当你们讲到兵变，革命，或者任何你们想看到的时候。

01:43:22
And Christianity was not very widely spread by British right. They were not interested in making India Christian.
基督教在英国并没有广泛传播。他们对把印度变成基督教不感兴趣。

01:43:29
All right. So this is basically the idea. If that is the idea, and the destruction of the Bubry Mosque is important, because what does the Bubry Mosque? What does the destruction of the Bubry Mosque. Do.
好吧。这就是基本思路。如果是这样的想法，那么摧毁布布里清真寺是很重要的，因为布布里清真寺做了什么？布布里清真寺的破坏。做的。

01:43:42
What sense symbolizes the free Congress, right? Exactly. So basically, just like Barbara supposedly came in and destroyed the temple of Ram.
什么意义象征着自由的国会，对吧？完全正确。基本上，就像芭芭拉进来摧毁了拉姆神庙一样。

01:43:52
So are we now destroying the bubri Mosque? And we are rebuilding what

was there in the first place?
所以我们现在要摧毁布里清真寺吗？我们在重建最初的地方吗?

01:43:57
So some love only, you know, now with a particular, you know, ideology about the future, about the Golden Age, that comes about, basically a Riconquistar.
所以有些爱，你知道，现在有一种特殊的，你知道，关于未来的意识形态，关于黄金时代，这基本上是一个里康斯基达。

01:44:08
Right in a South Asian style. And of course, what is interesting about this is that the way that Modi thinks about it.
南亚风格的。当然，有趣的是莫迪的思考方式。

01:44:18
Is not a very, actually, hindu way of thinking about it, because you see him here in the temple of Ram.
实际上，这并不是印度教的思考方式，因为你可以在罗摩神庙看到他。

01:44:27
Having consecrated the temper. But if you actually take Indian religion seriously, and if you take the cast order seriously.
把脾气神圣化了的但如果你真的认真对待印度宗教，如果你认真对待种姓制度。

01:44:39
And if you take the and if you take the cast, specific Dharma seriously.
如果你认真对待这个特殊的佛法。

01:44:45
Should Modi have consecrated the temple?
莫迪应该把这座寺庙供奉起来吗?

01:44:49

He has defined dharma, his class specific dharma, because he's not a Brahman. And as a matter of fact, several Brahmas were really upset about this.
他定义了法，他的阶级特有的法，因为他不是婆罗门。事实上，有几个梵天对此感到非常不安。

01:45:02
And said, you know, he can't do this. You know, this is actually a violation of, you know, our religious precepts, which is why this becomes important in terms of.
然后说，你知道，他不能这么做。你知道，这实际上违反了，你知道，我们的宗教戒律，这就是为什么这变得很重要。

01:45:14
The narrative frame and the intellectual and the ideological frame in this.
叙事框架，思想框架和意识形态框架。

01:45:21
What has related?
有什么关系?

01:45:24
And Hinduism, broadly conceived, really become in the eyes of someone like Laudio.
广义上的印度教，在像Laudio这样的人的眼中。

01:45:31
What would you say? What is his frame? What is his way of thinking about religion? Is it a genuinely dramatical way of thinking? No, it's not a political ministry.
你会怎么说？他的身材怎么样？他对宗教的看法是什么？这是一种真正戏剧化的思维方式吗？不，这不是一个政治部门。

01:45:43
It's basically a form of religious nationalism and a form of religious

nationalism that, of course, ultimately takes its ideas from where.
它基本上是宗教民族主义的一种形式，当然，这种形式的宗教民族主义，最终从哪里得到了它的思想。

01:45:52
Or from Western ideas of what a nation is and Western ideas of what you know as civilization is right?
还是从西方对国家的定义和西方对文明的定义?

01:46:02
So you remember Ellen Brook coming in saying, I'm bringing back the tempo gates of Somnar to avenge your great humiliation. And people say, what humiliation? What are you talking about? Well, I guess these are nice gates, you know, if they are sacred things.
你们还记得Ellen Brook说我要把Somnar的节奏之门带回来为你们的耻辱报仇人们会说，什么耻辱？你在说什么？我想这些门很漂亮，如果它们是神圣的东西的话。

01:46:17
To bring them back, you know? But the narrative then, of course, takes hold, right? And the BJP, the party, which Modi leads, is, of course, built on Western models.
把他们带回来，你知道吗？当然，这样的叙述就有了说服力，对吧？当然，莫迪领导的人民党是建立在西方模式之上的。

01:46:29
And on the idea of what a nation is and what defines a nation and what a civilization is, and this kind of civilization definition.
关于什么是国家，什么定义一个国家，什么是文明，以及这种文明的定义。

01:46:39
Right? That is then what is expressed in this temple. It is not necessarily the actual essence.
对吧?这就是这座神庙所表达的。它不一定是真正的本质。

01:46:48
Of, you know, this particular kind of worship and practice, right? Which is a vision about practice, which basically brings us to Hinduism in general. Is Hinduism really?
你知道，这种特殊的崇拜和实践，对吧？这是一种关于实践的愿景，它基本上把我们带到了印度教。印度教真的是印度教吗?

01:46:59
A religion like Jainism or Buddhism, which is now, you know, subsumed and a handled part.
像耆那教或佛教这样的宗教，现在，你知道，被纳入其中，被处理了。

01:47:06
For those of you who know something about Hinduism, so what is Hinduism like? What kind of system? Because it'll ask everyone to give you a different answer. And that's the point, because that's exactly the right answer.
对于那些了解印度教的人来说，印度教是什么样的？什么样的系统？因为它会让每个人给你一个不同的答案。这就是问题的关键，因为这就是正确答案。

01:47:23
And this is why the Muslims do not consider Hinduism a religion. So basically, if Muslims conquer a territory, they basically distinguish between people of book and on people.
这就是为什么穆斯林不认为印度教是一种宗教。所以基本上，如果穆斯林征服了一块领土，他们基本上会区分有书的人和无书的人。

01:47:34
The book. So the Koran basically gives people off the book certain protections. So, and who are the people of the book? There are three people of the book.
这本书。所以《古兰经》基本上给了人们一些不受书本约束的保护。那么，书中的人物是谁呢？书中有三个人。

01:47:45
Questions, issues, and, and, and answers. Yes, a hundred parts, right? So these are, of course, the original territories that.
问题，议题，和，和，和答案。是的，一百份，对吧？当然，这些是最初的领土。

01:47:57
Most of Congress conquered. So you cannot really brutalize the Zorastrians, because that's Iran. These are the Persians. You know, islam has a very close relationship to Judaism, a Christianity when it's being founded and.
大多数国会议员都成功了。所以你不能虐待琐拉斯德教教徒，因为那是伊朗。这些是波斯人。你知道，伊斯兰教和犹太教有着非常密切的关系，而犹太教和基督教在创立之初。

01:48:11
Profit essentially claims that he's the last profit. The other profits matter too, but that he overrides all of them. Right? So.
利润本质上声称他是最后一个利润。其他利润也很重要，但他凌驾于一切之上。对吧?所以。

01:48:19
They are people of the book. But the definition is that you have a holy book, right? The truth of the Torah, the Christians of the Bible, the Soarastrians of what, what is the holy.
他们是书本上的人。但定义是你有一本圣书，对吧？律法的真理，基督徒的圣经，索罗斯特教徒的什么，什么是神圣的。

01:48:29
The office, or astrians.
办公室，或者是astrans。

01:48:31
That is something you should know. It's the other, it's the arrester, right? So, so you basically have these spots, and the think.

这是你应该知道的。是另一个，是逮捕者，对吧？所以，你基本上有这些斑点，然后想。

01:48:42
They don't have books, or they don't have a whole book, right? Because if you are part of grammatical religion.
他们没有书，或者他们没有整本书，对吧？因为如果你是语法宗教的一部分。

01:48:51

01:49:36
People try to think of Hinduism as a religious system on the model of Christianity, just like the Japanese begin to think of Shintoism as a religious system on the model of Christianity?
人们试图将印度教视为基督教模式下的宗教体系，就像日本人开始将神道教视为基督教模式下的宗教体系一样?

01:49:46
And therefore, in, you know, hinduism, what is being created a holy book? What is supposedly the holy book of Hinduism?
因此，在印度教中，什么被创造成圣书？印度教的圣书是什么?

