That there's an evolution of that, right? Evolutionary theory is the great discovery, and, by the way, also the result of a big lawyer who comes up with or who is usually Credited.
这是一种进化，对吧？进化论是一个伟大的发现，顺便说一下，也是一个大律师的成果，他提出了这个理论，或者通常被认为是一个大律师。

19:32
The theory of evolution at its best. And how does Darwin develop this beautiful theory?
这是最好的进化论。达尔文是如何发展这个美丽的理论的?

19:40
But he is not. He doesn't travel to the ground. He's part of an exhibition or of an expedition of the beagle, right?
但他不是。他不会飞到地面。他是展览的一部分或者是小猎犬号探险的一部分，对吧?

19:50
With which basically first sales from the UK to South America, then around, you know, and then through the Straits of Fireland Drive, and then basically all the way up.
首先是从英国销售到南美，然后是周围，然后是爱尔兰海峡，然后基本上是一路向上。

20:01
The coast of, you know, south America, all the way up to the Graphics Islands. And that actually goes to Australia as well, right? So the ideas, and so Sudan is also one of these explorers, right? And these explorers.
你知道，南美洲的海岸，一直到图形群岛。实际上澳大利亚也是这样，对吧？苏丹也是这些探索者之一，对吧？还有这些探险家。

20:13

As I said, I don't just catalogue stuff and name stuff, right? They really try to understand how things work. And in doing so, they are developing a conceptual framework.
就像我说的，我不只是给东西分类和命名，对吧？他们真的试图理解事物是如何运作的。在这样做的过程中，他们正在形成一个概念框架。

20:21
That, of course, in many ways, is not innocent. And Darwin, of course, are interested in finches, right? And, you know, birds and various other things. Botanists are interested.
当然，这在很多方面都不是无辜的。达尔文当然对雀类很感兴趣，对吧？还有，你知道，鸟和其他各种各样的东西。植物学家对此很感兴趣。

20:32
In plants, but people also become interested in people, right? And this then basically becomes not the science of zoology or the science of botany, but it becomes the science of anthropology by basically.
对植物感兴趣，但人们也对人感兴趣，对吧？这基本上就不是动物学或植物学了，而是变成了人类学。

20:45
This study of man, and in this context.
这个关于人类的研究，在这个背景下。

20:48
So called primitive people, aborigines, people who basically come from the very beginning of human civilization, are who are in a state of the very beginning of civilization of great interest.
所谓的原始人，土著人，基本上来自人类文明的最初阶段，他们处于人类文明的最初阶段，人们对此非常感兴趣。

20:59
Because, you know, they are put at the bottom of the evolutionary ladder. So this is a great museum in Oxford. Has anyone?
因为，你知道，他们被放在进化阶梯的最底层。这是牛津的一个伟大的博物

馆。有谁?

21:09
Have you seen everything to access?
你看过所有可以访问的东西了吗?

21:11
You know, this museum is the national.
你知道，这个博物馆是国家的。

21:15
No, it's not in this one. That's a Pit Rivers museum. Oh, and Pit Rivers. I have been to this building. And Pit Rivers is a British general.
不，不在这本书里。那是皮特里弗斯博物馆。哦，还有皮特·里弗斯。我去过这栋楼。皮特·里弗斯是一位英国将军。

21:26
And Colonial administrator, and who basically collects human artifacts. And the idea that, you know, he?
也是殖民地的管理者，他主要收集人类文物。而这个想法，你知道，他?

21:37
Creates. And this is why, you know, this nineteenth century display is so useful, is that he puts everything on an evolutionary ladder.
创建。这就是为什么，你知道，这个19世纪的展示是如此有用，因为他把一切都放在了进化的阶梯上。

21:47
Right? So, for instance, he will have showcases in here that go from the arrowhead to the rifle.
对吧?比如，他会在这里展示从箭头到步枪。

21:55
Right? Long range records, right? So the first thing that you have are actually slingstones, right? Your slingstone, and then you have

arrowheads, and then the arrowhead, and then then.
对吧?长期记录，对吧？第一个是弹弓，对吧？你的弹弓，然后是箭头，然后是箭头，然后是。

22:07
The arrows of both become more elaborate, right? But then you have crossbows, right? And then you have muskets. You know, at the end, actually, you have a German carbine 98, and point in it reverses them.
两者的箭头都变得更精细了，对吧？但你有弓弩，对吧？然后是火枪。你知道，在最后，实际上，你有一把德国卡宾枪98，指向它反转它们。

22:19
You know, the final, you know, stage in the development of range factors like manufacturing.
这是范围因素发展的最后阶段，比如制造业。

22:25
Okay. So why is that interesting? Why is it interesting to think of human artifacts in this particular, you know, evolutionary?
好吧。为什么这很有趣呢？为什么在这种特殊的，你知道的，进化过程中思考人类制品会很有趣?

22:34
Scheme.
计划。

22:36
You can put yourself at the time, yes, precisely. Right. So you basically say, you know, that humans have undergone, culture has also undergone.
你可以把自己置身于那个时代，没错，没错。正确的。所以你基本上可以说，你知道，人类经历了，文化也经历了。

22:48
A, you know, evolution, right? And they are people very primitive, the Aborigines, right? They are like from the beginning. And then there are

people like us, right, who are at the very top. We are the most evolved.
A，你知道，进化，对吧？他们是非常原始的土著，对吧？他们从一开始就是这样。还有像我们这样的人，我们处于社会的顶端。我们是进化程度最高的。

23:00
So to speak. And we are, which is, of course, also very important people who have a history, right? So this is, of course, not the The Rivers Museum, the British Museum.
可以这么说。当然，我们也是非常重要的有历史的人，对吧？当然，这里不是里弗斯博物馆，也不是大英博物馆。

23:10
And that also opens its schools in the nineteenth century, and where people are obsessed with objects of societies that actually have a history, like actually Egypt.
这也在19世纪开设了学校，人们痴迷于有历史的社会的物品，比如埃及。

23:19
Which plays an important role in the Bible, and where you can put names right to these great parallels. These would not be quite where the British people are. But, you know, the British people are civilized people.
这在圣经中扮演着重要的角色，你可以把这些伟大的相似之处命名。这与英国人的处境不太一样。但是，你知道，英国人是文明人。

23:32
Because they have history. And, you know, as expressed here by the value of carpet, which is now displayed in the British Museum. And for you have here written in Latin, herolus Rex interfectors, right?
因为他们有历史。而且，你知道，正如地毯的价值所表达的，它现在陈列在大英博物馆里。你们在这里用拉丁文写了herolus Rex interectors，对吧？

23:47
So this is basically your king Herald in 1066 as a battle of Hastings. And, you know, gets killed by the Normans. That's Pavilion the Conqueror. So,

you have, you know, this Idea.
这基本上就是1066年黑斯廷斯战役的国王先驱。然后被诺曼人杀了。这是征服者Pavilion。所以，你有，你知道，这个想法。

23:58
Of civilization, but the idea of civilization, this is why I'm going to have a quick X classes here. And is, of course, not an old one. It's a very old one. Invest in civilization.
文明，但文明的概念，这就是为什么我要在这里快速上X课。当然，这不是一个旧的。这是一个非常古老的。投资文明。

24:09
And the idea investment civilization, that you are staged on the evolutionary ladder, right goes back to the way how you live material lives and how you.
投资文明的概念，你在进化的阶梯上所处的阶段，可以追溯到你过物质生活的方式以及你如何。

24:22
And, you know, organize your societies. Then, of course, for Westerners, goes back to the Roman Empire, right? And I briefly want you to talk about, you know, this concept of civilization, because that's the concept of civilization. That's really not.
并且，你知道，组织你的社团。当然，对于西方人来说，要追溯到罗马帝国，对吧？我想让你们简单地谈谈，文明的概念，因为这就是文明的概念。这真的不是。

24:34
The back of the minds of colonial administrators who feel that they are free to use a particular place of, you know, tableau rather so the idea of colonialism.
殖民统治者的内心深处觉得他们可以自由地使用一个特定的地方，而不是殖民主义的概念。

24:46

And how the idea of colonialism is limited to academics of parallelity. And the monument, I briefly want to talk about the monument that some of you may have seen.
以及殖民主义的概念是如何局限于平行理论的学者。至于纪念碑，我想简单地谈谈你们中有些人可能见过的纪念碑。

