因为我有点病，好吧，所以我不会学到太多东西。有一些问题出现了，你知道，如何考虑组合作文的到期。

In seventh week. You have seen the announcements from, from.
在第七周。你们已经看到了来自。

00:18
Bad some of the ideas that we've suggested. I mean, the key thing about these common essays are really, they're not meant to be so arduous. Because, in a way, just combining what you've already did.
我们提出了一些建议。我的意思是，这些普通文章的关键是，它们并不是那么费力。因为，在某种程度上，结合你已经做过的。

00:28
And then, but try to find a theme of the links that one.
然后，试着找一个主题的链接那一个。

In the sense that I might try to bring in a guest archivist so that we can sort

of interview that.
从某种意义上说，我可能会尝试引入一位客座档案保管员，这样我们就可以采访他了。

01:34
In the context of the sort of discussion that we had, because he was very instrumental in putting together.
在我们讨论的背景下，因为他在整合方面发挥了很大的作用。

And sort of these, again, these human stories about knowledge production that can be interesting and in some ways.
这些关于知识生产的人类故事在某种程度上是有趣的。

02:26
Might push and get up against folks who attribute so much to, you know, big state presence of keeping silences and so forth, that there's some humans behind this.
可能会推动和反对那些把这么多归因于，你知道，保持沉默的大国家存在等等的人，这背后有一些人。

02:39
And so human decisions and so human relations behind it. And so these are the sort of aspects that might problematize this idea that's, you know, the big, bad state against everybody, you know, the sort of thing.
这背后是人类的决定和人际关系。因此，这些方面可能会使这种观点产生问题，你知道，一个大而坏的国家反对所有人，你知道，诸如此类的事情。

02:51
It might be a way to engage.
这可能是一种参与的方式。

02:55
Did very institutions where you might be problemetizing, you know, in the same way. So I'll try to offer a little bit of both, and maybe you'll come.
那些你可能会有问题的机构，你知道，以同样的方式。所以我会试着两者兼而有之，也许你会来。

03:03
I think you will probably invite. But I was just reading through the stuff, I said, hey, why did I invite? As I said.
我想你可能会邀请。但我只是看了一下资料，我说，嘿，我为什么要邀请？就像我说的。

03:09

I went to a call and said, hey, do you think you'd come away? It's only absolutely you'd come So we're going to see if he does, and if that, there might be a few others who you might be able to.
我接到一个电话，说，嘿，你觉得你会离开吗？你一定要来，所以我们要看看他是否来，如果来的话，也许还有其他一些人你可以去。

03:18
To bring in, because in a way that makes then the archive less of this sort of.
带进来，因为在某种程度上使档案少了这种。

Material institution, but it actually makes it very much a place where humans interact, right and so forth.
物质制度，但它实际上使它成为一个人类互动的地方，对吧。

03:34
A product of human activity, or an example of human activity. So anyway, let's say computers cross And what that might do is that might mean that one of the weeks we met of one of the.
人类活动的产物或人类活动的例子不管怎样，假设计算机交叉，这可能意味着我们遇到的其中一个星期。

03:44
Four weeks, we might have him come in, rather than.
四周后，我们可能会请他来，而不是。

03:47
Talking about a boring book or something. But actually, the one is, the only thing is, the reason why I said there might be a change in the reading is I'm also Thinking.
聊一本无聊的书什么的。但实际上，唯一的原因是，我说阅读材料可能会有变化的原因是我也在思考。

03:56

Switching up the readings so that.
把读数调高，这样。

03:59
Oral history, or an archives and so forth that we might read about it, and then that we pave the way for a conversation with them. So this depends on the timing, and with these details.
口述历史，或者档案等等我们可能会读到的，然后我们为与他们对话铺平道路。这取决于时间和这些细节。

04:09
Anyway. So I thought I'd just put a little teaser out there to get excited so that you guys come back the next week and the next week.
无论如何。所以我想我应该放一个小预告片，让大家兴奋一下，这样你们下周就会再来。

04:18
Any candidates? And I think you, I think, um.
候选人吗?我觉得你，我觉得。

04:24
This is also a chance to test.
这也是一个测试的机会。

04:28
Your oral because in a way, we were talking when you're reading about oral history, and I had those hand, in hand with, you know.
你的口述因为在某种程度上，我们在谈论当你读口述历史的时候，我有那些手，你知道。

04:38
Talking, I'm saying, in the case of a photographer, like with the examples of that, chapter six, I think, was.
我想说的是，在摄影师的例子中，我想第六章是。

04:45
And I was actually speaking to one of my students who was just on her way out to do field work, and I?
有一次我和我的一个学生聊天她正要去实地考察，我?

04:52
I saw her sort of interview questions, because it's part of the process that we have to go through. And I was like, you know what? You're not going to want to ask this question so directly.
我看到了她的面试问题，因为这是我们必须经历的过程的一部分。我说，你知道吗？你不会想这么直接地问这个问题。

05:01
Right off the bat, and they'll like.
马上就来，他们会喜欢。

05:04
Was there a controversy involving the Thai governments and this Burmese, you know, monastery in Changmai, you think the abbot is going to say, respond? Well.
泰国政府和这个缅甸的，昌迈的寺院之间是否有争议，你认为住持会说，回应吗？好。

05:16
Probably not right. So what I will invite you to do is think about this as an opportunity to test some of your oral histories.
可能不对。所以我希望你们把这当成一个测试你们口述历史的机会。

05:25
Skill. I mean, there might be sort of things you might want to hold out, but think about the tactics. Think about the strategy of how you're going to try to.
技能。我的意思是，有些事情你可能想要保留，但是想想策略。想想你将如何尝试的策略。

05:34
Flash that. So, e.g., the case with the, you know.
Flash。例如，这个例子。

Student who wants to find out, because it's a controversy by.
想要找出答案的学生，因为这是一个争议。

05:40
The Thai, the saga.
泰国人，传奇。

05:42
Replacing a Burmese monastery abbot that normally's Burmese with a Taiwan is a big controversy, I said.
我说，把一个通常是缅甸人的缅甸寺院住持换成台湾人是一个很大的争议。

05:52
Well, how do you get someone to comment on that? You might say. Now, how do people, how do people do there? Are there any relationships with other time longest theories or?
那么，你怎么让别人对此发表评论呢？你可能会说。现在，人们是怎么做的呢？这和其他时间最长的理论有关系吗？

06:03
Is there a relationship with, you know, at times to connect with?
有没有一种关系，你知道，有时会有联系？

06:07
Other, you know, state institutions, and lead into the story that way, right? So, of course you'll be candid, but also.
其他的，你知道的，国家机构，并以这种方式引出这个故事，对吧？所以，你当然会坦诚，但同时。

06:18

You know, think about the sort of responses that you hope to flesh out unless, of course, it's more about you.
你知道，想想你希望充实的那种回答，除非，当然，它更多的是关于你的。

06:28
You know, about our questions, making a statement, rather than actually caring what the answer is, you know, because that's often something too, you know, important to this all.
你知道，关于我们的问题，发表声明，而不是真正关心答案是什么，你知道，因为这通常也很重要。

06:35
Time. You know, reporters often go into an interview, and it's actually more about them saying question.
时间。你知道，记者们经常去接受采访，实际上他们更多的是在问问题。

06:41
Making and potentially causing, you know, a heated response, which then becomes a story, which is a tactic.
你知道，制造并潜在地引起激烈的反应，然后变成一个故事，这是一种策略。

06:50
That happens a lot in media, right? But it's a story, so it's scholars. But our goal is to really find out, perhaps a little tricky stories, you know, are.
这在媒体中经常发生，对吧？但这是一个故事，所以是学者。但我们的目标是真正发现，也许有些棘手的故事，你知道，是。

07:00
Approaches need to be a little bit different. I don't know. So we have a media journalist here who could probably say something a little bit about, but the ways, you know, one can.
方法需要有一点不同。我不知道。所以我们这里有一位媒体记者，他可能会说一些事情，但是，你知道，一个人可以。

07:09
Engage an interview week. But by all means, I think.
安排一周的面试。但我想，无论如何。

07:13
You know, it'll be interesting to engage, you know, his own personal stories, you know.
你知道，参与其中会很有趣，你知道，他自己的个人故事，你知道。

07:19
I think this is my personal frustration, also with some of the artists, like Reading, mentioned the structural institutional silence.
我认为这是我个人的挫败感，还有一些艺术家，比如雷丁，提到了结构性的制度性沉默。

07:28
The document actually exists, but the problem is that you cannot access it, maybe because of your personal relationship with the arguments, or maybe because the documents are classified.
文件确实存在，但问题是你无法访问它，可能是因为你与争论的个人关系，也可能是因为文件是机密的。

07:38
So you really have to have a good relationship with the market is in order for you to be able to maximize.
所以你必须和市场保持良好的关系，这样你才能实现最大化。

07:44
And sometimes it's not even the same. Sometimes it's the institutional, you know, procedure.
有时甚至不一样。有时候是制度问题，你知道，程序问题。

07:51
That they're just following the rules, you know, which, of course, are maybe lousy regulations and so forth. I mean, but you don't even have to

go to an archive to sort of do.
他们只是在遵守规则，当然，这些规则可能是糟糕的规定等等。我的意思是，你甚至不需要去档案馆。

08:00
This, just go to our library, you know, you can sort of sort of experience some of these frustrations, like.
这个，去我们的图书馆，你知道，你可以体验一下这些挫折，比如。

08:07
Why can't you allow me to see this book? You know, it's a recollection, right? But they have sometimes just lose you bureaucratic.
你为什么不能让我看这本书？你知道，这是一种回忆，对吧？但他们有时会失去你的官僚作风。

08:16
Regulations that give the impression that.
法规给人的印象是。

08:22
There's a type of silencing of gatekeeping going on. So it's a challenge, isn't it. And sometimes it is relationships. But in places that have less.
这是一种守门的沉默。所以这是一个挑战，不是吗？有时是人际关系。但在那些资源较少的地方。

08:32
Slippage, less grease. You know, it doesn't matter what relationship we're not going to let you say.
打滑，油脂少。你知道，我们不会让你说出什么关系并不重要。

08:40
But then there's, like in the third article on, in the.
但是在第三篇文章中。

08:47

The status of archives in India, of course, right? There's a sort of different type of landscape there. It's alternative archives.
当然是印度的档案状况，对吧？那里有一种不同类型的景观。这是另类档案。

08:55
You know, that might be impossible, but anyway, we'll get into all that so Well, today's discussion was going to be really about thinking about.
你知道，这可能是不可能的，但无论如何，我们会深入研究的，今天的讨论是关于思考的。

09:03
So the dimensions of absence, absences and presences, you know, in the record. So, of course, the idea is we've sort of introduced the notion of silence.
所以在记录中，缺失，缺失和存在的维度。所以，当然，我们的想法是我们已经引入了沉默的概念。

09:13
You know, being part of the historical production process that, with all our historical facts, artistical records, it's sort of co, constitute, both with sound and silence. You know.
你知道，作为历史制作过程的一部分，我们所有的历史事实，艺术记录，都是由声音和沉默组成的。你知道的。

09:24
As part of the same process. What this what the readings today were supposed to sort of flesh out, is problemtizing, in a sense. What do we mean by silences? You know, are there different degrees, different types?
作为同一过程的一部分。从某种意义上说，今天的阅读材料想要充实的，是有问题的。我们所说的沉默是什么意思？有不同的程度，不同的类型吗?

09:38
Are some like, really, really, really silent, and some are a little bit silent. You can get a faint, you can hear it faintly. And so this idea that this sport has a

spectrum to this.
有些像，真的，真的，真的很沉默，有些有点沉默。你可能会晕过去，你能隐约听到。所以这项运动有一个范围。

09:49
And being aware of this, this spectrum is perhaps a perspective we can take, you know, as.
意识到这一点，这个光谱也许是我们可以采取的一个视角，你知道，作为。

09:56
As investigators of the past.
作为过去的调查者。

09:58
So you remember that in detroit's silencing the past, there's some broad ideas that I think we can take away from it.
所以你记得在底特律的沉默的过去，有一些广泛的想法，我认为我们可以从中吸取。

10:10
The idea that.
这个想法。

10:13
We should be thinking about contextualizing the story behind knowledge production, the making of knowledge.
我们应该思考知识生产背后的故事，知识的制造。

10:22
Somology essentially that there are historical and political contexts, religious contexts, social contexts, the way institutional contexts, the way of institution works. At Julie and I, we're just talking about.
躯体学本质上有历史和政治背景，宗教背景，社会背景，制度背景，制度运作方式。朱莉和我，我们正在讨论。

10:34
About that sometimes institutions have certain ways of doing things. If you go to the Vatican, for instance, their context for imaginary archives are.
关于这一点，有时候机构有特定的做事方式。例如，如果你去梵蒂冈，他们想象档案的背景是。

10:43
Super strip, right and so forth. And it might be, whereas another archive might be more open. It has to do with.
超级脱衣，对的，等等。它可能是，而另一个档案可能更开放。它与。

10:50
Perhaps different situations.
也许是不同的情况。

10:53
But it's also individuals are very much behind the story of knowledge production.
但是个人在知识生产的背后也起着很大的作用。

10:57
To his trill's book, talked about.
到他的颤栗的书，谈论。

10:59
Of course, she asks how, and invites us to think about, you know, how are the facts that we use, the records that we rely on the archives that we visit?
当然，她问，并邀请我们思考，我们使用的事实，我们依赖的记录我们访问的档案是怎样的?