01:49:57
And the Bahama detail, which is actually not a self contained text, but it's a point within the.
关于巴哈马群岛的细节，这实际上不是一个独立的文本，但它是一个点。

01:50:04
So it's basically a cold in the Mahabora. That's basically as if you were taking, again, a loose analogy, a speech of Achilles or Odysseus out of the Iliad or the Odyssey, and say, this is actually what it means. This is the only thing.
所以在马哈博拉基本上是感冒。这基本上就像是，再一次，一个松散的类比，阿喀琉斯或奥德修斯的演讲，从《伊利亚特》或《奥德赛》中，然后说，这实际上是它的意思。这是唯一的办法。

01:50:20
You need to read about it. And who does that? These are, of course, you know, these BGP people, these early ones, are basically saying, we need to have our.
你需要读一下。谁会这么做呢？当然，这些BGP的人，这些早期的人，基本上是说，我们需要我们的。

01:50:29
Own, you know, religious thing. And, of course, I have a, it is actually a really interesting case. And text three, you know, full of, you know.
你知道，宗教的东西。当然，这是一个很有趣的例子。第三条短信，你懂的，满是。

01:50:39
A religious listener. I'm not denying that. I'm just saying, you know, that the practice of taking stuff and then basically giving it a particular valence, right? That comes out of So what we are seeing here, I think.
虔诚的听众。我不否认。我只是想说，你知道的，拿一些东西然后基本上给它一个特定的价电子，对吧？我认为这是我们在这里看到的。

他们传递了文明冲突的感觉，文明的感觉。

01:51:06
Definition of how you are defined, right? So people now speak about.
你是如何被定义的，对吧？所以人们现在谈论。

01:51:11
It's a civilizational system.
这是一个文明体系。

01:51:13
And then basically created contests and contestations to make this visceral test, to make.
然后基本上创造了比赛和辩论来做这个本能的测试，来做。

01:51:21
Is, you know, manifest. And you can basically make them, you know, the.
是，你知道的，明显的。你基本上可以把它们做成。

01:51:27
You know, purging of India from these foreign conquerors manifests by just saying, here's a sixth century mosque. It must be the mosque of a Muga Sultan.
你知道，印度从这些外国征服者手中的清洗，仅仅是说，这是一座六世纪的清真寺。这一定是穆加苏丹的清真寺。

01:51:39
Because if it's not, it is not an imperial mosque, then we cannot claim that it stands above an important temple. And we want that side to be the side of Ram.
因为如果它不是，它不是皇家清真寺，那么我们就不能说它位于一座重要的寺庙之上。我们想让这条边是公羊的边。

01:51:50
Who happens to be the paradigmmatic king of, you know, south Asia and Southeast Asia. This is a really important site because it reflects, you know, the order of our civilization.
他恰好是南亚和东南亚的模范国王。这是一个非常重要的遗址，因为它反映了我们文明的秩序。

01:52:01
By reclaiming that right, we are basically reclaiming our destiny. And we are essentially seeing, you know, islamic rule over him the ass. This interlude.
通过收回这种权利，我们基本上是在收回我们的命运。我们基本上看到了，你知道，伊斯兰教统治着他的屁股，这段插曲。

01:52:12
That needs to be touched. What is really weird about that? How long did

that interlect last? For how long did the Mughals rule India?
它需要被触摸。这到底有什么奇怪的？这种智慧持续了多久？莫卧儿王朝统治印度多久了？

01:52:22
So basically, for half a millennium, can you just excise half a millennium?
所以基本上，半个世纪，你能把半个世纪去掉吗？

01:52:33
Out of your history? Well, if your template is 80 million years old, then you probably can exactly that's the point. You can say, look, it's a Turner. That's just a blip.
从你的历史中？好吧，如果你的模板是8000万年前的，那么你很可能可以。你可以说，看，这是特纳的作品。那只是暂时的。

01:52:43
And then we can go back to these kind of things. And that is precisely how you frame it. And these frames are, of course, important, and this is why protestations are important, because contensations then make this manifestable, broader audience.
然后我们再回到这些事情上。这就是你如何定义它的。当然，这些框架是重要的，这就是为什么抗议是重要的，因为内涵使这个明显的，更广泛的观众。

01:52:56
So, for instance, of course, you know.
举个例子，当然，你知道。

01:52:58
The way that you're looking at history as a series of complexes is silly. So, I mean, you're speaking, you're attending a seminar in English.
你把历史看作一系列复杂的东西是愚蠢的。所以，我的意思是，你在演讲，你在参加一个英语研讨会。

01:53:06

But who rules Britain essentially from 1066 to 50 hundred?
但从1066年到5000年，到底是谁统治着英国?

01:53:14
The Normans? And what language do the Normans speak? What, how do they talk among themselves? What kind of culture do they And they speak French.
诺曼人吗?诺曼人说什么语言？什么，他们怎么互相交谈？他们是什么文化？他们说法语。

01:53:29
They speak normal French. And have you ever had of a hundred years war between England and France, which is, of course, a nationalist construct. Is it actually a war between the English and the French.
他们说普通的法语。你有没有经历过英法之间的百年战争，这当然是民族主义的产物。这是一场英法之间的战争吗?

01:53:40
No, it is a contest between whom the House of Valua and the House of Plantau. Genie.
不，这是瓦卢亚家族和普兰托家族之间的较量。精灵。

01:53:49
Two French aristocratic houses who are fighting over what?
两个法国贵族家族在争什么?

01:53:54
The crown of France, to which they both have a right, and.
法国的王冠，他们俩都有权利，还有。

01:54:01
The Plantaugen is, it happened to be the Dukes of Akiton and the Kings of England.
Plantaugen是，碰巧是Akiton公爵和英格兰国王。

01:54:07
And the Valuar just accepted around Paris. And, you know, they are fighting for the corner France. And.
瓦勒尔刚刚在巴黎附近接受了采访。你知道，他们在争夺法国的一角。和。

01:54:15
Great heroes of this war, right? Like the Black, you know, prince, who you matter of fact, but.
这场战争的伟大英雄，对吧？就像黑衣人，你知道的，王子，你很在意他，但是。

01:54:22
No, maybe he talked English to his dogs or to his horses, right? But, of course, you know, in his court, he would only have spoken French, right? He was actually also involved in the.
不，也许他跟他的狗或马说英语，对吧？但是，当然，在他的法庭上，他只会说法语，对吧？他实际上也参与了。

01:54:32
In the Comquista. And, you know, very interested in crusading with Spain. And if you ever, actually ever see his epitaphs, effigy.
在Comquista。他对与西班牙的十字军东征非常感兴趣。如果你真的看过他的墓志铭，雕像。

01:54:39
The inscription is in Latin and French. It's not a word in English there. You know, great English year old friends of words, but you wouldn't see that.
碑文是拉丁文和法文。英语里没有这个词。你知道，这些词都是英语的好朋友，但你不会看到的。

01:54:50
So of course, you can see that the way that you frame history and explain it in national accounts doesn't have to have anything to do with the actual underlying history.
当然，你可以看到，你在国民经济核算中构建历史和解释历史的方式与实际

的潜在历史没有任何关系。

01:54:58
And here, of course, exercising 500 years, half a millennium of Google rule from India, is, of course, also nuts.
当然，在这里，实行500年，印度50年的b谷歌统治，当然也是疯狂的。

01:55:05
Is it not from a historic perspective, but makes perfect sense from a mythological perspective and from the users and abuses of archaeology and history.
不是从历史的角度来看，而是从神话的角度来看，从考古学和历史学的使用和滥用来看，这是完全有道理的。

01:55:17
To basically say that your story is true.
基本上说你的故事是真的。

01:55:19
I mean, I'm just trying to give you a sense of the strategies that are being employed here, how you use history and how you then use.
我的意思是，我只是想让你们对这里正在使用的策略有一个感觉，你如何利用历史，然后如何利用。

01:55:33
The scientific sheen that archaeology possesses to make these myths look true.
考古学所具有的科学光辉使这些神话看起来是真实的。

01:55:41
It's a little bit like, don't let history get in the way of a good answer. No, I mean, don't let history get into the way of a good story.
这有点像，不要让历史妨碍一个好的答案。不，我是说，不要让历史影响到一个好故事。

01:55:52
By the way, what I found very funny recently in Singapore, I went by a school, and there was in a story that was supposed to be very confusing.
顺便说一下，我最近在新加坡发现了一件很有趣的事，我去了一所学校，那里有一个故事，应该很让人困惑。

01:56:02
So in the nineties, you know, two boys were vandalizing cars. One was American, the other was Singaporean.
在九十年代，你知道，两个男孩在破坏汽车。一个是美国人，一个是新加坡人。

01:56:12
Big Clinton over there. And, you know, you know.
大克林顿在那边。然后，你知道，你知道。

01:56:19
Intervened on behalf of the American boy that he wouldn't be trained. But, you know, his Singaporean father thought that he deserved punishment. And it's very funny because, you know, then.
为了那个美国男孩不接受训练而出面干预。但是，你知道，他的新加坡父亲认为他应该受到惩罚。这很有趣，因为，你知道，然后。

01:56:29
After reading this, you could go on a, you know, if you ask, could and read the confusion. The confusion actually, confusion line.
读完这个，你可以继续，你知道，如果你问的话，可以读懂困惑。实际上是混乱，混乱。