24:55
And that's the column of traging wrong. And it's a monument that stands in a form that's a mostly gone the columns that stands right, that 5 m high, it has.
这是错误的一栏。这是一座纪念碑，它的形状几乎消失了柱子直立着，有5米高。

25:06
Internal staircase through which you can reach the scale from. And here, the entire column itself is carved and with reliefs, but interestingly, and.
内部楼梯，你可以通过它到达秤。这里，整根柱子都雕刻着浮雕，但有趣的是。

25:16
That's not coincidence. It's that this column is framed by two buildings, and these two buildings are libraries. So here's the column right. Here's the library for quicklet to try. Here's a library for Latin.
这不是巧合。这一柱是由两座建筑构成的，这两座建筑是图书馆。这是这一列。这里是供quicklet尝试的库。这里有一个拉丁文图书馆。

25:27
And what the current shows is the conquest of a new Roman province, and what it means, you know, when the Romans were civilized people.
现在展示的是罗马对一个新行省的征服，以及当罗马人成为文明人时，这意味着什么。

25:37
Go in at terms barbarians who were not yet Roman, into good Romans, because the Romans are concept of phrase ethnicity and of citizenship and

civilization.
从当时还不是罗马人的野蛮人，到善良的罗马人，因为罗马人是种族，公民和文明的概念。

25:47
And if people belong to their civilization, then they are rolling, whether they and, you know, are Italians or Germans or Arabs, right? So this is basically how the kind of looks like, or what it looked like.
如果人们属于他们的文明，那么他们就会滚动，不管他们是意大利人，德国人还是阿拉伯人，对吧？这基本上就是它的样子，或者说它的样子。

25:59
If you have scale, and it's split in its courtyard, and here you can see that it's completely a carved it will be worked like a comic strip, right? So you have a hundred scenes.
如果你有天平，它在院子里分开，这里你可以看到它完全是雕刻的它会像连环画一样工作，对吧？所以你有一百个场景。

26:09
And these scenes follow each other around the column. You know, you have to think about as a comic strip that has been wrapped around the column. And this, you know, is, of course, not a photograph.
这些场景在柱子上一个接一个。你知道，你必须把它想象成一个围绕着专栏的连环漫画。当然，这不是一张照片。

26:19
That it is a, you know, ideological representation of who the role, example of they do right. And the first thing that you see is that the quantum bridge of the denue River.
你知道，这是一种意识形态的表现，代表了谁的角色，他们做得对的例子。你看到的第一件事是德纳河上的量子桥。

26:31
Which even today, would be a major feat, by basically building a bridge out of boats over europe's largest river, where it's very fast flowing and very

wide. That's hard.
即使在今天，这也将是一项重大壮举，基本上是用船在欧洲最大的河流上建造一座桥，这里的河流非常湍急，非常宽阔。这很难。

26:42
And you see the highly, you know, disciplined Roman Army, right in the uniform, with a uniform, equipment, like with a marching here, and all of that. You know, this is a very discipline.
你可以看到纪律严明的罗马军队，他们穿着制服，穿着制服，装备，就像在这里行军一样，等等。你知道，这是很有纪律的。

26:53
And way entering the new province. And unlike, you know, people who go straight back, and what they're doing is that they're building forts right by setting up.
还有进入新省份的方式。不像，你知道，那些直接回去的人，他们所做的是通过设置来建立堡垒。

27:03
You know, a logistics system. They are builders. And the people whom they are fighting, they, you know, are variance.
你知道，一个物流系统。他们是建设者。他们所对抗的人，他们，你知道，是不同的。

27:13
And they don't have properly cut hair. They have wild beards. They live in these wooden hill top fortresses where people put figure hats on stakes like.
而且他们没有剪好头发。他们的胡子很乱。他们住在木制的山顶堡垒里人们在木桩上戴上人偶帽。

27:24
That's all awful. And this is contrasted, you know, with how, you know, the Romans see their own cities, in their own world, right? So you don't just see.

这太可怕了。这与罗马人如何看待他们自己的城市，在他们自己的世界里形成了对比，对吧？所以你不只是看到。

27:35
And the Roman army crossing the Denube has a second contain, and then you see the afiltration in traversing provinces that were recently romanized. And you see what they all have.
穿越多瑙河的罗马军队有第二个围城，然后你可以看到在穿越的行省的渗透这些行省最近被罗马化了。你可以看到它们都有什么。

27:45
All cities have an extraduct, right? And they have a nice theatre, right? They have temperatures made out of marble. They have high rises.
所有城市都有引渡，对吧？他们有一个很好的剧院，对吧？它们有大理石做的温度。他们有高楼大厦。

27:54
And the people who are attending a sacrifice here of a bull, right? They're all standing like statues in their toga, right?
还有参加公牛祭祀的人，对吧？他们都像雕像一样穿着长袍站着，对吧？

28:01
It's a garment that signifies from a citizenship, but it's also very hard to move in, and therefore you have to walk around like a staff. You look at the kids.
这是一件象征着公民身份的衣服，但也很难穿上，因此你必须像一根棍子一样走来走去。你看看孩子们。

28:10
They incredibly, they behave. But, and, of course, you know, the message that is being shown up here is, you know, we are people who are building a complex civilization with amazing amenities, aqueducts.
他们的行为令人难以置信。但是，当然，你知道，这里展示的信息是，你知道，我们是建造一个复杂文明的人，拥有惊人的设施，水渠。

28:22
Theaters. And the people who live in our empire, they are also very civilized, right? And the people who we are fighting a lot, and what we are basically doing when we Accomplish.
影院。生活在我们帝国的人民，他们也很文明，对吧？以及我们经常与之斗争的人，以及我们在完成任务时所做的事情。

28:32
To order the landscapes, order their cities, and you're ordering them, and you're turning them into proper disciplines and civilized people, right?
去安排风景，安排城市，你在安排他们，你在把他们变成有纪律的文明的人，对吧？

28:40
That is, of course, you know, the general idea when it comes to Europeans and, you know, coming to, especially places like North America or Latin America in general.
当然，你知道，这是欧洲人的一般想法，你知道，特别是来到北美或拉丁美洲这样的地方。

28:54
Or to Australia, they just feel that they have superior civilizations, and they then need to colonize place. And, of course.
或者对澳大利亚来说，他们只是觉得他们有更优越的文明，然后他们需要殖民这个地方。当然。

29:02
The outcome Colony.
结果是殖民地。

29:04
It's a Roman term, right?
这是罗马术语，对吧？

29:05

And so if Romans basically enter a province that it's not urbanized, that it's not have, you know, the kind of urban civilization that they are coming from.
所以如果罗马人进入了一个没有城市化的省份，没有他们所来自的那种城市文明。

29:15
They are founding cities of citizens, and these cities are called colonial right.
他们是公民建立的城市，这些城市被称为殖民权利。

29:22
So colonialism, basically, you know, western colonialism, and traces itself back to Roman colonialism, right? So the Romans conquer barbarian.
所以殖民主义，基本上是西方殖民主义，可以追溯到罗马殖民主义，对吧？所以罗马人征服了蛮族。

29:32
Based, right or not based, but not that it's full of the variance. Then the basics have the place completely round.
基于，正确与否，但并不是说它充满了差异。然后基本的地方是完全圆形的。

29:39
By civilizing it and turning it into, you know, their own civilization. So it's in France, right? It's a Roman colonies.
通过教化它，把它变成他们自己的文明。它在法国，对吧？这是罗马的殖民地。

29:48
Spain is a lot of common. And of course, all of these people are speaking Latin, right? Because what are French?
西班牙有很多共同点。当然，所有这些人都说拉丁语，对吧？因为什么是法国人？

29:57
Portuguese and Spanish, right? And they left science, right. So basically, of course, people don't speak Latin in France, you know, before the fifties.
葡萄牙语和西班牙语，对吧？他们离开了科学，对吧？当然，在50年代之前，法国人基本上不讲拉丁语。

30:09
BC, and they don't speak. And Latin and Spain, you know, before a hundred BC, the Romans just come in, found the colonial citizen in the process. You know, people are being romanized and they are being brought up, at least, you know, as.
他们不说话。拉丁美洲和西班牙，公元前100年之前，罗马人进来了，在这个过程中发现了殖民地公民。你知道，人们被罗马化了他们被抚养长大，至少，你知道，作为。

30:22
You know, the Romans then see it to a high level of civilization. But, and that's a very important difference. The Romans have no concept of race, and the Romans have no citizens of You know, it's no second classes, doesn't matter.
你知道，罗马人把它看作是高水平的文明。但是，这是一个非常重要的区别。罗马人没有种族的概念，罗马人没有公民你知道，没有二等，没关系。

30:35
And what your original language, the original background is. If you're wrong, you're wrong. But that's, of course, not the case in European colonialism. That's a big difference. And the difference, of course, comes in.
你的母语和背景是什么。如果你错了，那你就错了。但在欧洲殖民主义中，情况当然不是这样。这是一个很大的区别。当然，差别就体现在这里。

30:45
And, you know, through the scientific or pseudo scientific sense, right? That there are different stages of evolution, right? And it's not just that Europeans are culturally more evolved.