11:10
But also the narratives that we.
还有我们的叙述。

11:13
Engage. You know, how are these made? So if you were even thinking about your literature reviews and your research.
参与。你知道这些是怎么做的吗？所以如果你在想你的文献综述和研究。

11:23
Patients, you're amazed, and you're thinking about the ways.
病人们，你们很惊讶，你们在想办法。

11:27
In which the scholarship has talked about your work. This is one type of way you can talk about it at the story of, what are the interpretations you know of this Particular.
奖学金中提到了你的工作。这是一种你可以谈论它的方式，你知道对这个特别的解释是什么。

11:38
The Cold War, right? With the lobes, or, you know, or religion in Thailand, you know, what are the interpretations? And then what are the narratives that are really that?
冷战，对吧？关于耳垂，或者，你知道，或者泰国的宗教，你知道，是怎么解释的？那么真正的叙事是什么呢?

11:49
How those narratives formed on what evidence you know, which archives do you get? Those evidence about what files and records? So you're sort of digging deeper and deeper and deeper.
这些叙述是如何根据你知道的证据形成的，你得到了哪些档案？那些证据是关于什么文件和记录的？所以你是在越挖越深。

11:59
So you have a story of the history that you know thus far, and this is part of the process of making it. So we've got, of course, material.
所以你有一个关于历史的故事，到目前为止，这是制作过程的一部分。当然，我们有材料。

12:07
It was about the silences that are part of that process, and the opportunities and invitations to discover and think about those silences.
它是关于这个过程中的沉默，以及发现和思考这些沉默的机会和邀请。

12:17
And so then, and this is where I started already speaking to us this earlier today, about talking about, perhaps.
然后，这就是我今天早些时候开始给大家讲的，关于谈论，也许。

12:22
Our colleague is that it raises what the role of humans, human relations and human interests are in the production of knowledge.
我们的同事是，它提出了人类的角色，人类关系和人类利益在知识生产中的作用。

12:30
And I'm using humanity, you know. But, I mean, I couldn't be a little bit terrible for the moment, but, I mean, what are the role of individuals, you know?
你知道，我在利用人性。但是，我的意思是，我现在不能有点糟糕，但是，我的意思是，个人的作用是什么，你知道吗?

12:39
In this, you know, and it asks and begs the question, are histories simply those events that happen?
在这里，你知道，它提出了一个问题，历史仅仅是那些发生的事件吗?

12:50
Of course.
当然可以。

12:52
Push well beyond that. But what are the roles of particular individuals in?

远远超出这个范围。但是特定的个体在其中扮演着什么角色呢?

13:01
Communities in producing those stories and.
制作这些故事的社区。

13:04
And how do their particular positions reflect the way?
他们的特殊立场又如何反映了这种方式?

13:11
In which those narratives and histories.
这些叙述和历史。

13:13
That emerged. So the way his work raises these questions, too. And so when we remember, we talked about the particular actors, whether they were.
出现。所以他的作品也提出了这些问题。所以当我们记得，我们讨论了特定的演员，他们是否。

13:22
Indigenous activists, you know, pushing up against columbus' arrival, you know, sort of.
土著活动家，你知道，反对哥伦布的到来，你知道，有点。

13:28
In 92, or if they were.
在1992年，或者如果他们是。

13:30
The Spanish or the Latin Americans. You know, they all have different ideas about how Columbus history connects.
西班牙人或者拉丁美洲人。你知道，他们对哥伦布的历史联系都有不同的看法。

13:36
And so the roles of individuals, key authors, even key scholars, in the knowledge is an important question, is.
所以个人的角色，关键的作者，甚至关键的学者，在知识中是一个重要的问题，是。

13:47
Start thinking about.
开始思考。

13:48
In your own work, identifying who those key voices are, can be a part of the story that leads up to your work.
在你自己的工作中，确定这些关键声音是谁，可以成为你工作的一部分。

13:59
Leads up to your interest in this.
让你对这个感兴趣。

14:01
Okay, I don't know. Okay, building are not. You mentioned. Okay. You have this ridiculously, I'm thinking that if you don't, necessarily.
我不知道。好吧，建筑不是。你提到的。好吧。你有这个可笑的，我在想，如果你没有，必然。

14:11
Materials.
材料。

14:12
The materials in the archive and even the archive itself. Is it possible? But e.g., because of the most documented literature means, during the Spanish colonial period, they were produced and written by the this time period. So.

档案馆里的材料，甚至档案馆本身。这可能吗？但是，因为在西班牙殖民时期，大多数文献资料都是在这个时期制作和写作的。所以。

14:24
These documents are written from the point of view, right? So if you don't interrogate that, because if it's okay to say that their colonization may have ended politically.
这些文件是从观点出发的，对吧？所以如果你不质疑这个问题，因为如果可以说他们的殖民可能已经在政治上结束了。

14:33
In the nineteenth century. But if you know the therapy, these materials, their narrative are festival, logically continuous up to this point.
在19世纪。但如果你了解治疗，这些材料，他们的叙述是节日的，逻辑上持续到这一点。

14:42
Because you are using a language. I mean, everybody's history, especially those from colonial backgrounds.
因为你在使用一种语言。我是说，每个人的历史，尤其是那些有殖民背景的人。

14:51
Not just the Spanish in the Philippines.
不只是菲律宾的西班牙人。

14:53
I think it's an opportunity. It's a moment to really sort of know your sources, to know.
我认为这是一个机会。这是一个真正了解你的资料来源的时刻。

14:59
To have a command or resources list. So sometimes.
拥有命令或资源列表。所以有时。

15:03
Interrogating them in this way to think about, you know, what are the legacies epistemological like the models, the narratives, the frameworks, the perspectives that have carried on and continued?
用这种方式询问他们来思考，你们知道，认识论上的遗产是什么，比如模型，叙述，框架，已经延续并继续存在的观点?

15:14
Some folks have talked about this in the context of spectral studies, spectre, like ghostly studies, that these are almost like the haunting. These ideas are haunting in the background.
有些人在鬼魂研究的背景下讨论过这个问题，鬼魂研究，就像闹鬼一样。这些想法在幕后挥之不去。

15:26
Present, but they're sort of affecting you still, right? And so I could have, we could have done a whole class on spectral studies, obviously, because it's something I'd love to do the way.
现在还在，但他们还是在影响你，对吧？所以我本可以，我们本可以用一整节课的时间来研究谱，显然，因为这是我喜欢做的事情。

15:34
In which the ghosts of certain scholars of certain colonial perspectives may still be influencing and whispering in the ears of contemporary historians.
在这本书中，某些具有某些殖民观点的学者的幽灵可能仍然影响着当代历史学家，并在他们的耳边低语。

15:46
And so forth. It's a nice way to sort of think and visualize the connection between present day scholars and historians and the past.
等等。这是一种很好的方式来思考和想象当今学者和历史学家与过去的联系。

15:53
So spectral studies, like, like a specter, like a ghost store.

所以幽灵研究，就像幽灵，就像幽灵商店。

15:57
Or a spirit, or a.
或者是鬼魂，或者是。

15:59
Not.
不是。

16:02
Or, you know, all these, all these, but these are sort of intellectual specters, you know, or intellectual.
或者，你知道，所有这些，所有这些，但这些都是智力幽灵，你知道，或者智力。

16:07
Actual posts. And in some ways, his work also talks about this too, you know, in the sense that.
实际的帖子。在某种程度上，他的作品也在讨论这个问题，从某种意义上说。

16:15
Um.
嗯。

16:16
When you sort of deconstruct and go backwards into it, you're sort of look locating these legacies, or these ghosts.
当你解构并回溯它的时候，你就像是在寻找这些遗产，或者这些幽灵。

16:25
Of previous work. And if you don't do it, you may not know that you're continuing on.
以前的工作。如果你不这样做，你可能不知道你还在继续。

16:30
You know, a problematic narrative or continuing, you have adopted maybe a set of evidence that was kind of funny in the making, but you just sort of accepted it. These other.
你知道，一个有问题的叙述或继续，你可能已经采用了一组证据，在制作过程中有点有趣，但你只是接受了它。这些其他的。

16:44
Partly right. My first book, my dissertation was actually all about this. I got, this is coming out around the time when I was with my grand.
部分是正确的。我的第一本书，我的论文就是关于这个的。这是我和爷爷在一起的时候写的。

16:53
So this really excited me.
这让我很兴奋。

16:54
And I ended up writing a dissertation, really about this process, actually, and how it.
最后我写了一篇论文，实际上是关于这个过程的，以及它是如何。

17:01
How it in essence affected how we understood Southeast Asian rebellions in the 1930s and.
它在本质上如何影响了我们对20世纪30年代东南亚叛乱的理解。

17:09
And so now again, but taking you back through the sources enables you to look at, you know, these relationships. Joel.
现在，让你们回顾一下这些资料可以让你们看到，这些关系。乔尔。

17:17
Interesting ways. So.

有趣的方式。所以。

17:20
It gets us to this idea, you know, essentially, it's how historical knowledge, the content, the activities that we think about, a story that are socially constructed.
这让我们有了这样的想法，从本质上讲，历史知识，内容，我们思考的活动，一个故事是如何被社会建构的。

17:28
They are almost like cultural artifacts of a society of civilization, or.
它们几乎就像是文明社会的文化产物，或者。

17:34
Sometimes it's transnational. And the factors behind the silences and the sounds, you know.
有时是跨国的。以及沉默和声音背后的因素，你知道。

17:42
In our historical materials, the visible and the invisible. What creates someone's visibility? What creates?
在我们的史料中，可见的和不可见的。是什么创造了一个人的知名度？创造了什么？

17:49
Their invisibility. And the idea though, is for us to be, have a whole arsenal.
他们的隐形。我们的想法是，拥有一整套武器。

17:56
Eyeglasses that can adjust the aperture so that we can see it and recognize it. So that's part of the training actually, is that.
可以调节光圈的眼镜，这样我们就能看到并认出它。这实际上是培训的一部分。

18:04

The reading is to think, can we recognize this? You know, if it's in front of us? It's one sort of lens that, you know, help this class.
阅读是要思考，我们能认出这个吗？你知道，如果它在我们面前？这是一种对这门课有帮助的镜头。

18:12
Is able to acquire.
是能够获得的。

18:15
So that was last week. So this week, the volume, it's a good volume to take a look at.
这是上周的内容。所以这周的交易量，这是一个值得关注的交易量。

18:26
I couldn't, I don't have the hard copy, so I can't pass it to you. But it is online to get saws in the library as a.
我不能，我没有纸质版，所以我不能传给你。但是你可以在网上图书馆买到锯。

As a digital book.
作为一本电子书。

18:36

数字化。

18:38
An issue. That's an issue, isn't it? I mean.
一个问题。这是个问题，不是吗？我的意思。

18:42
It's an interesting one to engage and to think about it, we'll be talking about.

这是一个很有趣的问题，我们会讲到。

18:46
And theorizing the silences that those I think this was important to sort of think about.
将这些沉默理论化我认为这是很重要的。

18:51
And some of the interventions that you might have come about. So these are interventions that I saw. I mean.
还有一些你可能想到的干预措施。这些是我看到的干预措施。我的意思。

18:59
The key ideas was that the ending of silences doesn't always resolve things. And in fact.
关键的观点是，沉默的结束并不总是解决问题。事实上。

19:05
How do you know if you even ended the silences? You know, there might be a multitude of silences that we.
你怎么知道你有没有结束沉默？你知道，可能会有很多沉默，我们。

19:12
That we can identify Canada. In fact, that's another point that he brings up later, too, which I'll touch later.
我们可以识别加拿大。事实上，这也是他稍后提出的另一个观点，我稍后会讲到。

19:18
You only know one of those silences when historians are looking for them, you know which makes you wonder, are silences?
你只知道其中一种沉默当历史学家在寻找它们的时候，你知道这让你想知道，是沉默吗?

19:27

Constructions of historians, or are they, in a sense, in their own sort of domain?
是历史学家的建构，还是在某种意义上，在他们自己的领域里?

19:34
You know, or are they there, or are we sort of projecting and finding them? It's an interesting literary question too. Go ahead. Maybe think a bit of the Rumsfeld matrix of like the known.
你知道，或者他们真的在那里，或者我们是在投射和寻找他们？这也是一个有趣的文学问题。继续。也许可以想想拉姆斯菲尔德的矩阵就像已知的。

19:47
Yes, yes, the no, nos and the, we know. We don't know this.
是的，是的，不，不和，我们知道。我们不知道这个。

19:54
The words are the things that we don't know, we don't know. All right. And so it's a very funny sort of pathology.
语言是我们不知道的东西，我们不知道。好吧。所以这是一种非常有趣的病理。

20:02
But it's an interesting aspect for historians that I don't know the answer, but it's sort of, that sort of triggered me to think about.
但对于历史学家来说，这是一个有趣的方面，我不知道答案，但这引发了我的思考。

20:11
So how much of these inequalities we might say, or?
那么这些不平等有多少呢?

20:15
Or silences, you know, or absences, or when we guess, often say, what are the gaps in the literature, but what are the perspectives that are not there? How much of that is us, you know. And.