01:56:39
And it completely contradicts the story. The answer across Confucius and the analect says, well, you don't meet our harsh punishments.
这和故事完全矛盾。孔子和论语的答案是，你不会受到我们严厉的惩罚。

01:56:49

Because the teacher will not follow it, and it will, you know, it will.
因为老师不会遵循它，它会，你知道，它会。

01:56:57
You know.
你知道的。

01:57:00
It just leads to non compliance, right? And I was thinking, someone who did this, you know, that's very interesting, very surface subversive act.
它只会导致不合规，对吧？我在想，做这件事的人，你知道，这是非常有趣的，非常表面的颠覆行为。

01:57:08
Has, you know, this official narrative, and then he actually, which is completely innocuous, of course. And, you know, it links that story to what Confucius actually has to say. And this is, of course, also the story of neo Confucianism. You know.
有官方的叙述，然后他实际上，这是完全无害的，当然。你知道，它把这个故事和孔子实际上要说的话联系起来。当然，这也是新儒学的故事。你知道的。

01:57:22
Don't get confucus, get into the way of your Confucianism. Because if you actually make Confucius, it does not just usually not say what you think. He says, right?
不要学儒学，要走你的儒学之路。因为如果你真的做了孔子，它通常不会说你所想的。他说，对吧?

01:57:33
Complex thinkers are very hard in this regard. Okay, but that's, of course, you know, part of this. I don't let history get in the way of the history that you construct in order to construct a political narrative that you need to.
复杂思考者在这方面很难。好吧，但那当然是，你知道的，这事的一部分。我不会让历史妨碍你为了构建政治叙事而构建的历史。

01:57:46
And Modi, he is interested in constructing this idea of a civilizational.
而莫迪，他对构建文明的概念很感兴趣。

01:57:51
Struggle right between native Indian religions, to which he accounts Buddhism and Jainism, and against invaders, which is the Muslim.
印度本土宗教，如佛教和耆那教，与入侵者，即穆斯林之间的斗争。

01:58:03
You know, period. And that, of course, piggybacks of what people like Helen drop to the British who bring their own men to frame.
你知道，句号。当然，像海伦这样的人把自己的男人嫁祸给了英国人。

01:58:12
To South Asia, which is the mental flame of the Crusades, the Likong, kissta, and the conflict and the competition.
对南亚来说，这是十字军东征的精神火焰，利贡，基斯塔，冲突和竞争。

01:58:20
Between Christianity and Islam.
在基督教和伊斯兰教之间。

01:58:25
Investigation.
调查。

01:58:25
Essentially the frame that has been used.
本质上是使用的框架。

01:58:28
And then you cannot just.
然后你就不能。

01:58:31
Let it stand that this is one frame. You actually have to prove that it is true, right? And archaeology is, of course, you know, the discipline that is.
假设这是一个坐标系。你实际上需要证明它是对的，对吧？当然，考古学就是这样一门学科。

01:58:41
Very liable to this, because supposedly we deal only in facts, right, and we can prove things to be right or wrong. Here the land bridge.
这是很容易发生的，因为我们应该只处理事实，对吧，我们可以证明事情是对还是错。这里是大陆桥。

01:58:51
Of you know that the monkeys at the bastards between Sri Lanka and the mainland obviate the.
你知道那些猴子在斯里兰卡和大陆之间的那些混蛋。

01:58:59
You know, suppose a temple underneath the moss, right? And this is, you know, how these conversations are created. Because what happens?
你知道，假设苔藓下有一座寺庙，对吧？这就是，你知道，这些对话是如何产生的。因为会发生什么?

01:59:10
When you're actually looking at your building, when you're actually looking?
当你真正在看你的建筑的时候，当你真正在看的时候?

01:59:14
To a history of empty life.
献给空虚人生的历史。

01:59:16
Event, it becomes incredibly complicated, and it becomes very, very

difficult to actually assign clear signs. And usually what you realize is that the.
事件，它变得难以置信的复杂，它变得非常，非常难以分配明确的信号。通常你会意识到。

01:59:26
Historical debates and historical conflicts are not at all about what you think they actually are.
历史上的争论和冲突根本不是你认为的那样。

01:59:32
So you see what happens here, hopefully you understand that archaeologists are not running around trying to find the Holy Grail and the.
所以你看到这里发生了什么，希望你明白考古学家并不是在到处寻找圣杯和。

01:59:43
Out of the confidence and, you know, proving whether the war in Troy really happened, even though that this is, of course, something that, in popular culture is.
出于信心，你知道，证明特洛伊战争是否真的发生过，尽管这是，当然，在流行文化中。

01:59:54
So archaeologists are presented.
于是考古学家们出现了。

01:59:56
So then what are archaeologists presenting? So what archaeologists, of course, are doing is to.
那么考古学家们展示了什么呢？所以考古学家们所做的就是。

02:00:06
Provide patterns for entry life, words, right that are then important to understand. And pre, modern and pre, industrial societies.

为入门生活，词汇，权利提供模式，然后重要的是要理解。前现代社会和前工业社会。

02:00:16
So what we are not looking at is proof. It's archaeology stopped. It's the handmade, not history, right?
所以我们要看的不是证据。考古学停止了。这是手工制作的，不是历史，对吧?

02:00:25
But it's not the handmade of ancient literature. So our job is not to prove that what goes on in texts actually happen in the material world, but to complement.
但它不是手工制作的古代文学。所以我们的工作不是证明文本中发生的事情在物质世界中确实发生了，而是补充。

02:00:35
And the written evidence by, you know, the physical evidence, and trying to help people understand how about the social, economic, and broader cultural content.
还有书面证据，你知道，实物证据，并试图帮助人们了解社会，经济和更广泛的文化内容。

02:00:47
In which, you know, these texts, for instance, evolve. So, for instance.
比如，这些文本就是在其中进化的。举个例子。

02:00:52
We from ethical China, or from, you know.
我们来自道德中国，或者你知道。

02:00:58
From classical antiquity, we have so, called received text texts that were copied over and over the world over again because.
从古典时代开始，我们有所谓的“接收文本”这些文本在世界各地被一遍又一

遍地复制，因为。

02:01:06
People believe that it's really important as part, usually of economical application.
人们认为它作为经济应用的一部分非常重要。

02:01:12
And that is not really.
这并不是真的。

02:01:17
That's not referred to many aspects of life that are not important to these elites.
这并没有涉及到生活中对这些精英来说不重要的许多方面。

02:01:22
So basically attack you themselves. So for instance, if you excavate Roman cemeteries, right, you find hundreds of thousands of humanary epitaphs, and that are not reported in literature, but give you a very good sense.
基本上就是攻击你自己。举个例子，如果你挖掘罗马墓地，你会发现成千上万的墓志铭，这些都没有在文献中报道过，但能让你很好地理解。

02:01:34
Of how people memorialize their lives, and how social mores change over time that you could not really an Earth out of.
关于人们如何纪念他们的生活，以及社会习俗如何随着时间的推移而变化，你无法真正摆脱地球。

02:01:43
All the texts alone. It also gives you a broader sense of how economic systems function, about how social diversity was organized, right? So a whole right of different things, patterns, right? You get patterns out of that.
所有的文本都是单独的。它还能让你更广泛地了解经济系统是如何运作的，以及社会多样性是如何组织起来的？所以不同的事物，模式的完整权利，对

吧？你可以从中得到规律。

02:01:56
Archaeology that I historically say, and, but you don't get, you know, the proof of individual stories. That is not what archaeology can do.
考古学，我从历史上说过，但你没有得到，你知道，个人故事的证据。这不是考古学能做的。

02:02:05
Does that make sense? So it's a study of human civilization, basically. So, so.
明白了吗？所以这基本上是对人类文明的研究。所以,所以。

02:02:11
Because an old and can therefore talk about myself a little bit serious at the end.
因为年纪大了，所以可以在最后稍微严肃一点地谈论自己。

02:02:16
At the threshold of selectitude. And so, for instance, the book that I just submitted is a book that quantifies the output of.
在选择的门槛上。举个例子，我刚刚提交的那本书是一本量化产出的书。

02:02:26
The Roman period meant right. And we have a lot of literature sources that suggest that the Roman economy was completely monetized, which is important to understand.
罗马时期意味着正确。我们有很多文献资料表明罗马经济是完全货币化的，理解这一点很重要。

02:02:36
Class about a society that's completely monetized has, you know, has a particular way of organizing social and political relationships through money.
关于一个完全货币化的社会，你知道，有一种通过金钱组织社会和政治关系

的特殊方式。

02:02:47
Right? Okay. But in order for that to work, you must know how much money is around, which types of money are around.
对吧?好吧。但为了让它起作用，你必须知道周围有多少钱，周围有哪些类型的钱。

