英文原文

Fortunately for the Thai state, the new ideas and policies for dealing with the communist insurgency were implemented at the right time. The serious conflicts among the communist countries in Asia erupted into the ousting of the Khmer Rouge by the Vietnamese forces in the final days of 1978 and the 1979–1981 Sino-Vietnamese war. These conflicts led to disarray in the Communist Party of Thailand (CPT). Simultaneously, it was an opportunity for the Thai state to exploit the hostility among the communist backers of the CPT: first, to implement a rapprochement with the Socialist Republic of Vietnam in 1979; and, second, to forge an agreement with the People’s Republic of China in the same year to end its support of the CPT. The agreement exacerbated an internal crisis within the CPT, primarily between the old cadres and those who joined the CPT after the massacre. In 1980, the general amnesty, in the form of the Prime Minister Order no. 66/2523, extended to anyone who had joined the CPT at any time for any reason, from the rank and file to the Politburo. It allowed them to return home and take up their lives without even having to report to the authorities, let alone face arrest or charges. This order epitomized the new counterinsurgency strategy, which was based on the recognition that Thailand’s communist problem was primarily a domestic and political one.1 It was, as scholar and former Foreign Service officer Bob Bergin summarizes, “a successful strategy aimed at the core discontent and aspirations of the insurgents, particularly the idealistic student followers. Instead of a brute-force military campaign, the Thai government offered amnesty, repatriation, and jobs to communist sympathizers, and freedom rather than detention. [The state addressed], directly and compassionately, the discontent that fuels insurrection.”2 The conjuncture of these factors led to an increase in desertions among CPT cadres from 1978 to 1982, virtually ending the Cold War in Thailand by the early 1980s.

中文译文

对泰国国家而言，幸运的是，应对共产主义叛乱的新思路与新政策在恰当的时候实施了。亚洲共产主义国家之间的严重冲突，在1978年最后几天爆发为越南军队推翻红色高棉，以及1979年至1981年的中越战争。这些冲突使泰国共产党（Communist Party of Thailand，CPT）陷入混乱。同时，泰国国家也有机会利用那些支持泰国共产党的共产主义国家之间的敌意：首先，1979年与越南社会主义共和国改善关系；其次，同年与中华人民共和国达成协议，使中国停止支持泰国共产党。这个协议加剧了共产党内部危机，主要是老干部与屠杀后入党的成员之间的矛盾。1980年，第66/2523号总理命令以普遍大赦的形式，涵盖所有在任何时候、出于任何原因加入共产党的人，从普通党员到政治局成员都包括在内。它允许他们回家、恢复生活，甚至不必向当局报到，更不用说面临逮捕和起诉。这项命令集中体现新的反叛乱战略，其基础是承认泰国的共产主义问题

主要是国内政治问题。　正如学者、前外交官鲍勃·伯金（Bob Bergin）所总结的，这是“一项成功的战略，针对叛乱者最核心的不满与愿望，尤其是理想主义的学生追随者。泰国政府没有实施单纯依靠暴力的军事行动，而是向共产主义同情者提供大赦、遣返和工作，给予他们自由而不是拘禁。［国家］直接而富有同情心地处理了滋生叛乱的不满。”　这些因素的结合，导致1978年至1982年间泰国共产党干部脱离组织的人数增加，使泰国的冷战实际上在20世纪80年代初结束。

英文原文

The new political conditions affected memories of the massacre among the victims, the perpetrators, and the public. In the mid-1980s, the anticommunist phobia had come to an end and the civic groups and nongovernmental organization movements were growing. Many of these civic groups were driven by people from the 1970s generation, including returnees from the jungles. Human rights became a common parlance in the political public sphere, thanks in part to the growing global awareness since the late 1970s. Given this context, public perceptions of the massacre changed too. From 1978 to 1996, involvement with the right wing between 1973 and 1976 was viewed as a disgrace. A controversy during the electoral campaign in 1988 provided a snapshot of this shift, in which the perpetrators of the massacre in turn became the retrospective victims of their past. Yet the massacre was never discussed directly or extensively in public and the perpetrators were never confronted.

新的政治条件影响了受害者、加害者和公众对于屠杀的记忆。到20世纪80年代中期，反共恐惧已经结束，公民团体和非政府组织运动正在成长。许多公民团体由20世纪70年代一代人推动，包括从丛林归来的人。部分得益于70年代末以来全球人权意识的提高，人权成为政治公共领域的常用语。在这一背景下，公众对屠杀的看法也发生变化。1978年至1996年间，1973年至1976年与右翼的关联被视为耻辱。1988年选举期间的一场争议，提供了这一转变的一个缩影：屠杀的加害者反而追溯性地成了自己过去的受害者。然而，屠杀从未得到直接而广泛的公开讨论，加害者也从未受到正面质询。

英文原文

During the same period, former radicals also turned silent for an entirely different reason. During the heyday of the CPT, their hopes for a just revenge and a new society had compensated for their sorrow for the loss of lives. However, the socialist revolution as an imagined alternative to the state had collapsed and faded away by the early1980s. The decline and fall of the CPT and radicalism affected their memories of the 1976 massacre tremendously. It gave them a different perspective on their younger lives. I shared their ambivalence to some extent and learned from many of them personally. The chronopolitics of memory took its toll on them as well.

同一时期，前激进派也因为完全不同的原因陷入沉默。在泰国共产党的鼎盛时期，对正义复仇与新社会的希望弥补了他们因失去生命而产生的悲伤。然而，到20世纪80年代初，社会主义革命作

为国家之外一种想象中的替代方案，已经崩溃并逐渐消失。泰国共产党与激进主义的衰落和失败，极大地影响了他们对1976年屠杀的记忆，使他们以不同视角看待年轻时的生活。我在一定程度上也经历了他们的矛盾感，并从许多人那里亲自了解到这种感受。记忆的时间政治也向他们索取了代价。

[P004]

英文原文

In 1986, a Thai scholar observed that, in contrast to the studies of the October 1973 uprising, a silence about the October 1976 massacre pervaded academia. The incident, he explained, was a scar on Thai society in that it exposed a propensity to violence and intolerance, which contrasted with the self-image of Thai society as peaceful and tolerant. The discomfort of acknowledging that Thais can be as monstrous as any other people brought on silence, a symptom of the tension between truth (what actually was) and self-knowledge (what we think we should be).3 In a similar vein, a famous Thai writer noted in an essay in 1988 that the incident was still a fresh wound that Thai people, both perpetrators and victims, were ashamed to talk about. Even the writer's personal feelings about it were paradoxical. On the one hand, he wanted to forget it, especially the brutality and inhumanity that took place, but on the other, he wanted to remember it precisely because people were trying so hard to forget it.4 This paradox and its symptomatic silence is exactly what I call the unforgetting.

中文译文

1986年，一名泰国学者观察到，相比对1973年10月起义的研究，学术界对1976年10月屠杀普遍沉默。他解释说，事件揭露了泰国社会中暴力与不宽容的倾向，而这与泰国社会认为自己和平、宽容的形象相悖，因而成了社会的伤疤。承认泰国人可能与其他民族一样残暴，令人不安，也导致沉默；沉默成为真相（实际存在的我们）与自我认知（我们认为自己应该成为的样子）之间紧张关系的表现。　　类似地，一位著名泰国作家在1988年的随笔中指出，事件仍是一道新鲜的伤口，泰国人无论是加害者还是受害者，都羞于谈论。甚至作家自己对此也怀有矛盾的感情。一方面，他想忘记事件，尤其是其中的残暴与非人性；另一方面，他又恰恰因为人们如此努力想要忘记，而希望记住它。　　这种悖论及其表现出的沉默，正是我所谓的“无法遗忘”。

The Victim's Ambivalence

受害者的矛盾心态

[P005]

英文原文

For many radicals, the CPT was both an idealistic alternative to the Thai state and an opportunity for revenge. But the CPT and the entire radical movement collapsed only a few years after they went to jungles. Three major factors were involved. First, the revolutionary movement was dogmatic and totalitarian. The party, from the top down to local commanders, tried to control their lives, behaviors, and thinking, but refused any efforts to improve or reform the party. Students were forced to obey the party directives regardless whether they made sense. Many directives were misguided in that they dogmatically adhered to the Chinese

revolutionary experience from a different place and time. From the first months in the jungles, the new CPT members were increasingly frustrated with the old cadres and the party.5 Many of them challenged the party, from its analysis of Thai society and revolutionary strategy to the practical inefficiency and poor management of day-to-day living. The breaking point was the lack of any kind of democratic process within this allegedly progressive party. The students' proposed changes were received with indifference.6

中文译文

对许多激进派而言，泰国共产党既是泰国国家之外一个理想主义的替代选择，也是复仇机会。但他们进丛林仅几年之后，共产党与整个激进运动便崩溃了。这涉及三个主要因素。首先，革命运动具有教条主义和极权主义特征。党从最高层到地方指挥官，都试图控制党员的生活、行为和思想，却拒绝任何改善或改革党的努力。学生被迫服从党的指令，不论这些指令是否合理。许多指令是错误的，因为它们教条式地遵循发生在不同时空的中国革命经验。进入丛林最初几个月起，新的共产党员对老干部与党越来越失望。　　许多人开始质疑党，从它对泰国社会的分析和革命战略，到日常生活中的低效率与管理不善。真正的决裂点，是这个号称进步的政党内部完全没有任何形式的民主程序。学生提出的改变建议只换来冷漠。

[P006]

英文原文

Second, the Sino-Vietnamese conflict led to cooperation between the Thai and Chinese governments. This allowed China to supply arms to the Khmer Rouge via Thai territory in exchange for the shutdown of the Voice of the People of Thailand, the CPT's broadcast based in China, and an end to China's support, including logistical supply, for the CPT. The CPT leadership, which had tagged slavishly behind the Chinese communist party for decades, declared its unyielding support for China. The rest of the party, however, was jolted. Cadres at every level reacted strongly to China's selling out of the Thai revolution and to the acquiescence of the CPT leadership.7 The perceived betrayal amidst the other brewing conflicts within the party sent the entire party into crisis as dissatisfaction spread like wild fire.