或者沉默，或者缺席，或者当我们猜测的时候，经常会说，文学作品中有什么空白，但又有什么视角没有出现？这其中有多少是我们的功劳。和。

20:27
Because how much that changes over time, because maybe we're more sensitive or more attuned to something that's missing, you know.
因为随着时间的推移，它会发生很大的变化，因为也许我们更敏感或更适应那些缺失的东西。

20:35
Because of our particular time. For instance, people would have thought of, you know, in the early twentieth century, and they said, oh, you know, this is all fine. But then someone for the 20 first time, you say.
因为我们的特殊时间。例如，在20世纪早期，人们可能会想，他们说，哦，你知道，这一切都很好。但你会说，这是第20次。

20:45
You know, where are the voices of women in all this? You know, this is this.
在这一切中，女性的声音在哪里？你知道，就是这样。

20:49
This is basic, right? It's not basic.
这是基本的，对吧？它不是基本的。

20:51
Them, necessarily at the time.
他们，在当时是必要的。

20:53
So what's interesting is the, the sort of.
所以有趣的是。

20:57
Curiosity of silences. You know how one generation silence might.
对沉默的好奇。你知道沉默的一代会有多大。

21:04
Be very different from another. And so it makes us think about, you know, even the whole idea of ending the silences.
与众不同。所以它让我们思考，你知道，甚至是结束沉默的整个想法。

21:11
Doesn't always involve things. The problem of originality and of digitization. Yes, this is an issue. I mean, it's sort of looking for the purity of a document. Or the first instance, actually, this was.
并不总是涉及事情。原创性和数字化的问题。是的，这是一个问题。我的意思是，它在寻找一份文件的纯洁性。实际上，这是第一个例子。

21:23
Actually what drove me to discover my problem in my topic.
实际上是什么驱使我发现我的问题在我的主题。

21:27
I might present it for you, because everyone, these days, you're speaking.
我可能会把它呈现给你，因为每个人，这些天，你在发言。

21:31
Because it brings all these ideas into, sort of.
因为它把所有的想法都融合在一起。

21:34
A sort of tangible project, and I can sort of walk you through it. It's a way of also not having, you guys don't have to, I mean, I can also adjust to be the you could just read something else or something smaller.
这是一个有形的项目，我可以带你们走过一遍。这也是一种方式，你们不需要，我的意思是，我也可以调整成你们可以读一些别的或者更小的东西。

21:46
But it's a way of also showing how my process as a graduate student end up ended up.

但这也是一种展示我作为研究生的过程是如何结束的方式。

21:53
Creating the questions that they ended up creating with hallucipation.
他们用幻觉创造出了这些问题。

21:56
And also methods to outlook on.
以及展望的方法。

21:59
On knowledge, I'm thinking, and, you know, when it comes to.
关于知识，我在想，你知道，当涉及到。

22:03
The research work.
研究工作。

22:05
And critical directions. So it's all connected the problem of textualization, which is why we're sort of getting into our reality too. And we're not just doing the text.
和关键方向。所以这都与文本化的问题有关，这就是为什么我们也进入了我们的现实。我们不只是在做文本。

22:14
But what we might be doing is expanding what our notion of tasks.
但我们所做的可能是扩展我们的任务概念。

22:18
So there's another way of thinking it, but the way these guys talk about it, they talk about the promotexualization, is that it sometimes puts two words on the flat piece.
所以还有另一种思考方式，但这些人谈论它的方式，他们谈论促进化的方式，是它有时在平面上放两个词。

22:29
Paper aspects, experiences and so forth, that were performed, that were spoken, that were sung, that were danced in silence. You know.
纸上的东西，经历等等，这些都被表演，被说出来，被唱出来，在沉默中跳舞。你知道的。

And contained now into a particular document and categorized in a certain way that has a certain effect on.
现在包含在一个特定的文档中并以特定的方式分类，这对。

22:50
The sort of knowledge and confidence that's within it. So the whole archetization process, you know, is a funny thing, like, that's the thing. I kind of felt like it was missing was the materiality.
里面的知识和自信。所以整个原型化的过程，你知道，是一件有趣的事情，就像，就是这样。我觉得它缺少的是物质性。

23:02
Part of it, I was thinking of polypsests, and how, like, you need to see, like, the physical thing to, like, understand sometimes what it is.
部分原因是，我想到了多面体，你需要看到，比如，物理上的东西，才能理解它是什么。

23:11
And this is where the archaeologists always come in and say, this is where the stories lack, right? Is that it's the action materiality.
这就是考古学家经常说的，这就是故事缺少的地方，对吧？它是行动的物质性。

23:18
What a live society might be. They say, hey, look.

的事情。事实上，你不是一个骄傲的人。

23:31
Needs to also include these sorts of other sorts of materials. So if the archive for archaeologists is the ground, you know, but it also has different layers, just as an.
还需要包括其他种类的材料。所以如果考古学家的档案是地面，你知道，但它也有不同的层，就像。

23:42
As an archive might have, it also, too, has different periods and so forth. But again, because a lot of the archaeologists, of course.
就像档案一样，它也有不同的时期等等。当然，因为很多考古学家。

23:52
You know is, how do you organize and categorize what you're finding this guy?
你知道的是，你如何组织和分类你找到的这个人？

24:00

It was Fouco who actually, when he was writing about these sort of ideas with text, but he was calling it the archaeology of knowledge. But we sort of have to dig.
实际上是福柯，当他用文字来写这些观点时，他称之为知识的考古学。但我们得挖一下。

24:11
Out there and sift through and find where are these docs? What are the contexts for these documents, whereas our editors are looking for it. In certain the finding out what's going on, you know, is they're burnt.
然后筛选这些文件在哪里？这些文档的上下文是什么，而我们的编辑正在寻找它。在某种程度上，发现发生了什么，你知道，是他们被烧焦了。

24:21
A level of burnt ground here, which suggests that was a big fire or a big trauma, or warfare, you know. And under here, maybe you could find a lot of carbon, and maybe there's.
这里有一层烧焦的地面，说明这里发生过一场大火或者严重创伤，或者战争。在这下面，也许你能找到很多碳，也许还有。

24:30
Maybe there's a flood, or whatever. So two, should historians be looking, you know, at?
也许有洪水，或者其他什么。第二，历史学家应该关注的是?

24:37
Where that document is. And when it's in the archive, it's sort of on the context.
文件在哪里。当它在档案里的时候，它是基于上下文的。

24:41
Isn't it? It's already been sort of process and packaged in.
不是吗?它已经经过了加工和包装。

24:45

And and labeled and sorted.
然后标记和排序。

24:49
But where did you find that? Where was that document originally? You know?
但你在哪里找到的？那份文件最初在哪里？你知道吗？

24:56
This is, so this is where, sort of, scholars of religion have come in and talked about, you know, those manuscripts were, like, in the library. They were in a special box, and they were treated as.
这就是，宗教学者进来讨论的地方，你知道，那些手稿，就像，在图书馆里。它们被放在一个特殊的盒子里，被当作。

25:06
As actually sacred objects, rather than sort of reference books, you know. And so it would create a whole different sort of live content.
作为神圣的物品，而不是参考书。因此，它将创造一种完全不同的直播内容。

25:16
So what we treat as manuscripts, asian manuscripts, to find information about was actually much more of a.
所以我们看的手稿，亚洲的手稿，寻找信息实际上更多的是。

25:23
Sacred relic, you know, or so that involve performance. So knowing and finding where your documents are and what are your sources.
神圣的遗物，你知道的，或者涉及到表演。所以知道并找到你的文件在哪里，你的来源是什么。

25:31
Sorry, the context form is a process, and you guys even haven't started writing your dissertation yet, but you're just sorting your sources out.

抱歉，上下文形式是一个过程，你们甚至还没有开始写论文，但你们只是在整理资料。

25:40
But I tell you the quality of stories can really find.
但我告诉你，故事的品质是真正可以找到的。

25:44
Interesting stories, just in this process.
有趣的故事，就在这个过程中。

25:46
The digitalization. What about that digitalization? A lot of our archives are.
数字化。那数字化呢？我们的很多档案都是。

25:58
Being digitized or digitized, digit to resign.
被数字化或被数字化，数字辞职。

数字化。

26:06
Which ones are being digitized, and those that are not so aggravating, you're like, oh, you're in this stage, you're in the libraries or whatever, and you're in the bridge library, or somebody's like, oh, that is all digital. No, they're not.
哪些是数字化的，哪些是不那么烦人的，你会说，哦，你在这个阶段，你在图书馆或其他地方，你在桥图书馆，或者有人说，哦，这都是数字化的。不，他们不是。

26:17
Or you must pay or whatever, right? And so what makes, what makes these decisions. So I was at a conference with.

或者你必须付钱，对吧？那么是什么做出了这些决定。我参加了一个会议。

26:26
Two weeks ago, and.
两周前，然后。

26:29
A guy from Bloomsbury Publishing comes up to me and says.
布鲁姆斯伯里出版社的一个人走过来对我说。

26:33

问题。奎恩，我们希望你加入他的团队，找个顾问。我们想要数字化，数字化，或者收集所有这些已经数字化的东西。

26:45
They're going to try to sell them again, right? Which is.
他们还会再卖的，对吧？这是。

26:48
A bit shady. But what was in my mind was thinking, you guys have chosen these lots of sources, you know, in a way.
有点阴暗。但我心里想的是，你们在某种程度上选择了这么多资料。

26:59
You know what has guided you to choose these sources and what they've done, this has gone to the British Library, the ones that are already digitized, they're collecting, and then they're going to package and sell them.
你知道是什么引导你选择这些资料，他们做了什么，这些资料已经被送到了大英图书馆，那些已经数字化的资料，他们正在收集，然后他们会打包出售。

27:12

You know, I sell axises and really shape stuff to be honest.
你知道，说实话，我是卖塑形器的。

27:15
So it's a really, sort of interesting thing because.
这是一件非常有趣的事情，因为。

27:18
How do younger stories?
年轻的故事怎么写?

27:21
What do they do when they can't access? They can't go?
当他们无法访问时，他们会怎么做？他们不能去?

27:27
Go to the archives, and they just rely on the digital side. And what's worse, what happens?
去档案馆，他们只依赖于数字方面。更糟的是，会发生什么?

27:32
What happens when they're not even looking at the digital?
当他们甚至不看数字的时候会发生什么?

27:38
Digital stuff. I mean, this begs the question, of course, of AI also, when they're not even bothering to go to the actual sources, and they go just to, just to go To.
数字的东西。我的意思是，这引出了一个问题，当然，对于人工智能来说，当他们甚至懒得去找实际的来源时，他们只是去找，只是去找。

27:48
I to put together their weekly.
我想把他们的周报整理一下。

27:51
Reading, or something like, as I know, they're all serious as themselves. So this becomes a real issue.
读书之类的，据我所知，他们都很严肃。这就成了一个真正的问题。

27:57
About the whole historical process, the whole issue of what are our sources going to become in an era?
关于整个历史进程，关于我们的信息来源在一个时代会变成什么样的整个问题?

And looking at the sources that.
看看这些来源。

28:37
Were available, you know, on online archive.
都可以在网上找到。

28:39
And.
和。

28:40
I think his point was, there's so much there. You can do all these sorts of books on Singapore history.
我想他的意思是，那里有很多东西。你可以写各种关于新加坡历史的书。

28:48
And I think that was his main point. But what about the stuff that's not digital?
我认为这是他的主要观点。但是那些非数字化的东西呢?

28:54
What about the stuff that was left? You know?
剩下的东西呢？你知道吗?

28:59
On the shelves because somebody said, no, I know what's going to want. So that, you know.
因为有人说，不，我知道你想要什么。所以，你知道。

29:03
What is Singapore history missing? You know? Because?
新加坡的历史缺失了什么？你知道吗?因为?

29:07
Because of these types of practices, not even at the arcivist side, not even the digitization side, but the historians side say, oh, I don't even have to go

to the field That.
因为这些类型的实践，即使不是在档案学家方面，甚至不是在数字化方面，但是历史学家方面说，哦，我甚至不需要去那个领域。

29:16
I don't have to go to the archive. I can just go online. I tell you.
我不用去档案馆了。我可以上网。我告诉你。

29:20
I kept my mom shut, good friend and everything. But it does raise the question, you know, about.
我瞒着我妈妈，好朋友什么的。但这确实提出了一个问题，你知道，关于。

29:27
Okay, so the same So when I'm thinking that you're losing out, you're losing the potential of actually finding those really interesting stories.
好吧，同样的所以当我认为你输了的时候，你失去了找到那些真正有趣故事的潜力。

29:37
I mean, actually, people might have digitalized, great stuff.
我的意思是，事实上，人们可能已经把很棒的东西数字化了。

29:41
But it's also the stuff that's not available, you know, out there that.
但也有一些东西是不可用的，你知道，在那里。

29:45
Maybe you're digging in there, finding a great source. It's like finding that particular group or interview if you're doing it, or.
也许你在深入调查，找到了一个很好的消息来源。这就像找到一个特定的小组或面试，如果你正在做，或者。

29:52
That no one's interviewed before. You know, that's the excitement, you

know. They say, oh, I might have a different story here. You know.
以前没有人面试过。这就是让人兴奋的地方。他们说，哦，我可能有一个不同的故事。你知道的。

29:59
And so that is, to me, that's the reason why you should go into this.
所以对我来说，这就是你们应该研究这个的原因。

The world to the physical world.
从世界到物质世界。

30:31
I have a student who does this too. Actually, everything goes online and digitize. He'd print out so that he would have his physical archive. It's choosing. It's choosing.
我有个学生也这样做。实际上，所有的东西都在线上数字化了。他会打印出来，这样他就有了自己的实体档案。这是选择。这是选择。

30:43
It's very interesting. This is my personal frustration, because, I mean, this is the last, like the National Arcensic Philippines.
这很有趣。这是我个人的沮丧，因为，我的意思是，这是最后一个，像国家阿根廷菲律宾。

30:52
At the National Library of Thebilities, because I used to.
在国家图书馆，因为我曾经。

30:55
After some newspaper.
看完报纸后。

30:57
Papers that were produced locally. But the problem right now, I think the article is a little easier, only digitizing major newspapers, but.
本地生产的报纸。但现在的问题是，我认为这篇文章比较简单，只把主要报纸数字化，但是。

31:05
If a newspaper only covers a certain locality, they don't really digitize, they have the copy, and they say it's a bit.
如果一份报纸只覆盖某个地区，他们并没有真正数字化，他们有副本，他们说这有点。

31:12

Better already, so you can't access it. But the problem who gets to this side was a digitize, because if you get to digitize only the major newspapers a cover nationally.
已经更好了，所以你不能访问它。但问题是，谁能做到这一点是数字化的，因为如果你只数字化主要的报纸一个国家的封面。

31:23
School? What about the local stories?
学校吗?那本地新闻呢?