而且，你知道，通过科学或伪科学的感觉，对吧？进化有不同的阶段，对吧？这不仅仅是因为欧洲人在文化上更进化。

30:56
Like they also perceived as being racially more important than everyone else. Right? So that is, and where things different. And this is, of course, precisely what then Europeans do, right? So if you have shown me a photograph.
他们也认为自己在种族上比其他人更重要。对吧?这就是不同之处。当然，这正是当时欧洲人所做的，对吧？所以如果你给我看了一张照片。

31:08
From Canada, which recently was rocked right by most controversies of exactly this, right? Because, of course, canada.
来自加拿大，最近在这个问题上饱受争议，对吧？当然是因为加拿大。

31:18
Also had people living there, or the British came, and some various fascinations. And what was the idea that, you know, then the Canadian government, or the British government?
也有人住在那里，或者英国人来了，还有一些不同的吸引力。你知道，当时加拿大政府，或者英国政府的想法是什么?

31:31
In the cat. What are these people? Like people living like the Mohawk and others in, you know, north America?
在猫里。这些人是什么人？比如生活在北美的莫霍克人?

31:38
But variance there and civilized. So what do you need to do? Educate them. And you educate them, ideally, you know, odds in a Western religion, right? In this particular case. And, you know, catholic Catholicism.
但是变化是文明的。那么你需要做什么呢？教育他们。你教育他们，理想情况下，你知道，在西方宗教中，几率是多少？在这个特殊的例子中。还有，你知道，天主教。

31:52
Christianity. And in order to basically civilize these people, you have to cut them off from their previous culture, right? To basically take them out of their communities.
基督教。为了基本上使这些人文明化，你必须切断他们与以前文化的联系，对吧？把他们从他们的社区带走。

32:02
Put them in boarding schools and try to make them into good, civilized people. How did that go? Does anyone of you know, there was a big, big protest movement in Canada.
把他们送到寄宿学校，把他们培养成文明的好人。结果如何？你们有人知道吗，在加拿大有一场很大很大的抗议运动。

32:12
And, you know, you can see here, people protesting against the practice and for institutions this, you know, they're all bearing orange shirts like that is, you know, it's a big deal In.
你可以看到，人们在抗议这种做法，对于机构来说，他们都穿着橙色的t恤，这是一件大事。

32:23
In Canada recently. How does that go?
最近在加拿大。这是怎么回事?

32:26
Poorly because, you know, kids were often abused. Many of them actually died in these boarding schools. And most of the graduates of, you know, these.
糟糕是因为，你知道，孩子们经常被虐待。他们中的许多人实际上死在这些寄宿学校里。大多数的毕业生，你知道，这些。

32:38
Schools turned out to have massive mental health problems. So, as a

matter of fact, you know, you have a huge drug abuse problem, huge alcoholism problems in these communities. You didn't have these problems before, these schools, right?
事实证明，学校存在大量的心理健康问题。所以，事实上，你知道，这些社区有严重的药物滥用问题，严重的酗酒问题。你以前没有这些问题，这些学校，对吧?

32:52
But, you know, after the kids who went to this school, so many of them and were, you know, put through this, you know, harsh re education program, right? They were just very badly damaged.
但是，你知道，在那些上过这所学校的孩子们之后，他们中的很多人，你知道，经历了这个，你知道，严酷的再教育项目，对吧？它们被严重损坏了。

33:02
And then they essentially came out of it, and that destroyed these communities, right? So that is, that is basically part of this. And one of the reasons why people in Canada.
然后他们基本上就走了出来，这摧毁了这些社区，对吧？这基本上是这个的一部分。这也是为什么加拿大人。

33:12
And other places, most importantly, australia. No, go out and basically say, look, this narrative here really did. Academic violence and violence, violence, of course.
还有其他地方，最重要的是澳大利亚。不，走出去，基本上说，看，这里的叙述是真的。学术暴力和暴力，当然是暴力。

33:23
To the people who already lived there. And in order to.
给已经住在那里的人。为了。

33:29
You know, and, you know, rectify that and to at least acknowledge that we have to get rid of this colonial practice.

你知道，你知道，纠正这一点，至少承认我们必须摆脱这种殖民做法。

33:40
Of putting Western names onto maps and acknowledge that, you know, these places had names and histories before the Europe.
把西方人的名字写在地图上，承认这些地方的名字和历史早于欧洲。

33:52
Opinions came, and you have to restore these names in this particular case of Mark Lulu. I mean, mount Lu. Of course, things go further. People don't just say.
众说纷纭，在马克·露露这个特殊的例子中，你必须恢复这些名字。我是说，庐山。当然，事情还不止这些。人们不会说。

34:01
That's no longer call it as Rock, right? Because people lived there for thousands of years and they had a name for it, and they had, you know?
不再叫它Rock了，对吧？因为人们在那里生活了几千年，他们给它起了个名字，他们有，你知道吗?

34:10
An idea for it. But what does also happen when it comes to Mount Boluru? Exactly? Because, of course, european tourists, right? People in the sixties, but because I'm so old, I still have friends.
一个想法。但是当谈到博洛鲁山时又发生了什么呢？到底是什么?当然是因为欧洲游客，对吧？六十多岁的人，但因为我年纪大了，我还有朋友。

34:24
To climb Airs Rock, or they call Airs Rock. And with people who come to Australia in the seventies or eighties, or even early nineties, right? They cover this spirit. So how does it feel?
爬艾尔斯岩，或者他们叫艾尔斯岩。还有那些在七八十年代，甚至九十年代初来到澳大利亚的人，对吧？它们掩盖了这种精神。那感觉如何?

34:38

Do you think to someone from Germany or the UK, when you know they at this point? No direct flights, right? Go by a Singapore.
当你认识德国人或英国人的时候，你会想到他们吗？没有直飞航班，对吗？去一个新加坡。

34:47
To Australia. Why do they go? What are they fascinated by? New exotic land, new exotic land to see, you know, a flora and a fauna.
到澳大利亚。他们为什么要去？他们对什么着迷？新的异国情调的土地，新的异国情调的土地，你知道，植物群和动物群。

35:00
That they only know from the Zoom or from their children's books. And how do they want to feel when they, you know, encounter this wires and untamed land. They want to feel like an explorer, right?
他们只能从Zoom或他们孩子的书中知道。当他们遇到这些电线和蛮荒的土地时，他们会有什么感觉。他们想要探险家的感觉，对吧？

35:15
You know, like Captain Coke? And what to explorers, of course, doom, or to Western explorers, to something that actually locus do not necessarily do, which is a very different.
你知道，就像可口可乐船长？对于探险者来说，当然是厄运，或者对于西方探险者来说，对于一些实际上并不一定会发生的事情，这是非常不同的。

35:24
Thing to do, what Europeans like to do in order they like hiking? Yes.
要做的事情，欧洲人喜欢做什么为了他们喜欢徒步旅行？是。

35:30
And what do they like? They like to climb mountains, right? Because they like to climb a mountain. And, you know, they want to be the first on the mountain, and they like to put a flag on the mountain, and basically.
他们喜欢什么？他们喜欢爬山，对吗？因为他们喜欢爬山。而且，你知道，他们想成为第一个登上这座山的人，他们喜欢在山上插一面旗帜，基本上。

35:44
He said, it's ours. And then we basically want to look all over the lands below the mountain and, you know, understand the property. So this is what you want to do. And therefore, of course.
他说，这是我们的。然后我们基本上想看看山下的所有土地，你知道，了解财产。这就是你想要做的。因此，当然。

35:53
The very act of climbing as rock is, you know, precisely reenacting this, right? So we are the explorers. We are climbing that mountain with.
攀岩的行为就是，你知道，精确地再现了这一点，对吧？所以我们是探索者。我们正在攀登那座山。

36:03
Formula, this athletic feat that if you look over the land that we have just explored, right and can feel as its masters, and of course, the various first nations in Australia who don't like to be called aborigines for obvious.
公式，这个运动的壮举如果你看一下我们刚刚探索过的土地，对吧，你会觉得自己是它的主人，当然，还有澳大利亚的各个第一民族，他们不喜欢被称为土著，很明显。

36:18
These reasons? And what do they say? What do they do?
这些原因吗?他们怎么说？他们是做什么的?