02:02:54
And what I've been doing is to basically look at ancient coins, which are struck from stamps and dice. Through the analysis of the coins, don't have many stamps we used in.
我一直在做的基本上是研究古钱币，它们是由邮票和骰子制成的。通过对硬币的分析，没有多少邮票是我们用过的。

02:03:06
Particular period in which particular metal calculate many stems to use calculator, many kinds for use, track their spread across the Empire.
特定时期特定金属计算多茎使用计算器，多种使用，追踪它们在帝国的传播。

02:03:15
Regionally and chronologically. And from that basically reconstruct in combinations literary sources the monitoring economy of the Roman Empire.
按地区和年代划分。并以此为基础结合文献资料重建了罗马帝国的监控经济。

02:03:23
Right, which then allows me to say something about political economy and about commercial life, about social mobility, about impersonal versus.
好的，这让我可以谈谈政治经济和商业生活，社会流动性，关于非个人与。

02:03:33
You know, at customer time exchange systems. That is what an

archaeologist does.
你知道，在客户时间交换系统中。这就是考古学家的工作。

02:03:38
Like, oh, my previous book was about middling source, right? So middle classes, not just the elites, that we have literary sources.
比如，我之前的书是关于中等资源的，对吧？所以中产阶级，不仅仅是精英阶层，我们有文学资源。

02:03:48
But, you know, rich shopkeepers, merchants, and what have you? Not? Well, usually not the subject of literature, but we have tens of thousands of shops and monolith houses and tools and Tombstones.
但是，你知道，有钱的店主，商人，你有什么？不呢?嗯，通常不是文学的主题，但我们有成千上万的商店，巨石房子，工具和墓碑。

02:04:00
And basically reconstructing their social work from that. And that book before that was about Imperial monuments, right? How do they basically?
并以此为基础重建他们的社会工作。在那之前的那本书是关于帝国纪念碑的，对吧？他们基本上是怎么做的?

02:04:08
And commemorate imperial achievements after the Empress have left Rome. How is the difference from the communications in Rome? So you can basically talk about social, economic and cultural history.
并在皇后离开罗马后纪念帝国的成就。与罗马的通讯有何不同？所以你基本上可以谈论社会，经济和文化历史。

02:04:19
With data that are not available from textile sources or now, right, that is what archaeologists do. They are not interested. And this is really, you know, where this conflict between what Modi does and what archaeologists do become.
现在，考古学家用的是无法从纺织材料中获得的数据。他们不感兴趣。这就

是莫迪所做的和考古学家所做的之间的冲突。

02:04:32
Becomes so sharp archaeologists did in the General.
变得如此犀利的考古学家在将军。

02:04:38
Right? They're interested in general patterns, of course, individual cases. But just a single tomb star, right, with an interesting inscription, doesn't give you anything.
对吧?他们感兴趣的是一般模式，当然，个别情况。但只有一颗墓星，上面写着有趣的铭文，并不能说明什么。

02:04:50
About the culture that produces this kind of comparative culture. You need 10000 twin styles. Then you can say something about, you know, how this particular culture works.
关于产生这种比较文化的文化。你需要10000个双发款式。然后你可以谈谈，你知道，这种特殊的文化是如何运作的。

02:05:00
That's what archaeologists do. And the reason that then archaeologists could have said, in the case of a Yodia, this is the temple, is that they've excavated 500 temples.
这就是考古学家的工作。考古学家之所以会说，在尤迪亚神庙的例子中，这就是神庙，是因为他们已经挖掘了500座神庙。

02:05:10
Of that particular period. And said, well, you know, this pattern that we see here corresponds with all of these other patterns.
那个特定时期的。然后说，你知道，我们在这里看到的这个模式和其他的模式是一致的。

02:05:17
And therefore, almost certainly this wasn't happened. But if you don't have

that, that's a problem. Another thing, of course, which is a huge problem in, you know, in the archaeology, is That.
因此，几乎可以肯定这并没有发生。但如果你没有这些，那就有问题了。当然，另一件事，也是考古学中的一个大问题，那就是。

02:05:27
Hindu deities don't have tempers for a very long time.
很长一段时间以来，印度教神灵都没有脾气。

02:05:32
They only get temples very late. And I think the earliest ones are fourth century ce, you know. And then in the good period, you get temples. But in the early historical periods, you don't get.
他们很晚才有寺庙。我认为最早的是公元四世纪。在好的时期，你会有寺庙。但在早期的历史时期，你得不到。

02:05:44
It happens the only people who build sacred sites of Buddhists. And James, right? That's not something that Hindus do, right? That comes only later, which, of course, runs into this entire round narrative.
这是唯一一个建造佛教圣地的人。还有詹姆斯，对吧？这不是印度人会做的事，对吧？这只是在后面，当然，这是整个回合的叙述。

02:05:55
Because if Ram lived as long ago as people came, how would people have remembered his birthplace and gave a temper there? Right? So all of these complications, you know, archaeologists could easily point out.
因为如果拉姆生活在人类出现的年代，人们怎么会记得他的出生地并在那里发脾气呢？对吧?所以考古学家很容易就能指出所有这些复杂的问题。

02:06:06
But that is, of course, something that you cannot do if you're not interested in natural history, and if you're not interested in broader patterns, but if you're only interested in, you know, making a point.
但是，当然，如果你对自然史不感兴趣，如果你对更广泛的模式不感兴趣，

如果你只对表达观点感兴趣，你就无法做到这一点。

02:06:17
That works politically for you, right? So this is what archaeologists, who, archaeologists are not interested in proving specific things, but they're interested in providing a broad understanding.
这在政治上对你有用，对吗？这就是考古学家，考古学家对证明具体的东西不感兴趣，他们感兴趣的是提供一个广泛的理解。

02:06:28
Of societies and countries.
社会和国家。

02:06:29
So the moment in archaeology, you give this something unique.
所以在考古学中，你赋予它一些独特的东西。

02:06:33
I mean, truly, you need you are totally screwed, because you can't explain it. So has anyone of you seen the latest in Yellow Jones movie? I haven't.
我是说，真的，你需要你彻底完蛋了，因为你无法解释。你们有人看过最新的《黄色琼斯》电影吗？我没有。

02:06:43
But it is, I think it is about the anticutural mechanism.
但我认为这是关于文物机制的。

02:06:48
Okay, so the anticultural mechanism is a mechanical computer that comes from a shipwreck of the.
反文化机制是一台来自沉船的机械电脑。

02:06:56
First century BC. And when it was first found, people believed that it was an eighteenth century navigational instrument. And then only people

realized it's actually an ancient.
公元前一世纪。当它第一次被发现时，人们认为它是18世纪的航海仪器。然后只有人们意识到它实际上是一个古老的。

02:07:08
Mechanical computer for astronomical calculations. And we have a sense that stuff like that might have accessed it, but because we only have one single piece.
用于天文计算的机械计算机。我们有一种感觉，像这样的东西可能会接触到它，但因为我们只有一个单独的部分。

02:07:19
We can't really do much for that, right?
我们对此也无能为力，对吧?

02:07:23
And the reason that few of these have survived are reasons for that. But from this one piece, we can extrapolate the amount of people being able to build that because you don't build such a machine once, because you need to have complex costs and.
它们很少能存活下来的原因就是这些。但从这一块，我们可以推断出有多少人能够制造它因为你不能一次制造这样的机器，因为你需要有复杂的成本和。

02:07:36
And complex artists who can do this right? But you can only infer the moment you have 50 of those right, you can actually really say something meaningful about them.
复杂的艺术家谁能做到？但你只能推断，当你有50个正确的时候，你才能真正说出一些有意义的东西。

02:07:47
Or be more precise. So archaeology is always good at intelligence. If you have got a lot of the same stuff, right? Patterns, right? The argument that the goodities makes.