31:26
These are all the stories that may be aligned, only not be aligned with the national.
这些故事可能是一致的，只是与国家不一致。

31:37
Story, right, and that becomes an issue. You also a comment.
故事，对，这就成了一个问题。你也有评论。

31:41
To describe, I think I think that may be a political issue, but I think with it, it's also just an affiliated issue, because just so many things to dishitaire, so like just doing it.
我认为这可能是一个政治问题，但我认为这也是一个附属问题，因为有很多事情需要解决，所以就像做一样。

31:55
So, I mean, I think you're absolutely, it's absolute, most likely.
所以，我的意思是，我认为你绝对，绝对，很有可能。

32:04
And administrative thing. It's a financial thing. They're trying to think, okay, how many people are going to be looking at this one? How many people are going to be looking at this one? And then that might be sort of the sort of thing. It might be as basic.

还有管理方面的事情。这是一个财务问题。他们在想，好吧，有多少人会看这个？有多少人会看这个？然后这可能是一种事情。它可能是最基本的。

Of the story, or some, or something. That's the point of the outside. The problem.
故事的一部分，或者别的什么。这就是外在的意义。这个问题。

32:24
This is the same question. So that's the question. And one wonder side, are there?
这是同一个问题。这就是问题所在。还有令人惊奇的一面，不是吗?

32:32
Is there interaction, you know, between archivists and historians? Museum folks, stories. So, and that is actually where.
档案保管员和历史学家之间有互动吗？博物馆的人，讲故事。这就是。

32:44
I think that's something that can be done is building the confidence of communication across the practitioners who are managing our sources and libraries.
我认为可以做的事情是在管理我们的资源和库的从业者之间建立沟通的信心。

32:55
Using those of us who.
利用我们这些。

32:57
Learning and teaching and conduct.

学与教与行。

32:59
Research, knowing this stuff, you know. And so there's a wonderful volume that was put together of arguments, and.
研究，了解这些东西，你懂的。所以这是一本很棒的书里面汇集了很多争论。

33:08
And historians who are all in a sense, reading the you know, hello. And.
历史学家在某种程度上，都在阅读。你好。和。

33:14
And Derena and Fucole, and that to get how the architects responded to these ideas. Fantastic, you know. So there's a volume that.
还有Derena和Fucole，这是为了了解建筑师对这些想法的反应。太棒了，你知道。所以体积是。

33:25
Used to, I used to sign these things in front of the class, and maybe I can switch things up. I'm just sort of also gauging how well you guys are reading also, because I want to see what.
我过去常常在全班同学面前签名，也许我可以改变一下。我只是想看看你们的阅读水平，因为我想看看。

33:36
What you guys can sustain, what you guys cannot.
你们能承受的，你们不能承受的。

33:39
And anyway, I took those readings out. But I can point you to the volume, which is, which is interesting, because.
不管怎样，我把那些读数拿出来了。但是我可以给你们指出体积，这很有趣，因为。

33:46
Because whole idea is, you know, are there arguments trivite to these sorts of interventions? What would happen if they were, would they?
因为整个想法是，你知道，对于这些干预措施，是否存在琐碎的争论？如果是的话会怎么样?

33:56
Start questioning their institutions, processes. Probably not, you know, but it might make some awareness, you know, about it.
开始质疑他们的制度和程序。可能不会，但它可能会让人们意识到这一点。

34:06
So that they realize, you know, it's like putting disclaimers, you know, when you're, you're.
这样他们就会意识到，你知道，这就像放免责声明，当你。

34:12
Or, you know, a medical product. You know, if you take this and you get these side effects, blah blah, blah blah, you know, you have these problems. Use these sources, but also know that there are other sources.
或者，你知道，医疗产品。你知道，如果你吃了这个，你会有这些副作用，等等，等等，你知道，你有这些问题。使用这些资源，但也要知道还有其他资源。

34:21
Just too You know, would this help the historical process if more arcivists and so forth were aware? I don't know. But maybe that is a step, though.
你知道，如果更多的档案学家等人意识到这一点，这对历史进程会有帮助吗？我不知道。但也许这是一个进步。

34:30
Is, instead of operating on the stance somewhere I'm in the no. And maybe art of this isn't. Maybe it's about getting art.
而不是在某个地方做手术，我在no。也许这个艺术不是。也许是为了获得艺术。

34:38
And this and so forth, into the conversation, engaging with them.
诸如此类，融入到对话中，与他们互动。

34:40
And so how can we head the candid about it be cared And I think it would, I think, like most librarians, they feel a sense of satisfaction.
那么我们怎样才能让人们坦率地关心这个问题呢？我想，我想，就像大多数图书管理员一样，他们会有一种满足感。

34:50
I mean, they can find that book that you've been looking for, or you've been doing in a library loan. They were able to get that source that's so pivotal to you. They feel satisfaction.
我是说，他们可以找到你一直在找的书，或者你一直在图书馆借阅的书。他们能找到对你至关重要的信息来源。他们感到满足。

35:00
They help you get that. I have a feeling the darkness. I'm saying.
他们会帮你做到这一点。我感觉到了黑暗。我的意思。

35:05
Way that they're not all trying to.
而不是所有人都想。

35:09
Keep the knowledge in. But sometimes these sources and stuff, some of these archives are pretty classical.
把知识留在心里。但有时这些资料和材料，有些档案是非常经典的。

35:19
So.
所以。

35:21
Occasion. So, and some, you know, some might be like some of the articles we read for this week.
场合。所以，有些，你知道，有些可能就像我们这周读的一些文章。

35:27
Might be tricky stuff, right? And that's fine. So, anyway, where are we here?
可能很棘手，对吧？这很好。好了，我们讲到哪了？

35:36
What your temperature?
你的体温是多少?

35:38
Okay.
好吧。

35:43
So.
所以。

35:43
This is what I serve already by the activity. Silences only exist.
这就是我通过这个活动所服务的。沉默只存在。

35:50
Researchers notice that this is something that they've brought up.
研究人员注意到这是他们提出的问题。

35:54
Are, they always inherently there? You know, truel was saying, yes, you know, they are there as soon as you make a historical narrative, as soon as you identify.
它们是固有的吗？你知道，truel是说，是的，你知道，只要你做一个历史叙

述，只要你认同，它们就在那里。

36:06
Historical fact, that process, in and of itself.
历史事实，这个过程本身。

36:10
Was part of it. Well, part of the silencing, as much as it was bringing something.
是其中的一部分。这是沉默的一部分，同时也带来了一些东西。

36:17
To life. Actually, we say a mixing metaphors now, but.
生命。实际上，我们现在说的是混合隐喻，但是。

36:22
Could silence also be a historical construction.
沉默也可能是一种历史建构吗?

36:28
Could a silence be?
沉默是可能的吗?

36:31
Something that is produced by a researcher or by a story.
研究成果：由研究人员或故事产生的东西

36:38
For I don't know. Do you guys have examples of how that situation will be? Professor I think that's a problem of academia in general.
因为我不知道。你们能举例说明这种情况会怎样吗？教授，我认为这是学术界普遍存在的问题。

36:46
So could you find me? I mean, there's so many problems, you know, like,

like finding the problem.
你能找到我吗？我的意思是，有很多问题，你知道，就像，就像找到问题一样。

36:52
Example, when you're just writing your visa, regardless whether you're undergrad, m a or phd or.
举个例子，当你在写签证的时候，不管你是本科生，硕士，博士还是。

36:57
Look for your literature review and then find the gap. Find the problem all the time.
查找你的文献综述，然后找出差距。始终找到问题所在。

37:01
I will be contributing also to the silencing, because you're like the author venture. Maybe it's the academia or the historians researchers.
我也会对沉默做出贡献，因为你就像作者的冒险。也许是学术界或历史学家研究人员。

37:10
In this collection. So this is, this is, this is exactly the question I'm raising. It's going to be one of your just.
在这个集合中。所以这是，这是，这正是我提出的问题。这将是你的一个。

37:17
Question, questions, you know, as well. But it was kind of because they raised it. But I'm also, it made me also think, from the examples they could.
问题，问题，你知道的。但这是因为他们提出的。但我也，这也让我想到，从这些例子中他们可以。

37:25
But, you know, if we are looking at.
但是，你知道，如果我们看。

37:28
So we're looking at a particular.
所以我们在看一个特定的。

37:32
Historical Group.
历史的集团。

37:36
Historical regime, whether it's the Nazis or the losers in the war and so forth.
历史上的政权，无论是纳粹还是战争中的失败者等等。

37:43
Do we?
我们吗?

37:45
Are we searching for?
我们在寻找什么?

37:48
So I would say.
所以我想说。

37:51
Um.
嗯。

37:53
And do we, does that produce evidence to suit that narrative or that agenda? So, in other words, is there, are, there sort of agendas, you know, intellectual ones as well as, Perhaps.
我们是否，是否产生了符合这种叙述或议程的证据？所以，换句话说，是否有某种议程，你知道，智力上的，也许。

38:09
Political ones in The Rule of the Story of the Scholar.
《士大夫的故事规则》中的政治问题。

38:12
I have trouble grasping this thing, that that finding or locating a silence can like solve a problem. I mean, my question is like, I've been.
我很难理解，找到或定位一个沉默可以解决一个问题。我的意思是，我的问题是。

38:23
Having this question while reading the text, that history is job is not a historian's job is not to solve a problem like.
在阅读文本的时候有这个问题，历史学家的工作不是历史学家的工作不是解决一个问题。

38:31
If you read trilo's work, the trio does not, did not even refer to solving a problem, like if Eric Hobson in his Age of Revolution, did write about the Hythe Revolution.
如果你读过特里奥的作品，你会发现这三重奏甚至都没有提到解决问题，就像埃里克·霍布森在他的《革命时代》中写的，海斯革命一样。

38:43
Would that solve the problem that ideas have been facing at that point of time? Like ideas have been extorting, like they have been extorted by the frame government to repay their loans. all this.
这能解决当时创意所面临的问题吗？就像想法被勒索，就像他们被框架政府勒索，以偿还他们的贷款。这一切。

38:55
So would that change this scenario? Like, why do we think about having silence or identifying silence as a tool of solving problems? That's a good question.

那么这会改变这种情况吗？比如，为什么我们认为保持沉默或将沉默视为解决问题的工具？这是个好问题。

39:05
If we're not solving problems, what are we Were you doing? We're just having fun. I mean, very well. I mean.
如果我们不解决问题，那我们你在做什么？我们只是在找乐子。我是说，很好。我的意思。

39:15
History. A historian's job is also about representation, getting a degree as much as possible. So if something is missing, you are going to share a lot of solving a problem that's solving the problem, but goes to the part of the political politicians, but.
历史。历史学家的工作也是为了表现，尽可能多地获得学位。所以如果缺少了什么，你就会分享很多解决问题的方法这是解决问题的方法，但这是政治政治家的一部分，但是。

39:31
Historian's part is to identify that there is a side. So I want that job exactly. My missions to read is doing, like, if I talk about this apology thing.
历史学家要做的就是认识到存在的一面。所以我想要那份工作。我的阅读任务就是，如果我说道歉的话。

39:40
Like some government has demanding apology from the Colonial master, like Indian government has been pleading for apology for the British government to do the massacres in public sector. That if the British government did enter an apology, did that solve the problem of commits a no like?
就像一些政府要求殖民宗主国道歉一样，就像印度政府一直在为英国政府在公共部门进行大屠杀而道歉一样。如果英国政府真的道歉了，那就解决了“不”的问题了吗?