36:22
They ask that too. They basically, they ask Lotto. And it basically works, right. So A S Rock is renamed Mount Rural. And what also happens with the tourism going up to the mountain.
他们也这么问。基本上，他们会问Lotto。它基本上是有效的。因此，A S Rock被重新命名为Mount Rural。去山上旅游也会发生什么。

36:35
It's basically stopped. And, you know, he's.

它基本上停止了。而且，你知道，他。

36:39
Hiking AIDS and climbing AIDS, right? That allow people to climb in a rock, right? They are removed, right? And that's, of course, you know, a big deal. Why is that a Bit.
远足辅助工具和登山辅助工具，对吧？可以让人们爬上岩石，对吧？它们被移走了，对吧？当然，这是一件大事。为什么有点。

36:51
What? Why does that contestation matter? Why does it matter that, you know, the Aborigines say, look, you can't if you want to have tourism around how good you have to.
怎么啦？为什么这种争论很重要？为什么这很重要，你知道，土著人说，看，你不能，如果你想要旅游，你必须有多好。

37:01
Do it our way. You can no longer do the climbing thing. And, you know, you basically have to learn about some lines and.
按我们的方式去做。你不能再攀爬了。你知道，你基本上要学习一些线条。

37:08

他是如何将美国视为山巅之城的呢？所以基本上，作为所有国家的一盏明灯，这就是美国应该做的。

01:49:58

他创造了这个神奇的宪法。他有很多缺点，对吧？但这是我们都能支持的。

01:51:47
And Abraham Lincoln. And, you know, after brutal Civil War, brings the nation back together, apology, slavery, it actually found the Republican.
亚伯拉罕·林肯。你知道，在残酷的内战之后，让国家重新团结起来，道歉，奴隶制，它实际上找到了共和党。

01:51:57
Usually speaking the second family, right? So America, half of the Civil wars are very, very.

And what do they have all stand for? Do they just, do they stand just for themselves? Individuals.
它们都代表什么？他们只是，他们只是代表自己吗？个人。

01:53:41

这是一个想法。但问题是，这就是我当你开车送我的时候你不这么想。但是。

01:53:50
States, actually? Well, that's exactly what makes this attack on this narrative less threatening or not even existential to the United States, right? Because if there's much store.
州,实际上呢?这就是为什么对这种叙事的攻击对美国的威胁更小，甚至不存在，对吧？因为如果有很多存储空间。

01:54:00
This idea of ideals, right? And they see it so publicly all the time, right? But in soil, you know?
理想的概念，对吧？他们总是在公开场合看到它，对吧？但在土壤里，你知

道吗?

01:54:08
Nation based on ideals, whereas Australia doesn't actually have that get out of jail card. You know, it is a very concrete history. And, you know.
一个建立在理想基础上的国家，而澳大利亚却没有真正的出狱卡。你知道，这是一段非常具体的历史。你知道的。

01:54:17
There is. It is, in fact, it seems to me harder to have the histories in Australia, in the prison. I mean.
有。事实上，在我看来，在澳大利亚的监狱里，很难了解历史。我的意思。

01:54:25
Mount ru is it? I mean, how does it talk to the How does it speak with the colonial history? And how do they actually accommodate each other? So basically here we have someone who.
是汝山吗？我的意思是，它是如何与它是如何与殖民历史对话的？它们是如何相互适应的呢？所以基本上我们有一个人。

01:54:37
A senator who says, we want a tourist monument. We put four guys on a mountain with a huge, you know, spectacular sculpture.
一位参议员说，我们想要一个旅游纪念碑。我们让四个人站在一个巨大的，你知道的，壮观的雕塑的山上。

01:54:46
And represents the values of America. Everybody can get behind, right?
代表了美国的价值观。每个人都能跟上，对吧?

01:54:51
And the problem here is that if you then say, well, wait a minute, you are actually doing this on Holy land of the sea level.
这里的问题是，如果你说，等一下，你实际上是在海平面的圣地上做这件事。

01:54:59
And all the values that these men claim represent, and you must understand in the context, right of.
这些人所主张的所有价值观，你必须在上下文中理解，权利。

01:55:08
The United States, stealing them from people who are already there, right? That is.
美国，从已经在那里的人那里偷来的，对吧？这是。

01:55:16
Good pattern, right?
很好的模式，对吧?

01:55:17
How the United States see themselves.
美国如何看待自己。

01:55:21
And this.
这。

01:55:21
Donald Trump. And can criticize this so many institutions that just currently has to be a big feud of American history.
唐纳德·特朗普。可以批评这么多的机构，这是美国历史上的一个大问题。

01:55:28
That's saying you were saying it was all bad, right? Because.
你的意思是说一切都很糟糕，对吗？因为。

01:55:31
These sorts of criticisms are being made.
这类批评正在出现。

01:55:33
That's, of course, you know, if you suffocation must.
当然，你知道，如果你必须窒息的话。

01:55:37
Maybe, of course, as we say, it's a much more concrete history, in the sense, you know, that you've got Captain Cook, and then you've got these various people coming in. But of course, you know the justification why these people are coming.
也许，当然，正如我们所说，这是一个更具体的历史，从某种意义上说，你知道，你有库克船长，然后你有这些不同的人进来。当然，你知道这些人来的理由。

01:55:47
It's not based on these values, right? But it's, of course, based on the idea that you have civilized people bringing civilization order and development.
它不是基于这些值，对吧？但是，当然，这是建立在这样一种观念的基础上，即你有文明人带来文明、秩序和发展。

01:55:56
Because a new world to a new world, and whether that is actually a good thing, you know, that is being challenged here when you're looking at.
因为从一个新世界到另一个新世界，这是否真的是一件好事，你知道，当你看到的时候，这正在受到挑战。

01:56:05
So it's perhaps not values. And.
所以这可能不是价值观的问题。和。

01:56:09
Explicitly formulated to constitutional values right, a constitutional change. But of course, there's an underlying value that it was a good thing about that. Australia.
明确制定以宪法为价值的权利，进行宪法变更。当然，这背后有一个潜在的

价值，那就是这是件好事。澳大利亚。

01:56:19
By being colonized. So there's either cutting much more existential. So let's say I'm a worker student. That's my heritage. I don't.
通过被殖民。所以要么削减更多的存在主义。假设我是一个工人学生。这是我的传统。我不喜欢。

01:56:27
Have any other heritage, right to fall that one. But if I'm, I'm a left wing American, I can say that's all wrong. That's not in the real spirit of America, right? But I can't say that if I'm not, it's very difficult. I don't know what that.
有任何其他遗产，权利落那一个。但如果我是一个左翼美国人，我可以说这都是错的。这不是真正的美国精神，对吧？但我不能说，如果我不是，这是非常困难的。我不知道那是什么。

01:56:39
And, you know, everybody parts, you know, have a.
而且，你知道，每个部分，你知道，有一个。

01:56:45
People in Australia.
澳大利亚人。

01:56:46
Lulu and a as well.
露露和a也是。

01:56:51
Because then basically you say your entire product is wrong. But this is also like the presentations in Australia, I think.
因为基本上你说你的整个产品都是错的。但我认为这也像在澳大利亚的演讲。

01:57:00
So carefully.
所以要小心。

01:57:03
Manipulated this.
操纵。

01:57:03
Still, because of the story, right?
还是因为这个故事，对吧?

01:57:07
And without, you know, saying that you all have to go back to Europe, right?
而不是说你们都得回欧洲，对吧?

01:57:13
And here, I think, you know, for lacking Americans. And, you know, it's fine to say yes, you know, we actually violated our ideals.
在这里，我想，你知道，为缺乏的美国人。而且，你知道，承认是可以的，你知道，我们实际上违背了我们的理想。

01:57:22
As the right might see it as an attack on these ideas, proper right?
右派可能会认为这是对这些思想的攻击，对吧?