或者更准确地说。所以考古学在智力方面总是很擅长。如果你有很多相同的东西，对吧？模式,对吧?善良之人的论点。

02:07:56
Where you say, look, I look at all the old cities in the Greek world, and none of them is at the colors. And now I'm looking at all the younger cities, and they all at the colors. There must be a reason for that.
你会说，看，我看了希腊世界的所有古城，没有一个是在看颜色。现在我在看所有年轻的城市，他们都在看颜色。这一定是有原因的。

02:08:07
Here are possibilities why this might have been the case. Oh, this has taught me something about how the world works, right? So this is what archaeologists do.
这里有一些可能的原因。这让我明白了世界是如何运转的，对吧？这就是考古学家的工作。

02:08:16
Not looking for the Holy Grail.
不是为了寻找圣杯。

02:08:20
Got the Covenant, or, you know, a temple under the birthplace of Ram. That's not what you do. And then just bringing this up, not just because I'm archaeologist by training, but in order to really show you how this entire.
有契约，或者，你知道，在拉姆诞生地下面建一座神庙。那不是你该做的。我之所以提起这个，不仅仅是因为我是一名训练有素的考古学家，而是为了向你们展示这整个。

02:08:37
Contestation in this particular case, but also the attempt of using archaeology to prove things.
在这种特殊情况下的争论，也是用考古学来证明事物的尝试。

02:08:44

Is epistemologically and methodologically, always nonsense. At the moment, people use it in this particular way. You have to be very wary of.
在认识论和方法论上，总是无意义的。目前，人们以这种特殊的方式使用它。你必须非常警惕。

02:08:56
Right? Then it's almost always, you know, an attempt that motivates people.
对吧?然后，你知道，这几乎总是一种激励人们的尝试。

02:09:02
Because archaeology cannot give you that.
因为考古学无法给你答案。

02:09:05
I mean, you have to be extremely lucky to find something that actually says, this is the tomb of agamental.
我的意思是，你必须非常幸运地找到一些东西，实际上说，这是协议的坟墓。

02:09:13
And if you do, it's often affordable. So for instance, in Olympia, which you all know because of the Olympic Games, philly has a very famous Greek sculpture.
如果你这样做，它通常是负担得起的。举个例子，在奥林匹亚，你们都知道因为奥运会，费城有一个非常著名的希腊雕塑。

02:09:25
Bit. One of the seven moments of the world. The Statute of Zeus Olympia is made of Chris Elephantine marble. And we have a workshop.
一些。世界七大瞬间之一。奥林匹亚宙斯雕像是用克里斯象坛大理石制成的。我们有一个工作室。

02:09:34
From that period. That is exactly the right dimensions. And therefore, one

German archaeologist, the Germans have been excavating Olympia, and the nineteenth century, assumed that this is phydias's workshop.
从那个时期开始。这就是正确的尺寸。因此，一位德国考古学家，德国人一直在挖掘奥林匹亚，19世纪，认为这是菲迪亚斯的工作室。

02:09:44
And then on his birthday, a sharp emerges on the foot of a drinking cup from exactly the right period.
然后在他生日那天，一个杯子的脚上出现了一个锋利的东西，正好来自那个时期。

02:09:56
And it says in Greek on its video, amy, so I belong to videos. And this eminent professor, then T takes that.
视频上用希腊语写着，艾米，所以我属于视频。而这位杰出的教授，T接受了。

02:10:06
As evidence that he actually found phileas's workshop. What was it clearly?
作为他找到菲利亚工作室的证据。很明显是什么?

02:10:12
It was a Frank and one of his graduate students at the moment, of course, you know.
那是弗兰克和他的一个研究生，当然，你知道。

02:10:22
He canonized it as a genuine time. The tourist doctor, student could no longer come forward and say, you know, I pray to you.
他把它奉为真正的时代。旅游医生，学生不能再上前说，你知道，我向你祈祷。

02:10:31
I just, I just, I just took, you know, that particular shot from exactly the right

peer, and I fit, you aim on it, you know, because his supervisor would have been very bad.
我只是，我只是，我只是，你知道，我正好从那个同伴那里得到了那个特别的投篮，我适合，你瞄准它，你知道，因为他的上司会很糟糕。

02:10:43
After he had made, you know, a big show of it. And I'm just telling you that particular story because if you find something like that, an archaeology.
你知道，在他大显身手之后。我告诉你们这个特别的故事是因为如果你发现了这样的东西，那就是考古学。

02:10:52
There's a 99 for 9 % chance that is too good to be true. And if something is too good to be true, it is usually not true, right? So, of course, you know, the history is full of archaeological forgeries as well.
有百分之九十九的可能性好得令人难以置信。如果一件事好得令人难以置信，那它通常就不是真的，对吧？所以，当然，你知道，历史上也充满了考古伪造品。

02:11:05
But usually you never get that lucky.
但通常你不会那么幸运。

02:11:07
And usually, as I said, the great thing about archaeology is when you actually test things with a spade, or in the case you're not recounting.
通常，就像我说的，考古学的伟大之处在于当你用铁锹测试事物时，或者在你不复述的情况下。

02:11:16
You know, these coins are looking at.
你知道，这些硬币看起来。

02:11:19
The guys from which they were struck. Rather, it never turns out the way

you think it does. So there's a very simple test of archaeology, whether you're going to do it.
他们被袭击的人。相反，事情永远不会像你想象的那样发展。所以有一个非常简单的考古学测试，看你是否会去做。

02:11:30
Good work, right? If the result is exactly what you expected, there are two possibilities.
干得好，对吧？如果结果和你期望的完全一样，有两种可能。

02:11:36
A motivated reasoning. B The supervisor gave you a topic that's so obvious and boring that it was not worth doing.
有动机的推理。B导师给你的题目很明显很无聊，不值得做。

02:11:45
In archaeology and history in general, you only are really onto something.
一般来说，在考古学和历史学中，你只会发现一些东西。

02:11:53
If you realize that what you found is not at all what you expected, then it runs completely against the grain. Then you offer something.
如果你意识到你所发现的与你所期望的完全不同，那么它就完全违背了你的意愿。然后你提供一些东西。

02:12:03
Right? Friction. That is usually where things get interesting in history and archaeology, right?
对吧?摩擦。这通常是历史和考古学的有趣之处，对吧?

02:12:08
And that is, in fact, how I wrote all my books. I mean, I basically, you always act for your brand or phd grant To leave grant, you always write a proposal and to say, I'm going to show X in this book.
事实上，我所有的书都是这样写的。我的意思是，我基本上，你总是为了你

的品牌或博士资助而行动，为了获得资助，你总是写一份提案，说，我要在这本书中展示X。

02:12:22
And if people had wanted me to write the books I've written, I would have to give back all my grant money, because basically the book that I then eventually.
如果有人想让我写我写的书，我就得把所有的资助都还给他们，因为基本上我最终写的书。

02:12:31
So we ended up writing completely disproved everything I said in the grand proposal.
所以我们最后写了一篇文章，完全反驳了我在这个伟大的提案中所说的一切。

02:12:36
Because it just turned out to be completely wrong. But it turned out to be wrong. It may turn out to be interesting. It turned out to be salient to the argument that I was going to make.
因为事实证明这是完全错误的。但事实证明这是错误的。结果可能会很有趣。这对我要讲的论点很重要。

02:12:46
But because I did not have the information, I could not really know who was going to come out of it, and I tried to be the opposite of her. I thought of the view.
但是因为我没有信息，我不知道会发生什么，我试着做她的反面。我想到了风景。

02:12:54
And this is, as I said, usually, that things get interesting.
就像我说的，这通常会让事情变得有趣。

02:12:57

So you have to have an open ended project if you're doing an archaeological date.
所以你必须有一个开放式的项目如果你在做一个考古日期。

02:13:04
And not, you know, an attempt to find something that, you know.
而不是，你知道，试图找到一些东西，你知道。

02:13:11
May or may not do that. And, of course, you know, archaeological evidence is, of course, often so ambiguous that you really can't do much with it anyways.
可能会，也可能不会。当然，你知道，考古证据，当然，通常是如此模棱两可，你真的不能用它做什么。

02:13:21
Other questions, I suppose, if I were to.
还有其他问题吗，如果我要。

02:13:29
I think, like, you know, someone who wishes I can do that.
我想，就像，你知道的，有人希望我能做到。

02:13:35
Um.
嗯。

02:13:38
Oh, well, someone who subscribes to you. I could see on the nationalism point, not the archaeology point, that.
好吧，一个订阅你的人。我可以从民族主义的角度来看，而不是从考古学的角度来看。

02:13:47
You know, isn't this just what all many post colonial countries are doing

with their colonial history is right? I mean, and viewed in that right, then one must be.
你知道，这不正是许多后殖民国家对他们的殖民历史所做的吗？我的意思是，从这个角度来看，一个人肯定是。

02:13:57
I mean, the changes in the way you see things. Now, of course, I'm not saying, I'm not agreeing, no, no, but, I mean, that's a very interesting point, even though I think here, in this particular case, if you basically say, I'm good for it, it's, it goes beyond.
我是说，你看待事物的方式发生了变化。当然，我不是说，我不同意，不，不，但是，我的意思是，这是一个非常有趣的观点，即使我认为在这里，在这个特殊的情况下，如果你基本上说，我对它很好，它就超出了。

02:14:09
Movement, you have one major problem in saying that the colonizers are still there, right? So, under this logic, right? Because, of course, india is by population, the largest Muslim.
运动，你有一个主要的问题说殖民者还在那里，对吧？在这个逻辑下，对吧？当然，因为印度是人口最多的穆斯林国家。

02:14:22
Country in the world, right? A very significant part of the population is still Islamic. They have been there forever, right? And argue, basically writing them off athconomial Heritage.
世界上最大的国家，对吧？人口中仍有很大一部分是伊斯兰教徒。它们一直在那儿，对吧？并争辩说，基本上把它们作为经济遗产注销。

02:14:33
Now, of course, that happens in some parts colonial countries. So, for instance, if you look at South Asians in South Africa or.
当然，这在殖民国家的某些地方是会发生的。举个例子，如果你看看南非的南亚人。

02:14:39

Gender? Why people would say these people are?
性别呢?为什么人们会说这些人是?