39:54

That's not the job of the historian. So, because I suppose this is, the interesting thing, is that.
这不是历史学家的工作。因为我想，有趣的是。

40:00
The.
这个。

40:02
Historians today may not be occupying sort of.
今天的历史学家可能没有占据。

40:09
Space where they are not connected to the rhythms. And.
它们与节奏没有联系的空间。和。

40:14
Aspects of the public, and I think that's.
公众的方方面面，我认为这是。

40:20
That's the sort of, the crux of it is that historians aren't just doing work for historians anymore.
问题的关键在于历史学家不再只是为历史学家工作了。

40:29
That I never have.
我从来没有。

40:30
Their work and their findings tend to have an effect on the public. So in the case of reparations, or in the case of representation.
他们的工作和发现往往会对公众产生影响。所以在赔偿的情况下，或者在代表的情况下。

40:40
Like, for instance, if there's a constitutional issue about equal rights for women, you know.
比如，如果有关于妇女平等权利的宪法问题，你知道。

40:49
Which has been a constitutional issue for a longest time. Our women represented in the Constitution. There's no statement of.
长期以来，这一直是一个宪法问题。我们的妇女在宪法中有代表。没有声明。

40:57
Always persons right. And so then you have constitutional historians to say, well, we should be doing the history of the Constitution, but what was said, what the texts and so forth.
人总是对的。然后宪法历史学家会说，我们应该研究宪法的历史，但是应该研究宪法的内容，文本等等。

41:09
And try to find it be in the minds of the founders. Others are saying no, the constitutional historical documents of living documents, which reflects the times and the changes. So how historians interpret.
试着在创始人的思想中找到它。也有人说没有，宪法的历史文献是活的文献，它反映了时代的变迁。那么历史学家如何解释。

41:20
How that document, or the history of the Constitution is affects, then, later on, legal arguments being made by the Supreme Court over policies.
那份文件，或者宪法的历史是如何影响的，然后，后来，最高法院就政策进行的法律辩论。

41:32
But, but, so the point is, my response is that historians, I think, ideally, or maybe in.
但是，关键是，我的回答是，历史学家，我认为，理想情况下，或者在。

41:42
In academic setting, you know, they're writing only for themselves.
在学术环境中，你知道，他们只为自己写作。

41:45
Or for students and for each other. But the reality is that their work is often tied to social.
为学生，也为彼此。但现实是，他们的工作往往与社会联系在一起。

41:52
Activism to.
激进主义。

41:55
Called what social action research a lot of historians are doing. I think the problem that they were referring to that wasn't like a particular social problem, but maybe an intellectual problem.
很多历史学家都在做社会行动研究。我认为他们所指的问题并不是一个特定的社会问题，而可能是一个智力问题。

42:06
You know? But for some of these intellectual problems, they also have our political problems.
你知道吗?但是对于这些智力问题，他们也有我们的政治问题。

42:10
Social harms like this approach might reduce the historians to a positiveist approach. Only like then, like counter question would be the history should be a neutral guy. You should predict the facts neutrally so that there are no biases or.
这样的社会危害可能会使历史学家们转向实证主义。只有这样，像反问句一样，历史应该是中立的。你应该中立地预测事实，这样就不会有偏见或。

42:23

So anyway, we try to talk about solving a problem like the historians. Job is to identify there is a problem, and then to pass the ball to the problem.
总之，我们试着像历史学家那样讨论解决问题。工作就是找出问题所在，然后把球传给问题所在。

42:31
In fact, there's a school, as you read in earlier, there's a school of belief that this is what the historian is supposed to be. We're supposed to be about.
事实上，正如你们之前读到的，有一种学派认为这就是历史学家应该成为的样子。我们应该在。

42:39
Balance and so forth. We're so imbalanced. We're so in balanced. This is we can sell. You're going to add something as well. And I've seen.
平衡等等。我们太不平衡了。我们很平衡。这是我们可以卖的。你也要添加一些东西。我见过。

42:49
Just like starting mentioned, there is a pursuit for like balance or like neutrality. But the neutrality never exists. Because when we identify a problem, GP of historic research, where we write the proposal, this is already a.
就像我刚提到的，人们追求平衡或中立。但中立从来就不存在。因为当我们发现一个问题时，历史研究GP，我们写提案的地方，这已经是一个。

43:02
Like personal level of political statement that we found is important. I think it's arguable. Yes, this is already found neutral. Yes, yes. In that case, sometimes the research could become theological.
比如个人层面的政治声明，我们发现这很重要。我认为这是有争议的。是的，这已经是中性的了。是的,是的。在这种情况下，有时研究可能会变成神学。

43:14

Yes, you already decided what you want to find and finding evidence to get there. And so it becomes a real problem. And also, I mean, it can be like my mother, in law, you're sort of like.
是的，你已经决定了你要找什么，并找到证据来达到目的。这就变成了一个真正的问题。而且，我的意思是，它可以像我的岳母，你有点像。

43:24
Talk yourself into inaction because you want to avoid every sort. I don't know what it is coming up, but.
说服自己不采取行动，因为你想避免每一种情况。我不知道接下来会发生什么，但是。

43:30
You can't make a decision because you're so talking to yourself about.
你不能做决定，因为你一直在想。

43:35
Sort of pathway. This can happen to us, and unfortunately, it happens to intellectuals all the time, and say, well, we'll talk ourselves into it. Look, I'm not. And then we didn't know what to do.
一种途径。这可能会发生在我们身上，不幸的是，知识分子总是会发生这种情况，然后说，好吧，我们会说服自己的。听着，我不是。然后我们就不知道该怎么办了。

43:43
The idea is just to be aware, you know, of the self, interest.
这个想法只是为了意识到，你知道，自我，利益。

43:47
Try to position yourself in a way that, at least that you think is going to be as.
试着把自己定位在，至少你认为会是。

43:52
Intellectually, justifiable, you know, as you can.

理智上，合理的，你知道，尽你所能。

43:57
It's always going to carry the legacy of a period, the period in which you're.
它总是会带着一个时期的遗产，你所处的时期。

44:03
Working in the politics of your institution. It's going to be a reflection of your training, of your professors, you know. It's going to be.
参与你们机构的政治工作。这将反映出你所受的训练，你的教授，你知道。它会是。

44:13
To politics, what you feel is important and not important, you know, is a choice that is going to come up. But that's also.
对政治来说，你觉得什么重要，什么不重要，你知道，这是一个即将出现的选择。但这也是。

44:21
You know, it gives you a lot an opportunity to explain your choices and explain why you do it. And that for us as historians and as future historians, is what we hope that you can strive to do.
你知道，这给了你很多机会来解释你的选择和你为什么这么做。对于我们这些历史学家和未来的历史学家来说，我们希望你们能够努力做到这一点。

44:33
Have the ability to explain your choices and show why you're going in those directions.
有能力解释你的选择，并说明你为什么要这么做。

44:39
And I think, also to reflect on other perspectives, like trying to, sort of not just like, be aware that you will have a bias, but then also try to.
我认为，也要从其他角度思考，就像试着，不仅仅是意识到你会有偏见，但也要试着。

44:48
See other people's views on the same issue, and if you can engage them. As I said a few weeks ago.
看看别人对同一问题的看法，看看你能不能说服他们。就像我几周前说的。

44:56
That actually strengthens your position.
这实际上加强了你的地位。

44:59
I know this person actually disagrees. I mean, what I like about, you know, her idea is.
我知道这个人实际上不同意。我是说，我喜欢的是，她的想法是。

45:04
Business and this, and that is something that I'm willing I can work with. Where I disagree is on this aspect for these reasons, blah, blah, blah. Which leads me to the other person over here, and this person, you know. And so basically just going around.
商业和这个，这是我愿意与之合作的东西。我不同意的是这方面的原因，等等。这让我想到了另一个人，这个人，你知道。基本上就是四处走走。

45:15
And you're giving everyone's their sort of due work.
你给了每个人应有的工作。

45:18
But you're also using them to push forward in a way your old.
但你也在用它们来推动你的前进。

45:24
To the conclusion draw, which I think in the past few weeks, I think that's the, all of our readings that in every process, there's a.
最后的结论，我想在过去的几周里，我想我们所有的阅读材料在每个过程

中，都有。

45:33
Or is inherent buyers? In fact, the archive wisdom has already inherent buyers, even the selection of sources as historians, which I think.
还是内在买家？其实，档案智慧已经有了固有的买家，甚至作为历史学家的选择来源，这一点我认为。

45:41
That's why, professor, mainly, at some point, they did mention the reason why they're doing it is that for us to.
这就是为什么，教授，在某种程度上，他们确实提到了他们这样做的原因是为了让我们。

45:47
It's the lenses, is the glasses. And you know what others would say, historians are biased because we're always looking at texts. So even the entire discipline.
是镜片，是眼镜。你知道其他人会说什么，历史学家是有偏见的，因为我们总是在看文本。甚至是整个学科。

45:57
You know, in a way, is bias. You're not paying attention, you know, to the lived experiences. You know, the anthropologist, sociologists, the geologists, saying, where's space? You guys aren't even thinking about space. So there's.
在某种程度上，这是一种偏见。你没有注意到，你知道的，那些活生生的经历。你知道，人类学家，社会学家，地质学家说，太空在哪里？你们根本就没想过太空。所以有。

46:10
There's bias.
有偏见。

46:11

But this is why, actually, I would say, I hope you guys take a class.
但这就是为什么，实际上，我想说，我希望你们去上一门课。

46:17
In outside of history, because it'll make it a better story, knowing how others see, where your weeks blops up.
在历史之外，因为它会使它成为一个更好的故事，知道别人怎么看，你的星期在哪里爆发。

46:24
If you then you can sort of.
如果你可以。

46:26
Adapt to that at home.
在家里适应这种情况。

46:28
Strengthen your old arsenal. You know of ideas.
加强你的旧军火库。你知道想法。

46:33
Is.
是多少。

46:33
That's a good time to take a break. You know, I've said this, and I'll put back and back.
这是休息的好时机。你知道，我已经说过了，我会反反复复的。

46:44
Human rules.

46:45
More the arsenal that we have a protection, but also we are able to maybe

see things and think about things.
我们拥有更多的武器，我们有一个保护，但我们也能够看到的东西和思考的东西。

46:55
In ways where our old blind spots might be solid, if we look at from.
在某些方面，我们以前的盲点可能是坚实的，如果我们从。

46:59
Perspective in anthropologists, or, you know, job, job.
人类学家的观点，或者，你知道，工作，工作。

47:03
Or whatever, um.
或者别的什么。

47:05
But back to the historian. You know, when we think about the absence of evidence.
回到历史学家。你知道，当我们想到证据的缺失。

47:11
Moss and Thomas bring up. They're asked a question, you know, is absence of evidence.
莫斯和托马斯带来的。他们被问了一个问题，你知道，就是缺乏证据。

47:18
Evidence of absence that it's not here? I don't know if you guys get that. Do you guys get that? That is the absence of evidence that you're trying to find about something or someone.
它不在这里的证据？我不知道你们是否明白。你们明白了吗？这是你想找的关于某件事或某人的证据的缺失。

47:28
Is it evidence of absence?

这是缺席的证据吗?

47:32
And this is where maybe the articles of.
这可能就是文章。

47:38
Especially the one on India, addresses, maybe to some extent, the one of the companies.
尤其是关于印度的那篇，也许在某种程度上，是针对其中一家公司的。

47:45
But it's an interesting question, because it has to do with again.
但这是一个有趣的问题，因为它与。

47:52
This propensity.
这种倾向。

47:55
That's urged to find the gaps to absence, the silences and so forth.
这被要求去寻找缺失的间隙，沉默等等。

48:02
Hey, look, they're not talking about this group, you know. They're immediately trying to marginalize and so forth. But maybe it's just somewhere else.
嘿，听着，他们说的不是这个小组。他们立即尝试边缘化等等。但也许它只是在别的地方。

48:11
You know. So, again, this is, I think, important. This is something just to keep in mind, you know, that it's a tricky thing to presume that if you're looking at an Archive.
你知道的。所以，我认为这是很重要的。这是需要记住的，你知道，如果你

在看一个档案，这是一件很棘手的事情。

48:22
And you don't see it evidence. Or if you're looking at Americans, you don't see it. You don't see that.
你看不到证据。或者如果你观察美国人，你就看不到这一点。你看不出来。

48:27
So.
所以。

48:28
But there's, there's an.
但是，有一个。

48:30
Absence the question, oh no. I was going to say, like, that's kind of the example with the chapter on, like, the Indian Archive, right where he was like.
没有问题，哦，不。我想说的是，这是关于印第安档案馆那一章的例子，就像他说的那样。

48:40
I wanted to have this personal I car to go somewhere in their diaries and want to have a dish dress, but it's not there. Oh no. And it's like, oh, they just haven't done it yet.
我想在他们的日记里有一辆私人的我的车，我想有一件洗碗服，但它不在那里。哦,不。感觉就像，哦，他们只是还没这么做。

48:48
Which is a problem, but like, it doesn't mean it's not there, it's not around.
这是一个问题，但这并不意味着它不存在，它不在身边。

48:53
And this.