01:57:26
But, of course, these are big conversations, but this is, again, you know, what I want to bring out when we are talking about contested sites.
但是，当然，这些都是大的对话，但是这是，再一次，你知道，当我们谈论有争议的地点时，我想要提出的。

01:57:32
Sites get contested, and people talk about them and fight over them,

because it forces people to confront how they see themselves.
网站有争议，人们谈论它们，争夺它们，因为它迫使人们面对他们如何看待自己。

01:57:43
How they see their own nationality, and to some that can feel really existential, right?
他们如何看待自己的国籍，对一些人来说，这真的很有存在感，对吧?

01:57:49
So if all our namings of all these sites in Australia, all of this is wrong, right, then we actually may not have.
所以如果我们对澳大利亚所有这些遗址的命名，都是错的，对的，那么我们实际上可能没有。

01:57:59
You may not have a right to be here, right? And that is, of course, existential to Australians. And the same, of course, is true with America, right? If you basically say.
你可能没有权利来这里，对吧？当然，这对澳大利亚人来说是存在的。当然，美国也是如此，对吧？如果你说。

01:58:10
If we stole this land from, you know, native people and, you know, and our values, our great values, are not an excuse for doing this right?
如果我们从当地人那里偷走了这片土地，我们的价值观，我们伟大的价值观，难道不是我们这样做的借口吗?

01:58:21
Then this also, you know, damages the justification of the nation. And, of course, again, european nations, which grow.
这也损害了国家的正当性。当然，还有增长的欧洲国家。

01:58:30
Out of a revolution against monarchs, right? And despots. They have a

different narrative, right? They can say he got rid of our dukes and kings and.
一场反对君主的革命，对吧？和暴君。他们有不同的叙述，对吧？他们会说他除掉了我们的公爵和国王。

01:58:41
Princess and the pessimism, because we want to.
公主和悲观，因为我们想要。

01:58:43
Three as part.
三个部分。

01:58:45
Of the nation, and that's perhaps a constitution monarchy, that's still as a nation of citizens. He wanted to overcome.
这个国家，也许是君主立宪制国家，它仍然是一个公民国家。他想要克服。

01:58:52
We want to be huge. We no longer want to be a subject. We want to be citizens. That is what defines.
我们想做大公司。我们不想再做被奴役的对象了。我们想成为公民。这就是定义。

01:58:58
Our nation, whereas in this particular.
我们的国家，而在这个特殊的。

01:59:00
In the case you can't say that easily, right? And, of course, you know, europeans, european nations will always say, look, you are already here, and you just want a different way of life.
在这种情况下你不能这么说，对吧？当然，你知道，欧洲人，欧洲国家总是会说，看，你已经在这里了，你只是想要一种不同的生活方式。

01:59:10
And this is what gave us information. And in this particular case, what is your justification for going to Australia, the Americas, and taking other people's land?
这就是我们得到的信息。在这种特殊情况下，你去澳大利亚，美洲，占领别人土地的理由是什么?

01:59:20
Is, you know, creating a shining city of the hill, or a civilized country? Is that actually a proper Is that actually a proper justification?
你知道，是在创造一个闪亮的山城，还是一个文明的国家？这真的是一个合适的理由吗?

01:59:30
And, of course, you know, that is, you know, what is at the heart of these disputes, what upsets people, right?
当然，这些争议的核心是什么，是什么让人们心烦意乱，对吧?

01:59:36
This is why these debates become so emotional, because they're really at the heart of whether UN National Project is just a lot.
这就是为什么这些争论变得如此情绪化，因为它们真的是联合国国家项目是否只是很多的核心。

01:59:44
Or whether you belong to a particular place or not, right? But that is also important and how you define yourself.
或者你是否属于某个特定的地方，对吧？但你如何定义自己也很重要。

01:59:55
It's relaxed, right? Do you know what's going on in New Zealand? Because there's also the sense among Kiwis, right? That Australians are not very old. Australia isn't.
很放松，对吧？你知道新西兰发生了什么事吗？因为新西兰人也有这种感觉，对吧？澳大利亚人不是很老。澳大利亚不是。

02:00:05
Actually all that sincere on this idea of reconciliation, whereas the are my New Zealand, of course, is different. Because, again, let's talk about realities on the ground.
事实上，所有对和解的想法都是真诚的，而我的新西兰，当然是不同的。因为，再一次，让我们谈谈实际情况。

02:00:17
What are the percentage of, you know, native New Zealanders, as opposed to, and, you know, native Australians and Australia, right? So the more already are a very significant part of the Problem.
你知道，新西兰本土人的比例是多少，而澳大利亚本土人的比例是多少，对吧？所以更多的已经是问题中非常重要的一部分。

02:00:29
They have, you know, a much greater and position in public life. And therefore, of course, you know, these kinds of conciliation and conversations needed to happen.
他们在公共生活中占有更大的地位。因此，当然，你知道，这种和解和对话需要发生。

02:00:39
And it's out of free necessity. And whereas they didn't really have it to happen in this particular way in Australia, because the original population of Australia is completely overwhelmed, right?
这是出于自由的需要。然而在澳大利亚，他们并没有以这种特殊的方式发生，因为澳大利亚的原始人口完全被淹没了，对吧?

02:00:50
By by settlers. And that was not what happened in New Zealand, at least not to the same extent last events, of course, another thing. So, so basically, it's always typical that.
由定居者。而这并不是在新西兰发生的事情，至少与上次事件的程度不同，当然，这是另一回事。所以，基本上，它总是典型的。

02:01:01
People feel that they have to be.
人们觉得他们必须这样。

02:01:04
That they have to justify why they are, but they are.
他们必须证明为什么他们是，但他们是。

02:01:09
Keeping up with that again, you know, because I don't know.
你知道的，我也不知道。

02:01:13
What other nations, right? So afterwards, the two at Germany lost a quarter of her 03:19, 97 territory, right? And 14 million.
其他国家，对吧？之后，德国失去了她97年3点19分领土的四分之一，对吧？还有1400万。

02:01:23
Germans were, had to leave and go west, right? So my Marcus family is from there, right? So actually, by the logic of Hamas, I would now have to stand at the Polish border.
德国人不得不离开，去西方，对吧？我的马科斯家就是那里的人，对吧？所以实际上，按照哈马斯的逻辑，我现在必须站在波兰边境。

02:01:34
Fire rockets into New Poland, right? And which, of course, I wouldn't do, even though my family has lived there for centuries, at least in a part of it. And at the narrative, of course, you know, there.
向新波兰发射火箭，对吧？当然，我不会这么做，即使我的家人在那里住了几个世纪，至少在那里的一部分。当然，在叙事上，你知道，在那里。

02:01:45
That it's now being used on the Polish side, even though I think no one.

它现在被波兰方面使用，尽管我认为没有人。

02:01:48
And drove me at this point in any way. And once Statton or Denzick, or, but have you looked back right? Is an acknowledged business. No problem is to say this was always part of the Kingdom of Poland, which is technically.
在某种程度上驱使着我。有一次是斯塔顿或丹齐克，但你回头看了吗？是公认的行业。毫无疑问，这里一直是波兰王国的一部分，严格来说。

02:02:00
Correct, right? And after you are, it should be Poland. Each of the Polish kings back in the Middle Ages invite German settlers to these terrorists.
正确的,对吗?等你走了，就该去波兰了。中世纪的每一位波兰国王都邀请德国移民到这些恐怖分子那里。

02:02:09
Because the Polish kings couldn't care less about ethnicity, they cared about religion, and they wanted to have good Christian settlers building towns to beat down all the.
因为波兰国王不关心种族，他们关心宗教，他们想让虔诚的基督徒定居者建造城镇，以击败所有的。

02:02:19
And, you know, horrible pagan Baltic, prussians and Lithuanians and whatever, right? So.
还有可怕的异教徒波罗的海人，普鲁士人和立陶宛人等等，对吧？所以。

02:02:25
But you have, you know, these kinds of contestations that become, or no narratives that become problematic, precisely for the reason because people feel.
但是你有，你知道，这些争论变成了，或者没有成为问题的叙述，正是因为人们觉得。

02:02:35

That they their right to be, where they are right, are being challenged, right. So that is, that is essentially, you know, and what these conversations are about who we even have a right to be.
他们的权利，他们的权利，他们是正确的，受到挑战，正确的。所以，本质上，你知道，这些对话是关于我们有权利成为什么样的人。

02:02:47
Here, right? It's our entire national project. Just how can we think about ourselves and these sites and these contestations painted up?
在这里,对吗?这是我们整个国家的计划。我们该如何看待自己、这些网站和这些被描绘出来的争论呢?