中文译文

第二，中越冲突促成了泰中两国政府的合作。作为交换，中国获准经由泰国领土向红色高棉提供武器，而泰国方面则要求关闭设在中国的泰国共产党电台“泰国人民之声”，并停止中国对泰国共产党的支持，包括后勤物资供应。几十年来一直奴性地追随中国共产党的泰国共产党领导层，宣称坚定不移地支持中国。然而，党的其他成员受到巨大震动。各级干部对中国出卖泰国革命，以及泰国共产党领导层的顺从，作出了强烈反应。　　在党内其他矛盾已不断酝酿之际，这种被背叛的感觉使不满像野火般蔓延，把整个党推入危机。

[P007]

英文原文

The leadership reacted to the dissidents with insults, distrust and, in some cases, malicious smearing. The conflicts almost led to mutinies in several CPT camps. Eventually, the party's overdue response was too little, too late.8 In the midst of the turmoil, the turnaround of the Thai state in dealing with the communists was timely, especially the amnesties that opened the

door for radical students to return. The disillusioned radical students took the opportunity offered by the government, leaving the jungles individually and en bloc. It was a homecoming in total defeat, however. Only a few years before, they had denounced the Thai state, determined not to return until the revolution succeeded. Now they returned in utter humiliation to the embrace of the state. “I am a historical ruin,” declared Seksan Prasertkul, one of the best-known radical students, shortly after he turned himself in to the authorities only half a year after the 66/2523 order in 1980.9 He later told us,

领导层以辱骂、不信任，甚至在某些情况下恶意抹黑的方式回应异议者。冲突几乎使多个共产党营地发生哗变。最终，党的回应拖延太久，也远远不够。　　在动荡中，泰国国家对共产主义者的政策转向来得正是时候，尤其是大赦为激进派学生返乡打开了道路。幻灭的激进派学生抓住政府提供的机会，单独或成群离开丛林。然而，这是一次彻底失败的归乡。仅仅几年前，他们还谴责泰国国家，下定决心革命不成功绝不返回。现在，他们却在极端屈辱中回到国家的怀抱。“我是历史的废墟。”最著名的激进派学生之一色山·巴色坤（Seksan Prasertkul）在向当局自首后不久这样宣称；当时距离1980年第66/2523号命令颁布只有半年。　　后来他告诉我们：

[P008]

英文原文

From now on, my life is in all likelihood void of meaning. After having dedicated one’s life for a cause, binding one’s self-value to such a cause, the utter failure made all purpose in my life almost completely disappear. Life becomes meaningless. . . . People like me probably become captives of our own memories that we cannot escape.10

中文译文

从现在起，我的人生很可能再无意义。一个人把毕生奉献给一项事业，把自己的价值与它绑在一起，当这项事业彻底失败，我生命中的一切目的几乎全都消失。生命变得毫无意义。……像我这样的人，大概成了自己记忆的俘虏，无法逃脱。

[P009]

英文原文

Seksan’s dictum became characteristic of the returnees. A common sentiment among them was uncertainty and insecurity. How would people—friends, family, colleagues, employers, even lovers—react to their past, that is, the decision to join the CPT, their guerilla actions, their radicalism, all of which had turned out to be a waste? After dedicating years of their youth to the historic mission of forging a just society with lasting happiness to all people, most of them felt completely lost and were disenchanted because of their mistakes. The disillusionment with the radical cause took away their reasons and justifications for their earlier decisions. Feeling that they had wasted years of their lives for nothing, they brought home only stigma and malaria. In the middle of their twenties, a returnee remarked, they already lost two historic wars: one in the city ending with the slaughter of their friends, the other in the jungles ending with the loss of their idealism.11 After such mistakes, after having to beg for clemency from the state they had denounced, why would they not feel humiliated and ashamed?

中文译文

色山的话成了归来者心态的典型写照。他们普遍感到不确定和不安全。人们——朋友、家人、同事、雇主，甚至恋人——会怎样看待他们的过去，即加入泰国共产党的决定、游击活动、激进主义？这一切到头来都成了徒劳。他们把青春的若干年奉献给建立一个让所有人永久幸福的公正社会这一历史使命，如今大多数人却因自己的错误而彻底迷失、梦想破灭。对激进事业的幻灭，剥夺了他们为过去决定辩护的理由与正当性。他们觉得自己白白浪费了多年的生命，带回家的只有污名和疟疾。一名二十多岁的归来者说，自己已经在历史上的两场战争中失败：一场发生在城市，以朋友遭到屠杀告终；另一场发生在丛林，以理想主义的丧失告终。　　犯下这样的错误后，又不得不向曾经谴责的国家乞求宽恕，他们怎能不感到屈辱与羞愧？

[P010]

英文原文

Those who remained in the cities working underground and witnessing the gradual collapse of the radical networks were similarly, though less severely, depressed. Some struggled to defend their socialist idealism, trying to launch new rounds of debates and activism. Eventually, they too abandoned the cause. Like their comrades from the jungles, they could not continue to look at the past in the same way.

中文译文

那些留在城市、从事地下工作并见证激进网络逐渐崩溃的人，也同样感到沮丧，尽管程度较轻。一些人努力捍卫社会主义理想主义，试图发起新一轮辩论和政治行动。最终，他们也放弃了事业。和丛林中归来的同志一样，他们再也无法用从前的眼光看待过去。

[P011]

英文原文

It was not difficult for them to understand the past rationally. But rationality was no answer to ambivalence stemming from disenchantment. Many of them, especially the former student leaders, could not exonerate themselves from responsibility.12 Many had been active in the movement that led to polarization and death. Some had actively recruited for the CPT, sending people to the jungles, many of whom never returned. Without pride in their past radicalism, suffering and grief due to the loss of friends in the massacre and in the revolutionary war turned into personal trauma that was hard to come to terms with and might never go away. The price for all those sacrifices seemed suddenly too steep, the loss beyond any justification. It should not have happened.

中文译文

理性地理解过去对他们而言并不困难。但理性无法回答幻灭所产生的矛盾感受。许多人，尤其是前学生领袖，无法免除自身的责任。　　许多人曾积极参与导致两极分化与死亡的运动。有些人积极为泰国共产党招募成员，把人送进丛林，而其中许多人再也没有回来。失去了对过去激进主义的自豪，因朋友在屠杀和革命战争中丧生而产生的痛苦与悲伤，便转变为难以接受、也许永远不会消失的个人创伤。所有这些牺牲的代价突然显得太高昂，失去的东西超出了任何理由可以辩护的范围。这本不应该发生。

[P012]

英文原文

It was at this time that a returnee friend of mine introduced me to the song “Empty Chairs at Empty Tables” from Les Misérables. Every word of its lyrics and the emotions evoked story echoed our sentiments, as if the song were about the failed revolution in Thailand.

中文译文

就在这时，一位从丛林归来的朋友向我介绍了音乐剧《悲惨世界》中的歌曲《空桌空椅》（Empty Chairs at Empty Tables）。歌词中的每一个字以及它所唤起的情感，都回应了我们的感受，仿佛歌曲写的就是泰国失败的革命。

[P013]

英文原文

There’s a grief that can’t be spoken. There’s a pain goes on and on. Empty chairs at empty tables Now my friends are dead and gone.

中文译文

有一种悲伤无法说出，有一种痛苦绵延不绝。空空的椅子，空空的餐桌，如今朋友们已经死去、离开。

[P014]

英文原文

. . . don’t ask me What your sacrifice was for . . .

中文译文

……不要问我，你的牺牲究竟为了什么……

[P015]

英文原文

The grief that cannot be spoken, the pain of moral ambivalence, and the burden of being alive will stick with these survivors, myself included, perhaps forever. Most of these former radicals did not deny or forget their past. What was their sacrifice for? The empty chairs and tables were not as painful as the emptiness inside. Further, people around them may never understand them. October 6 became a specter for these survivors. It was not a subject we could talk about without troubling reflections.

中文译文

无法说出的悲伤、道德矛盾的痛苦，以及幸存者活着的负担，将会伴随这些幸存者，包括我自己，也许永远不会离去。大多数前激进派没有否认或忘记过去。他们的牺牲究竟为了什么？空空的桌椅，还不如内心的空洞那样令人痛苦。更何况，周围的人可能永远无法理解他们。10月6日对这些幸存者来说变成一个幽灵。它不是我们可以毫无痛苦地反思并谈论的话题。

Disquieting Silence of the Disillusioned

幻灭者不安的沉默

[P016]

英文原文

Kasian Tejapira, today considered one of the best scholars in the country, wrote two short memoirs telling his story as a returnee from the jungle.13 A budding scholar since his college years, he may not represent all the returnees whose experiences and voices remain buried. His memoirs nonetheless provide a lens into the life and sentiments of the disillusioned radicals. Thanks to his thoughtful introspection and ability to relay it in writing, we can learn what these people went through during the 1980s.