02:14:42
Or in Malaysia, you know, you would say, these are in all the descendants. This is the result of colonialism, and you have to get rid of it. But it is not. But I think, you know.
或者在马来西亚，你知道，你会说，这些是所有的后代。这是殖民主义的结果，你必须摆脱它。但事实并非如此。但是我认为，你知道。

02:14:52
That I think, requires the definition of post, colonialism. That is, I think, different from what post, colonialism usually means.
我认为，这需要后殖民主义的定义。我认为，这与后殖民主义通常的含义不同。

02:14:59
But, of course, yes, if you basically, the moment you make this definition and say, and this is precisely what you group about, you say, you know, we are this.
但是，当然，是的，如果你基本上，在你做出这个定义的那一刻说，这就是你的分组，你说，你知道，我们是这样的。

02:15:08
Our civilization is built on our religious systems, and these religious systems are indigenous and civilizational to this place.
我们的文明建立在我们的宗教体系之上，这些宗教体系是这个地方的本土文明。

02:15:18
Everything that doesn't sprout from the same root, right? And this is, you know, like Inductor, also includes Buddhism and Jainism, because they are, of course.
所有不是从同一根发芽的东西，对吧？这个，你知道，就像电感器，也包括佛教和耆那教，因为它们当然是。

02:15:28
Clearly part of an index world field. But if that doesn't belong, sure, then you have to do away with it. But I would argue what's interesting about it, and this is why, you know, because colonial family is interesting, is that this is actually a colonial where.
显然是索引世界字段的一部分。但如果它不属于你，那你就得放弃它。但我认为有趣的是，这就是为什么，因为殖民地家庭很有趣，这实际上是一个殖民地。

02:15:43
Thinking about things. So in one sense, that's interesting. In another sense.
思考事情。从某种意义上说，这很有趣。从另一个意义上说。

02:15:48
It's just what the modern world is, right? I mean, basically all post colonial nations, the idea of the nation is obviously Western Yes, you know, you know.
这就是现代世界，对吧？我的意思是，基本上所有后殖民国家，国家的概念显然是西方的，是的，你知道，你知道。

02:16:01
I mean, there are countries that have come up, as you mentioned, japan, japan wasn't even a colony, right? But it's an idea of modernity.
我的意思是，有一些国家出现了，就像你提到的，日本，日本甚至不是殖民地，对吧？但这是一种现代性的概念。

02:16:08
Seems to push you in certain ways. We forgot to indigenous.
似乎在某些方面推动着你。我们忘记了本土化。

02:16:13
Look at eyes.
看眼睛。

02:16:15
E.G.?
例如呢?

02:16:16
Right? I mean, pretty much what's somewhat similar there. Anyway, I'm watching that. I'm watching that. Is it tie it to state authority, and then.
对吧?我的意思是，他们之间有很多相似之处。不管怎样，我在看。我在看。是把它和政府联系起来，然后。

02:16:26
A national instrument or so on. So in some sense, it's just an expression of what has been going on. I mean, it's a factor of the plus Colonial.
国家乐器之类的。所以从某种意义上说，它只是对已经发生的事情的一种表达。我的意思是，这是加上殖民地的一个因素。

02:16:37
And the Obama doing a team, and, of course, going back to both the law and, and possible, right?
奥巴马做了一个团队，当然，回到法律和可能，对吧?

02:16:43
Histories. National histories only work with selective memory, right? So if you want to have a nation, you need historians providing you with the.
历史。国家历史只适用于选择性记忆，对吧？所以如果你想建立一个国家，你需要历史学家为你提供。

02:16:54
Material, right? So facts or patterns that you can then tweak, all right, or with the and then, of course, with a selective memory of what you get, because you only use what is useful?
材料,对吧?所以你可以调整事实或模式，对吧，或者，当然，对你得到的东西进行选择性记忆，因为你只使用有用的东西?

02:17:08

Right? And in this regard, you know, just think about Muunchi, the guy who destroys the ruins at Samna or Romnas, and says, you know, now we're building this temple here, because there's been a temple.
对吧?在这方面，你知道，想想Muunchi，那个摧毁了Samna或Romnas废墟的人，他说，你知道，现在我们在这里建造这座寺庙，因为这里曾经有一座寺庙。

02:17:19
Here for 80 million years, you know? And it doesn't matter. These old stones don't matter. The idea matters, right? And that's precisely that attitude, which is, of course, below, it's late 1940s, right? Or in fifties, just really immediately after.
在这里生活了八千万年，你知道吗？这并不重要。这些古老的石头并不重要。想法很重要，对吧？这就是那种态度，当然，这是在20世纪40年代末，对吧？或者在50年代，就在那之后。

02:17:33
Dependent. What you basically say, yes, you know, the actual history doesn't matter. What matters is, you know, that we.
相关的。你基本上会说，是的，你知道，实际的历史并不重要。重要的是，我们。

02:17:40
Create a manifest symbol of having taken control of our history, of our destiny. And now we are basically moving into this particular.
创造一个明显的象征表明我们已经掌握了我们的历史，我们的命运。现在我们基本上进入这个特殊的。

02:17:49
Direction and what the specifics mean. Who cares right? That is for archaeologists and historians to wonder about, and they don't matter right? What matters is what.
方向和具体的含义。谁在乎呢？这是考古学家和历史学家想知道的，但它们并不重要，对吧？重要的是什么。

02:17:58
We actually want it to me, right? So the contest is really different ideas of nationalism, right? I mean, that's fundamentally.
我们都想把它给我，对吧？所以这场争论是民族主义的不同观点，对吧？我的意思是，这是基本的。

02:18:06
And this is basically a different idea of nationalism, right? So I have Indian friends who say, you know, the destruction of the W Mosque. That is, marks for us the end.
这基本上是一种不同的民族主义，对吧？我有印度朋友说，W清真寺被毁。也就是说，这标志着我们的终结。

02:18:15
Of india's a secular democracy, right? And.
印度是一个世俗的民主国家，对吧？和。

02:18:20
Not everybody takes that view, but some people take that view because they say, this is basically for us the moment when a particular kind of Indian nationalism definition wins.
不是每个人都持这种观点，但有些人持这种观点，因为他们说，对我们来说，这基本上是一种特殊的印度民族主义定义获胜的时刻。

02:18:31
Right? And whether that is reversible, you know, whether it's going to remain that way. Who knows, right? That's precisely what it is, right? The compensation of this particular.
对吧?它是否可逆，它是否会一直这样。谁知道呢，对吧？就是这样，对吧?这个特别的补偿。

02:18:42
In the case, as you say, is about, if completely different concepts of what the Nation is and what the nation means and how the nation should see itself.

在这个案例中，正如你所说的，是关于国家是什么，国家意味着什么，以及国家应该如何看待自己的完全不同的概念。

02:18:52
And, of course, therefore the temper here, it just returned to our original classification is both about the means who controls it, right, but also about the privilege of interpretation, right?
当然，因此这里的争论，又回到了我们最初的分类这既是关于谁控制了手段，也是关于解释的特权，对吧?