02:02:56
Right, and that can be very adversarial, and it can be also.
对，这可能是非常敌对的，也可能是。

02:02:59
Productively resolved, right?
富有成效地解决了问题，对吧?

02:03:04
Questions.
的问题。

02:03:07
I think from the readings, I was a bit curious on the concept of pluriverse 70, and we're calling for pluribusal, non zero centric knowledge. Can they actually happen in academic structures that still run up peer review and listen.
我想从阅读材料中，我对多元宇宙的概念有点好奇，我们呼吁多元的，非零中心的知识。它们真的能在学术结构中发生吗，仍然需要同行评审和倾听。

02:03:27
Argumentation. Well, see, I think, you know that this is, of course, a big conversation that is happening, because if you're looking at best on

episthetic systems, I would actually argue also synic aesthetic system.
论证。嗯，我认为，你们知道，这当然是一个正在发生的大讨论，因为如果你看最好的认知系统，我实际上会认为也是同步的审美系统。

02:03:38
Right? So it's not exclusively to the best. You basically have to build your arguments and evidence, right? And not on.
对吧?所以它不只是给最好的。你基本上要建立你的论点和证据，对吧？而且没有。

02:03:47
Um.
嗯。

02:03:48
An autumn experience, right? And of course, the, and, of course, you know, that's really attention here. And so.
一种秋天的体验，对吧？当然，当然，你知道，这是真正的关注。所以。

02:03:58
If you're looking into anthropology, if you're looking into education, if you're looking into some fields of sociology, that's an open debate.
如果你在研究人类学，如果你在研究教育学，如果你在研究社会学的某些领域，这是一个公开的辩论。

02:04:08
And you may have come across this in, you know, the conversation about Jason Arde, right? And the method of ethnoctic out auto ethnography. So an auto ethnography is basically where you take your own personal experience.
你可能在关于杰森·阿尔德的谈话中遇到过这个，对吧？而民族学的方法则是自动民族学。所以一个汽车人种学基本上就是你用你自己的个人经验。

02:04:20
Write a diary of this, and this then becomes evidence, right, for your

academic work. And whether that is possible or not, right, that is really a matter.
把这些记在日记里，这些就会成为你学术工作的证据。这是否可能，这是一个问题。

02:04:32
Of debate, right? So, for instance, people who can use this particular.
有争议，对吧？例如，人们可以使用这个特殊的。

02:04:37
Type of method right here, for instance, argue that quantitative social science is, you know, a Western concept, you know. And that should be resisted.
例如，这里的一种方法，认为定量社会科学是一个西方概念。这应该被抵制。

02:04:48
And then that, you know, does epidemic violence to, you know, people who are not part of this tradition? And that's a very long, complex conversation.
然后，你知道，流行的暴力是否，你知道，那些不属于这个传统的人？这是一个很长很复杂的对话。

02:04:57
And, you know, I usually don't give my personal opinions here. I personally think that you can.
你知道，我通常不会在这里发表个人意见。我个人认为你可以。

02:05:05
I'm not the concise and I'm currently.
我不是简洁的，我现在。

02:05:07
Enlightenment.
启蒙运动。

02:05:09
Evidence of evidence and quantification. But that's, of course, precisely a problem. And this is, of course also one of the things where academic conversation and debate and to theoretical debate is now bifurcated.
证据的证据和量化。但这当然是一个问题。当然，这也是学术讨论和辩论以及理论辩论现在出现分歧的原因之一。

02:05:23
And where you then have, you know, these conversations and compensations and fights over the disciplinary direction, especially of humanities and social sciences fields.
然后，你知道，这些关于学科方向的对话，补偿和争论，特别是在人文和社会科学领域。

02:05:33
And, you know, as someone who counts guys and other things, and it's a twisted in tax revenue and an economic modeling, and that costs very much.
而且，你知道，作为一个统计男性和其他事物的人，这是一个扭曲的税收和经济模型，成本很高。

02:05:42
Okay.
好吧。

02:05:46
Yes.
是。

02:05:50
And.
和。

02:05:50
I mean, so your resalency is, of course not. I don't think I constantly, don't

think that it's tough.
我的意思是，你的恢复力当然不是。我不认为我经常，不认为这很难。

02:05:58
Which, of course doesn't mean that you can which, of course means that you can still combine. And.
当然，这并不意味着你可以。当然，这意味着你仍然可以结合。和。

02:06:06
You know, indigenous perspective, which are a social fact, right? And with, you know, the narratives of which of cachets. So you can see it is, you know, a social factor as Well.
你知道，本土视角，这是一个社会事实，对吧？还有，你知道的，关于荣誉的叙述。所以你可以看到，这也是一个社会因素。

02:06:16
The fact that, and, you know, vesta and colonizers come in completely ignore what is there, disregard its very existence, and, of course, in the process, to epidemic violence.
事实是，你知道，维斯塔和殖民者完全忽视了那里的东西，无视它的存在，当然，在这个过程中，暴力泛滥。

02:06:27
Over people who see things differently, right? And, you know, should you recognize that? Absolutely right? You shouldn't just, you know, subjugate everything.
而不是那些看法不同的人，对吧？你知道，你应该意识到这一点吗？完全正确吗?你不应该，你知道，征服一切。

02:06:36
To, you know, a European way of classifying, looking at things and then humaning things, but having what you're talking about look for your universality. That's a different debate, right? So that's on Earth.
你知道，用欧洲人的方式来分类，看待事物，然后把事物人性化，但你所谈论的是寻找你的普遍性。这是一个不同的争论，对吧？这是地球上的情况。

02:06:48
Method level right of academic discourse.
方法层面的学术话语权。

02:06:53
I think, at least.
至少我是这么认为的。

02:06:54
I hope not ask any one of you into author ethnography.
我希望不要让你们中的任何一个进入作者人种学。

02:06:59
The things you know, as an archaeologist, I have, you know, sometimes a very, an anthropologist set, and the person who never believes ethnographers or other ethnographers.
你知道，作为一个考古学家，我有，你知道，有时候，一个非常，人类学家的集合，一个从不相信人种学家或其他人种学家的人。

02:07:08
So so if you read someone else's Thesmography, you always say.
所以如果你读别人的缩略图，你总是说。

02:07:14
No one talks like that. You know, that is the asnographer, right? So asnographers are usually very good at pointing at fingers, at each other and say.
没人会那样说话。你知道，那是造影医师，对吧？所以放射科医师通常很擅长指着别人的手指说。

02:07:24
Leading questions, poor methodological setup, questionable interviews. You know, I want to see your data.
诱导性问题，糟糕的方法设置，可疑的采访。我想看看你的数据。

02:07:33
And because ethnographers and I, as an archaeologist, do a little bit of ethnography, don't trust other ethnographers. And where there are some ethnologists, I do trust, right?
因为人种学家和我，作为考古学家，做了一点人种学研究，所以不相信其他人种学家。只要有一些民族学家，我就相信，对吧?

02:07:42
Who are fighting just a little bit, and don't make it all out right. And if you can imagine how I feel about things like orthography, where I say.
他们只是吵了一架，却闹得不太对劲。如果你能想象我对正字法的感受，我说。

02:07:52
No, this is just a bridge too far. You know, someone has to draw a line somewhere. You know?
不，这桥太远了。要知道，总要有个底线。你知道吗?

02:08:00
That is just not, that is just one problem. But, I mean, again, you know, this is, this is a method debate. And.
这只是一个问题。但是，我的意思是，你知道，这是，这是一个方法的争论。和。

02:08:08
And if people are interested, but we can have these sorts of debates.
如果人们感兴趣，我们可以进行这样的辩论。

02:08:11
Great question. You know, we would probably have to have a seminar on this.
好问题。你知道，我们可能得为此开个研讨会。

02:08:17

About ethnographic and historical method. To answer the question, other questions.
关于民族志和历史方法。回答这个问题，其他问题。

02:08:24
And ideas. But you see, again, you know how these debates really are important and emotional and end up in the media, because, as Leon pointed out, they are really about what.
和想法。但是你看，再一次，你知道这些争论是多么的重要和激动人心，最终在媒体上结束，因为，正如里昂指出的，它们真的是关于什么。

02:08:38
Defines us as a nation. Do we have a right being here? And what is the justification of our social contract and our social project. And in the CEPLA, colonial Nations, that's a close, alive issue, right?
将我们定义为一个国家。我们在这里有权利吗？我们的社会契约和社会计划的理由是什么？在CEPLA中，殖民地国家，这是一个紧密的，活生生的问题，对吧?