中文译文

如今被认为是泰国最杰出学者之一的卡西安·贴乍披拉（Kasian Tejapira），写过两篇短篇回忆录，讲述自己从丛林归来的经历。　　他从大学时代便是一位有潜力的学者，因此也许不能代表所有归来者；许多人的经验与声音仍被掩埋。然而，他的回忆录仍为我们提供了一个观察幻灭激进派的生活和情感的窗口。得益于他深入的自我反思以及把反思转化为文字的能力，我们得以了解这些人在20世纪80年代经历的一切。

[P017]

英文原文

His first memoir begins with his experience as a Thammasat University student during the turbulent years that changed him and how the massacre was an important factor for his decision to join the CPT's armed struggle. "I didn't feel like returning to school any more. It seemed pointless to study. I wanted to get as far away as I could, to weep and curse the killing as much as I wanted to. Then, it occurred to me . . . the jungle."14 Despite knowing very little about the CPT and never having been to any jungle, Kasian was determined and dedicated. Like the majority of his cohorts, over time he became very critical of the CPT. Realizing that this was not the future he had hoped for, he grew disillusioned and returned, though he was not as bitter or angry with the CPT as some others were.

中文译文

他的第一篇回忆录从法政大学学生的经历谈起，讲述那些动荡年代如何改变了他，以及屠杀为何成为他决定加入泰国共产党武装斗争的重要因素。"我再也不想回学校了。学习好像已经没有意义。我想尽可能走得远远的，想哭就哭，想怎么诅咒这场杀戮就怎么诅咒。然后，我忽然想到……丛林。"　　虽然对泰国共产党几乎一无所知，也从未去过丛林，卡西安仍然坚定地投入其中。与同辈大多数人一样，他逐渐开始严厉批评泰国共产党。意识到这并不是自己期待的未来后，他幻灭并返回城市，尽管他不像其他一些人那样对共产党怀有强烈的苦涩与愤怒。

[P018]

英文原文

Kasian gives us a glimpse of how returnees felt at the time. He was alienated by most of what surrounded him and alienated from himself as well. He was annoyed every time he was asked about the jungle experience because he wanted to forget it. He felt discomfort when he saw people graduate, and he was not among them. "How I could maintain my self-confidence?" For a while. He fortified himself with books, reading voraciously in isolation, and enjoyed small

successes such as good grades “to protect myself from the society’s snub.”15 Nevertheless, he did not deny the past.

中文译文

卡西安让我们窥见归来者当时的感受。他与周围大多数事物格格不入，也与自己疏离。每当有人问起丛林经历，他都感到恼火，因为他想忘记它。看到其他人毕业、自己却不在其中，他感到不舒服。“我怎样才能维持自信？”有一段时间，他用书籍武装自己，独自大量阅读，并从取得好成绩等小成功中获得快乐，“以保护自己不受社会的轻蔑”。 但他并没有否认过去。

[P019]

英文原文

If I were to return to those bloody years, I would make the same decision. . . . Why didn’t anybody speak out in praise of the spirit of those thousands of young people who [left family and loved ones] and risked their lives in the jungles . . . that they were correct, that they were great?16

中文译文

如果我回到那些血腥的年代，我还会作出同样的决定。……为什么没有人站出来赞扬那些成千上万青年人的精神？他们［离开家人和爱人］，冒着生命危险前往丛林……为什么没有人说他们是正确的、是伟大的？

[P020]

英文原文

It did not matter what anybody else might think; he insisted that those young people (including himself) were great, for they had sacrificed for the benefit of the people.

中文译文

别人怎么想并不重要；他坚持认为那些青年人（包括他自己）是伟大的，因为他们为人民的利益作出了牺牲。

[P021]

英文原文

In the second memoir, he elaborates more on how he and some of the returnees coped with their ambivalent memories and experiences, revealing the various strategies to deal with the alienation and come to terms with their new lives. First, try to blend in with the crowd (other students), avoiding anything that might call attention to oneself. Second, if confronted with a question about the past, be evasive or fib to escape the question because it’s hard to tell the truth. (He does not explain why it was hard. Was the past too complex to explain or did the returnees not want to revisit the past, or both?) Third, leave the painful past behind altogether and move on. “I washed my hands. Completely. I am already to be reborn, without the past whatsoever,” a friend said. Fourth, talk about the past to understand it, to find an explanation for the failure of the leftists and the CPT.

中文译文

在第二篇回忆录中，他更详细地解释自己和部分归来者如何应对矛盾的记忆与经历，揭示他们应对疏离感、适应新生活的不同策略。第一，尽量融入人群（其他学生），避免做任何可能引人注意的事。第二，如果被问到过去，就回避或说些小谎来躲开问题，因为真相很难讲清。（他没有解释为什么困难。是过去太复杂，难以说明，还是归来者不愿重访过去，抑或两者兼有？）第三，把痛苦的过去彻底抛在脑后，继续向前。“我已经洗手不干，完全不干了。我准备重生，过去的一切都不要了。”一位朋友说。第四，谈论过去，以理解过去，并寻找左翼与泰国共产党失败的原因。

[P022]

英文原文

It began as a soft conversation, then got heated into a serious discussion, mixed with satire and rising voices. One said black, the other said white. Nobody talked about grey. . . . After that, they stopped talking because there were too many disagreements. Since then, we've only talked about jobs and ways to earn money . . . Politics was painful.17

中文译文

开始时只是轻声交谈，后来变成激烈而严肃的讨论，夹杂讽刺和越来越高的嗓门。一个说黑，另一个说白，没有人谈灰色。……之后他们就不再谈论，因为分歧太多了。从那以后，我们只谈工作和赚钱的办法……政治太痛苦了。

[P023]

英文原文

Fifth and last, Kasian describes the moment that he finally came to terms with the past. It was a memorable occasion in which he spoke to hundreds of students about his experiences, including the massacre. It was a cathartic moment for him.

中文译文

第五，也是最后一点，卡西安描述自己终于与过去达成和解的时刻。在一个难忘的场合里，他向几百名学生讲述自己的经历，包括屠杀。这是他情感获得宣泄的时刻。

[P024]

英文原文

[The audience] was completely silent while I kept talking, talking and talking, as if I was insanely talking to myself. Only when I finished did I hear the audience clap their hands. . . . then, I saw a few friends shed tears. . . . I had been back for two years. But on the day when I saw my friends shed tears, I felt that I could finally be myself again.18

中文译文

［听众］始终完全安静，我却不停地说、说、说，仿佛疯狂地自言自语。直到讲完，我才听见大家鼓掌。……随后，我看见几位朋友流下眼泪。……我已经回来两年了。但在看到朋友落泪的那一天，我觉得自己终于又能做回自己。

[P025]

英文原文

Despite their varied individual experiences, most of the disillusioned radicals shared these experiences to some extent. Most were able to move on with their lives and have decent careers. A few had similar cathartic moments, when friends or listeners supplied that kind of restorative recognition and respect. Most, however, never had occasion to openly share their grief and sorrow, and never experienced that kind of public respect for who they were and what they had been through. During the silent period between 1978 and 1996, they were probably not sure how to talk about their memories because they did not know how ordinary Thais might react. Certainly they did not want an awkward silence, let alone a rebuke. They did not want sympathy or consolation either. So they kept their traumatic memories to themselves. I tend to be relatively more outspoken about the massacre than others, but I, too, speak about it only when asked to. I rarely initiate such a conversation. I normally do not initiate conversations about politics to this day. It took me years to understand and be able to characterize my paradoxical memories of the massacre and my own past radicalism—humiliation, regret and guilt, yet pride and dignity at the same time.

中文译文

尽管个人经历各不相同，多数幻灭的激进派都在一定程度上有过这样的体验。大多数人能够继续生活，并建立体面的事业。少数人经历了类似的情感宣泄时刻，在那种时刻，朋友或听众给予他们恢复自我的认可与尊重。然而，大多数人从未有机会公开分享悲痛，也从未因自己曾是谁、经历过什么而得到那样的公共尊重。1978年至1996年的沉默时期，他们可能不知道如何谈论记忆，因为不知道普通泰国人会如何反应。他们当然不想遭遇尴尬的沉默，更不愿受到责备；他们也不需要同情或安慰。因此，他们把创伤记忆留给自己。我相对其他人更愿意直言屠杀，但即使是我，也只在别人问起时才谈。我很少主动发起这样的谈话。直到今天，我通常也不会主动开启政治话题。我花了许多年，才懂得并能够描述自己对屠杀和早年激进主义的矛盾记忆——屈辱、遗憾与内疚，同时却又有骄傲与尊严。

[P026]

英文原文

Above all, the disillusioned radicals had lives to live. They tried to return to them–finishing school, holding jobs and careers, earning money and having families—like ordinary people. Many felt they had fallen behind because they had wasted valuable years, and they kept busy building their futures like normal citizens. The need to find a receptive audience so they could speak out about their traumatic past was not urgent. To many former radicals, the commemoration at the twentieth anniversary of the massacre in 1996 (discussed in chapter 6), would be the first and probably the most significant chance for them to come to terms with their painful past.