这。

48:55
Keep on looking. I mean, I guess that's sort of just, don't stop, don't be lazy. You can say, oh, it's not there. You know, I've been trying to find.
继续找。我的意思是，我想这就是，不要停下来，不要偷懒。你可以说，哦，它不在那里。你知道吗，我一直在找。

49:03
Okay. So I wrote about a rebel in 1930s is put on trial.
好吧。所以我写了一个20世纪30年代的反叛者被审判的故事。

49:10
The trial records became.
审判记录变成了。

49:14
Foundation for what most historians would treat as the primary source on the rebellion. So all the stories looked at.
这是大多数历史学家认为的叛乱的主要来源。所有的故事都看了。

49:24
That report, but if you look at the report, it's all referencing earlier legal documents. So I realize, okay, it wasn't this issue, but.
那份报告，但如果你看报告，它都引用了早期的法律文件。所以我意识到，好吧，不是这个问题，但是。

49:33
Originality in the primary done. But I said, is there other evidence in there? Because all of the process, the only thing that was kept in the official.
原创性在初级阶段完成。但我说，还有其他证据吗？因为所有的过程，唯一被保留在官方的东西。

49:43
Important. What's the prosecutions arguments?

重要的。控方的论点是什么?

49:45
Like, well, the defense arguments have to be somewhere. It's like, I kept looking, looking and looking, and then I found the proceedings, the legal proceedings, which was a.
比如，辩方的论点必须在某个地方。就像，我一直找啊找啊找，然后我找到了诉讼程序，法律程序，那是。

49:55
Win already. I was so excited, because then you could actually innocent see how the arguments are coming out. But then I found out the defense wasn't produced in those.
赢了。我很兴奋，因为这样你就可以看到争论是如何产生的。但后来我发现辩护书里没有证据。

50:05
Legal records. E That is just the prosecutions case. So I thought, how did they get away with this? So I did a little bit more digging, and I found out there was emergency legislation that created the tribunals.
法律记录。这只是起诉案件。所以我想，他们是怎么逃脱惩罚的？所以我又做了一些调查，我发现有紧急立法设立了这些法庭。

50:17
And the procedures that said, because there's so many rebels, we need to process them quickly. The proceedings that come out of it only have to summarize what's in the what's.
程序说，因为叛军太多，我们需要快速处理他们。由此产生的程序只需要总结什么是什么。

50:27
To the trials. So what that told me was okay. That's why I'm not saying on the defense side of the story, but it's also showing the relationship between the legislation.
审判。所以这告诉我还好。这就是为什么我不是站在这个故事的辩护一方，

但它也显示了立法之间的关系。

50:35
The emergency legislation and the historical archive that came after.
紧急立法和之后的历史档案。

50:40
So the question about absence can lead you actually.
所以关于缺席的问题实际上可以引导你。

50:44
Two interesting discoveries. And that's why I kind of want to share what the research was about, because a lot of stuff that I'm talking about.
两个有趣的发现。这就是为什么我想分享一下研究的内容，因为我正在谈论的很多东西。

50:51
Aren't just methodological questions that you should be asking.
不是你应该问的方法论问题。

50:55
This can also be going to research too. I mean, it can use certain types of research.
这也可以用于研究。我的意思是，它可以使用某些类型的研究。

51:02
But also, I sort of discovered, too, that I almost fell in my seat when I first heard about it. Somebody filmed the trial.
但同时，我也发现，当我第一次听到这个消息时，我几乎在座位上摔倒了。有人拍下了审判过程。

51:11
Of of the guy, and I thought I was, I happily if I could find it.
那个家伙，我以为我是，我很高兴如果我能找到它。

51:19
And said, but did it exist? And so looking, looking, there were no references. And also 1930s film, I don't know.
但它真的存在吗？看啊，看啊，没有参考资料。还有20世纪30年代的电影，我不知道。

51:25
And then a colleague of mine said, hey, MIT, I'm doing this stuff on a film history from Yeba. And I found a record that talks that the sensor board.
然后我的一个同事说，嘿，麻省理工学院，我正在研究叶巴的电影历史。我找到了一份记录说明传感器板。

51:36
Actually approved the film with the trial of CSAM. So that's evidence that actually existed. So it was out there somewhere.
实际上通过了CSAM的试验。这是确实存在的证据。所以它就在某处。

51:44
I didn't know, I didn't die about this, but I tell you.
我不知道，我也没死，但我告诉你。

51:51
Interesting thing is, when you start to dig, you will also start to hear.
有趣的是，当你开始挖掘的时候，你也会开始听到。

51:58

It becomes a challenge.
这变成了一个挑战。

01:46:35
And one technique is, I've mentioned, I really do to argue.
其中一个技巧是，我提到过，我真的很喜欢争论。

01:46:41

You, in a sense, create the object is the debate you need to put yourself out of it.
从某种意义上说，你创造了这个物体，你需要把自己排除在外。

01:46:49
You talk about it, you talk about it as a living thing, you know, or, and then you can gaze it. And I always say it's pretty on your anthropological hat.
你谈论它，你把它当作一个活生生的东西，你知道，或者，然后你可以凝视它。我总是说你人类学的帽子上戴着它很漂亮。

01:46:58
You gaze at it, and the people are involved in it.
你凝视着它，人们也参与其中。

01:47:01
As your object.
作为你的对象。

01:47:03
You know, um.
你知道，嗯。

01:47:04
And that allows you to comment on it, but not, hopefully immerse yourself into it, but sometimes you want to immerse yourself into it. And.
这样你就可以对它进行评论，但是，希望你自己不要沉浸其中，但有时候你想要沉浸其中。和。

01:47:12
Go ahead. But you're going to be swept up in the storm, you know. But sometimes it's an issue that you feel committed to.
继续。但你知道，你会被暴风雨卷走的。但有时这是一个你觉得有义务去做的事情。

01:47:20

You want to make a stand on. And so, as historians, you have, as scholars in general, you have the.
你想站在。所以，作为历史学家，作为一般的学者，你们有。

01:47:27
Right to go in there. And not only that, you probably are armed with much more sensibilities than your only person jumps in.
对了，进去吧。不仅如此，你可能比你唯一的人更敏感。

01:47:34
To the story and all of them. And I don't know if that means that staying neutral needs to require certain level, like being an outline.
敬这个故事和他们所有人。我不知道这是否意味着保持中立需要一定的水平，比如成为一个大纲。

01:47:43
That's interesting. It can very well be sometimes that that helps, you know, being an answer.
这很有趣。有时候这很有帮助，你知道，作为一个答案。

01:47:49
Often, you know, not being other side times, if people say no, because you're an outsighter and you don't really know what the hell's going on, but then you can use that to your head.
通常，你知道，如果人们说不，因为你是一个旁观者你不知道到底发生了什么，但你可以用它来思考。

01:48:01
And say, because I'm not influenced by the politics.
因为我不受政治的影响。

01:48:06
What's going on?

好吧。

01:48:08
Just try to look at it objectively. What else?
试着客观地看待它。还有什么?

01:48:12
But you would be bad at the end of this, especially if my nose is saying, you're not one of us. You would be bad. We want to argue.
但最后你会变坏的，尤其是如果我的鼻子说，你不是我们的一员。你会变坏的。我们想要争论。

01:48:20
Okay, you first. Okay, I just want to.
好吧，你先说。好吧，我只是想。

01:48:27

Issues that doing history is doing politics. And this is very controversial, of course. But I think if we accept that Michelle Kronan worked.
研究历史就是研究政治。当然，这是非常有争议的。但我认为如果我们承认米歇尔·克罗南起作用了。

01:48:55
Believe that power dynamics shifts the full moment of doing history. So

that means that we accept that doing history means also engage with power.
相信权力动态改变了整个历史时刻。这就意味着我们接受研究历史也意味着与权力接触。

01:49:06
So at the same time, if we, I think we upset the idea of Libra was strong that.
所以与此同时，如果我们，我认为我们颠覆了天秤座的想法是强大的。

01:49:15
The silence of the select itself. This is e.g. in the case of the Philippines, under the rule of foot. Landmark course. So the power ships doing history.
沉默的选择本身。例如，在菲律宾的情况下，这是在脚的规则下。具有里程碑意义的课程。所以动力船在创造历史。

01:49:27
So it means that we also have to accept one thing that the past is on socials per power, and the past is the Betterfield.
所以这意味着我们也必须接受一件事那就是过去是社会力量的，过去是更好的。

01:49:37
Between the contested memories and historian at the same time, also take the role course of now, and think a better.
在有争议的回忆和历史学家之间的同时，也采取现在的角色历程，并思考一个更好的。

01:49:46
Maybe the soldiers, one hand holds historical reasoning, one hands, however evident, these things, to raise the voice, to restore the silent voices.
也许士兵们，一只手拿着历史的推理，一只手，无论多么明显，这些东西，要提高声音，要恢复沉默的声音。

01:49:58
Asked to raise something, to give rights to people who could not raise their voice. I don't want, I mean, I don't want to.
要求提高一些东西，给那些不能提高自己声音的人权利。我不想，我是说，我不想。

01:50:07
To think that history is about identity based politics, but I think history doing history is not actually neutral in some way.
认为历史是基于身份的政治，但我认为历史做历史在某种程度上并不中立。

01:50:18
This. We'll associate in some of we do. We always do politics, and some same of that. And the question is that this is not about doing History is about biased thing. Doing. History is.
这一点。我们会联想到一些。我们总是搞政治之类的。问题是，这不是关于做历史是关于有偏见的事情。做的事情。是历史。

01:50:29
It's not a good thing for academy, but which vision the historian should follow to pursues to get?
这对学术来说不是一件好事，但历史学家应该遵循什么样的愿景去追求呢?

01:50:38
It's a good question, and I don't have the answer to it, but I think what you nicely outlay is that.
这是一个很好的问题，我没有答案，但我认为你很好地说明了这一点。

01:50:44
Is that, look, there are many dimensions of historical application. You know, people.
看，历史应用有很多方面。你知道的，人们。

01:50:51
Use history for many.

利用历史。

01:50:53
Reasons. And I actually think that scholars, like what we're reading, will often suggest, as I mentioned before, that history is being.
的原因。事实上，我认为学者们，就像我们所读到的，会经常提出，正如我之前提到的，历史是存在的。

01:51:02
Produced to talk about the present, you know, as much as it's about researching the past. So, so the politics of.
制作它是为了谈论现在，你知道，就像研究过去一样。所以，政治。

01:51:11
Whether someone's a hero and so hard to Mocos and so forth.
不管一个人是英雄还是莫科斯之类的。

01:51:15
Has very much also to do about those in today's world and how they want to position themselves And.
也与当今世界的人以及他们想如何定位自己有很大关系。

01:51:23
And maybe it relates also to the archives in the Netherlands, you know, about connections with the Nazis or not. It has to do with positioning.
也许这也与荷兰的档案有关，你知道，关于与纳粹的联系。这与定位有关。

01:51:33
In the presence, you know, um.
在你面前，你知道，嗯。

01:51:36
As much as the past. So, but just just to answer, to try to get to your question, what sort of history should we be producing?
就像过去一样。为了回答你的问题，我们应该创造什么样的历史?

01:51:45
Visions, what would be?
幻象，会是什么?

01:51:49

做一个关于这个的展览。他们为此工作了三年。导演直接参与了这件事。他们不仅想展示美国的英雄主义，还想展示美国和盟军如何共同努力结束战争。

01:52:23
But also the human cost of the bomb. So there were photographs, there were all kinds of evidences. There was even a lunch box of a little girl who was on her way to school.
还有原子弹给人类造成的损失。有照片，有各种各样的证据。甚至还有一个小女孩的午餐盒，她正在上学的路上。

01:52:31
But they were very kicked about this whole exhibition. They were very

threat to be launching it. But the Veterans Association of the US got involved.
但他们对整个展览非常不满。他们发射导弹是非常危险的。但是美国退伍军人协会参与了进来。

01:52:42
And they had very serious objections to the text next to the artifacts, the flow of the museum as the equation itself, because they had the US and Allied forces, they had the Japanese. And the end was the.
他们非常反对文物旁边的文字，反对博物馆的流程，因为他们有美国和盟军，还有日本人。最后是。

01:52:55
Plane itself. That's how the layout of the exhibition was. And they had an issue. They wanted the plane to be the hero. They did not want the Japanese suffering to be Highlighted.
飞机本身。这就是展览的布局。他们遇到了一个问题。他们想让飞机成为英雄。他们不希望日本人的苦难被突出。

01:53:05

他们非常非常，所以有很多权利和对所写文本的重写。关于这整件事有很多争论和讨论。最后，展览被取消了。

01:53:16
They had worked on it for so long. It got so intensely political that it had this class. It was.
他们已经为此工作了很长时间。它变得如此政治化，以至于有了这样的课程。这是。

01:53:23
Very anxious. Project.
非常焦虑。项目。

01:53:23
So it becomes a So to answer your question, you know, what sort of history should we be doing?
所以这就变成了回答你的问题，我们应该研究什么样的历史?

01:53:31
There is no answer.
没有答案。

01:53:33
But I take your point though, about, you know, the fact that a lot of what these guys are saying, it's about power and knowledge.
但我接受你的观点，你知道，事实上这些人说的很多，都是关于权力和知识的。

01:53:50
I guess what this is about is the intervention about what we think is history.
我想这是对我们认为是历史的干预。

01:53:55
Is a much more complicated sort of product of all sorts of things. And I think that doesn't necessarily question the type of historians we become.
是一种复杂得多的各种东西的产物。我认为这并不一定会质疑我们成为什么样的历史学家。

01:54:06
But it just equips us with a certain perspective, a certain awareness, you know, that the histories that often are produced.
但它只是让我们有了一定的视角，一定的意识，你知道，历史往往是产生的。

01:54:15
Are the products of a whole lot of stories and a whole lot of interests and a whole lot of contexts.