02:09:03
So.
所以。

02:09:04
These are political movements, right? So for the Sue, I think it's quite clear.
这些是政治运动，对吧？所以对于苏，我认为这是很清楚的。

02:09:10
Well, let me try to explain my concern, you know, for lots of political movements.
好吧，让我试着解释一下我对许多政治运动的关注。

02:09:21
Um.
嗯。

02:09:21
It's not entirely clear that the entire community is behind, right?
我们并不完全清楚整个社区是否都在背后支持，对吧?

02:09:29
I mean, because you just need a couple of skills law, you know.
我是说，因为你只需要一些法律技能。

02:09:32
Give the last point to the course of that.
最后一点是这个过程。

02:09:37
Particular angle, what doesn't come through and hear about these particular things are.
特定的角度，什么没有通过和听到这些特定的东西是。

02:09:44
Presenting voices. Of course, you know that it's not the best. It's very important.
呈现的声音。当然，你知道这不是最好的。这很重要。

02:09:51
Right? So this is not about potential politicians.
对吧?所以这不是关于潜在的政治家。

02:09:54
And there are not samples. On the other hand, you know, these things, if we only have seen it today, enough people to, you know, create the momentum of it.
而且没有样本。另一方面，你知道，这些事情，如果我们今天看到它，足够多的人，你知道，创造它的动力。

02:10:04

And of course, that essentially goes in either cash.
当然，这些钱要么是现金。

02:10:09
So it's not, you know, that all Aborigines and all translations feel in one particular way.
所以并不是所有的土著居民和所有的翻译都有一种特定的感觉。

02:10:15
Right? And then, all right, australians feel another, right? Of course, many of movements, and, you know, many of, much of the, you know, antiquity.
对吧?然后，好吧，澳大利亚人会有另一种感觉，对吧？当然，很多运动，很多，很多，你知道，古代的。

02:10:25
The movement is actually.
这个运动实际上是。

02:10:25
You know, driven by Europeans and Americans. It's not in academics. It's not just driven by people who have a proseclone in the background, right? And within the post colonial background, you, of course, also get lawyers to say.
你知道，是由欧洲人和美国人推动的。不是在学术上。这不仅仅是由幕后有检察官的人推动的，对吧？在后殖民时代的背景下，当然，律师也会说。

02:10:37
Let's forget about the obvious possibility alongside. So we are not talking about groups here. We are talking about positions. And these positions, of course, can be held.
让我们先忘掉显而易见的可能性。所以我们这里讨论的不是群体。我们讨论的是位置。当然，这些立场是可以保留的。

02:10:46
Across the spectrum. Yes. So this is, I am not, you know, it's not criticizing,

because I just feel, I suppose it might enrich my understanding, if I understood these other things.
跨越光谱。是。所以这是，我不是，你知道，这不是批评，因为我只是觉得，我想这可能会丰富我的理解，如果我理解了这些其他的东西。

02:10:57
Well, I mean, so, so people take, I mean, of course, we can look at this in greater detail. And when it comes to the monuments in.
嗯，我的意思是，所以人们，我的意思是，当然，我们可以更详细地研究这个。当谈到纪念碑的时候。

02:11:07
And the America itself. We can look at this. We will actually look at this debate of detail.
以及美国本身。我们可以看看这个。实际上，我们会看看这个关于细节的争论。

02:11:11
But, yes, of course, you know, and what these debates usually do. That's another thing that is, of course, a concept in the seminar.
但是，是的，当然，你知道，这些辩论通常会做什么。这是另一件事，当然，是研讨会上的一个概念。

02:11:21
Is that when it comes to a normal.
这是正常的。

02:11:23
Historical understanding.
历史的理解。

02:11:25
He tries to understand. And it's hard to have a negative conversation moment. You do that, right?
他试着去理解。很难有一个消极的谈话时刻。你是这么做的，对吧?

02:11:34
The conversations, in itself, becomes.
对话本身就变得。

02:11:36
Problematic and dissolves itself, right? Because we just realized that both sides and both heads are.
有问题并自行溶解，对吧？因为我们刚刚意识到两边和两个正面都是。

02:11:43
Conversation, make arguments that not a lot. That's, that has four people of matter.
交谈时，争吵时不要多说。它有四个人的物质。

02:11:49
Taken apart, and that people make the debate about something that the monument might actually make right?
拆开来看，人们争论的是纪念碑实际上可能做的事情，对吗？

02:11:57
But a national, personalized, equal escalation.
而是一种全国性的、个性化的、平等的升级。

02:12:00
But I think it's much more than political.
但我认为这不仅仅是政治问题。

02:12:02
Actually a cultural conversation. And cultural conversations of this magnitude, you know, that, then need to remain.
实际上是一种文化对话。这种规模的文化对话，你知道，需要保留下来。

02:12:12
Places like ordering usually are not very lost.

像点餐这样的地方通常不会很迷路。

02:12:15
People who are answering new who are adding nuance, usually, right? I don't know, in the culture.
回答新问题的人通常会添加细微差别，对吧？我不知道，在文化中。

02:12:23
Sections of write an opinion piece and culture section of, you know, a hyper newspaper, and then get endless baskets of hate mail.
写一篇评论文章和一份超级报纸的文化版块，然后收到没完没了的仇恨邮件。

02:12:33
Because they are, you know, subsumed to whole views that they don't, right? And I think, you know, that's a very good question, because I think usually it shows that nuance.
因为他们，你知道，被纳入了他们没有的整个观点，对吧？我认为，你知道，这是一个非常好的问题，因为我认为通常它显示了细微差别。

02:12:44
Even though I think, you know, the crustation is in the case of flu, actually, it's a good job of being ones. Nuance is usually the enemy of these kinds of.
即使我认为，你知道，在流感的情况下，结痂，实际上，这是一个很好的工作。细微差别通常是这些类型的敌人。

02:12:52
Of debates, right? So the moment you actually say, well, actually, it's not quite so easy, you put yourself between two warring parties. Neither side likes you.
辩论，对吧？所以当你说，嗯，实际上，这并不那么容易，你把自己置于交战双方之间。双方都不喜欢你。

02:13:04

And after you get paged from those.
在你收到呼叫之后。

02:13:06
Five, but that's actually the impact, right? And that's what you're right, that you're not talking.
五个，但这就是影响，对吧？这就是你说的对，你不说话。

02:13:12
Sophisticated.
复杂。

02:13:12
Who wants historical intellectual debate. We are talking about broad movements, and this is why these contested sites become effective, right? No one cares about academic disputes.
谁想要历史上的智力辩论。我们讨论的是广泛的运动，这就是为什么这些有争议的地点变得有效，对吧？没有人关心学术上的争论。

02:13:23
About a particular size of a particular monument. It's much for esoteric that requires too much previous knowledge like that. You would really like to think about.
一个特定大小的纪念碑。这太深奥了，需要太多之前的知识。你真的会想。

02:13:34
What is?
是什么？

02:13:35
At the heart of our second Colonial Project. You know, what does this mean for our national understanding? This is why people get excited about.
是我们第二次殖民计划的核心。你知道，这对我们的国家理解意味着什么？这就是人们兴奋的原因。

02:13:43
Yes, I suppose my suspicion is that, besides the academics, the experience of.
是的，我想我的怀疑是，除了学术上的，经验。

02:13:51
Is that average condition?
这是平均情况吗?

02:13:53
And.
和。

02:13:53
And, of course, too, but, I mean, of course.
当然了，但我是说，当然了。

02:13:59
Of course, you know, this is this. And the other question.
当然，你知道，这就是。另一个问题。

02:14:03
Then, of course, how do you measure this slide? You would need.
那么，当然，你如何测量这个幻灯片呢？你需要。

02:14:06
Complex polls or whatever. I think, for the purpose of our discussion, we don't know, but it's important is to basically find out there is enough support behind these positions.
复杂的民意调查之类的。我认为，为了我们讨论的目的，我们不知道，但重要的是基本上找出这些立场背后有足够的支持。

02:14:17
To push these narratives, and whether these narratives then actually are relevant from us, you know, it depends on their support, right?