中文译文

尤其重要的是，幻灭的激进派还需要生活下去。他们试着像普通人一样恢复生活——完成学业、工作、发展事业、挣钱、建立家庭。许多人觉得自己浪费了宝贵的岁月，已经落后，所以忙着像普通公民那样建设未来。找到愿意接纳的听众、讲述自己创伤过去的需要，并不迫切。对许多前激进派而言，1996年屠杀二十周年的纪念活动（第六章将讨论），将是他们首次、也许是最重要的一次与痛苦过去达成和解的机会。

英文原文

Chapter 4 discussed resistance to the 1978 amnesty bill. Instead of opposing it straightforwardly, the opponents of the bill chose not to endorse it by walking out or by abstaining. Only a few argued openly against it, one of whom was the staunch right-wing novelist who also chose to walk off rather than voting against it. A call for a protest demonstration did not materialize either. Throughout the welcoming celebrations of the Bangkok 18, during which the memories of the victims were voiced in the open, the right-wing voice was silent. The absence of their triumphalist narrative pointed to the extent that the heroic memory of their behavior was no longer popular. But this did not mean that they had gone away. They still lurked in the background throughout Kriangsak’s maneuver for amnesty.

第四章讨论了对1978年大赦法案的抵制。反对者没有直截了当地反对，而是选择退席或弃权，拒绝支持法案。只有少数人公开反对，其中一位是坚定的右翼小说家，他也选择退席，而不是投反对票。号召举行抗议示威的行动也没有实现。在欢迎曼谷十八人归来的庆祝活动中，受害者的记忆得到公开表达，右翼却没有发声。他们的胜利主义叙述不再出现，表明将自己行为视为英雄的记忆已不再受欢迎。但这并不意味着他们消失了。在江萨推动大赦的整个过程中，他们始终潜伏在背景之中。

英文原文

Thai politics from the end of the 1970s to the early 1990s was a transformative period that has been dubbed by scholars and the public alike as semi-democracy.19 The parliamentary system had become normalized, though it was still under the auspices of the powerful military and the hegemony of the royalists and the monarchy as the sole source of legitimacy. A few aborted coups were staged between 1977 and 1987, and a successful but short-lived one in 1991, which turned out to be the beginning of the retreat of military from politics for fifteen years.20 On the other hand, social and political liberalism was on the rise during the period, as was a growing awareness of human rights. In this political atmosphere, several incidents indicated that the right-wing memory of the massacre was no longer acceptable in the public view.

20世纪70年代末到90年代初，泰国政治处于转型时期，学者和公众都称之为“半民主”。 议会制度逐渐成为常态，虽然仍处于强大军方的庇护下，并受保皇派与王室作为唯一合法性来源的霸权支配。1977年至1987年间发生过几次未遂政变，1991年则发生一次成功但短命的政变；它后来成为军方此后十五年退出政治的开端。 另一方面，这一时期社会和政治自由主义不断发展，人权意识日益增长。在这种政治氛围下，几起事件表明，在公众眼中，右翼对屠杀的记忆已不再可以接受。

In early 1981, Prem Tinsulanond, the prime minister at the time, appointed General Sutsai Hatsadin to his cabinet. One of Prem's long-time friends, Sutsai was infamous for being the "Father" of the Red Gaurs. Voices of disapproval filled the media. Sutsai's reaction was to say that TU should be grateful to him because on October 6, 1976, the Red Gaurs had tried to calm down the hysterical crowd that had been eager to kill the students inside TU. Thus, in his words, he helped "save" them and the university on that day. His remarks drew protests. Thammasat students called him a criminal and demanded his resignation. Several cabinet ministers distanced themselves from Sutsai. Others openly rebuked him.21 Although the protest had no effect, the controversy pointed to the persistence but retreat of the right-wing memory of the massacre.

1981年初，时任总理炳·廷素拉暖（Prem Tinsulanond）任命素赛·哈察丁（Sutsai Hatsadin）将军入阁。素赛是炳的老朋友，因被称为"红野牛"（Red Gaurs）的"父亲"而臭名昭著。反对声音充斥媒体。素赛的回应是，法政大学应该感谢他，因为1976年10月6日，"红野牛"曾试图使急于杀死校内学生的狂热人群平静下来。因此，用他的话说，他当天帮助"拯救"了学生与大学。这番话引发抗议。法政大学学生称他为罪犯，要求他辞职。几位内阁部长与素赛保持距离，另一些公开谴责他。　　尽管抗议没有产生实际效果，争议却表明右翼屠杀记忆既持续存在，也在退却。

英文原文

The most revealing evidence of the perpetrators' turn to evasiveness and silence during this period was the controversy that took place during the general election in 1988. Chamlong Srimuang was a retired army general and a former leader of the Thai Young Turks, a small group of military commanders who had controlled crucial army divisions during the coups in 1976, 1977, and 1981.22 As a pious follower of a Buddhist sect known for its austere lifestyle, Chamlong became highly popular for his honesty and incorruptibility.23 During the rise of his political career, he was elected governor of Bangkok in 1985 in a landslide victory. Riding on his popularity, in 1988 he found a political party, Phalang Dharma (power of Dharma or righteousness), whose platform was to clean up the political corruption. It was during the campaign for the general election in July 1988 that the controversy erupted.

这一时期加害者转向回避和沉默最有力的证据，来自1988年大选期间的一场争议。占隆·西芒（Chamlong Srimuang）是退役陆军将军，曾是"泰国青年军官"（Thai Young Turks）的领导人之一。这是一个规模不大的军方指挥官团体，在1976年、1977年和1981年政变期间控制过重要陆军师。　　作为一个以简朴生活方式著称的佛教派别的虔诚信徒，占隆因诚实廉洁而极受欢迎。

　　在政治生涯上升时期，他于1985年以压倒性胜利当选曼谷市长。凭借人气，他在1988年创立了"法力党"（Phalang Dharma，意为佛法或正义的力量），纲领是清除政治腐败。就在1988年7月大选竞选期间，争议爆发了。

One of the candidates of Chamlong's party, Chongkol Srikanchana, gave a public interview about her active role in 1976. At the time, she was the leader of a right-wing group, the Housewife Club. She revealed how, at the demonstration at the Equestrian Plaza against the Seni government on October 6, 1976, while she was speaking to the crowd, Chamlong had been there in disguise, managing the demonstration, and offering tips to speakers about what to say to the crowd.24 Intended as a boast about her long political association with the popular Chamlong, the näive revelation backfired. The disclosure led to strong public reactions. Many people were shocked, given Chamlong's reputed piety. Trying to put out the fire, Chamlong denied any involvement in the massacre. Meanwhile, Chongkol, obviously still proud of her heroic role that day, was silenced by the party, no longer allowed to speak in public or give interviews.

英文原文

Many people came forward both to confirm and refute Chamlong's denial. Among them were his cohorts in the Young Turk group, one of whom confirmed that Chamlong was in army intelligence and active in organizing right-wing demonstrations, including on October 6.25 The respected scholar Chai-anan Samudavanija clarified that, based on his research, although Chamlong was actively against the students, he was not involved in the massacre.26 Chamlong's denial, including one in front of tens of thousands people on the eve of the election, was evasive. He categorically denied being anywhere near TU that morning. However, he did admit to participating as an ordinary citizen who was upset with the students' alleged lèse majesté in the right-wing movement during that period and in the demonstration at the Equestrian Plaza, a few miles from the university, on October 6, 1976. He tried to minimize his role in the rightwing movement, saying that he was an insignificant army major (phantri leklek) who did not command any unit, did not have any political role, and did not know what was going on that morning. He argued that the situation during the demonstration was very confusing, that he was merely one among many who tried to make suggestions to people on stage. He denied any role with authority or special service in that gathering. “I was not good at public speaking. I never went on the stage to speak. I cannot.” Last but not least, he argued that the demonstration at the Equestrian Plaza had nothing to do with the killing at TU that same morning.27

According to Chai-anan’s interview with Chamlong several years before the controversy, Chamlong was a coordinator of the rightwing groups tasked with countering the National Student Center of Thailand’s campaign for the withdrawal of US bases in Thailand in 1975 and 1976. These groups organized a major exhibition and demonstration against the NSCT in March and July 1976. Chai-anan confirmed that Chamlong was one of the organizers of the demonstration at the Equestrian Plaza to oust the Seni government, and that he had played an active role in the larger right-wing movement as well.28 He insisted, however, that Chamlong did not take part in the massacre.

英文原文

During the controversy, several right-wing leaders who played important roles relating to the massacre, including Chatichai Choonhavan and Samak Sundaravej, were questioned by the media. All of them, like Chamlong, denied involvement, arguing that they were nowhere near TU that morning, as if complicity in the massacre required their presence at or near the site of the killings, as if the only crime could be shooting with their own hands. Like Chamlong, all of them were evasive about their roles or any relation to the right-wing movement.29 Chatichai, for example, did not mention his role with the Village Scouts before the massacre and in the cabinet meeting that morning when he misinformed the cabinet about the incident and tried to

block the declaration of emergency that could have dispersed the right-wing gathering against the elected government. All of them chorused that the allegation was a dirty election ploy. They blamed the students, who urged more disclosure and investigation about the massacre, for being political pawns of their electoral opponents. Chatichai advised that people should try to forget the past and look to the future instead.