是很多故事，很多兴趣和很多背景的产物。

More engaging, you know, you can.
更吸引人，你知道，你可以。

01:54:33
It allows it to be considered as more malleable, as opposed to hard, concrete fixed. It creates a notion of history.
它允许它被认为是更具延展性，而不是坚硬的混凝土固定。它创造了一种历史观念。

01:54:45
Being, something that can be.
存在，可以存在的东西。

01:54:47
Necessarily changed that it can be played with, and it can be, I'm just thinking of a gooey, I'm thinking of a gooey, fluid narrative.
必须改变，它可以被玩，它可以，我只是在想一个粘稠的，我在想一个粘稠的，流动的叙述。

01:55:02
Where it can be shaped by different people in different ways that reflect what those important things are. So it's.
它可以被不同的人以不同的方式塑造，反映出那些重要的事情是什么。所以它是。

01:55:09
So what is the historian? And historian is one? Who is What historians should we become? I think at least one thing on this class is that historian.
那么什么是历史学家呢？历史学家是其中之一吗？我们应该成为什么样的历史学家？我认为这门课上至少有一件事是历史学家。

01:55:19
One aspect of historian, one dimension of the historians craft is that awareness, that the histories that people produce.
历史学家的一个方面，历史学家工作的一个方面是意识，人们创造的历史。

01:55:29
Have their silences, have their contexts, have their agendas, you know, all wrapped up in those narratives. And.
有他们的沉默，有他们的背景，有他们的议程，你知道，所有这些都被包裹在这些叙述中。和。

01:55:37
And that doesn't make you necessarily skeptical.
这并不一定会让你怀疑。

01:55:40
Okay, it can make it ever, very skeptical, but I think it also.

等等。人们经常说，哦，我能做这个题目吗？每个人都做过这个话题。我就在想，不，不，不，不，实际上，你可以参与这个话题。这只是。

01:56:07

每个人，你知道，都尽职尽责地遵循程序，所以他们没有给出所有的消息来源，而其他人则将他们的消息来源保存在集合的一部分。所以。

01:58:09
The silence of the archives is not necessarily a product of the big, bad state.

这是一种沉默吗?

02:00:05
I don't know sounding. I don't know what the word is to give sound. To give Is it a part of the process of giving sound? So what could you make an argument? I'm creating oral archive to present so people that have access to hear these voices.
我不知道听起来怎么样。我不知道发出声音这个词是什么。这是发声过程的一部分吗？那么你能提出什么论点呢？我正在创建口头档案来展示给那些有机会听到这些声音的人。

02:00:18
Of folks that are that are not part of the national story, but are not national heroes who are not deleted.
这些人不是国家历史的一部分，但也不是国家英雄，他们没有被删除。

02:00:26
And the Founding Fathers and so forth. These are just everyday people that were getting together. How can you tell me that this is silencing? I'm doing just the opposite.
以及开国元勋们等等。这些只是普通人聚在一起。你怎么能说这是沉默？我的做法正好相反。

02:00:33

But, of course, who you choose, any questions and so forth, right? And so you can't please everybody, please comes down to it.
但是，当然，你选择谁，有问题吗？所以你不可能取悦所有人，这就是取悦。

02:00:44
So it's an interesting it's an interesting question. So maybe these are sorts of things we can ask. If I can bring my colleague.
这是个有趣的问题。也许这些是我们可以问的问题。如果我能带上我的同事。

02:00:49
To.
出现。

02:00:50
You know what sort of, what guided you? And how did you even imagine an oral?
你知道是什么指引着你吗？你是怎么想到要口交的?

02:00:57
So we have to start very in a denying way, you know. And then.
所以我们必须以一种否定的方式开始。然后。

02:01:01
Generally good enough specific as one warms up.
一般来说，热身的时候就足够具体了。

02:01:05
So I think one answer could be that, first, you need to focus in which type of oral history you would do right in.
所以我认为一个答案可能是，首先，你需要关注哪种类型的口述历史是你应该做的。

02:01:14

The Shobotch approval to us speaking about the Ninthfordism Partition Archive, where I worked and corrected interviews with the Stanford University Library. But in Ninthfordsman Partition Archive, the graduates were straightforward. You need to locate a partisan survivor, which.
Shobotch批准我们谈论第九福主义分区档案，我在那里工作，并修改了斯坦福大学图书馆的采访。但在九福门分区档案馆，毕业生们很直率。你得找到一个游击队幸存者。

02:01:29
Is quite rare because, like most of them have died. So there is no such criteria, like any power dynamies or any specific society are set, so it depends on what kind of plaster your view.
非常罕见，因为大多数人都已经死了。所以没有这样的标准，就像任何权力动态或任何特定的社会都是既定的，所以这取决于你的观点是什么样的。

02:01:40
People willing to walk on then finding a random subject, because oral history is mostly like collecting testimonies from random people, because you don't know, you don't know where these people are scattered across.
人们愿意继续寻找一个随机的对象，因为口述历史基本上就像是从随机的人那里收集证词，因为你不知道，你不知道这些人分散在哪里。

02:01:52
And also, your project was also defined by the funding.
而且，你的项目也是由资金决定的。

02:01:58
Find the grants and the convention of the grant that was in there.
找到赠款和赠款的约定在那里。

02:02:01
And it wasn't about concern.
这与关心无关。

02:02:06

Sort of effort to only talk about these people, and not these people here.
努力只谈论这些人，而不是这里的这些人。

02:02:10
I was like, who's alive? Actually, that's what we want, right? Just football stadium would be the guy. So.
我想，谁还活着？实际上，这就是我们想要的，对吧？去足球场就行了。所以。

02:02:16
So okay, I really want you guys have time to not hear me.
好吧，我真的希望你们有时间不去听我说话。

02:02:20
So I have the.
所以我有。

02:02:23
Question.
的问题。

02:02:24
So.
所以。

02:02:31
Kind of a group here. There's kind of a group here. There's kind of a group here. There's kind of a group here.
有点像一个团体。这里有一群人。这里有一群人。这里有一群人。

02:02:43
Which group? So?
哪一组?所以呢?

02:02:47

You guys like, are there's a group here? So, like, one two three four, and there's like, one two three four and four five, They can be one, two, three, four five.
你们这些人，这里有团体吗？所以，就像，一二三四，还有，一二三四，四五，它们可以是，一二三四，四五。

02:02:58
Over here, or six right here. So 123-456 together, that's group two. Then you.
在这里，或者6。所以123-456在一起，是第二基团。然后你。

02:03:06
You guys are already bringing your bonders five, and you guys have a group. So question one, group one. Question two, group two. Question three.
你们已经带了5个邦德了，你们有个团队。第一题，第一组。第二题，第二组。三个问题。

02:03:14
Over here.
在这里。

02:03:16
Very creative in these questions. These are not directly through any particular, the particular.
这些问题很有创意。这些都不是直接通过特定的，特定的。

02:03:25
Go through all the questions, but present your question two. Question two.
把所有的问题都看一遍，然后提出你的第二个问题。两个问题。

02:03:38
Yes.

02:03:38

You're using things like tool.
你在使用工具之类的东西。

02:03:46
So it's not just one.
嗯的

02:03:56
Yes.

02:03:56
And restrict experiences, voices, and perspectives in the past.
限制过去的经历、声音和观点。

02:04:02
Where did you guys, which you guys come with? I know you had a lot of positions.
你们是怎么来的？我知道你有很多职位。

02:04:09
On this one. It's a debate. Okay. Okay. I think we are on a same page that power decides.
在这个问题上。这是一场辩论。好吧。好吧。我认为我们在权力决定的问题上达成了共识。

02:04:15
The knowledge production and knowledge production, we enforce power. So through looking at what experiences, voices and perspectives.
知识生产和知识生产，我们强制权力。所以通过观察经验，声音和观点。

02:04:27
Are presented, we can refer back to like who are in the position of power, and vice versa, right? For.
我们可以回顾一下谁处于权力的位置，反之亦然，对吧？对。

02:04:38
Those whose experiences, forces and perspective are like silence, are excluded. We can say that they are not in the position of power.
那些经历、力量和观点像沉默一样的人被排除在外。我们可以说他们不在权力的位置上。

02:04:50
And we also want to add one detail in chapter one that we pick up that like, okay, so we have, like, a person who in power and the powerless person, but that's also like people in between. And according to chapter one.
我们还想在第一章中添加一个细节，好吧，我们有一个有权力的人和没有权力的人，但也有介于两者之间的人。根据第一章。

02:05:05
I think these people in between. They are also marginalized in narratives. Entangle they're part of the process.
我认为这些人介于两者之间。他们在叙事中也被边缘化了。它们是这个过程的一部分。

02:05:15
Okay. And I think the example in the chapter one is that, okay. In the colonial record, the rich people presented there because they pay tax.
好吧。我想第一章的例子是这样的。在殖民时期的记录中，富人出现在那里是因为他们纳税。

02:05:25
And the poor people also present it there because they cause a lot of social problems. And the person in between who are not rich enough, but also, like not so poor, like there's no word cost about them.
穷人也在那里表现出来，因为他们造成了很多社会问题。介于两者之间的人，他们不是很富有，但也不是很穷，他们没有任何成本。

02:05:37
And so I think that's an example that they are pretty.
所以我认为这是他们漂亮的一个例子。

02:05:42
Good. I'm not sure where your debate was. Oh, the first part is just about what is power? What is knowledge production? That's good, but actually that's.
好。我不知道你们的辩论在哪里。哦，第一部分是关于什么是权力？什么是知识生产？这很好，但实际上。

02:05:56
Important method is to question your terms. What do they mean before you even get into?
重要的方法是质疑你的条件。在你进入之前他们是什么意思?

02:06:02
Very good. Very good. Question Two, you guys had probably one of the harder questions, just because it was long for one thing, so sorry about that.
很好。很好。第二个问题，你们可能遇到了一个比较难的问题，因为时间太长了，很抱歉。

02:06:12
But are silences historically constructed a What does that even mean? So that might have been an issue for you guys.
但沉默在历史上是一种建构吗？这到底是什么意思？所以这对你们来说可能是个问题。

02:06:20
And what ways I tried to explain, in what ways might absence, silence, invisibility, or gaps in the historical record and the narratives and interventions that are produced from those records.
我试图用什么方式来解释，用什么方式来解释历史记录中的缺失，沉默，隐形，或空白以及从这些记录中产生的叙述和干预。

02:06:29
Be both an object of historically inquiry. We talked about it early at this

what we're looking at, right and to a particular place, but also a construction or product of the.
成为历史探究的对象。我们之前讨论过我们所看到的，对一个特定的地方，但也是一个建筑或产品。

02:06:40
The subject or the person who is looking at the object, or anchored to the time and place of historian analysis. It's a confusing question.
主体或观看对象的人，或固定在历史学家分析的时间和地点。这是一个令人困惑的问题。

02:06:48
But I guess the question is, our silences.
但我想问题是，我们的沉默。

02:06:55
Is it just about silences being present in the archive? Or our silence is also being projected into the archive by the historian or by?
仅仅是因为档案中存在着沉默吗？或者我们的沉默也被历史学家投射到档案中?

02:07:05
The investigator. What did you guys come up with?
调查员。你们想出了什么?

02:07:09
I think we had quite a few examples. Oh, good. Maybe I can share mine, and then you guys see. So one of the examples I thought of was.
我想我们有很多例子。哦,很好。也许我可以分享我的，然后你们看看。我想到的一个例子是。

02:07:21
This exhibition that we did on the Maliani community. So they are a ethnic Indian community in Singapore. And one point of.
我们在马里亚尼社区做的这个展览。他们是新加坡的印度裔社区。其中一

点。

02:07:30
Contention, or something that I struggled with was when the curator, who's also a Maliani, right? So it was a co curation with the community, refused to kind of.
争论，或者是我挣扎的东西是当策展人，他也是马里亚尼人，对吧？所以这是和社区的合作，拒绝。

Add a section, or really acknowledge the large group of laborers that were part of the community when they moved to Singapore. Or like the diasporic community.
添加一个部分，或者真正承认当他们搬到新加坡时成为社区一部分的大量劳工。或者像散居社区。

02:07:50
And the minorities tend to be part of the elite community in Singapore. They appear a lot in Singaporean politics. And so.
在新加坡，少数族裔往往是精英群体的一部分。他们经常出现在新加坡的政治中。所以。

02:07:59
To some extent, yes, there's less evidence of their presence in Singapore. But at the same time, this curator was actively constructing, or in this case.
在某种程度上，是的，它们在新加坡存在的证据较少。但与此同时，这位策展人也在积极地构建，或者在这种情况下。

02:08:10
Refusing to add them into the narrative, right? And this exhibition was offended by other males and a lot of other Singaporeans, so I was kind of wondering if that will be a relevant example to think about this question.
拒绝将它们添加到叙述中，对吧？这个展览被其他男性和很多其他新加坡人冒犯了，所以我想知道这是否会成为思考这个问题的一个相关例子。

02:08:25
Just said, good, good. What's interesting here is.
就说，很好，很好。有趣的是。

02:08:29
You've got two actors here, actually, or two historians here. You've got the curator who is creating.
实际上，这里有两位演员，或者两位历史学家。你有一个负责创作的馆长。

02:08:39
The story and the narrative. And.
故事和叙述。和。

02:08:43
Refusing to to.
拒绝。

02:08:46
To add.
添加。

02:08:47
This part of the story. That's your own position in there, identifying a silence, right?
故事的这一部分。这是你自己的立场，确定沉默，对吧?