推动这些叙述，以及这些叙述是否真的与我们相关，这取决于他们的支持，对吧?

02:14:26
And you can see this with certain debates about certain monuments that have always been there.
你可以从关于某些一直存在的纪念碑的争论中看到这一点。

02:14:31
And suddenly they become caught again. We are because and people will start.
突然他们又被抓住了。我们是因为，人们会开始。

02:14:37
Our first session and reference statute in Singapore. And I know that there are people in Singapore who think that it's problematic to have a statute of a colonial administrator in Singapore?
我们在新加坡的第一届会议和参考规约。我知道新加坡有一些人认为在新加坡有一个殖民地行政官的法规是有问题的。

02:14:47
Right? But they an absolute minority. The last majority of Singaporeans couldn't care less about it, right? Other Singaporeans had thought about it, and they thought about it. They think about it.
对吧?但他们绝对是少数。最后的大多数新加坡人根本不在乎，对吧？其他新加坡人也想过，他们也想过。他们会思考。

02:14:58
Complex tasks, right? So this is basically, I think, the normal state of these monuments. But if there were a movement in Singapore that would completely rethink.
复杂的任务，对吧？所以我认为，这基本上就是这些纪念碑的正常状态。但如果新加坡有一场运动能彻底反思。

02:15:08

How people think about Singapore as a political organization, and would think very badly of the British and the role in creating this community. Then the Battle statue.
人们是如何看待新加坡作为一个政治组织的，他们会对英国及其在创建这个社区中的作用有很坏的看法。然后是战斗雕像。

02:15:18
Have would, of course, become an issue. And then what would matter is the one skills that a lot of people would have about.
当然，这将成为一个问题。重要的是很多人都拥有的一项技能。

02:15:25
But then that would be now significant.
但现在这就很重要了。

02:15:28
Take a minority.
以少数人为例。

02:15:29
Review of the Sound Minority.
《健全少数派评论》

02:15:31
The thing has to go. And this is precisely, you know, what this is about. And yes, you're completely right these debates.
那东西必须得搬走。而这正是，你知道，这是关于什么的。是的，你在这些辩论中完全正确。

02:15:40
You know, usually level nuances in how people think about things. And it's a very good intervention that you're making.
你知道，通常人们对事物的看法会有细微差别。你所做的是一个很好的干预。

02:15:49
Because historians then are also liable of, you know, thinking that everybody thinks about this issue in one particular way.
因为历史学家也容易，认为每个人都以一种特定的方式思考这个问题。

02:15:59
And that it's not benefit within it, right?
这里面并没有利益，对吧?

02:16:02
And that's really then the problem of method, right? And the moment you're getting you're looking at individual views, it becomes incredibly idiosyncratic, right? And you have to abstract.
这就是方法的问题，对吧？当你在看个人观点的时候，它就变得非常特殊了，对吧？你必须抽象。

02:16:15
And all of these can you synthetic use into positions? But, of course, within people holding a general view, you have a widespread of ideas, right?
所有这些都可以合成到位置上吗？但是，当然，在持有一般观点的人内部，你有广泛的想法，对吧?

02:16:24
And this is actually, then what I think in history becomes interesting, because this is really a friction right, where you actually can learn more about society, about these things with you.
实际上，这是我认为历史变得有趣的地方，因为这真的是一种摩擦，在这里你可以更多地了解社会，了解这些事情。

02:16:33
Then we are looking at this from 30000 ft. About identity, as we are doing this in the seminar. Then, of course, you know, we are coming up with.
然后我们从30000英尺的高空看这个问题，关于身份认同，我们在研讨会上也在讨论这个问题。然后，当然，你知道，我们正在提出。

02:16:41
You know, road camps, not so much. Anyway, what he is. So I'm not just speaking I except what you're saying.
你知道，公路露营就没那么多了。不管怎样，他是什么。所以我不只是在说我不知道你在说什么。

02:16:50
I suppose, just for myself, because a lot of these topics, I feel, I don't know enough. I don't have no context, because we're talking about video.
我想，就我个人而言，因为很多话题，我觉得我知道的还不够多。我没有上下文，因为我们说的是视频。

02:17:00
Through patterns. And, of course, you know, one could perhaps teach an entire seminar around all the rule, and then, you know, to put them into different community positions. And.
通过模式。当然，你知道，一个人也许可以围绕所有的规则教授整个研讨会，然后，你知道，把他们放在不同的社区位置上。和。

02:17:09
What they have to say. And this is probably the way, something, if you want to be a professional historian.
他们要说什么。如果你想成为一名专业的历史学家，这可能就是方法。

02:17:15
And that you will find interesting.
你会发现这很有趣。

02:17:16
And the moment you actually start to be touched by looking at the level of.
当你真正开始被感动的那一刻，你会看到。

02:17:22
In your audience of your community.
在你社区的听众中。

02:17:24
Suddenly, all the big narratives that you encounter, and folks, will disappear.
突然之间，你遇到的所有大故事和人都会消失。

02:17:29
So, and this is just perhaps a good way to close That is when you go.
所以，这可能是一个很好的结束方式那就是你离开的时候。

02:17:35
And holiday Because, you know, you read these big history books, big picture ideas, you learn about certain positions.
因为，你知道，你读了这些大的历史书，大局观，你了解了某些职位。

02:17:42
To learn about, you know, certain arguments that are being made. And then you're start reading someone's style, or you're reading, start reading someone's letters.
去了解，你知道，某些正在被提出的论点。然后你开始阅读某人的风格，或者你开始阅读某人的信件。

02:17:52
But I can't place that person, you know, in that particular camp, you know, clearly. And you can because, of course, the idea types that have been.
但我不能把那个人，你知道，放在那个特定的阵营里，你知道，很明显。当然，你可以，因为，这些想法类型已经。

02:18:04
Strike five your types, right?
五击你的类型，对吗?

02:18:06
They are just in our broad outline. And no one actually thinks like that completely, maybe, except, you know, the proponents of the movement.

它们只是在我们的大纲中。也许没有人会完全这样想，除了，你知道，运动的支持者。

02:18:15
For the system who, you know, turn this to the public persona, right? So actually, the deeper you go down is to the more granular it becomes, and the more interesting I will have.
对于这个系统来说，你知道，他们把这变成了公众形象，对吧？所以实际上，你往下走得越深，它就变得越细，我就越感兴趣。

02:18:25
It becomes But here we have to have another thousand people. Does that make sense? All right. And with this, you know, I release here to the break. Have a very good Break.
它变成了但是这里我们还需要1000人。明白了吗？好吧。有了这个，你知道，我在这里释放到休息。祝你休息愉快。

02:18:36
Hopefully a more or less.
希望是或多或少。

02:18:39
Relaxing the mind.
放松大脑。

02:18:39
But who are?
但是是谁呢?

02:18:46
So our submission for the energetic video is the end of the week after, yes, precisely. So this week, just think about what you would like to do, then have to do a little reading around your subject.
所以我们提交的精力充沛的视频是在这周结束后，对，没错。所以这周，只要想想你想做什么，然后做一些关于你的主题的阅读。

02:19:07
Unless you are so exhausted from the first six weeks of the semester that you have to, I don't know, go to a beach and just don't know.
除非你在学期的前六周非常疲惫，以至于你不得不去海滩，我不知道，我不知道。

02:19:15
Then you still have a few days, you know, the exam, where you can do the reading and just send it to me. I might have to set up.
然后你还有几天的时间，你知道，考试的时候，你可以把阅读材料发给我。我可能得准备一下。

02:19:26
A canvas submission, because bureaucracy, and, you know, the IMS system may insist on.
画布提交，因为官僚主义，你知道，IMS系统可能会坚持。

02:19:38
Me entering stuff, you know, in canvas. But otherwise you can, of course, always just send me stuff by email, and then.
我输入的东西，你知道，在画布上。当然，你也可以用电子邮件给我发东西，然后。

02:19:46
Stuff manually. I hate canvas. I just.
手工的东西。我讨厌帆布。我只是。

02:19:51
Another level of bureaucracy that I really do not need. Okay, all right, have a good break. And, you know, please send me emails And, you know, the submission is indeed, you know, at the end of the exam, right?
又一个我不需要的官僚作风。好吧，好好休息。你知道，请给我发邮件，你知道，提交确实是，你知道，在考试结束时，对吧?

02:20:05
And so you still have Thanks your class.
所以你仍然有谢谢你的课。

02:20:10