争议期间，包括差猜·春哈旺（Chatichai Choonhavan）和沙马·顺达卫在内的多位在屠杀相关事件中扮演重要角色的右翼领袖，都受到媒体追问。和占隆一样，他们全部否认参与，辩称当天上午自己根本不在法政大学附近，仿佛要成为屠杀共犯就必须亲临杀戮现场，仿佛唯一可能的罪行就是亲手开枪。和占隆一样，他们都回避谈论自己在右翼运动中的角色或联系。 例如，差猜没有提到屠杀前自己与乡村童子军的关系，也没有提到当天上午在内阁会议中的角色：他向内阁提供有关事件的错误信息，并试图阻止宣布紧急状态，而紧急状态本可以驱散反对民选政府的右翼集会。他们异口同声声称这些指控是肮脏的选举伎俩。他们责怪那些要求进一步披露和调查屠杀事件的学生，称学生只是选举对手的政治棋子。差猜建议人们应该努力忘记过去，转而展望未来。

英文原文

Although the controversy cost Chamlong's party somewhat in the 1988 election, by their own admission, it had no further impact. It led to no investigation or serious interest in the massacre. The voters may not have believed Chamlong's evasive excuses, but the massacre was not a significant factor in their decisions. The revelations about Chamlong's involvement with the right-wing movement in 1976 did not affect his subsequent political career. He was reelected the Bangkok governor for the second term in 1990 and became a deputy prime minister in 1994. He was one of the leaders in the uprising in 1992, though a controversial one. His political popularity faded after the mid-1990s, then revived in 2006 when he became one of the leaders of the controversial "yellow"—the People's Alliance for Democracy, the misnamed antidemocratic movement that created the pretext for the royalist-military coup in 2006.

虽然据占隆所属政党自己承认，这场争议使该党在1988年选举中受到一定损失，但没有进一步影响。它既未带来调查，也未引起对屠杀的严肃关注。选民也许不相信占隆回避性的解释，但屠杀并不是决定投票的重要因素。占隆1976年参与右翼运动的披露，没有影响此后的政治生涯。他于1990年再次当选曼谷市长，1994年成为副总理，也是1992年起义的领导人之一，尽管其角色有争议。他的政治人气在90年代中期以后衰退，但在2006年复苏，当时他成为备受争议的"黄衫军"——民主人民联盟（People's Alliance for Democracy）——的领导人之一。这个名不副实的反民主运动，为2006年的保皇派—军方政变创造了借口。

英文原文

It is likely that these right-wing political leaders of 1976 considered their past actions in the right-wing movement to be justified. By 1988, however, they could no longer openly admit their

past, let alone celebrate it, and they had to scramble to save their political lives but could muster only evasive and unconvincing excuses. None of them condemned the massacre. On a brighter note, the controversy in 1988 clearly marked that the discourse of the October 6 killings had shifted dramatically since 1976. The story of Chamlong's and Chongkol's roles, no matter how fuzzy, could have been a heroic tale had it been told twelve years earlier. By 1988, involvement with the right-wing's actions on that day was considered shameful. Regrettably, however, the allegation that the disclosures were dirty politics staged for short-term electoral benefit, and the suggestion that the 1976 event should be laid to rest to avoid societal rifts, were effective. The perpetrators successfully reburied the past in silence after the controversy. Their own memories of heroic actions surely persisted. But they too had to come to terms with the changing political conditions. As a result, they kept their memories mostly to themselves and went largely silent.

这些1976年的右翼政治领袖很可能认为自己过去在右翼运动中的行为是正当的。然而，到1988年，他们已经不能公开承认过去，更不能庆祝它，只能仓促拯救自己的政治生命，却只能提出回避而缺乏说服力的借口。他们当中没有人谴责屠杀。积极的一面是，1988年的争议明确标志出，自1976年以来有关10月6日杀戮的话语发生了巨大转变。如果在十二年前讲述，占隆和钟坤角色的故事，不管多么模糊，都可能成为英雄故事。但到1988年，与右翼当天行动有关联，已经被视为可耻。然而，令人遗憾的是，把披露说成是为短期选举利益而安排的肮脏政治，以及主张为避免社会裂痕应让1976年事件得到安息，这些说法奏效了。争议之后，加害者成功地重新把过去埋葬在沉默中。他们关于英雄行为的记忆无疑仍然存在，但他们也不得不面对变化了的政治条件。因此，他们基本把记忆留给自己，转入沉默。

英文原文

In 1994, Manas Sattayarak, a police colonel and well-known writer, wrote a short memoir about his experience on October 6, 1976.30 He woke up that morning, he recalled, with grave concerns for students at Thammasat. He disagreed with the order of his superior to allow the police to use weapons to defend themselves. His assistant was in Thammasat throughout the night before the killing, so he knew that the demonstration was peaceful. After arriving at Thammasat, he urged his superior to order the ceasefire. His superior agreed. But Manas tried in vain to stop the police from shooting. Either those police strictly followed only their own commanders, Manas speculated, or the police there were out of control. Manas saved a man from being lynched, he wrote, by shielding him with his own body. "I definitely could not allow anybody to get killed in front of me," he wrote. In frustration, he kept trying to stop the police from shooting, almost getting shot himself. When it was over and the protesters were subdued, he urged his fellow policemen to treat the arrested students with civility until an unidentified man nearby became upset and threatened him orally. "I had to shout to make myself heard over the right-wing militants who'd ordered the arrested students to crawl on the ground," he wrote,

“We could have prevented their trauma from getting worse than it already was.” He then led a few busloads of students into custody at Nakhon Pathom, a prison southwest of Bangkok. On arrival, he found that one “captive” (chaleoi) had been shot dead for trying to escape. Despite his ambivalence, Manas decided to make an excuse for his young officer. “His [the student’s] complexion is so white,” he said out loud in front of the media onlookers, “perhaps he is a Yuan [Vietnamese],” a casual whitewash of a crime by painting the victim as a Vietnamese, which was synonymous with a communist enemy in the anticommunist discourse at the time. By evening on that dark day, he wrote, “the situation was calm. Only ruins remain, materially and spiritually.” He ended his memoir with this statement: “I know that there was a rumor that I am leftleaning. I denied it because I do not like the communists. But I admit that I hate the right-wing fascists a thousand times more.”

1994年，警察上校、知名作家玛纳·萨达亚叻（Manas Sattayarak）写了一篇短回忆录，讲述自己在1976年10月6日的经历。　　他回忆，那天清晨醒来时，他十分担心法政大学的学生。他不赞同上司准许警察用武器自卫的命令。由于他的助手在杀戮前一整夜都待在法政大学，他知道示威一直是和平的。抵达法政大学后，他敦促上司下令停火，上司同意了。但玛纳试图制止警察开枪，终究徒劳。他推测，那些警察要么只服从各自的直属指挥官，要么已经失去控制。他写道，自己曾以身体遮护一名男子，使其免遭私刑处死。“我绝不能让任何人在我面前被杀，”他写道。他懊恼地不断尝试制止射击，自己也险些中弹。行动结束、示威者被制服后，他敦促同僚文明对待被捕学生，直到一名身份不明的男子愤怒地口头威胁他。“我不得不大声喊叫，才能盖过那些命令被捕学生在地上爬行的右翼武装分子的声音，”他写道，“我们本来可以避免让他们受到更加严重的创伤。”随后，他押送几车学生前往曼谷西南部佛统府的监狱。抵达时，他发现一名“俘虏”（chaleoi）因试图逃跑而被射杀。尽管心中矛盾，玛纳仍决定替那名年轻警员找借口。“他的［那名学生的］肤色那么白，”他当着旁观媒体的面大声说，“或许他是个越南人（Yuan）。”这等于借将受害者描述为越南人来随意掩盖罪行，因为在当时的反共话语中，越南人就等同于共产主义敌人。他写道，到了这个黑暗日子的傍晚，“局势平静了。剩下的只有废墟——物质上的与精神上的。”他以此结束回忆录：“我知道有传言说我倾向左派。我否认，因为我不喜欢共产党人。但我承认，我对右翼法西斯分子的憎恨要强上一千倍。”

英文原文

This narrative was explicitly sympathetic to the victims of the massacre. It is undoubtedly the most caring, compassionate, and humane voice of any police officer in action that day. It is strikingly in contrast with the right-wing collective memory established that day partly by the officers who appeared on TV5, such as Salang Bunnak (mentioned in chapters 3 and 4). Was Manas a black sheep among his fellow officers at the time? Or was his memoir a reconstructed memory by an intelligent police officer who understood the postcommunist political atmosphere eighteen years after the incident? Putting aside, for a moment, my cynicism and assuming that his memory was truthful and honest, one might wonder whether this courageous narrative could have been aired in public by a member of the police shortly after the massacre. Such a memoir was probably unthinkable then, for it would have made Manas another casualty

of the rightwing hysteria. Times had changed: by the mid-1990s, triumphal narratives like Salang's had faded, perhaps buried, and an apologetic and humane one like Manas's had come to light. Both Salang's and Manas's accounts may reflect simply personal memories and different views. Yet the reversal in the fortunes of their respective memories has to do with the drastic change in the political conditions—the chronopolitics of memory.