02:08:56
In there. And so in a way that exemplifies exactly what we're talking about, how, in the first chapter, how historians are the ones.
在那里。这在某种程度上正好说明了我们在第一章讨论的，历史学家是怎样的人。

02:09:07
Sometimes identify the silences. And so it's also a product of your own training, your own sensitivity to inclusion and exclusion.

有时找出沉默。所以这也是你自己训练的产物，你自己对包容和排斥的敏感度。

02:09:16
And your knowledge about class, because it's interesting that it's a very class oriented sort of presentation, kind of like what the pronoun museum was.
你关于阶级的知识，因为有趣的是这是一个非常以阶级为导向的展示，有点像代词博物馆。

02:09:25
To some extent, the earlier versions of it.
在某种程度上，它的早期版本。

02:09:28
Very elite, looking. So, presentation, you know, all the founders of the country are pro, accounting leaders.
看起来很精英。所以，报告，你知道，这个国家的所有创始人都是专业的，会计领导。

02:09:35
You know, and so forth. So it's a very interesting presentation about class and leadership and so forth. You find that in a lot of these types of community museums too.
你知道，等等。这是一个非常有趣的关于阶级和领导力的演讲。你在很多这类社区博物馆里也能找到。

02:09:44

你们还想出了其他很好的例子。讨论乔伊在新加坡写作的事。乔伊是。

02:09:54

02:10:44
In recent years. I mean, singapore, they are looking into all these even I understand, I think, in USA, they have this project where they try to archives and even look at past Java writings and all this right, to be part of Singapore or.
近年来。我的意思是，新加坡，他们正在研究所有这些即使我知道，我想，在美国，他们有这个项目，他们试图存档甚至查看过去的Java文字和所有这些对吧，成为新加坡的一部分。

02:11:00
Or even part of Singapore culture. Interesting. So this is what you

discussed about good any others from the group, or I don't know that examples that discuss what?
甚至是新加坡文化的一部分。有趣。这就是你们讨论过的很好还有其他人吗，或者我不知道讨论过的例子是什么?

02:11:11
My group is that the history of the Philippines. It's just like the nationally historians try to escape the narratives that history of the Philippines is about.
我的小组是菲律宾的历史。就像国家历史学家试图逃避菲律宾历史的叙述一样。

02:11:23
Americanization, or hispanizations. But this is a bad history of the local agents. It's like, but they just focus on the elite group. It means the merchants very rich at the same Time.
美国化或西班牙化。但这是当地特工的一段糟糕的历史。就像，但他们只关注精英群体。这意味着商人们同时非常富有。

That they're not represented well enough. So in terms of a historian's point of view, yes, the privileged silence is more important in constructing the violtage of the total narrative.
他们没有被很好地代表。所以从历史学家的角度来看，是的，特权沉默在构建整体叙事的侵犯中更为重要。

02:18:10
And in constructing the representation where the balance of the marginalized is more valid.
在构建代表的过程中，边缘群体的平衡更加有效。

02:18:17

I think that's been the basis of the entire history from below study now, e.g., we are talking about women's history is not being there. But at that point in time, you're looking early morning enough, you're talking about the literacy levels. They obviously do not have the.
我认为这是我们现在研究的整个历史的基础，例如，我们谈论的女性历史并不存在。但在那个时间点上，你看得足够早，你谈论的是文化水平。他们显然没有。

02:18:31
Means to even record their own, or even say, even collecting.
意思是连记录自己，甚至说，甚至收集。

02:18:37
Themselves. There was lack of leisure on privacy. There was lesser cultural value placed on their own history.
他们自己。人们没有闲暇来保护隐私。他们自己的历史没有那么重要的文化价值。

02:18:43
Can be being considered domestic or so on. So it was not really as important as a politician's thing, or as a policy maker, or as a trader, or somebody who's in business, anything to.
可以被认为是国内的等等。所以它并不像政治家，或政策制定者，或商人，或商业人士那样重要。

02:18:54
Do with power, and money acquires more meaning than something that's given the domestic skill at that point in time, which is what, which are the gaps now.
与权力和金钱有关的东西比在那个时候给予家庭技能的东西更有意义，这就是现在的差距。

02:19:04
So your generation of the stories are trying to figure out the water.
所以你们这一代的故事都在试图弄清楚水。

02:19:06
Good group. Four we have to move to you so we can end on time. Oh, pretty well. Three, we're already.
良好的组织。第四，我们必须移动到你那里，这样我们才能准时结束。哦，很好。三个，我们已经。

02:19:17
Over time? Okay, how might we interpret what we find in the archive if they both reduce silences and sounds?
随着时间的推移?好吧，我们该如何解释我们在档案中发现的东西如果它们都减少了无声和声音?

02:19:25
Our visibilities and invisibleness. How do we deal with the relationality, you know, of multiple archives? This is kind of in reference to the last article.
可见性和不可见性。我们如何处理多重档案之间的关系？这是对上一篇文章的参考。

02:19:33
Um.
嗯。

02:19:35
So what happens? I think one argument is quite open and accessible.
那么会发生什么？我认为有一个论点是相当开放和容易理解的。

02:19:41
The archives close how we deal with the archival space. How do we manage this sort of thing?
档案表明我们如何处理档案空间。我们如何处理这类事情?

02:19:53
No, can answer practically.
不，可以实际回答。

02:19:54
To do things that we can do. First, we are.
去做我们能做的事。首先，我们是。

02:20:00
Snowball in the archive, except in the second thing this week.
斯诺鲍在档案里，除了这周的第二件事。

02:20:04
Mining the institutions and soil power, and then also what institutions said about the archive.
挖掘机构和土壤的力量，以及机构对档案的看法。

02:20:11
And also, how many functions? What do you mean? I know it's like.
还有，有多少函数？你是什么意思？我知道这就像。

02:20:20
What you find from what one.
你从哪一个找到什么。

02:20:23
Sources can be.
来源可以是。

02:20:24
What do you say? Can be of a layer or supposed with the archive from different sources?
你说呢？是否可以与来自不同来源的档案处于同一层或假定？

02:20:37
Whether community outside or.
不管是外面的社区还是。

02:20:39
Or institutions, etc. Etc. But what is interesting from our discussion is we have two different contexts of I prefer silence. First.
或者机构等等。等。但是从我们的讨论中有趣的是我们有两种不同的语境，我更喜欢沉默。第一。

02:20:48
It is concisely did by the institutions, from the governments, etc. In China or Singapore. And the second is coming from the mismanagement simply because of the government is.
它是由机构、政府等简单地完成的。在中国或新加坡。第二个是来自管理不善，仅仅是因为政府。

02:21:02
Doesn't have it in CAPA, doesn't have a capability to to the finance and findings and budget, etc. Like it, even.
在CAPA中没有它，没有能力去了解财务，发现和预算等等。甚至喜欢它。

02:21:11
So what we think we can do, related to the second question, is we just grab, we have an analyzement.
所以我们认为我们能做的，与第二个问题相关，就是我们抓住，我们有一个分析。

02:21:22
So in snowball, I think I like the example. It's like a snowball, which is why we're talking about snowball in the tropics.
所以在雪球中，我想我喜欢这个例子。它就像一个雪球，这就是为什么我们在热带地区谈论雪球。

02:21:27
But how small? When it rolls, it packs, it gets bigger, right? And so we do. It's a methodology or a metaphor we use for oral history. So you go to one.
但是有多小呢？当它滚动时，它会打包，变得更大，对吧？我们就是这样做的。这是一种研究口述历史的方法或比喻。所以是1。

02:21:36
Or interviewer, and then then one reference to someone else, and then it goes to the next, and the snowballs, I think, grows. Your pool of interview is grilled, so they're saying the same thing.
或者面试官，然后一个人提到另一个人，然后是下一个，雪球，我想，越滚越大。你的面试对象都被盘问了，所以他们说的都是一样的。

02:21:46
For the sources you also wanted to add. Also, business might be very cynical, but I would try to be quick, okay, by the process of doing our kind of research style, because we are.
你还想补充的资料来源。另外，商界可能非常愤世嫉俗，但我会尽量快速，好吧，通过我们的研究风格的过程，因为我们是。

02:21:59
Usually we need to go through a lot of boxes, piles of archives. We are doing filtering by ourselves too, by identifying things we like, things we find relevant, and things we found irrelevant, and.
通常我们要翻很多箱子，成堆的档案。我们自己也在过滤，通过识别我们喜欢的东西，我们发现相关的东西，我们发现不相关的东西，以及。

02:22:10
Boring. So historic research is also silencing bias nature when it encounters archives. And the same thing is inevitable because we can grab as much as we can, so we can really Just.
无聊。因此，当历史研究遇到档案时，它也在压制偏见。同样的事情是不可避免的，因为我们可以尽可能多地攫取，所以我们真的可以。

02:22:21
Go through everything. That's right. So it's also a regenerative process of silencing. Whenever we just go to the archives and do the article.
检查所有的东西。这是正确的。所以这也是一个沉默的再生过程。每当我们去档案馆写文章的时候。

02:22:32
No, absolutely. So it's always, it's inherent in the historical production, you know, it's a part. And what that does, of course, it says.
不,绝对。所以它总是，它是历史生产中固有的，它是一部分。当然，它是做什么的。

02:22:42
I think it makes us humble, you know, in some ways that, you know, I can't.
我认为这让我们变得谦逊，在某些方面，我做不到。

02:22:47
Talk about everything, and my work certainly hasn't looked at everything, so there are limits to what I can say.
谈论一切，我的作品当然没有涉及到一切，所以我能说的是有限的。

02:22:52
This is an impression, you know, impression of what I think had happened in the past and so forth. But it also invites other people to engage that same talk.
这是一种印象，你知道，对过去发生的事情的印象等等。但它也邀请其他人参与同样的谈话。

02:23:00
So there's a way to sort of acknowledge it, that.
所以有一种方式来承认它。

02:23:04
Limitation and sort of own it and sit with it, you know, and say, okay, that's a part of it's a weakness. It's a shortcoming, but it's also, I'm okay with it.
限制，承认它，接受它，你知道，然后说，好吧，这是它的一部分是弱点。这是一个缺点，但我也能接受。

02:23:14
So it's a way of thinking about these things. So good.
这是考虑这些事情的一种方式。很好。

02:23:17
Well done. I sort of end the night by saying, the last couple of weeks, we've been talking about silencing.
做得很好。最后我想说，过去几周，我们一直在讨论沉默。

02:23:23
And Stoler in her book that we'll be reading for the next couple of weeks, actually offers a different sort of perspective. She actually was very much came out of this sort of conversation.
斯托勒在她的书中我们接下来几周会读到，实际上提供了一种不同的视角。她其实很擅长这种谈话。

02:23:34
But now she's saying, look at reading along the green. So she's saying it, can we move from beyond this?
但现在她说，看看沿着绿色的阅读。所以她在说，我们能不能跳过这个?

02:23:44
How do we read this? Can we read the archives for what they are? Is there a way of thinking about it? So this is the answer. So in other words, we're not doomed to this, dealing with this.
我们该如何解读呢？我们能看看这些档案是什么吗？有没有一种思考的方法？这就是答案。换句话说，我们不是注定要这样，处理这个问题。

02:23:56
There are different pathways. And Anne Stoler talks about this.
有不同的途径。安妮·斯托勒谈到了这一点。

02:24:00
To enable me to catch up with my.
让我能赶上我的。

02:24:03
Assessment of your writing. Would you mind terribly if you don't?

对你写作的评估。你不介意吗?

02:24:09
Don't turn in writing for next week, but do it for the following week instead. Okay, so instead of writing two weeks on ann's dollar, would you mind just writing one?
不要交下周的作业，而是交下周的作业。好吧，不要在ann的钱上写两周，你能不能只写一周?

02:24:19
And just do it the second week so that I can catch up this week. I need this week. I need for the three articles. This is a different set of readings.
第二周再做，这样我这周就能赶上进度了。我需要这个星期。我需要这三篇文章。这是一组不同的解读。

02:24:27
And stole is just one writing for one book, and that'll be also the case for the rest of the books as well.
我只是为一本书写了一篇文章，其他的书也是如此。

02:24:34
Do we double the word up about, sorry?
我们要把这个词翻倍吗，抱歉?

02:24:45
What if I saw the letters? I'm actually thinking about me. I'm not thinking about you. I don't have to read more.
如果我看到那些信呢？我其实在想我自己。我没在想你。我不需要再读了。

02:24:58
That question. Just keep it, it's a good question. Just keep it to a.
这个问题。留着吧，这是个好问题。把它控制在。

02:25:05
By doing so, you'll be doing me a favor.

你这么做，就是帮了我一个忙。

02:25:11
Just do the readings, but you don't have to submit a way. You know, we could do it.
只要做阅读材料，但你不必提交方法。你知道，我们可以做到的。

02:25:24
For the second week, and that also goes for the subsequent books as well. Just do one, sort of overview of the book, not two. Right? Okay. All right. So we'll see you guys next week, then whatever. So.
第二周，接下来的书也是如此。只做一个概览，不要做两个。对吧?好吧。好吧。我们下周见，那就随便了。所以。

02:25:35
Okay, thanks very much, guys.
每个人都有