02:19:03
By removing a sixteenth century mosque, which clearly is a monument of great historical value in its own right, and replace it with a billion dollar monstrosity.
拆除一座16世纪的清真寺，这座清真寺本身就具有巨大的历史价值，取而代之的是一个耗资数十亿美元的庞然大物。

02:19:14
You know, that is also privilege of interpretation, right? It means, you know, this is how we now see our past and our future and our destiny, how we.
你知道，这也是解释的特权，对吧？意思是，你知道，这就是我们现在如何看待我们的过去，未来和命运，我们如何。

02:19:25
Define our civilization. And even though if you're actually looking at the details, it doesn't really fit at all what you claim to be.
定义我们的文明。即使你仔细看了细节，它也和你所说的完全不相符。

02:19:33
Asset, right? So that's precisely it, right? That's, of course, what people all over the world do and how they are defining things, right? So.
资产,对吧?就是这样，对吧？当然，这是全世界的人都在做的事情，也是他们定义事物的方式，对吧？所以。

02:19:42

Think about another example to move away from South Asia. So, I mean, have some of you come across the fact that JD Banks has been arguing with two Popes about some Augustinian theology.
想想另一个离开南亚的例子。我的意思是，你们中有人遇到过这样的事实吗，JD Banks一直在和两位教皇争论奥古斯丁神学。

02:19:59
So basically, jake Vans American Vice President recently converted to Catholicism, and he picked a doctrine from.
基本上，美国副总统杰克·万斯最近皈依了天主教，他选择了一种教义。

02:20:11
Important thing I would actually encounter with this class and Oversteer. And basically argued that, based on this Catholic doctrine.
这是我在这门课上遇到的最重要的事情。基本上认为，根据天主教教义。

02:20:18
It was perfectly in order to feel, to show more charity to people, share your nationality.
这完全是为了感受，为了向人们展示更多的慈善，分享你的国籍。

02:20:28
They are to others. And, you know, the previous Pope of the current pope, the current pop.
对别人来说是这样。而且，你知道，现任教皇的前任教皇，现任教皇。

02:20:34
Being American and, you know, violently disagreed. And I said, no, this is absolutely not what said, august is assay And it's absolutely not what Catholic theology says.
作为美国人，你知道，我强烈反对。我说，不，这绝对不是所说的，八月是化验，这绝对不是天主教神学所说的。

02:20:46
Which basically led Jay Vance to proclaim that the Pope should be careful

what he says to the archaeology of the public. And which is, of course, particularly sweet, because.
这基本上导致杰伊·万斯宣称教皇应该小心他对公众考古学的言论。当然，这是特别甜蜜的，因为。

02:20:56
If you're a good Catholic, you would know that the Pope is the ultimate authority, the logical matters, and that it's a job to talk about exactly exactly. It's a first process to take a risk. So basically.
如果你是个虔诚的天主教徒，你就会知道教皇是至高无上的权威，逻辑是重要的，这是一项工作，要谈论的正是。这是冒险的第一步。所以基本上。

02:21:08
And that, as you rightly say, and this is beautiful, because it nicely, you know, charms with what we have been talking about.
就像你说的，这很美，因为它很好地，你知道，和我们刚才谈论的很有魅力。

02:21:17
Yes, and it's Elenburg, right. His view on theology is a Protestant view of theology. It's the religious culture enriching has been brought up. So basically everybody reads the Bible, and everybody.
是的，是艾伦堡，对吧。他的神学观点是新教的神学观点。它是宗教文化丰富的产物。所以基本上每个人都读圣经，每个人。

02:21:29
We can construct the truth from the Bible without authority and without theological tradition and without theological training. So he says, my reading of the Bible is as good as his.
我们可以在没有权威，没有神学传统，没有神学训练的情况下，从圣经中构建真理。所以他说，我读的圣经和他读的一样好。

02:21:39
You can say that to a Methodist minister as a Methodist, you can't say that as a Catholic, to the Pope, right?

你可以以卫理公会教徒的身份对卫理公会牧师这么说，但不能以天主教徒的身份对教皇这么说，对吧?

02:21:48
Because, you know, then you have completely misunderstood what Catholicis means. And just like Modi has completely misundered, modi consecrated the template, not letting a Brahman do it.
因为，你知道，你完全误解了天主教的意思。就像莫迪完全搞错了一样，莫迪把模板神圣化了，不让婆罗门去做。

02:22:00
Right is, if you have rightly pointed out a version of nationalism that actually has nothing to do with grammatical religion.
正确的是，如果你正确地指出了一个版本的民族主义实际上与语法宗教无关。

02:22:08
Right? And this is, you know, precisely the same mechanism that this in this lab. So he is basically using his Protestant American mindset.
对吧?你知道，这和实验室里的原理完全一样。所以他基本上是在用他美国新教的思维方式。

02:22:18
To redefine the religion he has embraced because it fits, because he thinks that it fits his political agenda.
重新定义他信奉的宗教，因为它适合，因为他认为它适合他的政治议程。

02:22:27
And maybe does, or his sensibilities, but that has actually nothing to do with the actual history and structure of Catholicism. Just as you know, there's civilizational conflict between Muslims and Hindus.
也许是这样，或者他的情感，但这实际上与天主教的历史和结构无关。正如你所知，穆斯林和印度教徒之间存在着文明冲突。

02:22:40

I would argue, is something that the people like Alan Brook bring to India because they have been raised in the mindset of the Crusades and of the competition.
我认为，是像Alan Brook这样的人带到印度的东西，因为他们是在十字军东征和竞争的心态中长大的。

02:22:51
Between Muslims and Christians in the Mediterranean for a thousand years, which is, of course, not to say that Muslims and non, muslims in India always got along.
地中海地区的穆斯林和基督徒之间的关系持续了一千年，当然，这并不是说印度的穆斯林和非穆斯林总是相处得很好。

02:23:01
That would be wrong. That would be nonsense. But the conflicts don't follow along the lines that have been constructed by British colonial leaders who basically look at this and say, that's Exactly.
这是错误的。那将是无稽之谈。但是这些冲突并没有遵循英国殖民领导人所构建的路线他们基本上看着这个说，这是正确的。

02:23:14
Like, you know, the Ottomans on the Balkans or the ricoquistant Spain, right? It's not there. It's also conflict that there's conflict for other reasons.
就像巴尔干半岛上的奥斯曼人或者西班牙人，对吧？它不在那里。也有其他原因导致的冲突。

02:23:25
Right? And as you say, you know, these different versions of nationalism, they are, in fact, you know, an implant, which is what I?
对吧?正如你所说，你知道，这些不同版本的民族主义，他们实际上是，你知道，植入物，这就是我?

02:23:33
Fight makes this, let's think, well, if you want to look at it from it with a little bit irony, kind of ironical, even though it's, of course, deadly serious, right?

让我们想想，如果你想用一点讽刺的眼光来看待它，有点讽刺，尽管它当然是非常严肃的，对吧？

02:24:09
There's a lot of intermarriage that would happen. And if you're concerned with the idea of who belongs to this land, so to speak, over multiple generations, then.
会有很多异族通婚发生。如果你关心的是谁属于这片土地，可以这么说，几代人之后，那么。

02:24:19

他们是从哪里来的？因为它们世世代代都是这片土地，这片土地的一部分。这个故事。

02:24:27
It's written down and illustrated on the orders. This is why I think so. Basically, it's, of course, you know, written down.
订单上已经写下来并附有说明。这就是我这么认为的原因。基本上，它当然是，你知道，写下来的。

02:24:40
And on the orders of the Muslim Lord, and who sees this as his story too, right? And because, you know, of course, you can also look at the story of.

《公羊》是一个理想国王的故事，理想国王的故事。你可以说，这个故事的预设也适用于作为穆斯林统治者的你。

02:25:02
Right? And so there is, of course, also, then some sort of Muslim iana that you can, that you can actually take from that particular story. So I'm just saying, you know.
对吧?所以，当然，你也可以从这个特殊的故事中，得到一些穆斯林的启示。所以我只是说，你知道。

02:25:12
This is one way in which you could frame it, but that is not how it's being framed. Because people, I would argue, like, eleanor, bring, you know, this idea in which is, of course, for British.
这是一种你可以构建它的方式，但这不是它被构建的方式。因为人们，我会说，像埃莉诺，带来，你知道，这个想法当然是英国人的。

但我想，你知道，大多数这样做的人甚至可能知道这不是考古学家的工作。

02:25:53
But even if they do know what archaeologists generally do, they don't care. They just basically use the popular version of what an archaeologist does.
但即使他们知道考古学家通常做什么，他们也不在乎。他们基本上只是使用了考古学家所做的流行版本。

02:26:04
In order to, you know, give themselves a level of legitimacy, but also to argue that what they're looking at is not just fairy tale, but actually.
为了，你知道，给自己一定程度的合法性，同时也为了证明他们所看到的不仅仅是童话故事，而是实际上。

02:27:02
And so that supposedly is also good over in the fact, and so that you cannot that down. And the same applies to the Christian Cathedral of Portative Cathedral in Goa.
所以这在事实上也是好的，所以你不能把它放下。同样的道理也适用于果阿邦的Portative大教堂。

02:27:14

重点是，这很重要，谢谢你提出这个问题，最高法院并不依赖它，因为，当然，当你申请的时候。

02:27:54
Juridical standards. For the moment, you apply actual scientific standards. That's all nonsense, but it doesn't matter, right? Because ultimately.
司法标准。目前，你应用的是真正的科学标准。这些都是废话，但没关系，对吧？因为最终。

02:28:05
If you can get a mop. And, you know.
如果你有拖把的话。你知道的。

Motivates it. By this to tear down a church or tear down, you know, a mosque, then you've already achieved what you wanted to achieve.
激励。通过拆除教堂或者清真寺，你已经达到了你想要达到的目的。

02:28:18
And you don't have to go through the courts and you don't have to go through procedure. And in an age of social media, this sort of thing just spreads so much more quickly. So I have so many relatives who will just.
你不需要通过法庭也不需要通过程序。在社交媒体时代，这种事情传播得更