这份叙述明显同情屠杀受害者。它无疑是当天参与行动的警员中，最有关怀、同情心和人性的声音。它与当天由部分出现在第五电视台（TV5）的警员（如第3、4章提到的沙朗·汶纳）所建立的右翼集体记忆形成鲜明对比。玛纳当时是同僚中的异类吗？还是说，这篇回忆录是一名聪明警官在事发十八年后理解了后共产主义政治氛围，进而重新建构的记忆？暂且放下我的怀疑，假设他的记忆真实而诚恳，我们仍不禁要问：这样一篇勇敢的叙述，在屠杀发生不久后，是否可能由一名警察公开发表？当时大概不可想象，因为那样玛纳就会成为右翼狂热的另一个牺牲品。时代变了：到1990年代中期，沙朗那样的胜利叙事已经淡去，或许被掩埋；玛纳这样带有歉意而富于人性的叙述却得以出现。二人的讲述可能只是个人记忆和不同看法的反映。然而，两种记忆各自命运的逆转，离不开政治条件的剧烈变化——也就是记忆的时间政治。

One fact was missing from Manas's memoir: on that day at TU and Sanamluang, Police Captain Manas had served in the unit under the command of Police Lieutenant Colonel Salang.31 Manas's memoir gave his readers the impression that he had for the most part acted independently, under his own command. Salang and all his heroic actions did not exist in Manas's memoir. Whereas Salang boasted about the raid into TU that he had led, confirmed by a photo of him in action among several heavily armed police officers inside the university, Manas had tried to stop the police shooting, even using his own body to protect a man from being lynched. These two officers with contrasting memories of their contrasting actions never mentioned one another even though they were in the same unit that day. What Salang remembered and bragged about, and what he did not tell, perhaps fit the hysterical euphoria on that day in 1976. What Manas wrote and did not write probably reflected the memories that could and could not be expressed in public in 1994 when a more humane posture of reconciliation had taken hold. The memories that did not fit the time stayed silent.

玛纳的回忆录遗漏了一件事实：那天在法政大学和王家田广场，身为警察上尉的玛纳其实是在沙朗警察中校指挥的部队中服役。　　但他的回忆录给读者留下的印象是，他大部分时间都在独立行动、自行指挥。在他的回忆录里，沙朗及其全部“英勇行为”根本不存在。沙朗夸耀自己率队突入法政大学，照片也证明他曾和数名全副武装的警员在校内行动；玛纳则试图制止警察开枪，甚至用自己的身体保护一名险遭私刑的男子。这两位警官在同一支部队，行动与记忆却截然相反，也从未提及对方。沙朗记得什么、炫耀什么，以及隐瞒什么，或许正契合1976年当天歇斯底里的狂喜；玛纳写了什么、没有写什么，则很可能反映了1994年较具人道主义色彩的和解立场占据上风时，哪些记忆可以、哪些不能公开表达。不合时宜的记忆就留在了沉默中。

Time changes public discourses. It changes memory and history as well. Time is not simply a passage of celestial bodies. Instead, it is filled with the changing conditions that affected the contesting memories. Guilt and shame are often felt and recalled retroactively. It is unsurprising if one feels guilt only when reflecting in the light of the present. For those involved with the killing, the October 6 incident might not have become something to be ashamed of had the fear of communism not subsided to such an extent that it seems absurd nowadays. Had the right-wing totalitarian regime remained in power, had the Cold War continued with its anticommunist dehumanization, and had the communist threat remained, the culprits and their supporters might never have had the opportunity to reflect on their thoughts and actions, and the October 1976 victims might have remained communist criminals in the public view. Being prisoners of time, the perpetrators turned into victims of their past deeds.

英文原文

Chongkol’s pride in her account attested to the fact that the perpetrators’ original memories were still alive and well in some quarters by the late 1980s. What was disgrace for some was still heroism to others, perhaps many of them. This is evident, for example, among those who were involved in the Village Scout movement. In 1994, the same year Manas published his memoir, a scout published a memoir in the annual commemorative volume for the twenty-third anniversary of the organization. In it, the scout recalled the atmosphere at the gathering of scouts joined by the queen and the crown prince (at the time) during the October 6 incident. It is regarded as one of the most memorable moments in the history of the Village Scouts. “With the majestic miraculous power [of the monarchy], the event on October 6, 1976, was quelled. Our country returned to normal once more.”32 It is likely that in a political community distant from the main public sphere of the national media, the massacre remains not only a memorable event, but also one of their proudest accomplishments. As we see in chapter 9, most perpetrators of the October 6 massacre whom I met in the 2000s showed no remorse and the proud killers remained proud.

钟坤在自己的叙述中表现出的自豪，证明到1980年代末，加害者最初的记忆在某些圈子里仍十分鲜活。一些人视为耻辱的事情，对另一些人——或许是许多人——仍是英雄行为。例如，参与乡村童子军运动者便是如此。1994年，也就是玛纳发表回忆录的同一年，一名童子军成员在该组织

成立二十三周年的年度纪念刊物中发表回忆录，追忆10月6日事件期间童子军与王后及当时的王储共同集会的氛围。那被视为乡村童子军历史上最值得铭记的时刻之一：“凭借［王室］威严神奇的力量，1976年10月6日的事件平息了。我们的国家再次恢复正常。”　　很可能在远离全国媒体主流公共领域的政治共同体中，屠杀不仅仍是一段值得记忆的往事，而且是其最引以为荣的成就之一。正如第9章所见，我在2000年代见到的大多数10月6日屠杀加害者毫无悔意；那些以杀戮为荣的人依旧骄傲。

英文原文

During the 1980s to early 1990s, as commemoration of the October 6 massacre declined, the commemoration of the October 14, 1973, uprising still took place every year. After seventy-two people had died in the clashes with the military, the 1973 uprising ended the long military rule in Thailand (see chapter 2). It has been celebrated as a major step toward democracy. In 1974, the cremation of the October 14 martyrs was a state-sponsored event, presided over by the king and queen, as well as a day of national mourning. Since then, the annual commemoration has been an official event attended by the head of government and the parliament (or their representatives) and other national dignitaries. That is, the positive recognition of the 1973 October uprising stands in contrast to the silence about the 1976 October massacre, despite the fact that the two incidents were related and involved the same protagonists—the student movement that turned radical. For this reason, during the period of disquieting silence, the massacre was mentioned in public only in relation to the earlier uprising. The memory of the 1976 massacre hitched a ride on the 1973 uprising, so to speak.

中文译文

1980年代至1990年代初，纪念10月6日屠杀的活动日益减少，但纪念1973年10月14日起义的活动每年仍然举行。在与军方的冲突中有七十二人死亡后，1973年的起义结束了泰国长期的军人统治（见第2章），一直被庆祝为迈向民主的重要一步。1974年，为10月14日烈士举行的火化仪式由国家主办，国王和王后主持，也被定为全国哀悼日。此后，每年的纪念活动都是政府首脑、议会领导人（或其代表）以及其他国家显要出席的官方活动。也就是说，1973年十月起义得到的积极肯定，与对1976年十月屠杀的沉默形成对照，尽管两起事件相互关联，而且涉及相同的主角——后来走向激进化的学生运动。因此，在不安沉默时期，屠杀只有在关联此前起义时才会被公开提及。可以说，对1976年屠杀的记忆搭上了1973年起义的顺风车。

英文原文

However, the memory of the October 1973 uprising has its own problem, which I cannot explain in full here. Suffice it to say that how one views the relatedness of the two events would shape the memory of both events accordingly. The memory of the 1973 uprising was not silenced. That event was not a wound that still hurts and not a specter that still haunts. But the

heroic student movement of 1973 was largely turned into an enemy of the state by 1976. To some, the celebrated 1973 event was tarnished by the 1976 one, making the significance and glory of the former less acceptable as well. As a result, despite official recognition, the state and the conservative public have been lukewarm about the commemoration of the October 1973 uprising. This is why some people, such as the conservative student group mentioned at the end of chapter 4, tried to assert a narrative that celebrated October 1973 and blamed October 1976.

然而，1973年十月起义的记忆也有自身的问题，我无法在此详述。只需指出，人们如何看待两起事件的关联，会相应塑造对二者的记忆。1973年起义的记忆没有遭到压制；那不是仍会疼痛的伤口，也不是不断萦绕的幽灵。然而，1973年被赞誉的英雄学生运动，到1976年已基本变成国家的敌人。对一些人而言，受赞扬的1973年事件因1976年事件而蒙上污点，使前者的意义和荣光也难以接受。结果，尽管官方承认1973年起义，国家和保守派公众对纪念活动始终态度冷淡。这就是为何有些人，例如第4章结尾提及的保守派学生团体，试图建立一种赞扬1973年十月、谴责1976年十月的叙事。

英文原文

If a monument is the most conspicuous site of memory, à la Pierre Nora's Les Lieux de mémoire, the fate of the memorial of the October 1973 uprising during the 1980s and 1990s is evidence of the reluctant and lukewarm recognition of the uprising. At the end of the uprising in 1973, the victory was hailed by all political camps, perhaps excepting the military. Those who died were recognized as the October 14 martyrs (Wirachon 14 tula). A year later, in October 1974, the government agreed to partner with the NSCT to build a memorial for the uprising and the martyrs.33 The chosen site was the former headquarters of one of the ousted dictators that burned down during the uprising. In 1975, the government agreed to buy the land, which was the property of the Crown Property Bureau (CPB). The CPB informed the government that the normal purchasing process was the sole hurdle. In October 1975, the prime minister and the supreme patriarch laid the foundation stone at the site in a widely publicized ceremony. The stone was marked by a white concrete post a few feet high. Unfortunately, during the turbulent years that followed, the government changed. The rising tide against the student movement undermined the commitment of the new government to the monument project. By October 1976, the glorious uprising of 1973 was seen in a different light. A monument for the martyrs of 1973—the rabble-rousers or the communists in the eyes of the rightists—seemed a ridiculous idea.

如果按照皮埃尔·诺拉（Pierre Nora）《记忆之场》（Les Lieux de mémoire）的思路，将纪念碑视为最醒目的记忆场所，那么1973年十月起义纪念碑在1980至1990年代的命运，就体现了人们对起义勉强而冷淡的承认。1973年起义结束时，或许除了军方，所有政治阵营都为胜利喝彩。死难者被公认为“10月14日烈士”（Wirachon 14 tula）。一年后，1974年10月，政府同意与泰国全国学生中心（NSCT）合作，为起义和烈士建造纪念碑。　　选址在一名被推翻的独裁者昔日

总部所在地，该建筑在起义中被烧毁。1975年，政府同意购买这块属于王室财产局（CrownProperty Bureau，CPB）的土地。王室财产局告知政府，唯一的障碍是常规购买程序。1975年10月，总理与僧王在广受报道的仪式上为纪念碑奠基。一根数英尺高的白色混凝土柱标记了基石位置。不幸的是，在此后动荡的岁月里，政府发生更替。反对学生运动的浪潮高涨，削弱了新政府对纪念碑项目的承诺。到1976年10月，人们已经以不同的眼光看待1973年光荣的起义。为1973年烈士——在右翼人士眼中，那些滋事者或共产党人——树立纪念碑，似乎成了荒谬的主意。

英文原文

Early in 1978, the government confiscated the account of the NSCT, including the funds it had raised and allocated for the monument. The project was ignored, almost forgotten. Almost but not quite forgotten. During the period of the disquieting silence, the commemoration of the 1973 uprising was still held annually at the site designated for the memorial. The missing memorial was made conspicuous by the white concrete post in the middle of the empty lot. Its absence was loud in silence. The project was not officially abandoned, though it was barely alive. Behind the stalled project from 1976 to 1989 was in fact a stalemate, the result of a tug-of-war of contested memories.

英文原文

Either forgetting or ignoring the promise it had made to the government in 1975, in 1978 the CPB prepared to develop the site for a new commercial project. The CPB argued that it had never given permission to lay the foundation stone in place.34 For unknown reasons, however, the new commercial project never materialized. It was said, astonishingly, that the CPB dared not move ahead as planned for fear of political repercussions. Instead, it leased the empty lot to the Thai army, which in turn leased it to the Lottery Sellers Association. This was a slap in the face of the October 1973 martyrs and an offense to the spirit of the 1973 uprising given that one of the buildings burned down during the uprising was the headquarters of the government lottery. Nonetheless, the lottery sellers dared to set up only makeshift shelters on the rim around the site to do their business. The white concrete post that marked the location of the foundation stone was left at the center of the site under the open sky as if it were not part of the leased land.

1978年，王室财产局似乎忘记或无视了1975年对政府的承诺，准备把这处地点开发为新的商业项目。该局声称从未许可在此安置奠基石。　　然而，由于不明原因，新商业项目始终未能落实。

令人惊讶的是，据说王室财产局因担心政治后果而不敢按计划推进。它转而把空地租给泰国军方，军方又转租给彩票销售者协会。考虑到1973年起义期间被烧毁的一栋建筑正是政府彩票机构的总部，这无异于对十月烈士的一记耳光，也是对1973年起义精神的冒犯。尽管如此，彩票销售者也只敢在空地外围搭建临时棚屋营业。标记奠基石位置的白色混凝土柱仍留在空地中央，露天而立，仿佛不属于出租的土地。

英文原文

In another twist to the bizarre affair, the lottery sellers looked after the concrete post diligently because they considered it a sacred object that could give fortunes to them. However, they were not ignorant of history. Every year on October 14, they completely stopped business in the morning for the annual commemoration. Every year, usually a group of students plus a small number of dignitaries showed up. The official wreaths from various officeholders were placed around the concrete post in the middle of the lot surrounded by the tents for lottery selling. The lottery sellers always stood nearby, participating silently, allowing the process go on as long as needed. Then, in 1985, as part of the commemoration that year, a simple clay statue was made and placed on top of the concrete post. The statue had no name, no sculptor's name, for it was not supposed to be a permanent memorial. But it was there for many years, the interim statue of the October 14 Martyrs (figure 5). No one dared to take it down.

这起离奇事件还有另一个转折：彩票销售者尽心照看混凝土柱，因为他们相信它是能带来财运的圣物。但他们并非不懂历史。每年10月14日，他们都会在上午为年度纪念活动完全停业。通常会有一群学生和少数显要到场。来自各级官员的官方花圈被放在彩票棚屋环绕的空地中央、混凝土柱周围。彩票销售者总在一旁静静参与，任由仪式持续到所需的时间。1985年，纪念活动期间，有人制作了一尊简朴的陶土雕像，放在混凝土柱顶部。这尊像没有名字，也没有雕塑家署名，因为它本不打算成为永久纪念碑。但它在那里停留了许多年，成为10月14日烈士的“临时”雕像（图5）。没有人敢将它移走。

英文原文

No progress was made on the memorial project until 1989, when the call for completion of the October 1973 memorial erupted again as a result of a controversy in which an ousted dictator of 1973 demanded the return of assets confiscated by the state in 1974. The elected government at the time, ironically led by Chatichai Choonhavan, who had supported the right-wing demonstration on October 6, 1976, agreed to resume the memorial project to promote national unity.35 More than four million baht of the NSCT fund confiscated in 1978 was returned to a special committee to oversee the project. To everyone's surprise, however, the site was not immediately available. The obstacles connected to the leases—by the CPB to the army, and by the army to the lottery sellers—remained unresolved. The project stalled again until the May 1992 uprising, which ended with another victory for the people against military rule. The idea of a monument for the martyrs of democracy was back on the public agenda. The military, some rightwing politicians such as Samak Sundaravej, and a notorious

ultra-right group, Aphirak Chakri, opposed the idea, warning that such a monument would be divisive. Despite the opposition, a new site was selected to circumvent the perennial problems at the old one. It was on the same road at the former building of the Department of Public Relations, which had been burned down in the 1992 uprising for its role in misinforming the public in support of the military regime. This new memorial, however, would commemorate the October 1973 and May 1992 events together, though not the 1976 massacre.36 The supreme patriarch at the time named the proposed memorial park the Peace Garden (Suan santiporn).

纪念碑工程直到1989年才再有进展。当时，一名1973年被推翻的独裁者要求归还国家于1974年没收的资产，由此引发争议，重新激起了完成1973年十月纪念碑的呼声。颇具讽刺意味的是，彼时的民选政府由曾支持1976年10月6日右翼示威的差猜·春哈旺领导；它为了促进民族团结，同意重启纪念碑工程。 1978年被没收的全国学生中心资金中，超过四百万泰铢被返还给负责监督项目的特别委员会。然而，令所有人意外的是，土地不能立即使用。王室财产局租给军方、军方再租给彩票销售者的租赁关系，所造成的障碍仍未解决。项目再次停滞，直到1992年五月起义——那场起义再次以人民反对军人统治的胜利告终。 为民主烈士建造纪念碑的想法又回到公共议程。军方、沙马·顺达卫等部分右翼政治人物，以及臭名昭著的极右翼团体阿披叻·扎克里（Aphirak Chakri）反对，警告这种纪念碑会造成社会分裂。尽管遭到反对，仍有人选择了一个新址，以绕开旧址长期悬而未决的问题。它位于同一条道路上、公共关系厅原办公楼所在地；该建筑曾因在1992年起义期间为支持军方政权而误导公众，被群众焚毁。然而，新纪念碑将联合纪念1973年十月与1992年五月的事件，却不包括1976年屠杀。 当时的僧王为拟议中的纪念公园取名“和平花园”（Suan santiporn）。

英文原文

The new site for the memorial faced its own roadblock, however. Due to its prime location, it had been previously designated for a grand monument for the glorious historical kings. Moreover, in 1995, when the plan for the memorial was still unclear, the king proposed a plan to relieve the traffic congestion in the area, which was truly among the worst in Bangkok. Under His Majesty’s proposal, the site of the planned memorial must be sacrificed to new streets and verges aimed at easing the congestion. Because this happened in Thailand, and the proposal came from the king, it generated no controversy whatsover. The plan for the Peace Garden had to be modified resulting in two separate memorials for the 1973 and 1992 events. The one for the 1992 event, eventually inaugurated in 2016, was dramatically downsized to only a monument on a small section of a side street without a garden or any of the trappings originally planned. The memorial of the October 1973 uprising returned to the old site, which

was still in a legal quagmire and deemed impossible. The post that marked the foundation stone and the interim statue remained surrounded by lottery tents, as if the memory of the popular uprising was under siege. The unbuilt monument at the unresolved site under an open sky was quite a fitting memorial of the disquieting silence during this period.