Pillars that were taken from earlier buildings. Actually, I think in this particular case of eleventh century, jane Temple, I was actually looking for much earlier things.
从早期建筑上拆下来的柱子。实际上，我认为在这个11世纪的例子中，简·邓波儿，我其实是在寻找更早的东西。

02:29:09
And I started making photos with my big professional camera, and immediately the imam of the mosque came out and kicked me out.
我开始用我的大型专业相机拍照，然后清真寺的伊玛目马上出来把我赶了出去。

思维总是与众不同。你知道，你还有别的儿子。有点像卡洛琳。

02:30:05
So I don't think they would think you'd be surprised. No, hindertwa has. I

okay, like, oh, you are also a Hindu, and this is why you should.
现在你可以把它想象成印度锅的一部分。这就是它的流动性。正因为如此，很容易说，好吧，比如，哦，你也是印度教徒，这就是你应该这样做的原因。

02:31:18
Matter why this sort of issue should matter to you. So that's just like how easy it is to spread, and therefore the fact that he consecrates the tempo and does not.
重要的是为什么这类问题对你来说很重要。所以这就像它是多么容易传播，因此他把节奏神圣化，而不是。

它的流动性和信号，你知道，每个人，对吧，都可以成为其中的一部分。当然可以。你知道，印度是一个非常多元化的国家，在政治上也是如此。

02:31:48
But this has become a very potent form of doing things. Not every mosque has been destroyed. Not every church has been marked down. So that has not yet happened. But I'm just saying.
但这已经成为一种非常有效的做事方式。并不是每一座清真寺都被摧毁了。并不是每个教堂都降价了。所以这还没有发生。但我只是说说而已。

02:32:02
And this is quite still protested, but it's not decided yet, but this is basically a way of talking about.
这仍然受到抗议，但还没有决定，但这基本上是一种讨论的方式。

他发现民族主义和教育意识的文明观念的问题，当然，它会占上风，还是不会？我们还不知道，但是。

02:32:20
That is, again, not part of the debate outcome. So you understand how this debate now works and how, you know, archaeologists should not be shanghaied, and to proving whether there are temples or churches or choices, but.
同样，这不是辩论结果的一部分。所以你知道现在的争论是如何进行的，考古学家不应该被欺骗，去证明是否有寺庙，教堂或其他选择，但是。

02:32:33
So that's basically not what archaeology does in the art language you should do. This is how it's being employed, and, you know, instantly turning myth into history, right?
所以这基本上不是考古学在艺术语言中应该做的。这就是它被运用的方式，你知道，神话瞬间变成了历史，对吧?

02:32:44
That is sometimes perceived to be the job of archaeology. That's not what we do at the moment. People try to do that. You know, they basically try to create a particular idea of the Nation.
这有时被认为是考古学的工作。这不是我们目前所做的。人们试图这么做。你知道，他们基本上试图创造一个特定的国家概念。

02:33:36
To send me all an email about a project. I will send this out as an email as well that you might want to do for your final project.
给我发一封关于一个项目的邮件。我也会把它以电子邮件的形式发给你们，你们可能会想在你们的期末项目中用到它。

02:33:47
For your bibliography and then for your final project, right? So just send me an idea, and I will write you back. And then, perhaps, you know, we can

next week, because I will be in England the week after next.
参考书目和期末项目，对吧？所以给我一个想法，我会给你回信的。然后，也许，你知道，我们下个星期可以，因为我下个星期要去英国。

02:33:59
So next. So in break, I'm not here.
所以下一个。所以课间休息时，我不在这里。

所以我会非常疲惫，最好回来。

02:34:21
And so you definitely have to talk before before, because before, this bit before, we completely destroyed about what you would like to do for your father project.
所以你一定要在之前讨论，因为在之前，在这之前，我们完全破坏了你想为你父亲的项目做什么。

02:34:32
Right? And I will set up, maybe next week, wednesday, as you know, the day when we can do personal consultations.
对吧?我可能会安排，下周三，我们可以进行个人咨询。

02:34:41
So this is why you should have think over the weekend about what you would like to do. Then I can send you an email on Monday or Tuesday.
所以这就是为什么你应该在周末考虑一下你想做什么。然后我可以在周一或

周二给你发邮件。

02:34:51
And then we can discuss on Wednesday and maybe Friday, depending on how you are free and what kind of final project you would like to do.
然后我们可以在周三或者周五讨论，这取决于你有多少时间以及你想做什么样的期末项目。

02:35:01
Does that sound good?
听起来不错吧?

02:35:03
So basically we have the, I think, the bibliography at the end of the case.
基本上我们有，我想，案例最后的参考书目。

02:35:13
So basically the week after break, right? So one of the reasons that I would like you to think about it by the project is that you can then work over break on it. Yes, the week after break is research.
所以基本上是假期后的一周，对吧？所以我希望你们在这个项目中考虑它的原因之一是你们可以在休息的时候工作。是的，休息后的一周是研究。

02:35:24
Oh no, it's the week eight of the semester is the instructional sentence. Okay.

需要7号施工。但是，我的意思是，我通常不会在这种事情上坚持下去。你知道，如果你多花一点时间，没关系，但是他们希望你现在喜欢思考这个问

题，所以，你知道，我们将有一个很好的。

02:35:41
Hello at the end of this semester. So we just sent in the idea, and you send me an idea, and you brief describe what it is, right? So you say, I don't know. I want to work on the.
学期结束的时候大家好。所以我们只是发送了一个想法，你发送给我一个想法，你简要地描述一下它是什么，对吗？所以你说，我不知道。我想做。

02:35:51

冲绳,对吧?这就是我认为争论的地方，或者说西班牙的衰落的价值，这就是为什么我认为这种集中很有趣。

02:36:12
If you just give me a short paragraph in which you essentially tell me.
如果你给我一个简短的段落，告诉我。

02:36:16
What the site is, what the contestation is, and what you find interesting about it, and then we can talk about it, and then we can basically settle on whether.
这个网站是什么，争论是什么，你觉得有趣的是什么，然后我们可以讨论它，然后我们基本上可以决定是否。

02:36:28
That particular project works, right? So that is the exercise, right? So that I

think that there's a there there, right? And that you don't come up with something where I think that there's no there.
这个项目行得通，对吧？这就是练习，对吧？所以我认为这里有一个，对吧？你不会想出一些我认为不存在的东西。

02:36:40
Okay.
好吧。

02:36:40
Makes sense. Okay, so.
是有意义的。好的,所以。

02:36:43
Think about what you would like to do. Write me an email by Monday, I'll write you back and say, well, this is actually a good idea. So if the idea, I think, is pretty obvious.
想想你想做什么。周一之前给我写封邮件，我会给你回信说，好吧，这确实是个好主意。所以我认为这个想法是很明显的。

02:36:53
Good. You know, we may not have to meet in person, and then I can just tell that's a great idea. Let's do it If it's a little bit more complicated, or you would like to discuss that idea.
好。我们也许不用亲自见面，但我觉得这是个好主意。我们来做吧，如果它有点复杂，或者你想讨论一下这个想法。

02:37:03
Then we can do this first on detail, and then you basically have the break to, you know, create some kind of bibliography, and then you just send the bibliography and.
然后我们可以先在细节上做这个，然后你基本上有休息时间，你知道，创建一些参考书目，然后你只需要发送参考书目。

02:37:13

And then, you know, we have our final presentation, then we have final research project. And it's basically in terms of, I know that the university is very keen on continuous assessment.
然后，你知道，我们有期末报告，然后是期末研究项目。我知道这所大学非常热衷于持续评估。

02:37:24
But I think, you know, when it comes to, you know, this kind of seminar and you have to create a big project at the end. It's not, you know, that we have a midterm, and then, you know, find an essay.
但我认为，当涉及到这种研讨会时，你知道，你必须在最后创建一个大项目。这并不是说，我们有期中考试，然后，你知道，找一篇论文。

02:37:34
That we have to build upon, you know, various ideas. So think about what you would like to do, then discuss it with me. Then, while I'm in England.
我们必须建立在各种想法的基础上。所以考虑一下你想做什么，然后和我讨论一下。然后，当我在英国的时候。

02:37:44
You know, think about your bibliography. And then, you know, the first week after.
想想你的参考书目。然后，你知道，之后的第一周。

02:37:50
You know, my return probably completely horrible. Say, and, you know, then you can submit it, and then you are just.
你知道，我的回归可能非常糟糕。说，然后你就可以提交了，然后你就。

02:38:02
Going to and, you know, move to.
去，你知道，搬到。

02:38:04
Work out a lot here, right? Great. And see you next week.

在这里经常锻炼，对吧？好了。下周见。