但新纪念碑地点也遇到阻碍。由于位置优越，该地此前已预留用于兴建纪念光荣历代国王的宏伟纪念建筑。更重要的是，1995年，当纪念碑计划仍不明确时，国王提出一项缓解该地区交通拥堵的方案，而那里的拥堵确实是曼谷最严重的之一。根据陛下的方案，预定用于纪念碑的地块必须让位于旨在疏导交通的新道路和路缘地。由于事情发生在泰国，而且建议来自国王，这竟然没有引发任何争论。和平花园计划只得修改，结果1973年和1992年事件有了两处不同的纪念碑。1992年事件的纪念碑最终于2016年揭幕，但规模被大幅缩减，只剩一条支路旁小块土地上的一座纪念碑，没有花园，也没有原先规划的配套设施。1973年十月起义的纪念碑则回到旧址；那里依旧陷在法律困境中，被视为无法解决。标示奠基石位置的柱子与临时雕像仍被彩票棚屋环绕，仿佛人民起义的记忆遭到了围困。尚未建成的纪念碑矗立于纷争未决的露天空地上，恰好成为这一时期不安沉默的恰当纪念物。

I revisit the issue of this monument briefly in chapter 6 because the project was taken up again after 1996, thanks to the impact of the breakthrough of the memory of the 1976 massacre and its commemorative movement in 1996. Ironically, it would be the memory of the October massacre that would finally allow the memorial of the October uprising to be realized.

英文原文

Under the general atmosphere of silence for almost two decades, the contest of memories of the two Octobers appeared in various forms and issues. Apart from the tug-of-war over the monument of the 1973 uprising, another issue that erupted from time to time involved the three ousted dictators of 1973. Although the tide had turned against the radicals, the ousted dictators were not welcome either. Government investigations into their corruption and abuse of power had uncovered their massive wealth, and in 1974 the government confiscated their assets without due process. On their return to Thailand after the 1976 massacre, they demanded the return of their assets, which did not sit well with the public, but they kept trying, sparking a series of controversies followed by public protests. Every government was reluctant

to respond. For instance, the demand in June 1989 led to a protest by hunger strike until the government shelved the demand.37 Like the monument for the October 1973 uprising, the return of assets, or any recognition of these former dictators, was caught up in the memory war.

在近二十年的普遍沉默氛围下，两次十月事件的记忆之争，以各种形式和议题呈现。除了围绕1973年起义纪念碑的拉锯，另一个时不时引发争议的问题涉及1973年被推翻的三名独裁者。虽然政治风向已经不利于激进派，但这些被赶下台的独裁者也不受欢迎。政府对他们贪腐与滥权的调查，揭露了他们的巨额财富；1974年，政府未经正当程序没收其资产。他们在1976年屠杀后回到泰国，要求归还资产，但公众对此反感。他们仍不断提出要求，引发一系列争议及随后的公众抗议。历届政府都不愿回应。例如，1989年6月的索还要求引发绝食抗议，直到政府搁置要求。

与1973年十月起义纪念碑一样，资产返还或对这些前独裁者的任何认可，都卷入了记忆战争。

英文原文

Naming these contested events is not a simple matter either. The three bloody incidents—October 1973, October 1976, and May 1992—have names known to the public. The October 1973 uprising was called the Day of Extreme Grief (Wan maha wippayok) by the king immediately following the unrest. This name points to the violent conflict and the loss of life. That name was challenged shortly afterward by the student movement, which called it the Day of Extreme Joy (Wan maha piti). This name emphasizes the political outcome and impacts—democracy and the end of dictatorship. Trying to avoid committing to a specific political agenda, most people opted for a neutral name, calling it simply the October 14 event. The massacre in 1976 was initially known as the riot, and students as the rioters or the deceived; other names were applied as discourse about the event shifted. The CPT called the same incident the “suppression of people,” and those who died the martyrs, names reflecting a counter discourse. News magazines sometimes used more sensational terms, such as the brutal killing (kan sanghan hot). Indirect, evasive names typically refer to something related to the incident, such as the demonstration. Eventually, the most common name came to be the October 6 event, which does not convey one way or another what happened on that date. The most evasive but imaginative name came from a former prime minister, Anand Punyarachun, who once referred to the October 6 massacre simply as “an abrupt end” without mentioning the date, year, or what happened, as if the void had said it all.38

中文译文

如何命名这些争议性事件，也不是简单的事。三次流血事件——1973年10月、1976年10月和1992年5月——都有公众熟悉的名称。1973年十月起义结束后不久，国王将其称作“大悲痛之日”（Wan maha wippayok），强调暴力冲突与人员死亡。学生运动很快对这一名称提出异议，改称其为“大欢欣之日”（Wan maha piti），强调政治结果与影响——民主以及独裁统治的终结。为了避免明确支持某种政治立场，多数人选择中性的“10月14日事件”。1976年的屠杀最初被称为骚乱，学生被称为暴乱者或受骗者；随着事件话语变化，又出现了其他名称。泰国共产党把它称为“镇压人民”，把死者称作烈士，体现了对抗性话语。新闻杂志有时使用更耸动的词，如“残酷杀

戮”（kan sanghan hot）。间接、回避的名称一般会提到相关事物，例如“示威”。最终最常见的叫法是“10月6日事件”，丝毫不说明那天究竟发生了什么。最回避却又最有想象力的名称来自前总理阿南·班雅拉春（Anand Punyarachun）：他曾简单称10月6日屠杀为“一次突然的终结”，既不提日期、年份，也不说发生了什么，仿佛空白本身已经说明一切。

英文原文

These kinds of evasive names and indirect references indicate how unsettling the memories of these events still are. A noncommittal, neutral name may seem devoid of any loaded meaning. But in fact, it indicates that the contest of memories has not yet been settled. Any name, as Michel-Rolph Trouillot reminds us, carries with it the inarticulate voice and silence on its edges.39 Anand's evasive reference and other seemingly neutral names not only obscure the past, but are also heavily loaded with silent voices and memories. The days and months will forever cloak both sufferings and mysteries. As it turns out, the neutral name that eschews politics sits squarely on the edge between recognition and anonymity, between history and the silenced past, and between memory and forgetfulness—the unforgetting.

这种回避性的名称和间接指称，表明人们对这些事件的记忆仍然使人不安。一个不表态的中性名称，看似不带任何特殊含义，实际上却意味着记忆之争尚未平息。正如米歇尔—罗尔夫·特鲁约（Michel-Rolph Trouillot）提醒我们的那样，任何名称都带有它边缘无法言说的声音与沉默。

阿南的回避说法和其他看似中性的名称，不仅遮蔽过去，而且充满沉默的声音与记忆。日与月将永远掩盖苦难，也掩盖谜团。结果，这种试图避开政治的中性名称，恰恰坐落在承认与匿名、历史与被噤声的过去、记忆与遗忘之间的边缘——无法遗忘。

英文原文

The chronopolitics of the post–Cold War period affected the memories of the massacre. Chongkol might still be “confused that the October 6 incident was heroic” as Sutham commented on her memory.40 Manas's memory, it is fair to say, might suggest the modified memories among the authorities and the perpetrators. If we look carefully at how the massacre was talked about in public between 1978 and 1996, we can see how memories of the massacre became less polarized than in the immediate period after the tragedy when the political forces behind those antagonistic memories remained strong. For instance, the victims were said to be contributors to changes in the country,41 the tragedy a lesson for people of every political faction not to kill one another over ideological differences,42 and a turning point that brought about political compromise.43 The less polarized memories gained more ground in part because of the atmosphere of reconciliation and the painful failure of both the leftist radicals and the ultraroyalists. The growing liberal public sphere also helped foster reconciliation, as the freer exchanges of views tended to tone down extremes of various kinds. On the other hand, paradoxically, the post–Cold War era was a period of hyperroyalism that saw the rise of royalist politics and culture.44 As explained in chapter 8, the royalist political culture and historical ideology in Thailand were conditions that heavily affected what was and was not

allowed in the public sphere. Under the façade of reconciliation and unity, memories of October 6 were largely silenced. The massacre remained a dangerous piece of history, although limited information about it, including photos, came out in public from time to time.45 A report by the US government on human rights in Thailand in 1993 reads, “Among the topics subjected to censorship are police corruption, criticism of the Thai military, misconduct by members of the Buddhist clergy, and the 1976 student uprising.”46

后冷战时期的记忆时间政治影响了人们对屠杀的记忆。正如素探（Sutham）评价钟坤的记忆时所说，她也许仍“困惑于10月6日事件怎么会是英雄行为”。 公平地说，玛纳的记忆或许表明，当局及加害者中的记忆已经发生调整。如果仔细观察1978至1996年人们如何公开谈论屠杀，就会发现，与悲剧发生后不久对立记忆背后的政治力量仍然强大时相比，屠杀的记忆已不再那么两极分化。例如，人们说受害者为国家的改变作出了贡献， 悲剧教导所有政治阵营不要再因意识形态分歧而互相残杀， 并称其为促成政治妥协的转折点。 这种对立程度较低的记忆之所以逐渐占据更多空间，一方面是因为和解氛围，以及左翼激进派和极端保皇派令人痛苦的失败。日益发展的自由主义公共领域也促进了和解，因为更自由的意见交流往往削弱各种极端立场。另一方面，矛盾的是，后冷战时代也是一个极端崇奉王室的时期，保皇政治和文化不断兴起。

如第8章所述，泰国的保皇政治文化及历史意识形态，深刻制约公共领域里什么可以说、什么不可以说。在和解与团结的表象之下，有关10月6日的记忆基本被压制。屠杀依然是一段危险的历史，尽管包括照片在内的有限信息不时得以公开。 美国政府1993年有关泰国人权的一份报告写道： “受到审查的话题包括警察腐败、对泰国军方的批评、佛教僧侣的不当行为，以及1976年的学生起义。”
